SECTION 3: GOALS, OBJECTIVES, AND OUTCOME MEASURES

Section 3 asks questions related to the CCP's goals, objectives, and outcome measures. Please refer to the CCP Survey Data Reporting Guide at: https://www.bscc.ca.gov/m_realignment/ for detailed information about goal and objective statements, and outcome measures.

Updated Information on FY 2022-23 Goals, Objectives, and Outcome Measures

Questions 8, 9, and 10, ask the CCP to provide updated progress information about the goals, objectives, and outcome measures previously reported for FY 2022-23 in the 2022-23 CCP Survey. For each question, provide the goals, objectives, and outcome measures as reported in the FY 2022-23 survey. The progress information should be updated to reflect the progress achieved over the full fiscal year.

8. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating "Not Applicable."

Goal A:	Reentry Employment Program Expansion - GEO
Was this Goal part of the FY 22-23 CCP plan?	Yes
Goal A Objective:	Increase participant capacity to 600 participants
Goal A Objective:	Provide direct employment services to the AB 109 population
Goal A Objective:	Address one of the highest criminogenic needs of our AB 109 supervised population: Community Employment
Goal A Outcome Measure:	Eliminate barriers to employment services (waiting lists for services)
Goal A Outcome Measure:	Increase job developer intake and assessments at the AB 109 office
Goal A Outcome Measure:	Increase job placement and retention by 50%
Briefly describe progress toward the goal.	In March of 2023, the contract expansion was executed. Since that time, GEO was able to expand their physical site to accommodate 600 participants during the course of a fiscal year. Additionally, with the expansion, there has not been a waiting list since September 2023; there has been a steady increase in intake and assessments completed, and job placement rose to 64% in the first quarter of the fiscal year. Retention is still being assessed.
Rated progress toward the goal.	Fully achieved

9. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23, respond by indicating "Not Applicable."

Goal B:	Program Evaluation for CCP Funded Programs - RFP
---------	--

Was this Goal part of the FY 22-23 CCP plan?	Yes
--	-----

Goal B Objective:	Evaluate CCP funded agencies.
-------------------	-------------------------------

Goal B Objective:	Gauge CCP program effectiveness.
-------------------	----------------------------------

Goal B Objective:	Make data and performance based decisions on outcomes.
-------------------	--

Goal #2 Outcome Measure:	Report on 6 individual CCP funded programs.
--------------------------	---

Goal B Outcome Measure:	Report out to CCP committee on findings.
-------------------------	--

Goal B Outcome Measure:	Develop individualized outcome measures for programs.
-------------------------	---

Briefly describe progress toward the goal.	Due to unexpected staff transitions, this project has been significantly delayed. The RFP has been published and a provider identified. It is on the Board of Supervisors (BOS) agenda for December 2023.
--	---

Rated progress toward the goal.	Partially achieved
---------------------------------	--------------------

10. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating "Not Applicable."

2023-24 Goals,
Objectives, and
Outcome Measures

11. For FY 2023-24, will the CCP use the same goals, objectives, and outcome measures identified above from FY 2022-23? Check the appropriate answer to the left of the list.	No. The CCP will add and/or modify goals, objectives, and outcome measures. (Continue with the section below.)
---	--

Questions 12, 13, and 14, the CCP is asked to describe a goal and its associated objectives and outcomes for FY 2023-24. For the goal, also provide information about the current progress toward the stated goal. As survey responses are due mid-year, progress information for these goals over the full fiscal year will be requested as part of the FY 2024-25 CCP Survey.

12. Describe a goal for FY 2023-24 and one (1) or more of its associated objectives and outcome measures. Please provide any information about progress toward the goal thus far in the fiscal year. If no goal, objective, or outcome measure was identified in FY 2023-24, respond by indicating "Not Applicable."

Goal D:	200 W Pontiac Way Expansion Project
---------	-------------------------------------

Was this Goal part of the FY 23-24 CCP plan? Yes

Goal D Objective:	Move existing AB 109 services and personnel to a new building.
-------------------	--

Goal D Objective:	Create a programming room/area to offer direct evidence based and best practice services to the AB 109 population.
Goal D Objective:	Create efficiencies for all populations receiving probation services in one location.
Goal D Outcome Measure:	Property to be purchased within the first quarter of 2024
Goal D Outcome Measure:	Build out and create office space for all Realignment staff and supporting staff
Goal D Outcome Measure:	
Briefly describe current progress toward the Goal.	On 11/13/2023, the CCP approved a one-time expenditure of 18 million dollars to be used towards the purchase of a new building for all Adult and Realignment probation services. This will enhance services to our populations and allow for the Probation Department to increase operational efficiencies.
Rate the current progress toward the Goal.	As expected

SECTION 5:
OPTIONAL
QUESTIONS

Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond "Decline to Respond."

15. Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds.

The CCP requires agencies or vendors to complete a formal written request for funding with programs or services description. This is followed by an oral presentation at a CCP public hearing. The process requires outcome data for future reporting.

16. Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate answer to the left of the list.

Yes

If "Yes," explain how.

Funded CCP programs and services provide all program/service goal(s) and outcome(s) measure, i.e. demographic data, monitoring, and services rendered for the CCP Board to make informed data-driven decisions for yearly budget consideration.
The Fresno County Probation Department has a Quality Control/Program Evaluation Unit that is responsible for reviewing AB 109 programming, services and outcomes. The objective of this unit is to ensure that the most current evidence-based practices are utilized. This unit conducts internal reviews of probation assessments and investigates programming and supervision strategies that lead to improved correctional outcomes such as the rehabilitation of offenders and increased public safety.

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate answer to the left of the list.

Yes

If "Yes," explain how.

Ideally, if results or program evaluations are available, the CCP will review and consider prior to funding.

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check yes or no to the left of each BSCC Definition listed, as applicable.

<https://www.bscc.ca.gov/wp-content/uploads/AB-1050-Key-Term-Definitions.pdf>

Average Daily Population	Yes
--------------------------	-----

Conviction	Yes
------------	-----

Length of Stay	Yes
----------------	-----

Adult Recidivism	No
------------------	----

Treatment Program Completion Rates	Yes
------------------------------------	-----

19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)? Check the most appropriate answer to the left of the list of percentages.

21% - 40%

<p>20. The BSCC would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?</p>	<p>The Probation Department utilizes STRONG-R (Static Risk Offender Needs Guide-Revised) as an evidence-based risk and assessment and automated supervision planning system for adult offenders. It assists with the ability to help personnel predict recidivism by type of crime (violence, property or drug offenses, etc.). The goal is to provide evidence-based supervision strategies to target the offender's most prominent criminogenic needs and build a case plan to support the individual.</p> <p>An assessment conducted by Turning Point (mental health contracted provider), is completed at the initial reporting date when mental health issues are identified or suspected to correctly identify individuals who may need specialized services to include mental health services, full-service partnerships (FSP), specialized housing needs, medication management, therapy, and substance abuse treatment.</p> <p>The Fresno County Probation Department contracts with the University of Cincinnati to expand and improve the delivery of evidence-based programming in Adult/AB109 services: enhance staff with core correctional practices and enhance staff ability to develop meaningful case plans.</p>
<p>21. What challenges does the county face in meeting the above program and service needs?</p>	<p>There has been a delay in the renewal of the contract between the County and University of Cincinnati that has caused some slowdown in consulting and delivery of enhanced services. However, it is hoped that the contract will be before the BOS in January 2024, and services will resume immediately thereafter.</p>
<p>22. What programmatic changes and/or course corrections has the CPP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?</p>	<p>Once the RFP for the independent program evaluator can be implemented and results assessed, this could be useful information to other counties.</p>
<p>23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.</p>	<p>Not applicable</p>
<p>Optional Highlight or Success Story</p>	

If the CCP would like to provide the BSCC with any supplementary information, you may upload a maximum of five (5) additional files.

**FY 2023-24 Community Corrections Partnership Survey
PART B**

Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars.

For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the FY 2023-24 CCP Survey Data Reporting Guide at:
https://www.bscc.ca.gov/m_realignment/

The first question in this file, question 24, requests the name of the county for which the survey is being submitted.

Following the identification of the county, Part B is divided into two sections:

Section 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 7: FY 2023-24 Public Safety Realignment Funding Allocation

24. Please identify the county for which this portion of the survey is being submitted:

County Name: **Fresno**

SECTION 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 6 contains questions related to the allocation of FY 2022-23 Public Safety Realignment dollars. There are three (3) questions in this section.

When answering these questions, consider the funds allocated in FY 2022-23 and include any monies from 2021-22 growth funds and 2022-23 programmatic funding.

25. Of the total funds received in FY 2022-23, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county used any carry-over funds (monies from previous annual CCP allocations) and/or if the county put any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. Please correct any cells displaying **red** prior to submitting.
