# BOARD OF STATE AND COMMUNITY CORRECTIONS

## Board Members\*

---

Chair, Board of State and Community Corrections

**Linda M. Penner**

The Chair of the Board is a full-time paid position appointed by the Governor and subject to Senate Confirmation

Secretary, CA Dept. of Corrections and Rehabilitation (CDCR)

**Kathleen Allison**

Director, Adult Parole Operations, CDCR

**Guillermo Viera Rosa**

County Sheriff

**Dean Growdon**

A sheriff in charge of local detention facility with a BSCC rated capacity of 200 inmates or less appointed by the Governor and subject to Senate confirmation

San Diego County

County Sheriff

**William Gore**

A sheriff in charge of local detention facility with a BSCC rated capacity of more than 200 inmates appointed by the Governor and subject to Senate confirmation

San Diego County

County Supervisor

**Vacant**

A county supervisor or county administrative officer appointed by the Governor subject and to Senate confirmation

County Chief Probation Officer

**Lee Seale**

A chief probation officer from a county with a population over 200,000 appointed by the Governor and subject to Senate confirmation

Sacramento County

County Chief Probation Officer

**Kelly Zuniga**

A chief probation officer from a county with a population under 200,000 appointed by the Governor and subject to Senate confirmation

Kings County

Retired Judge

**Gordon S. Baranco**

A judge appointed by the Judicial Council of California

Alameda County

Chief of Police

**Andrew Mills**

A chief of police appointed by the Governor and subject to Senate confirmation

City of Santa Cruz

Community Provider

**Scott Budnick**

A community provider of rehabilitative treatment or services for adult offenders appointed by the Speaker of the Assembly

Founder of the Anti-Recidivism Coalition

Community Provider

**David Steinhart**

A community provider or advocate with expertise in effective programs, policies and treatment of at-risk youth and juvenile offenders appointed by the Senate Committee on Rules

Commonweal Juvenile Justice Program

Public Member - Office of Public Safety Accountability

**Norma Cumpian**

A public member appointed by the Governor and subject to Senate confirmation

Anti-Recidivism Coalition

## BSCC Staff

Executive Director

**Kathleen T. Howard**

General Counsel

**Aaron R. Maguire**

Communications Director

**Tracie Cone**

Deputy Director Standards and Training for Corrections

**Evonne Garner**

Deputy Director Facility Standards and Operations Division

**Allison Ganter**

## INTRODUCTION:

Penal Code 6031.2 requires The Board of State and Community Corrections to submit, by the end of even-numbered years, a report to the Legislature showing results of its biennial community corrections facility inspections and monitoring of compliance with training standards.

Penal Code section 6031.2 states:

The Board of Corrections shall file with the Legislature on December 30, in each even-numbered year, reports to the Legislature which shall include information on all of the following:

- (a) Inspection of those local detention facilities that have not complied with the minimum standards established pursuant to Section 6030. The reports shall specify those areas in which the facility has failed to comply and the estimated cost to the facility necessary to accomplish compliance with the minimum standards.
- (b) Information regarding the progress and effectiveness of the standards and training program contained in Sections 6035 to 6037, inclusive.
- (c) Status of funds expended, interest earned, actions implementing the prerequisites for funding, any reallocations of funds pursuant to Sections 4497.04 to 4497.16, inclusive, and a complete listing of funds allocated to each county.
- (d) Inmate accounting system data to be maintained on an annual basis by the sheriff, chief of police, or other official in charge of operating the adult detention system in a county or city, including the following:
  - (1) Average daily population of sentenced and unsentenced prisoners classified according to gender and juvenile status.
  - (2) Jail admissions of sentenced and unsentenced prisoners, booking charge, date and time of booking, date and time of release, and operating expenses.
  - (3) Detention system capital and operating expenses.

*(Amended by Stats. 1996, Ch. 805, Sec. 5. Effective January 1, 1997.)*

The Board of State and Community Corrections, for the ongoing 2020-2022 inspection cycle, is enacting an enhanced inspection system in accordance with the Governor's directive to "more actively engage counties regarding deficiencies identified as part of its inspections through its public board meeting process and by more frequent follow-up inspections. The Board will also provide additional technical assistance to those counties where issues are identified. Also, as part of the Title 15 jail standards review, the Board will make sure the standards are consistent with national best practices." (Governor's Budget Summary 2020-21. Page 142.) Those efforts are underway.

In addition, improved data-collection system will allow for added detail in reports going forward.

This report covering Fiscal Years 2018-2020, the last nine months of which were impacted by statewide travel restrictions due to the Coronavirus pandemic. This is an overview of the 488 county jails that make up California's adult community corrections system, including:

- Compliance status of each facility with Title 15 and Title 24 Regulations;
- Effectiveness of corrections officer training through the BSCC Standards and Training for Corrections (STC) Division.
- Demographics of the populations that have been locally incarcerated.

Penal Code section 6031.2 (a) requires that this report include the estimated cost to bring non-compliant facilities up to the state's minimum standards. As summarized in Appendix A, there are a range of items of noncompliance identified in inspection reports. The cost of some of these items, such as the development of policies, would likely be minor and absorbable. Others would cost several thousands of dollars for items such as staff training, and still others would be many millions of dollars for purchases of goods and services or facility improvements or construction. In addition, 6031.2 (c) references a construction bond program that expired in 1988 and information regarding that program will not be included in this report.

