PART A	Part A of the Fiscal Year (FY) 2023-24 Community Corrections Partnership (CCP) Survey collects information about CCP Membership and implementation of the county’s CCP plan. For detailed guidance on how to complete Part A of the CCP Survey, please refer to the CCP Survey Data Reporting Guide at: <a href="https://www.bscc.ca.gov/m_realignment/">https://www.bscc.ca.gov/m_realignment/</a> Part A is divided into five (5) sections: · Section 1: Respondent Information · Section 2: CCP Membership · Section 3: Goals, Objectives, and Outcome Measures · Section 4: Types of Programming and Services · Section 5: Optional Questions When applicable, use person-first language and terminology that eliminates potential generalizations, assumptions, and stereotypes. Responses to the CCP Survey shall represent the collective views of the CCP and not a single agency or individual.
SECTION 1: RESPONDENT INFORMATION	Section 1 asks questions related to the county for which survey responses are provided, the individual who is completing the survey, and who BSCC may contact for follow-up questions. There are three (3) questions in this section.
1. Identify the county name for which this survey is being submitted.	Glenn
2. Provide the contact information for the individual completing this survey.

Other:	

7. Does the CCP have subcommittees or working groups? Check the appropriate answer to the left of the list.	Yes
If "Yes," list the subcommittees and/or working groups, and their purpose.	AB109 Work Group - Partner agencies (Probation, Behavioral Health, Drug and Alcohol, Sheriff's Office, Jail, Office of Education, ETC) meet for case management and to review what programs are available in the community.
SECTION 3: GOALS, OBJECTIVES, AND OUTCOME MEASURES	Section 3 asks questions related to the CCP's goals, objectives, and outcome measures. Please refer to the CCP Survey Data Reporting Guide at: <a href="https://www.bscc.ca.gov/m_realignment/">https://www.bscc.ca.gov/m_realignment/</a> for detailed information about goal and objective statements, and outcome measures.
Updated Information on FY 2022-23 Goals, Objectives, and Outcome Measures	Questions 8, 9, and 10, ask the CCP to provide updated progress information about the goals, objectives, and outcome measures previously reported for FY 2022-23 in the 2022-23 CCP Survey. For each question, provide the goals, objectives, and outcome measures as reported in the FY 2022-23 survey. The progress information should be updated to reflect the progress achieved over the full fiscal year.
8. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating "Not Applicable."	
Goal A:	Provide effective supervision and programming to Post Release Community Supervision (PRCS) Offenders that ensures public safety and uses evidence-based practices in reducing recidivism.
Was this Goal part of the FY 22-23 CCP plan?	Yes

Goal A Objective:	100% of Offenders will be assessed to determine their individual criminogenic needs and appropriate referrals will be made to partner agencies.
Goal A Objective:	100% of Offenders will be supervised based on their individual risk/needs assessments.
Goal A Objective:	
Goal A Outcome Measure:	Number of Offenders (PRCS) released back into the community during the fiscal year July 1, 2022, to June 30, 2023.
Goal A Outcome Measure:	Number of Offenders completing their period of supervision for the same time period.
Goal A Outcome Measure:	Number of Offenders on warrant status, as of June 30, 2023.
Briefly describe progress toward the goal.	Glenn County had 24 Offenders released back into the community. We had two (2) Offenders fail to report after their release. As of June 30, 2023, there was 10 Offenders on warrant status. There were two (2) Offenders committing a new felony offense. Four (4) Offenders completed their term of supervision successfully. Offenders must be violation free for one (1) year before being released from supervision, rather than the minimum time of six (6) months.
Rated progress toward the goal.	Partially achieved
9. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23, respond by indicating "Not Applicable."	
Goal B:	Provide effective supervision and programing to Alternative Custody Supervision (ACS) Offenders to ensure public safety while utilizing evidenced-based practices in an effort to reduce recidivism.

Was this Goal part of Yes  
the FY 22-23 CCP  
plan?

Goal B Objective:	100% of participants in the ACS program will be supervised based on their risk level.
Goal B Objective:	Number of Offenders released back into the community.
Goal B Objective:	Number of Offenders completing their period of supervision.
Goal #2 Outcome Measure:	Number of Offenders returning to custody due to violating the ACS program.
Goal B Outcome Measure:	Number of Offenders having a subsequent arrest for a new law violation.
Goal B Outcome Measure:	
Briefly describe progress toward the goal.	Due to on-going staff shortages within the Sheriff's Department, the ACS deputy was re-assigned to other duties. Also, due to no-bail guidelines and the development of the pre-trial program, the population of the jail has remained low. One (1) Offender was released to the ACS program, and they successfully completed the period of supervision.
Rated progress toward the goal.	Partially achieved

10. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating "Not Applicable."

Goal C:	Provide in-custody and outpatient mental health and drug and alcohol services to AB109 Offenders
---------	--

Was this Goal part of Yes  
the FY 22-23 CCP  
plan?

