PART A

Part A of the Fiscal Year (FY) 2023-24 Community Corrections Partnership (CCP) Survey collects information about CCP Membership and implementation of the county’s CCP plan. For detailed guidance on how to complete Part A of the CCP Survey, please refer to the CCP Survey Data Reporting Guide at: [https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/) Part A is divided into five (5) sections: · Section 1: Respondent Information · Section 2: CCP Membership · Section 3: Goals, Objectives, and Outcome Measures · Section 4: Types of Programming and Services · Section 5: Optional Questions When applicable, use person-first language and terminology that eliminates potential generalizations, assumptions, and stereotypes. Responses to the CCP Survey shall represent the collective views of the CCP and not a single agency or individual.

SECTION 1: RESPONDENT INFORMATION

Section 1 asks questions related to the county for which survey responses are provided, the individual who is completing the survey, and who BSCC may contact for follow-up questions. There are three (3) questions in this section.

1. Identify the county name for which this survey is being submitted.

Alameda County

2. Provide the contact information for the individual completing this survey.

7. Does the CCP have subcommittees or working groups? Check the appropriate answer to the left of the list.

Yes

If "Yes," list the subcommittees and/or working groups, and their purpose.

1) Civic/Community Engagement Subcommittee: The Civic and Community Engagement Subcommittee uplifts and empowers community voice. This subcommittee is dedicated to the promotion of equity, support, resources, and access for clients, as well as justice-impacted individuals, families, and communities. This subcommittee is essential in the Realignment process and brings a critical community voice to the Community Corrections Partnership. 2) Education Subcommittee: The Education Subcommittee is dedicated to strengthening and aligning in-custody education services with community programs to support a seamless transition, ensuring education services are well integrated into the prisons and jails by making it a critical component of intake and pre-release processes, and seeking opportunities to further expand partnerships with workforce development stakeholders to create innovative pathways for clients that support returning community member's efforts to obtain permanent, living-wage employment opportunities. 3) Family Reunification/Stability Subcommittee: a. The Family Stability and Reunification Subcommittee seeks to: • Make progress on the Alameda County Strategic Reentry Plan with an emphasis on preserving, supporting, and restoring families • Reduce barriers to reunification and negative impacts of incarceration • Promote programming that prioritizes family and best practices • Enhance family-centered, culturally appropriate, and trauma-responsive services and policies. 4) Housing Subcommittee: The Housing Subcommittee is focused on ensuring successful outcomes for the reentry population by creating and investing in housing resources, expanding collaborations, and improving coordination between various systems of care to reduce housing instability and increase access to permanent, independent housing. 5) Health - Mental Health/Trauma Informed Care Subcommittee: The Mental Health Subcommittee supports the mental health and well-being of justice-impacted individuals. This subcommittee utilizes a trauma-responsive and culturally responsive approach to mental health prevention, diversion, service provision, care coordination, and support. This subcommittee addresses justice involvement through the promotion of mental health services, intervention, peer specialists, and wellness practices. 6) Health - Primary Health Care/Physical Health Subcommittee: The Primary Health Care / Physical Health Subcommittee aims to improve the physical health of and access to healthcare services for the Realigned population. This subcommittee is dedicated to physical health promotion, healthcare access, and increased health equity amongst consumers. This subcommittee integrates health needs with clients' various community and reentry needs. 7) Health - Substance Use Subcommittee: The Substance Use Subcommittee addresses the intersection of substance use and justice involvement. The substance use continuum of care utilizes the American Society of Addiction Medicine (ASAM) assessment and Drug Medi-Cal Organized Delivery System (DMC-ODS) to appropriately connect individuals to services. Peer specialists are integral in advancing equity

and community wellness. This subcommittee further promotes the health and wellness of individuals through coordinated systems to support varied levels of care and intervention. 8) Workforce Development & Employment Subcommittee: The Workforce Development and Employment Subcommittee advances opportunities for justice-impacted individuals. Workforce development, career technical education (CTE), and employment help to foster confidence, community, and belonging. This subcommittee works to support the reentry population in increasing transferrable skills, confidence in skills/abilities, employment success, career development, and overall stability.

### SECTION 3: GOALS, OBJECTIVES, AND OUTCOME MEASURES

Section 3 asks questions related to the CCP's goals, objectives, and outcome measures. Please refer to the CCP Survey Data Reporting Guide at: [https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/) for detailed information about goal and objective statements, and outcome measures.