## **SECTION I: Adult Community Corrections Facilities Biennial Inspections**

The BSCC is responsible for the inspection of 488 adult local detention facilities and inspects each within a two-year cycle. The facilities are inspected for compliance with Title 15 and Title 24 regulations and requirements outlined in Penal Code section 6031.1. Title 15 regulations establish minimum standards for administration and operation of the facilities, medical and mental health care, nutritional quality of food, and environmental standards (cleanliness). Title 24 regulations are building standards that establish minimum design and construction requirements.

In each biennial inspection cycle, BSCC Field Representatives visit every facility to conduct a pre-inspection briefing that outlines BSCC expectations for the inspection, including: a review of previous deficiencies, any changes in regulations, and requirements for review of documentation of applicable jail operations. The pre-inspection briefing is designed to facilitate the process and ensure compliance with standards. Following the pre-inspection briefing, Field Representatives conduct an on-site inspection to determine compliance.

Inspection activities include but are not limited to: interviews with individuals housed at the facility, facility staff, program staff, and medical/mental health staff; review of applicable policies and procedures; review and observation of documentation of facility procedures, such as grievances, intake screening, and safety checks; and, a walk-through of the physical plant to verify compliance with Title 24.

Following the inspection, BSCC staff provides a detailed exit interview to inform facility administrators of any outstanding compliance issues and to assist with developing a corrective action plan. BSCC staff continue to work with facility staff, providing on-going technical assistance, following the on-site inspection, to implement

any necessary corrective action. This final phase of the inspection includes a detailed report, follow-up visits and technical assistance to ensure continued compliance. Technical assistance continues throughout the remainder of the inspection cycle, even after completion of the inspection process.

The most frequently noted deficiencies during the FY 2018- FY 2020 Biennial Inspection Cycle are as follows (except where noted, these items of noncompliance occurred in all types of local detention facilities):

- Facility policy and procedures manuals
  - Policies were not updated every two years in accordance with regulation
  - Policy areas were inconsistent with facility procedures
  - Manuals missing elements required by Title 15
- Lack of fire-suppression planning with local fire authorities
  - Biennial fire and life safety inspections not being conducted by State Fire Marshal or designee
- Safety checks occurring with more than 60 minutes between them
- Policies for use of restraint devices, sobering cells, and safety cells were not updated to align with current Title 15 regulations
- Orientation manuals missing elements required by Title 15

Appendix A provides a more detailed summary of compliance issues by facility and Title 15 or Title 24 regulation.

While all inspections were completed by the end of the last fiscal year, which is within the biennial timeframe, as of December 30, 2020 some facilities are still within the window allowed to complete corrective actions; those compliance statuses are not included in this report. Pursuant to the Enhanced Inspection Process, beginning in the 20/22 Biennial Inspection Cycle, agencies will have 30 days from the date of inspection debrief to address outstanding items of noncompliance, whether items are corrected, or a corrective action plan is developed.

*Appendix A is a county-by-county list of compliance issues.*

## **SECTION II: Standards and Training for Corrections**

Penal Code Sections 6030, 6035, and 6036 require the BSCC to establish selection and training standards for local corrections personnel. The annual state budget act provides subvention funding to local agencies to help offset the costs of complying with those standards. The BSCC carries out these responsibilities through the Standards and Training for Corrections (STC) Program. This section summarizes program participation, activities and compliance with STC standards.

### **Program Participation**

Participation in the STC Program is voluntary and is open to any local corrections agency that employs adult corrections officers (ACOs), juvenile corrections officers (JCOs), and/or probation officers (POs). This includes sheriff's departments, county correctional agencies, police departments that operate a jail, and probation departments. Local agencies that choose to participate in the STC Program receive a wide variety of benefits. These include:

- **Funding** – Participating agencies receive funding administered by STC to apply toward their selection and training costs.
- **Selection and Training Standards** – Participating agencies receive access to validated selection and training tools designed specifically for the community corrections job. These standards also provide legal defensibility in the event of litigation.
- **Course Certification System** – Participating agencies have access to a catalog of corrections training courses that have been certified to a professional standard of quality and job relatedness.
- **STC-Delivered Training** – Participating agencies have access to training designed to support their training programs.
- **Technical Assistance and Support** – Participating agencies are assigned an STC Field Representative to provide on-going program review and support.

During FYs 2018/2019 and 2019/2020, up to 160 agencies participated in the STC Program, including all county probation departments and sheriff's departments/departments of corrections that operate a jail. That number also includes police departments that operate a Type I or higher rated jail and modified community correctional facilities that operate under contract with the California Department of Corrections and Rehabilitation. The modified community correctional facilities are required to comply with the STC standards but do not receive state subvention funding.

*Figure 1*

Participating Agencies	Fiscal Year 2018/19	Fiscal Year 2019/20
Probation Departments	59*	59
Sheriff's Departments	54**	54
Police Departments	38	38
Departments of Corrections	2	2
Modified Community Correctional Facilities	7	4***
	160	157

\*San Francisco has an adult and a juvenile probation department

\*\*Alpine County does not operate a jail and Sierra County's jail closed in 15/16

\*\*\*Three modified community correctional facilities operated by CDCR closed in 19/20

Figure 3 shows the number of local corrections staff trained through the STC Program during FY 2018/2017 and 2017/2018.