Goal C Objective:	Provide AB109 Offenders, who meet the criteria, a mental health diagnosis assessment.
Goal C Objective:	Provide AB109 Offenders individual treatment, outpatient mental health and substance abuse services.
Goal C Objective:	Provide mental health and substance abuse support services while AB109 Offenders are in custody.
Goal C Outcome Measure:	Number of Offenders seen at the jail.
Goal C Outcome Measure:	Number of Offenders assessed for mental health needs.
Goal C Outcome Measure:	Number of Offenders receiving mental health and substance abuse services.
Briefly describe progress toward the Goal.	<p>Being a small facility, the jail has only one small multi-purpose room for all the programming. Due to the staff shortages within the facility, the accessibility of providing services were limited. The intention is to connect the Offender with a Case Manager in hopes the Offender remains engaged in services after they are released from custody. Offenders are introduced in mental health staff and are provided groups in the areas of anger management, Courage for Change, and life skills. In custody, mental health saw 18 Offenders, providing 58 services.</p> <p>Outpatient services through our Learning Center included 14 Offenders that worked with Courage for Change, providing 78 services; five Offenders worked with a Songs group providing 31 services; 24 Offenders receiving 56 services in anger management.</p> <p>14 Offenders received mental health services, including assessments, individual therapy, individual rehabilitation, medication services and targeted case management. Drug and Alcohol worked with 20 Offenders completing assessments, individual rehabilitation services, group rehabilitation services and case management services.</p>
Rated progress toward the Goal.	Partially achieved

SECTION 4: TYPES OF PROGRAMMING AND SERVICES

Section 4 asks questions about the types of programs and services provided during FY 2022-23. For each type of program or service provided, identify the agency(ies) that provide the program or service and at what stage(s) the program or service is provided (in-custody, supervision, other). Definitions are provided for each program or service type, however, you may refer to the CCP Survey Data Reporting Guide for more clarity on the definition of each type of program and service listed and the stage(s) of program or service.

SECTION 5: OPTIONAL QUESTIONS Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond “Decline to Respond.”

15. Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds. Partner agencies submit budget proposals annually to the CCP board requesting funds for their agencies. Agencies can also submit requests throughout the year if needed before the next budget cycle. The CCP board will discuss the request and any data that is provided. The CCP board will vote to approve the funding or request more information.

16. Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate answer to the left of the list.

Yes

If "Yes," explain how. Not formally. However, discussions take place with county partners in tracking successes of Offenders who participate in the programs, any attendance issues, and logistics of the program. Changes are made when necessary.

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate answer to the left of the list.

Yes

If "Yes," explain how. Partner agencies provide outcome data to the CCP board.

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check yes or no to the left of each BSCC Definition listed, as applicable.

<https://www.bscc.ca.gov/wp-content/uploads/AB-1050-Key-Term-Definitions.pdf>

Average Daily Population

Yes

Conviction

Yes

Length of Stay

Yes

Adult Recidivism

Yes

Treatment Program  
Completion Rates

---

19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?  
Check the most appropriate answer to the left of the list of percentages.

21% - 40%

20. The BSCC would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Health and Human Services / Behavioral Health - Drug and Alcohol, mental health eligibility, assessments, case management, individual and group counseling, medication management, cognitive interventions, life skills, anger management, out-patient recovery (Discovery House), parenting classes.;

Glenn County utilizes programs such as Salvation Army, Jordan's Crossing, Jericho Project, Johnson House of Sobriety.

Sheriff's Office - Alternative Custody Supervision (ACS)

Office of Education - Assessments, Success One Charter School where Offenders can earn their high school diploma and/or their GED.

Probation - Noble assessments, Mental Health Case Manager on probation site to complete probation assessments, provide a quicker referral process to services such as mental health, drug and alcohol, and medication case management. Electronic Monitoring is utilized, cognitive interventions. Supervision is based on risk level. Probation also provides pretrial services to the Court.

Child Support Division - Assessments to determine if Offender qualifies for a program to earn their driver's license back on a temporary basis, while making payments towards their delinquent child support.

21. What challenges does the county face in meeting the above program and service needs?

Being a small rural county, there is a lack of Community Based Organizations. There is also a lack of local sober and transitional living environments. Lack of vocational training.

---

22. What programmatic changes and/or course corrections has the CCP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?	Probation partnered with Behavior Health to have a Case Manager in the Probation Department. This position assists in assessments, referrals to appropriate resources and has improved the response times for needed services.
23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.	Medicated Assisted Treatment. Probation and Behavioral Health started seeing more Offenders released from custody with medication. No local facilities participated in Medicated Assisted Treatment and our Offenders had to travel out of county to receive services. We have been able to have multiple local providers start the program. Now, the process is seamless, and our Offenders are receiving their treatment locally.

**FY 2023-24 Community Corrections Partnership Survey  
PART B**

Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars.

For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the FY 2023-24 CCP Survey Data Reporting Guide at:  
[https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/)

The first question in this file, question 24, requests the name of the county for which the survey is being submitted.

Following the identification of the county, Part B is divided into two sections:

Section 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 7: FY 2023-24 Public Safety Realignment Funding Allocation

24. Please identify the county for which this portion of the survey is being submitted:  
**County Name: Glenn**

**SECTION 6: FY 2022-23 Public Safety Realignment Funding Allocation**

**Section 6 contains questions related to the allocation of FY 2022-23 Public Safety Realignment dollars. There are three (3) questions in this section.**

**When answering these questions, consider the funds allocated in FY 2022-23 and include any monies from 2021-22 growth funds and 2022-23 programmatic funding.**

25. Of the total funds received in FY 2022-23, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county used any carry-over funds (monies from previous annual CCP allocations) and/or if the county put any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. **Please correct any cells displaying **red** prior to submitting.**