### Updated Information on FY 2022-23 Goals, Objectives, and Outcome Measures

Questions 8, 9, and 10, ask the CCP to provide updated progress information about the goals, objectives, and outcome measures previously reported for FY 2022-23 in the 2022-23 CCP Survey. For each question, provide the goals, objectives, and outcome measures as reported in the FY 2022-23 survey. The progress information should be updated to reflect the progress achieved over the full fiscal year.

8. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating "Not Applicable."

Goal A: Reduce Recidivism

Was this Goal part of the FY 22-23 CCP plan? Yes

Goal A Objective:

Reduce recidivism (defined as "re-arrest, re-conviction, or return to incarceration/custody for people with conviction histories, with or without a new sentence within three years") to promote community safety and improve the quality of life for all people in the community.

Goal A Objective:

Goal A Objective:

Goal A Outcome Measure:	Percent of clients with a new conviction within three years of placement on supervision (BSCC definition).
-------------------------	--

Goal A Outcome Measure:	Percent of clients with a probation violation within three years of placement on supervision (excludes individuals with convictions within three years).
-------------------------	--

Goal A Outcome Measure:	Percent of clients whose probation terminated in FY 21/22 who had a new conviction within 1 year of probation termination.
-------------------------	--

Briefly describe progress toward the goal.	<p>Since recidivism rates are calculated in three-year increments, the FY 22/23 recidivism rates are based on the clients who were on probation in FY 19/20. Criminal justice reform efforts reduced the total number of people on probation between FY 18/19 and 19/20 by over 1,000 people. A total of 1,753 clients were granted probation in FY 19/20 and 2,321 in FY 18/19. Of those clients on probation during FY 19/20, 1,300, or 74.16%, did not recidivate. Thus, the recidivism rate for fiscal year 22/23 is 25.84% versus 21.37% in fiscal year 21/22. The state recidivism rate has hovered around 46% for years, which is nearly double that of the recidivism rate for probationers in Alameda County.</p>
--	--

The number of clients with probation violations within three years of placement on supervision increased to 32.46%. Of the 569 probation violations, 469 resulted in a detention sentence.

The number of clients whose probation was terminated in FY 21/22 who had a new conviction within one year of termination increased to 20.3%.

Goal C:	Ensure effective and supportive transitions from detention to the community

Goal C Outcome Measure:	Ensure all client's reentry plans include a plan for their transition off of supervision
-------------------------	--

---

Goal C Outcome Measure:	Develop a pre-release program
-------------------------	-------------------------------

---

Briefly describe progress toward the Goal.

The Center of Reentry Excellence (CORE) is Alameda County's one-stop reentry center. The CORE offers a safe space for justice-impacted individuals to overcome barriers, connect with peers and providers, take classes, have fun, and receive reentry support. The CORE is staffed with reentry coaches, peers, and ambassadors progressing through their probation terms. On May 1, 2023, the CORE relocated from the probation office and implemented a community center model in partnership with Rubicon Programs, opening locations in Oakland and Hayward. The CORE thrives using a collective impact approach and partners with AB 109 and other providers to offer services to clients all in one convenient location. The four pillars of CORE are (1) onsite support, including barrier removals, laundry, showers, and meals; (2) services connections and co-located providers; (3) workshops and classes to address members' dynamic needs; (4) community engagement and outreach events.

Total Number of Client Referrals: 768

Total Number of Enrolled Clients: 385

Total Number of Program Exits: 217

Total Number of Successful Completions: 211

A pre-release services program called the Coordinated Reentry Services Program (CRSP) was developed during the 2022/2023 fiscal year and is scheduled to start working with clients during the 2023/2024 fiscal year. Clients enrolled in CRSP will create a reentry plan that outlines their goals and the steps they want to take to achieve those goals from incarceration through termination of their supervision and beyond.

SECTION 4: TYPES  
OF PROGRAMMING  
AND SERVICES

Section 4 asks questions about the types of programs and services provided during FY 2022-23. For each type of program or service provided, identify the agency(ies) that provide the program or service and at what stage(s) the program or service is provided (in-custody, supervision, other). Definitions are provided for each program or service type, however, you may refer to the CCP Survey Data Reporting Guide for more clarity on the definition of each type of program and service listed and the stage(s) of program or service.

SECTION 5: OPTIONAL QUESTIONS Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond “Decline to Respond.”

15. Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds. The Alameda County Community Corrections Partnership (CCP) utilizes focused subcommittees to develop, maintain, and implement a County-wide strategic reentry plan. Each CCP Subcommittee represents an area of critical importance and convenes subject matter experts, service providers, and community members to address the dynamic needs of justice-impacted populations

16. Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate answer to the left of the list.