**Figure 2**

**Number of Budgeted and STC-Eligible Positions**

Positions	Fiscal Year 2018/19	Fiscal Year 2019/20
Adult Corrections Officers (ACO)	15,916	16,138
Juvenile Corrections Officers (JCO)	5,613	5,480
Probation Officers (PO)	6,474	6,356
Supervisors	3,463	3,296
Managers	956	954
Administrators	246	252
<b>Total</b>	<b>32,668</b>	<b>32,476</b>

**Selection and Training Standards**

The STC program standardizes the selection and training of local corrections staff across the state. This standardization results in a skilled and flexible statewide corrections workforce and significant cost savings. The BSCC sets standards in accordance with Federal Uniform Guidelines on Employee Selection Procedures, which is the professional and legal standard for selection practices. By following these procedures, the BSCC ensures the job relevance of each standard. Establishing job relevance ensures that the community corrections workforce is selected and trained appropriately and provides protection for local agencies in the event of a legal challenge to the standard. The statewide standards also achieve cost savings by eliminating the need for each county to develop its own selection and training standards. It also facilitates the movement of corrections professionals between counties by establishing a community standard and eliminating the need to conduct duplicative selection assessments and training.

The BSCC’s selection standards include:

1. a minimum of 18 years of age prior to appointment;
2. competence in oral communication as demonstrated by an interview;
3. passing a background investigation conducted by the agency;
4. ability to perform essential job functions as demonstrated by meeting guidelines for vision, hearing, and medical screening;
5. achieving a passing score on a written selection examination;
6. successful completion of entry-level core training; and,
7. successful completion of an on-the-job probationary period.

**Written Selection Examination**

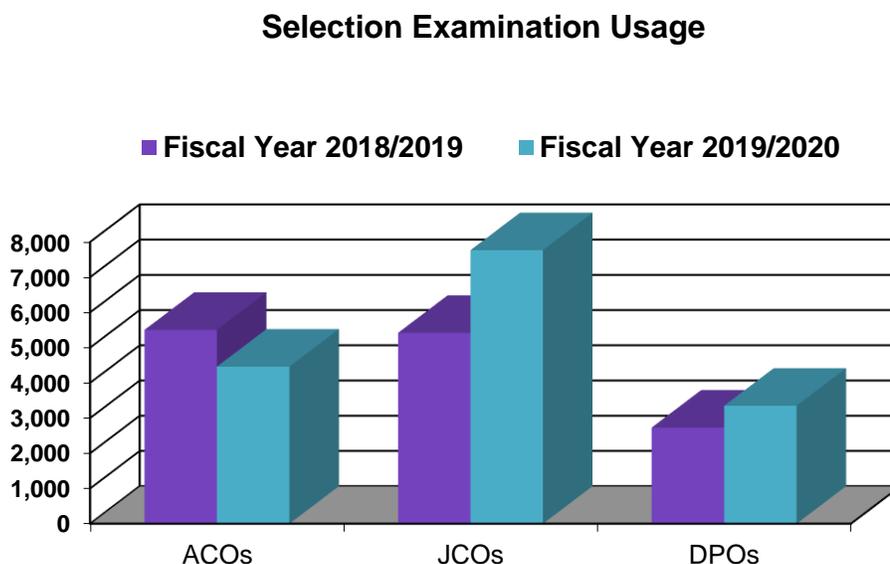

As part of the BSCC’s role in setting selection standards for local corrections personnel, the STC Program provides validated written selection examinations for the ACO, JCO, and PO classifications. The written selection examination measures basic abilities and

characteristics for successful job performance. Providing the selection examinations offers a significant benefit to counties and cities in that test development is expensive, time consuming, and requires a large sample size and highly technical staff to complete such an endeavor.

While the regulations allow participating agencies to utilize an alternative selection examination, 135 agencies used the BSCC selection examination in Fiscal Years 2018/2019 and 2019/2020. The alternative examination most frequently used is the Peace Officer Standards and Training (POST) examination because correctional staff can be hired as sheriff's deputies or police officers. During FYs 2018/2019 and 2019/2020, over 30,000 correctional staff candidates took the STC written selection exam.

Figure 4 shows statewide use of the BSCC's selection examinations in those years by classification.

**Figure 3**

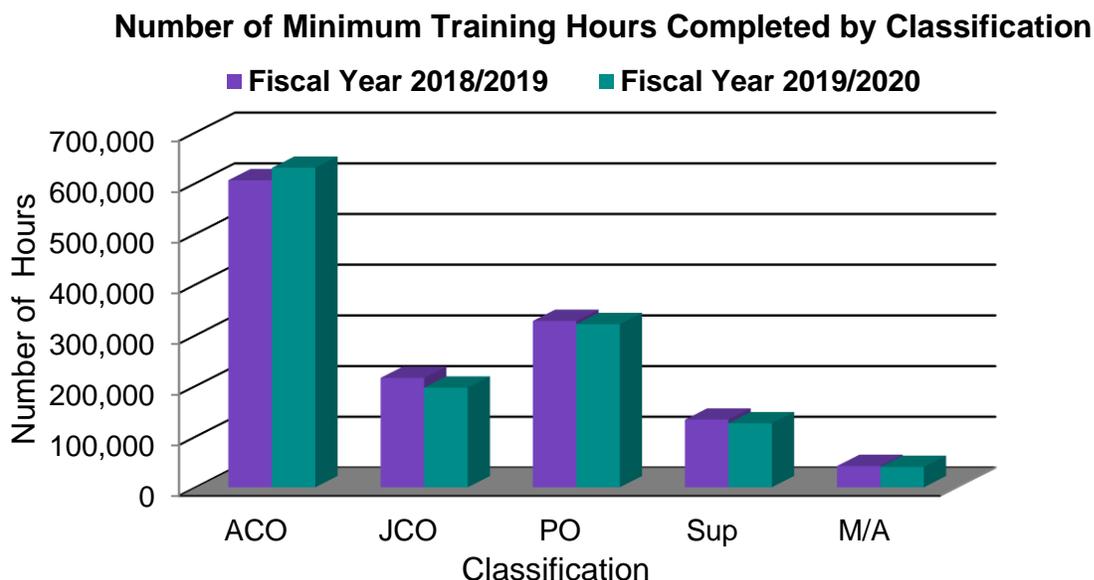

### Training Standards

Pursuant to the selection standards, each newly hired or promoted local corrections professional must successfully complete a core training course within the first year of job assignment. Although the specific duties and responsibilities of these personnel may differ from one agency to another and from one assignment to another in the same jurisdiction, the core training course addresses the activities or tasks performed by the majority of local corrections workers throughout the state, regardless of the location, size, or budget of the employing agency. The core training requirements include prescribed learning objectives, instructional hours, and testing methods.

