

2019 Youth Reinvestment Grant ESC Seeking Membership

2019 Youth Reinvestment Grant

This ESC will update a Request for Proposals, read and rate applications, and develop grant award recommendations for the BSCC. This grant program is aimed at diverting youth from initial contact with the juvenile justice system using approaches that are evidence-based, culturally relevant, trauma-informed, and developmentally appropriate, with consideration for racial and ethnic disparities. Organizations that receive these funds must provide diversion and alternatives to arrest, incarceration and formal involvement in the juvenile justice system. Interventions may include academic and vocational education services, mentoring, behavioral health services, and mental health services.

Interested in participating on the 2019 Youth Reinvestment Grant ESC?

The BSCC is looking for people who have expertise in one or more of the areas relevant to the Youth Reinvestment Grant including but not limited to diversion, alternatives to incarceration, trauma-informed care, disproportionate minority contact, education, mentoring, behavioral health, and mental health. In addition, ESC members should reflect California's diverse population in terms of perspectives, backgrounds, professional expertise, life experiences, and geographical representation. Please note that individuals who served on the prior Youth Reinvestment Grant ESC that concluded in June 2019 will be given priority consideration for placement on this new 2019 ESC.