Yes

If "Yes," explain how. The county has evaluation mechanisms and data collection requirements built into all AB 109 CBO-funded contracts. Additionally, the County is in the process of putting out a Request for Proposal (RFP) to conduct an independent, multi-year study of all AB 109 funded activities.

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate answer to the left of the list.

Yes

If "Yes," explain how. Whereas the CCP creates and implements the County's reentry plan, the Community Corrections Partnership Executive Committee (CCPEC) approves the plan, oversees its implementation, and is responsible for making AB 109 funding and programming recommendations to the Alameda County Board of Supervisors (BOS).

The CCPEC uses workgroups to engage the community, evaluate program efficacy, and determine programmatic and funding recommendations to help Alameda County reach its public safety goals.

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check yes or no to the left of each BSCC Definition listed, as applicable.

<https://www.bscc.ca.gov/wp-content/uploads/AB-1050-Key-Term-Definitions.pdf>

Average Daily Population

Yes

Conviction	Yes
Length of Stay	Yes
Adult Recidivism	Yes
Treatment Program Completion Rates	Yes
19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)? Check the most appropriate answer to the left of the list of percentages.	81% or higher

<p>20. The BSCC would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?</p>	<p>Mental Health Services are provided by community-based organizations, probation, and Alameda County behavioral health. In-custody services include medication evaluations and counseling, psychiatric hospitalization (5150 crisis), and pharmacy, and out-of-custody services include psychiatric hospitalization and residential, crisis medication, counseling, and pharmacy.</p> <p>The Probation Department is utilizing clinicians embedded onsite within its offices to provide mental health services, working collaboratively with Probation staff as multi-disciplinary team members.</p> <p>Alameda County's Health Care Services Agency's Behavioral Health Care Services Department received \$4,483,534 of the AB-109 CBO allocation to contract with local community-based services to provide mental health services. ACBH utilizes AB 109 funding to support 6,438 clients annually and provide 194,284 services. These services fund predominantly out-of-custody programs. However, a small portion is used for in-custody services. ACBH programs that utilize some portion of AB 109 funding, of which there are 125 programs, must use evidence-based practices and include examples of those practices in their funding proposals. ACBH contracts with community-based organizations to provide mild to moderate and severe mental illness services dedicated to the Realignment population. Below is a description of those services.</p> <p>Mental Health services include:</p> <ul style="list-style-type: none"> <li>o In-custody mental health services at Santa Rita Jail</li> <li>o Community-based mental health services</li> <li>o Out-of-Custody Substance Use Services</li> <li>o Case and Care Management</li> <li>o Crisis Services</li> <li>o Psychiatric emergency in-patient services</li> <li>o Crisis residential treatment programs</li> <li>o Subacute treatment programs</li> </ul> <p>SUD services include:</p> <ul style="list-style-type: none"> <li>o Withdrawal Management/Sobering Services</li> <li>o Narcotics Treatment Program</li> <li>o Outpatient SUD Services</li> <li>o Intensive Residential SUD Treatment</li> </ul>
---	---

---

21. What challenges does the county face in meeting the above program and service needs?

---

22. What programmatic changes and/or course corrections has the CPP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?

---

23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

Optional Highlight or Success Story

The late Supervisor Richard Valle was a major supporter of U.S Military Veterans. He spoke with the Alameda County Sheriff's Office about the idea of a Veteran Housing Unit for incarcerated veterans at Santa Rita Jail. Sheriff Sanchez recognized the need for such a program and was enthusiastic about its potential to support incarcerated veterans. She remained dedicated to the vision by designating half of a housing unit within Santa Rita Jail as the Veteran Housing Unit and provided the resources needed to make the program a reality.

To create a successful Veteran Program and Housing Unit, a dedicated team of staff members who were themselves veterans collaborated with incarcerated veterans to ensure that their unique needs and perspectives were heard throughout the process. The team drew upon their own experiences and deep understanding of the challenges faced by incarcerated veterans to develop a program that would provide the support and resources needed to help this population succeed both during and after their incarceration. By working together, we were able to design a program that is tailored to the specific needs of incarcerated veterans and provide them with the tools and resources needed to succeed upon release.

The Sheriff's Office wanted the design of the housing unit to be a meaningful reflection of the values that US Military Veterans pledged to uphold when they enlisted in the military. By creating an environment that reflects these values, we hoped to encourage incarcerated veterans to take pride in themselves and become better members of their respective communities upon release.