Once entry-level skills are mastered through the core-training curriculum, local corrections employees move on to develop journey-level skills through annual training. These courses provide in-depth coverage of topics that enhance skills and update

employees on changes in their specific job assignments. The BSCC’s standard requires that all corrections personnel (line staff through top management) complete a prescribed number of training hours each year, from 24 to 40 hours (depending on job classification). Figure 5 shows the minimum number of training hours that correctional staff received training FY 2018/2019 and 2019/2020. This is the minimum number of hours required by the STC program. Oftentimes, participating agencies exceed these minimum training hours. The graph is sorted by classification: ACO, JCO, PO, Supervisor (Sup), and Manager/Administrator (M/A).

**Figure 4**

### Course Certification and Monitoring System

To support its training standards and the delivery of quality training, STC administers an electronic training certification system that provides local agencies with a large library of job-relevant courses offered by private training providers, colleges, and other local corrections agencies. Local corrections agencies can search STC’s course catalog and calendar to identify courses of interest as well as scheduled presentation dates and locations.

The quality of training is assessed through evaluations and course monitoring. Each course is also subject to on-site monitoring by STC as a tool to ensure training quality and to provide technical assistance when needed. Only courses that are STC certified can be used to meet the BSCC’s core and annual training standards. Approximately 5,000 training courses are certified by STC each year.

### Program Review

Corrections agencies that choose to participate in the STC Program agree to meet the program standards. STC monitors agency compliance with those standards annually and provides on-going program support and technical assistance in support of local training efforts. An STC Field Representative is assigned to each participating agency to work with them throughout the year to meet their training goals.

During the year-end compliance review, agencies are found to be in full compliance or out of compliance. When the regulations have not been met, it is often due to circumstances beyond the control of the individual agency, such as extended medical leave. In these cases, STC staff makes a recommendation to the BSCC for a finding of full compliance in recognition of the mitigating and approved circumstances.

In Fiscal Year 2019/2020, COVID-19 was included as a mitigating and approved exception to training requirements. Beginning in March 2020, training courses across the state were cancelled due to safety concerns related to COVID-19. In further response to the pandemic, emergency stay at home orders, social distancing requirements, and other measures were implemented that interrupted the ability to deliver training. Agencies responded by reducing class size, employing safety protocols, and moving to online courses. Despite these adjustments some agencies were still unable to meet training requirements and BSCC allowed exemptions for training that could not be made as a direct result of COVID-19. In total, 64 staff did not receive core training and 2,926 staff did not receive their full number of annual training hours. This is approximately 9% of corrections staff statewide.

Figure 6 shows the compliance status of agencies for FY 2018/2019 and 2019/2020.

**Figure 5**

<b>Compliance Status</b>			
	In Compliance	Out of Compliance	Total Participating Agencies
Fiscal Year 2018/19	152 Agencies	8 Agencies	160 Agencies
Fiscal Year 2019/20	155 Agencies	2 Agencies	157 Agencies

### **Technical Assistance and Training**

STC Field Representatives work with participating agencies throughout the year to provide technical assistance in support of local training programs and to help them meet training standards. Technical assistance can range from assessing the appropriateness of a particular training intervention to helping craft action plans intended to improve standards compliance. It also includes providing training to support quality training programs delivered at the local level. STC presented a 20-hour Instructor Development Course (IDC) on eleven occasions during FYs 2016/2017 and 2017/2018. STC also continues to present IDCs specifically designed for core course instructors.

Additional training that STC provides to local agencies includes:

- new training managers course;
- lesson plan development; and
- test administration;

The purpose of these courses is to provide training professionals with foundational skills required to design and deliver quality training.

Figure 7 shows the number of trainings that STC delivered to local training agencies

**Figure 6**

**STC Delivered Training**

Course	Fiscal Year 2018/19	Fiscal Year 2019/20
Training Managers Course	4	3
Instructor Development Course	11	7
Test Development	10	1
Lesson Plan Development	15	14
Using STC's Learning Portal	14	18
Core Coordinator Training	10	2
Training for Core Instructors	1	3
<b>Total</b>	<b>65</b>	<b>48</b>

**New Core Training Standards and Selection Exam**

In January 2018, the Board approved a comprehensive revision of the core training programs for ACO, JCO and PO classifications that must be completed within the first year of hire. The revisions include new content in areas such as behavioral health, sexual assault and abuse prevention, and gender identification. It also included the adoption of six new transfer academies for officers transferring between classifications. Agencies had eighteen months to voluntarily comply with the new standards and develop the required new content. On July 1, 2020, that new content became mandatory. All core courses certified and delivered after that date comply with the new standard.

The new curriculum included a significantly expanded behavioral health unit within core training program to address the training needs resulting from a higher proportion of people in custody and on probation with mental health needs. The behavioral health module also includes training to help officers understand and respond to the impacts their job might have on their own mental health. BSCC developed a full set of lesson plans including instructor, participant materials, and testing questions to ensure that the training content is available and consistently delivered as required.

