Dear Ms. Work,

Thank you for your letter dated December 17, 2015, alerting the County of our partial conditional award of \$2,821,000. The County appreciates the ability to re-evaluate our project due to the decreased award size. In your letter you stated a revised project scope would need to be provided by the February 4, 2016, BSCC Board meeting. Due to the significant decrease in awarded funds, relative to the requested amount of \$20 million, and with the size and complexity of the County's proposed project (\$66 million total project cost) the County is requesting an extension of this evaluation period by 150 days so we can evaluate the feasibility of bridging the gap in funding as well as discuss possible project scope alternatives with our architectural consultants.

This additional time requested (150 days) will allow the County the ability to evaluate the above mentioned options and review these possibilities so a final decision can be made regarding the partial conditional award. The requested extension would allow the County to provide the BSCC Board a final decision during its August 2016 Board meeting.

Thank you for considering our request.

Regards,
