Goals, Objectives, and Outcome Measures

FY 2021-22

Goal	Continue the utilization of Moral Reconation Therapy (MRT) (Cognitive intervention around criminal thinking), Thinking for Good (T4G), Taking the High Road, English and Spanish male Batterers' Treatment Programs and the female Batterers' Treatment Program.
Objective	Enroll all eligible AB109 probationers into MRT/T4G within the first month they are out of custody.
Objective	Assist all AB 109 probationers who require assistance (e.g., bus passes) and offer a variety of classes scheduled on various days and times.
Outcome Measure	32 eligible probationers were enrolled in MRT in FY 2021-2022; 5 graduated the program. 35 eligible clients were enrolled in Thinking for Good, 10 graduated. An additional 17 were enrolled in Staying Quit. 30 English speaking male clients were enrolled in the Batterers' Treatment Program. 15 participants were enrolled in the Spanish Batterers' Treatment Program. 2 participants were enrolled in the female English Batterers' Treatment Program. There were a total of 13 graduates from the Batterers' Treatment Programs.
Outcome Measure	Our department has allotted financial support to assist eligible AB109 clients in a variety of logistical issues to include; bus passes, emergency housing, food, clothing, personal necessities, and other items as needed. We have divided our essential programming into multiple scheduled programming classes to best accommodate our clientele.
Progress toward stated goal	Our department continues to provide all programming services at different times to assist our clientele in meeting their programming requirements. Furthermore, our department continues to assist the AB109 clients in a variety of logistical and material ways depending on the needs of each individual client.

Goal	Refer and provide employment assistance and education programs to all AB 109 clients in-custody (jail) or at the Day Reporting Center (DRC).
Objective	Provide online GED/HiSet (High School Equivalency Test) courses to all eligible clients.
Objective	Assist all eligible clients in the completion of resumes, how to answer interview questions and referrals to available jobs.
Outcome Measure	11 clients were provided with one-on-one educational programming at the jail and DRC through the Colusa County Office of Education.
Outcome Measure	One Stop services are again available on a one on one basis in the jail. Services continue twice weekly in the DRC. 5 of the 11 DRC clients receiving assistance in completing job resumes and actively searching for employment found jobs. Additionally, 2 clients were given work experience and 1 client was given vocational training.
Progress Toward Stated Goal	The Office of Education continues to instruct inmates on a one on one basis at the jail and has office hours once per week at the DRC. Individual services provided by One Stop are available by request to jail inmates. One Stop services are available to clients in the DRC twice weekly.

Goal	Provide in-custody (jail) and out-of-custody Day Reporting Center (DRC) Behavioral/Mental Health services to all of the AB109 clients in Colusa County.
Objective	All AB 109 clients will be assessed by a Behavioral Health professional and provided with appropriate services.

Objective	Manage services for those who have been assessed and documented to require Behavioral/Mental Health treatment with individual and/or group counseling, medication management and/or for substance abuse issues.
Outcome Measure	513 contacts were made by a Behavioral/Mental Health Therapist for appropriate needs and services at the jail. Since COVID-19 a Behavioral HealthTherapist has not returned to the DRC, however, 290 contacts were made continuing the care of our DRC clients.
Outcome Measure	The assessed clients received Behavioral/Mental Health follow-up contacts as the jail and/or at the Behavioral Health Department and appropriate services provided based on each individuals needs assessment.
Progress Toward Stated Goal	A Behavioral Health therapist continues to assess and see clients in the jail or from the Behavioral Health Department. The clientele continues to receive the appropriate services on an as needed basis. Our agencies have most recently entered a partnership (PATH Program) eliminating the gap in distance within the two departments. Due to staffing issues we continue to work towards the maximum benefit for our clients.

Goals, Objectives, and Outcome Measures FY 2022-23

Goal	Implement a fathering program designed to assist previously incarcerated fathers reunify with their families and children.
Objective	Train staff to facilitate the program.
Objective	Offer the program to all eligible participants.
Outcome Measure	N/A
Progress toward stated goal	We will be sending a staff member to training in December of 2022. After training we will identify all eligible participants on staff and offer the program on a weekly basis.

FY 2021-2022 and FY 2022-23 Allocation Comparison

FY 21-22 and 22-23 Allocations

FY 21-22 and 22-23 Allocations to Public Agencies for Programs & Services

FY 21-22 and 22-23 Allocations to Non-Public Agencies for Programs & Services

Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

The Probation Department reviews new literature and evidence based programs, thereby determining what will best benefit our clientele and continues, eliminates, and/or adds programs and services based on the needs of the clientele and as sanctioned by the CCP.

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

The CCP and Probation Department internally evaluates the effectiveness of the programs and/or services provided and funded by the County's Public Safety Realignment Allocation on a semi annual basis.

Does the county consider evaluation results when funding programs and/or services?

Yes

If yes, how?

The Probation staff evaluates and reviews funded programs and/or services on a regular basis evaluating the facilitation techniques, curriculum analysis and benefit to clientele.

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

61% to 80%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Behavioral/Mental Health treatment programs continue to be limited in Colusa County and only available through the County Behavioral Health Department (The Probation Department continues to be suspended from providing services due to COVID-19 protocols) at the jail. Substance abuse disorders and behavioral health treatment programs are offered by the Probation Department at the DRC and by Behavioral Health at their department.

What challenges does your county face in meeting these program and service needs?

Lack of appropriate and specific community based programs (CBO's); lack of Behavioral/Mental Health services for clients who are not eligible for Medi-Cal; lack of phone accessibility; minimal public transportation in various areas throughout the county and lack of housing resources have all presented challenges at various times for this clientele population.

The current and anticipated reductions to the AB 109 funding streams, sustained as a direct result of the COVID-19 pandemic, have and will continue to adversely directly affect our County's ability to sustain both programming and service needs to our AB109 clientele.

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?

Implementation and expansion of the Day Reporting Center services in conjunction with the Colusa County Department of Health and Human Services, Colusa County Behavioral Health, Colusa County One Stop, Colusa County Superior Court and the Colusa County

Office of Education partnerships, thereby providing appropriate offender services for these probationers to include: cognitive interventions, education, substance abuse, mental/behavioral health, employment assistance, financial assistance and housing assistance.

Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.