On August 17, 2020, the BSCC implemented a new single selection exam to measure the cognitive abilities of candidates for the ACO, JCO and PO jobs. This exam replaced the three separate exams that were previously required. The single exam capitalizes on the similar cognitive requirements and results in time and cost savings. It speeds up the hiring process and facilitate transfers between classifications.

### **SECTION III: The Jail Profile Survey**

Since 1996 the BSCC has collected information on adults in the custody of community corrections facilities using the Jail Profile Survey (JPS). (Appendix B) The survey relies on jail administrators to input local data into BSCC's web-based portal. BSCC staff review the data for inconsistencies that could indicate errors in reporting and follow up with the counties to correct if necessary.

Only Type II and III facilities are surveyed through the JPS. Type II facilities house offenders that are pending arraignment, awaiting trial, in trial, or sentenced locally. Type III facilities hold inmates that are serving sentences locally.

The results of the Second Quarter 2020 Adult Jail Profile Survey Results, as required by Penal Code section 6031.2 (d) (1) are as follows:

Average Daily Population: 52,135 (of those 39,315 – or 75 percent -- were non-sentenced)

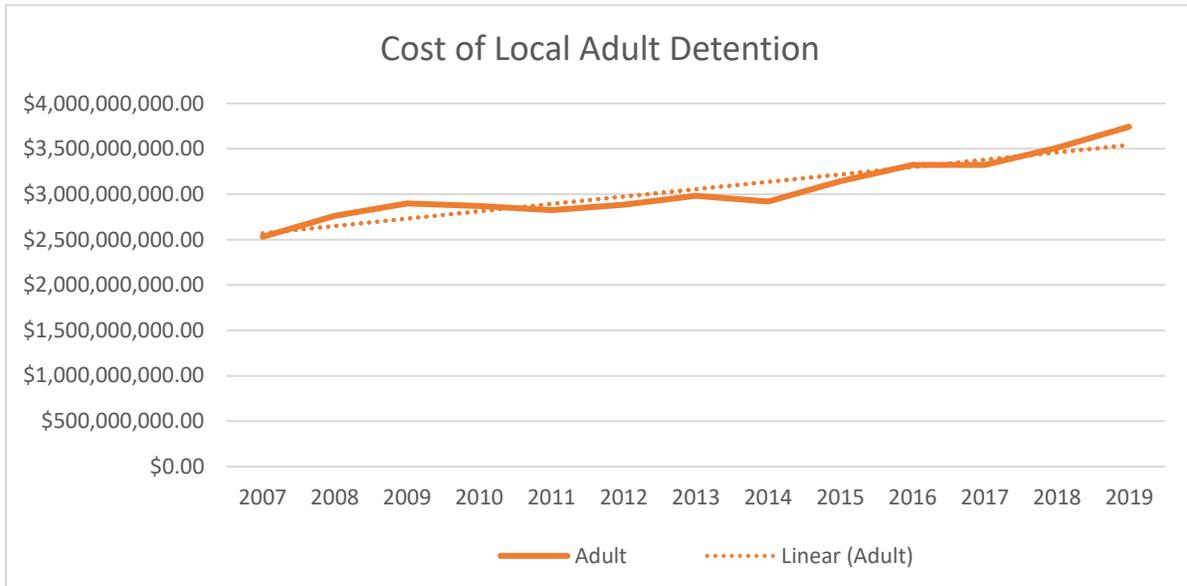

- 91 percent of non-sentenced inmates are male
- 9 percent of non-sentenced inmates are female
- 87 percent of sentenced inmates are male
- 13 percent of sentenced inmates are female

The BSCC's data collection systems do not support the collection of individual data, including booking charges, date and time of booking, and date and time of release that is requested for inclusion under PC 6031.2 (d)(2), so it is not included in this report.

### **SECTION IV: Detention System Capital and Operating Expenses**

The California State Controller's Office keeps records of community corrections facility capital and operational costs. The costs of safely operating and adequately staffing local detention facilities have increased in recent years. The most recent data is from FY 2019.

Figure 1 shows the cost of local adult detention from 2007 to 2019. The most recent cumulative local detention cost available, for 2019, is \$3.374 billion. This is up by \$231,000 from the previous year.

 Datasets of Counties Reported Annual Expenditures  
<https://bythenumbers.sco.ca.gov/browse/>

