RE: Tulare County AB 900 Phase II Project, ID #A10-12

Mr. Scott,

The County of Tulare would like to request a modification to our project schedule. The project was established by the State Publics Work Board on July 12, 2013. The overall construction timeframe of the project will not be changing as a result of this schedule modification, only the Design Development and Construction Development phases of the project.

Thank you for your assistance. Please let me know if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jean M. Rousseau".

Jean M. Rousseau
County Administrative Officer
