Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

In general, new programs and/or services needing funding would be discussed at the budget subcommittee and later brought to the larger committee for approval.

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

Effectiveness of programs is evaluated by the departments providing the services (example: Recidivism rates). Chico State University has also done a study on the impacts of AB 109 in Butte County.

Does the county consider evaluation results when funding programs and/or services?

No

If yes, how?

N/A

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
	X	Average daily population
	X	Conviction
	X	Length of stay
	X	Recidivism
	X	Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

21% to 40%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Assessment services, alternative supervision services, Post-Release Community and Mandatory Supervision services, GPS/EMP services, mental health/psychiatric assessment and counseling services, drug and alcohol assessment and counseling services, residential drug and alcohol services, wrap-around services, Cognitive Behavioral Therapy services, employment/veteran and case management services, public assistance services, medical/medication services, housing services, employment services, education services, Day Reporting Center services, Community Outreach services, family engagement services, drug testing services, transportation services, clothing and food services, victim witness services, and community clean-up services

What challenges does your county face in meeting these program and service needs?

The Butte County CCP has continued offering outstanding service and program delivery with the funding provided in our allocation. However, additional funding is always needed to expand service delivery options (extending housing options to address ongoing homeless population, funds to help address shortage of treatment, affordable housing due to the impact of the Camp Fire, Bear Fire, etc.)

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?