COUNTY	FACILITY	TYPE	STANDARD	ARTICLE TITLE	DESCRIPTION
Alameda	Berkeley Public Safety Center	I	1030	Suicide Prevention Program	(a) Suicide prevention training for all staff that have direct contact with inmates.
			1032	Fire Supression Preplanning	(a) A fire suppression pre-plan developed with the local fire department to be included as part of the policy and procedures manual (Title 15, California Code of Regulations Section 1029);
			1045	Public Information Plan	Each facility administrator of a Type I, II, III or IV facility shall develop written policies and procedures for the dissemination of information to the public, to other government agencies, and to the news media. The public and inmates shall have available for review the following material:
			1058	Use of Restraint Devices	The facility administrator, in cooperation with the responsible physician, shall develop written policies and procedures for the use of restraint devices and may delegate authority to place an inmate in restraints to a responsible health care staff.
			1066	Books, Newspapers, Periodicals, and Writings	(b) The facility administrator of a Type I facility shall develop and implement a written plan to make available a daily newspaper in general circulation, including a non-English language publication, to assure reasonable access to interested inmates.
			1069	Inmate Orientation	(a) In Type II, III, and IV facilities, the facility administrator shall develop written policies and procedures for the implementation of a program reasonably understandable to inmates designed to orient a newly received inmate at the time of placement in a living area. Such a program shall be published and include, but not be limited to, the following:
Alameda	Fremont Police Facility	I	1029	Policy and Procedures Manual	(d) The manual for Type IV facilities shall include, in addition to the procedures required in subsection (a), except number (5), procedures for:(1) accounting of inmate funds;(2) community contacts;(3) field supervision;(4) temporary release; and(5) obtaining health care.
Alameda	Hayward Police Department	IJ	1029	Policy and Procedures Manual	(e) The manual for Temporary Holding, Court Holding, Type I, II, III, and IV facilities shall provide for, but not be limited to, the following:(1) multiple internal ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents,(2) a method for uninvolved inmates, family, community members, and other interested third-parties to report sexual abuse or sexual harassment. The method for reporting shall be publicly posted at the facility.
Amador	Amador County Jail	II	1231-470A	1231-470A	1231.2.9 Dayrooms.
			1056	Use of Sobering Cell	The sobering cell described in Title 24, Part 2, Section 1231.2.4, shall be used for the holding of inmates who are a threat to their own safety or the safety of others due to their state of intoxication and pursuant to written policies and procedures developed by the facility administrator.
Butte	Butte Co. Courthouse	CHJ	1230 - 460A	1230 - 460A	Toilet/urinals
			1032	Fire Supression Preplanning	(b) Regular fire prevention inspections by facility staff on a monthly basis with two year retention of the inspection record;
Butte	Butte County Court Holding	CH	1032	Fire Supression Preplanning	(b) Regular fire prevention inspections by facility staff on a monthly basis with two year retention of the inspection record;
Butte	Paradise Police Department	THJ	1032	Fire Supression Preplanning	(c) Fire prevention inspections as required by Health and Safety Code Section 13146.1(a) and (b) which requires inspections at least once every two years;
Contra Costa	Martinez Detention Facility	II	1055	Safety Cell	An inmate shall be placed in a safety cell only with the approval of the facility manager or designee, or responsible health care staff; continued retention shall be reviewed a minimum of every four hours.
			1065	Exercise and Recreation	(a) The facility administrator of a Type II or III facility shall develop written policies and procedures for an exercise and recreation program, in an area designed for recreation, which will allow a minimum of three hours of exercise distributed over a period of seven days. Such regulations as are reasonable and necessary to protect the facility's security and the inmates' welfare shall be included in such a program. In Type IV facilities, such a program can be either in-house or provided through access to the community.
Contra Costa	Martinez Police Department	THJ	1027.5	Safety Checks	Safety checks shall be conducted at least hourly through direct visual observation of all inmates. There shall be no more than a 60 minute lapse between safety checks. There shall be a written plan that includes the documentation of routine safety checks.
			1029	Policy and Procedures Manual	10. Zero tolerance in the prevention of sexual abuse and sexual harassment.
			1029	Policy and Procedures Manual	(e) The manual for Temporary Holding, Court Holding, Type I, II, III, and IV facilities shall provide for, but not be limited to, the following:(1) multiple internal ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents,(2) a method for uninvolved inmates, family, community members, and other interested third-parties to report sexual abuse or sexual harassment. The method for reporting shall be publicly posted at the facility.
Contra Costa	Pittsburg Police Facility	THJ	1024	Court Holding and Temporary Holding Facility Training	Custodial personnel who supervise inmates in, and supervisors of, a Court Holding or Temporary Holding facility shall complete 8 hours of specialized training. Such training shall include, but not be limited to:
Contra Costa	Pleasant Hill Police Dept	TH	1029	Policy and Procedures Manual	Facility administrator(s) shall develop and publish a manual of policy and procedures for the facility. The policy and procedures manual shall address all applicable Title 15 and Title 24 regulations and shall be comprehensively reviewed and updated at least every two years. Such a manual shall be made available to all employees.
			1029	Policy and Procedures Manual	10. Zero tolerance in the prevention of sexual abuse and sexual harassment.
Del Norte	Del Norte County Jail	II	1027.5	Safety Checks	Safety checks shall be conducted at least hourly through direct visual observation of all inmates. There shall be no more than a 60 minute lapse between safety checks. There shall be a written plan that includes the documentation of routine safety checks.