In January 2023, as one of Sheriff Sanchez's first acts as Sheriff of Alameda County, she officially opened the Veteran Housing Unit at Santa Rita Jail, providing a safe and supportive environment for incarcerated veterans. This milestone marked a significant step in our ongoing efforts to provide support and resources to this population.

Unfortunately, Supervisor Valle passed away shortly after the Veteran program was implemented, but his vision and dedication to supporting incarcerated veterans lives on through the program.

Brandon McGlone, an incarcerated US Air Force Veteran, was one of the first participants of the Veteran Program and Housing Unit at Santa Rita Jail. Brandon played a pivotal role in bringing this vision to life by using his artistic abilities to create murals within the new Veteran housing unit. He recruited other incarcerated individuals with artistic abilities to join him in this initiative, which was designed to remind US Military Veterans of the values they pledged to uphold when they enlisted in the military. Brandon's dedication and commitment to the program did not go unnoticed. He was later accepted into the Veterans Treatment Court (VTC) after being evaluated by the staff.

On May 8, 2023, Brandon was released from custody at Santa Rita Jail to attend a diversion program in collaboration with the Veterans Treatment Court for Alameda County. He was transported to the Veteran Affairs Domiciliary Residential Rehabilitation Program in Menlo Park by Deputies B. Wharton, J. Vu, M. Magdael, and B. Hayes, all of whom are also US Military Veterans.

This initiative exemplifies the idea of veterans taking care of veterans, and we are proud to continue supporting Brandon and other incarcerated veterans as they work toward successful reentry and community integration.

Brandon was an ideal representative of the newly implemented Veteran Program throughout his time in custody. When asked about his experience in the program, Brandon spoke about the understanding and support he received from the deputies. "They know that veterans have unique mental health needs," he said. "I'm really thankful for everything this program has done for me."

The Sheriff's Office wishes Brandon all the best during his time at his new Veteran Program in Menlo Park.

**FY 2023-24 Community Corrections Partnership Survey  
PART B**

Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars.

For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the FY 2023-24 CCP Survey Data Reporting Guide at:  
[https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/)

The first question in this file, question 24, requests the name of the county for which the survey is being submitted.

Following the identification of the county, Part B is divided into two sections:

Section 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 7: FY 2023-24 Public Safety Realignment Funding Allocation

24. Please identify the county for which this portion of the survey is being submitted:

**County Name: Alameda County**

**SECTION 6: FY 2022-23 Public Safety Realignment Funding Allocation**

**Section 6 contains questions related to the allocation of FY 2022-23 Public Safety Realignment dollars. There are three (3) questions in this section.**

**When answering these questions, consider the funds allocated in FY 2022-23 and include any monies from 2021-22 growth funds and 2022-23 programmatic funding.**

25. Of the total funds received in FY 2022-23, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county used any carry-over funds (monies from previous annual CCP allocations) and/or if the county put any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. **Please correct any cells displaying **red** prior to submitting.**

Total Allocation: **\$ 85,675,702**

**27. How much funding, if any, was allocated to data collection and/or evaluation of AB 109 programs and services?**

We dedicated \$225,786 in AB 109 funding for data collection, research, and evaluation purposes. In addition to that, new Request for Proposals (RFPs) released include a requirement for extensive data collection and quality assurance processes. In FY 22/23 a Request for Information (RFI) was released to determine the relative cost of an external evaluation of all of our AB 109 programs and services. That process prepared us to release an RFP during FY 23/24 to secure a vendor to perform the evaluation, which will likely cost upward of one million dollars.

## SECTION 7: FY 2023-24 Public Safety Realignment Funding Allocation

Section 7 asks three (3) questions related to the allocation of FY 2023-24 Public Safety Realignment funding.

When answering these questions, consider the total funds allocated in FY 2023-24 and include any monies from 2022-23 growth funds and 2023-24 programmatic funding.

28. Of the total funds received in FY 2023-24, how did the CCP budget the allocation? Input the total allocation in the cell above the table. **30. How much funding, if any, is being allocated to data collection and/or evaluation of AB 109 programs and services?**

We have \$227,309 in dedicated funding for data collection, research, and evaluation purposes. In addition to that, any new Request for Proposals (RFPs) released include a requirement for extensive data collection and quality assurance processes. During FY 23/24 an RFP is scheduled to be released to secure a vendor to perform the evaluation, which we expect will cost upward of one million dollars.