COUNTY	FACILITY	TYPE	STANDARD	ARTICLE TITLE	DESCRIPTION
Del Norte	Del Norte Co. Courthouse	CH	1027	Number of Personnel	A sufficient number of personnel shall be employed in each local detention facility to ensure the implementation and operation of the programs and activities required by these regulations.
			1027.5	Safety Checks	Safety checks shall be conducted at least hourly through direct visual observation of all inmates. There shall be no more than a 60 minute lapse between safety checks. There shall be a written plan that includes the documentation of routine safety checks.
Fresno	Clovis Police Department	THJ	1029	Policy and Procedures Manual	A. Fire suppression preplan as required by section 1032 of these regulations;
			1029	Policy and Procedures Manual	B. Escape, disturbances, and the taking of hostages;
			1029	Policy and Procedures Manual	C. Mass arrests;
			1029	Policy and Procedures Manual	D. Natural disasters;
			1029	Policy and Procedures Manual	E. Periodic testing of emergency equipment; and,
			1029	Policy and Procedures Manual	6. Security and control including physical counts of inmates, searches of the facility and inmates, contraband control, and key control. Each facility administrator shall, at least annually, review, evaluate, and make a record of security measures. The review and evaluation shall include internal and external security measures of the facility including security measures specific to prevention of sexual abuse and sexual harassment.
			1030	Suicide Prevention Program	(h) Multi-disciplinary administrative review of suicides and attempted suicides as defined by the facility administrator.
			1032	Fire Supression Preplanning	(a) A fire suppression pre-plan developed with the local fire department to be included as part of the policy and procedures manual (Title 15, California Code of Regulations Section 1029);
Fresno	Coalinga Police Dept	THJ	1032	Fire Supression Preplanning	(b) Regular fire prevention inspections by facility staff on a monthly basis with two year retention of the inspection record;
			1058.5	Restraints and Pregnant Inmates	3. Restraints shall be removed when a professional who is currently responsible for the medical care of a pregnant inmate during a medical emergency, labor, delivery, or recovery after delivery determines that the removal of restraints is medically necessary.
			1027	Number of Personnel	A sufficient number of personnel shall be employed in each local detention facility to ensure the implementation and operation of the programs and activities required by these regulations.
			1027.5	Safety Checks	Safety checks shall be conducted at least hourly through direct visual observation of all inmates. There shall be no more than a 60 minute lapse between safety checks. There shall be a written plan that includes the documentation of routine safety checks.
			1029	Policy and Procedures Manual	Facility administrator(s) shall develop and publish a manual of policy and procedures for the facility. The policy and procedures manual shall address all applicable Title 15 and Title 24 regulations and shall be comprehensively reviewed and updated at least every two years. Such a manual shall be made available to all employees.
			1029	Policy and Procedures Manual	10. Zero tolerance in the prevention of sexual abuse and sexual harassment.
			1029	Policy and Procedures Manual	11. Policy and procedure to detect, prevent, and respond to retaliation against any staff or inmate after reporting any abuse.
			1029	Policy and Procedures Manual	(e) The manual for Temporary Holding, Court Holding, Type I, II, III, and IV facilities shall provide for, but not be limited to, the following:(1) multiple internal ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents,(2) a method for uninvolved inmates, family, community members, and other interested third-parties to report sexual abuse or sexual harassment. The method for reporting shall be publicly posted at the facility.
			1057	Developmentally Disabled Inmates	The facility administrator, in cooperation with the responsible physician, shall develop written policies and procedures for the identification and evaluation, appropriate classification and housing, protection, and nondiscrimination of all developmentally disabled inmates.
			1030	Suicide Prevention Program	(h) Multi-disciplinary administrative review of suicides and attempted suicides as defined by the facility administrator.
Fresno	Coalinga Police Dept	THJ	1046	Death in Custody	Deaths shall be reviewed to determine the appropriateness of clinical care; whether changes to policies, procedures, or practices are warranted; and to identify issues that require further study.
			1046	Death in Custody	2. Upon receipt of a report of death of a minor from the administrator, the Board may within 30 calendar days inspect and evaluate the jail, lockup, or court holding facility pursuant to the provisions of this subchapter. Any inquiry made by the Board shall be limited to the standards and requirements set forth in these regulations.
			1051	Communicable Diseases	The facility administrator, in cooperation with the responsible physician, shall develop written policies and procedures specifying those symptoms that require segregation of an inmate until a medical evaluation is completed.
			1052	Mentally Disordered Inmates	The facility administrator, in cooperation with the responsible physician, shall develop written policies and procedures to identify and evaluate all mentally disordered inmates, and may include telehealth.

In accordance with Penal Code 3407 the policy shall include reference to the following:

## EXPLANATION OF RESULTS

The following pages contain the Jail Profile Survey (JPS) results for the Second Quarter of Calendar Year 2020. Page 3 contains the quarterly totals based upon the monthly and quarterly data submitted to us by the participating jurisdictions. The information below provides explanations and clarifications of the data presented.

### Page 3

- Unless otherwise noted, projected totals are based upon the average per day for the variable in question. For example, there was an average of 52,135 inmates per day in local jails (excluding Type I's) during April through June 2020.
- For some variables (other than "ADP"), we did not receive complete data from all jurisdictions. In such instances, we used statistical procedures to estimate the statewide total.
- The number of "Bookings Per Month" is the average of the monthly totals for April, May, and June 2020.
- For the following variables, the numbers presented are the totals as of the mid-quarter (i.e., May 15, 2020): "Pretrial Release" and "Early Release".
- "Assaults On Staff" are defined as the total number of serious inmate assaults on staff (resulting in a crime report), statewide, during the Second Quarter of Calendar Year 2020.
- Note: Totals are subject to slight variation due to rounding.

### **Please note:**

- **Proposition 47** was voted into law on November 4, 2014, reducing penalties for certain low-level drug and property crimes from felony to misdemeanor.
- Each quarter, every county with Type II, III, and IV detention facilities submits their data to the BSCC. While we make every effort to review data for accuracy, including contacting individual counties for clarification, the BSCC cannot be responsible for data reporting errors made at the county level. This survey results report presents county data at the specific point in time in which it was retrieved (November 19, 2020). However, upon request of the county, data can be updated as needed.
- At the start of the 2016 calendar year, JPS quarterly reports are no longer posted on the BSCC website. In an effort to create a better experience for users, the historical graphs have been transitioned over into our Tableau Public Dashboard, "Jail Population Trends." ([http://www.bscc.ca.gov/m\\_data&research.php](http://www.bscc.ca.gov/m_data&research.php)). By transitioning into the use of our existing Jail Population Trends Dashboard, users will see newly added visualizations that mimic those graphs previously featured in the Quarterly Report. These summary graphs include statewide data for particular JPS variables (i.e. Average Daily Population, Non-Sentenced & Sentenced ADP, etc), without jurisdiction exclusions seen in other dashboard tabs. Users can control these statewide graphs and exclude/include specific counties to create custom visualizations. The source data for these visualizations is the same data found in the JPS Online Querying tool (<https://app.bscc.ca.gov/joq/jps/QuerySelection.asp>).

- Based on input from Executive Steering Committees' review of the Jail Profile Survey in previous years, the BSCC eliminated the collection of the following variables in September 2018, due to their lack of data accuracy, usefulness and reliability: "ADP Maximum Security Inmates", "ADP Medium Security Inmates", "ADP Minimum Security Inmates", "2 Strike Inmates", "3 Strike Inmates", "Felony Warrants", "Misdemeanor Warrants", and "Criminal/Illegal Aliens".

# BOARD OF STATE AND COMMUNITY CORRECTIONS JAIL PROFILE SURVEY

**Reporting Period: April to June, 2020**

### County Jail Populations

ADP <sup>a</sup>	52,135 <sup>b</sup>
Holding Areas	554
Average "Under the Roof" <sup>c</sup>	52,689 <sup>d</sup>
Highest One Day Count	61,888 <sup>e</sup>

### Special Use Beds

Medical Beds	932
Mental Health Beds	4,801

### County Jail Populations

Felony	47,105
Misdemeanor	5,030
<b>Total</b>	<b>52,135</b>
Non-Sentenced Males	35,676
Non-Sentenced Females	3,640
Sentenced Males	11,095
Sentenced Females	1,724
<b>Total</b>	<b>52,135</b>
Maximum Security Inmates	0
Medium Security Inmates	0
Minimum Security Inmates	0
<b>Total</b>	<b>52,135</b>

### Released Per Month Due to Lack of Space

Pretrial Release	2,528 <sup>f</sup>
Early Release	1,003 <sup>f</sup>
<b>Total</b>	<b>3,531</b>

### Inmates with 2 and 3 Strikes

2 Strike Inmates	0 <sup>g</sup>
3 Strike Inmates	0 <sup>g</sup>
<b>Total</b>	<b>0</b>

### Unservd Warrants

Felony Warrants	0 <sup>g</sup>
Misdemeanor Warrants	0 <sup>g</sup>
<b>Total</b>	<b>0</b>

### Inmates From Other Jurisdictions

Housed on Federal Contract	1,701
Housed on Contract with CDC	64
From Other Counties on Contract	58
Awaiting Transport	2,301
<b>Total</b>	<b>4,124</b>

### Other Jail Profile Survey Variables

Bookings Per Month	37,165 <sup>f</sup>
Juveniles in Custody	0 <sup>f</sup>
Criminal / Illegal Aliens	0
Assaults On Staff	409

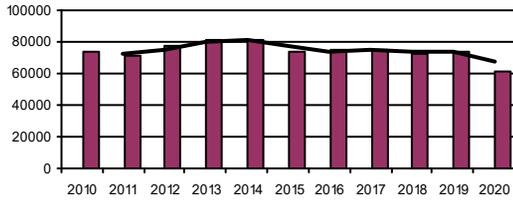

- a. The Average Daily Population for all jurisdictions (excluding Type I's) does not include inmates in holding areas.
- b. Unless otherwise indicated, the numbers reported are the average across the days in the quarter.
- c. "Under the Roof" is the sum of the Average Daily Population plus the average daily number of inmates in Holding Areas.
- d. Totals may not be the exact sum of the subtotals due to rounding.
- e. The sum of all Highest One Day inmate population counts from all jurisdictions.
- f. These data are collected on a monthly basis, this figure is an average of the total numbers collected each month during this quarter.
- g. These data are one-day snapshots collected at the end of the quarter.

## INTERPRETATION OF TABLE

**Jail Populations:** Second Quarter Calendar Year 2019 versus Second Quarter Calendar Year 2020 (page 8)

***This table:***

- summarizes the Average Daily Population (ADP) results for the 57 jurisdictions in California reporting data from Type II, III, and IV jails;
- summarizes jurisdiction ADP results for the most recent quarter (third column from left);
- compares jurisdiction ADP for the most recent quarter with the same quarter last year (second column from left);
- ranks the jurisdictions in terms of gains or losses in ADP from high to low (fourth column from left);
- lists the percentage of growth or decline in ADP for each jurisdiction (fifth column from left);
- lists the percentage of the overall state increase or decrease in ADP that is represented by each jurisdiction (sixth column from left);
- lists by jurisdiction the cumulative percentage increase and decrease in the state ADP (seventh column from left), starting with the jurisdiction with the largest percentage of increase and proceeding to the jurisdiction with the largest percentage of decrease;
- lists by jurisdiction the cumulative total increase and decrease in the state ADP (eighth column from left), starting with the jurisdiction with the highest increase first and proceeding to the jurisdiction with the highest decrease last; and,
- lists the jurisdictions that experienced decreases in their ADP as shaded.

***Some important conclusions from this table are:***

1. The two numbers at the bottom indicate the “Total Increase” in ADP (in this case 0) and “Total Decrease” in ADP (-21,831). Specifically, the jurisdictions experiencing increases had a total increase of 0 ADP, and the jurisdictions experiencing decreases had a total decrease of -21,831 ADP.
2. None of the 57 jurisdictions represent an increase in jail populations from Second Quarter 2019 to Second Quarter 2020.
3. Jurisdictions that experienced a decrease in ADP are listed from smallest decrease to largest decrease (Calaveras Sheriff’s Department to Los Angeles Sheriff’s Department). When you get to the bottom of the table, you have accounted for 100% of the total decrease of -21,831 inmates.
4. The cumulative percentage of ADP decrease for the top four jurisdictions (Sacramento Sheriff’s Department, San Diego Sheriff’s Department, Orange Sheriff’s Department, and Los Angeles Sheriff’s Department) account for 47% of the total decrease.
