How often does the CCP meet?

Semi-annually

How often does the Executive Committee of the CCP meet?

Semi-annually

Does the CCP have subcommittees or working groups?

Yes

Goals, Objectives, and Outcome Measures

FY 2021-22

Goal	Provide effective supervision and programming to Post Release Community Supervision (PRCS) offenders that ensures public safety and uses evidence-based practices in reducing recidivism.
Objective	100% of offenders will be assessed to determine their individual criminogenic needs and appropriate referrals will be made to partner agencies.
Objective	100% of offenders will be supervised based on their individual risk/needs assessments.
Outcome Measure	Number of offenders (PRCS) released back into the community during the fiscal year July 1, 2021 to June 30, 2022.
Outcome Measure	Number of offenders completing their period of supervision for the same time period.
Outcome Measure	Number of offenders on warrant status, as of June 30, 2022.
Progress toward stated goal	Glenn County had 17 offenders released back into the community, with another two (2) being transferred into Glenn County. One (1) offender failed to report after release. As of June 30, 2022, there were six (6) offenders on warrant status. Eight (8) offenders completed their term of supervision successfully. Offenders must be violation free for one (1) year before being released from supervision, rather than the minimum time of six (6) months. Another six (6) offenders were transferred to their county of residency. Eight (8) offenders were deemed unsuccessful, with five (5) of those offenders committing a new felony offense. One (1) offender passed away before being terminated from supervision.

Goal	Provide effective supervision and programming to Alternative Custody Supervision (ACS) offenders to ensure public safety while utilizing evidenced-based practices in an effort to reduce recidivism.
Objective	100% of participants in the ACS program will be supervised based on their risk level.
Objective	Number of offenders released back into the community.
Objective	Number of offenders completing their period of supervision.
Outcome Measure	Number of offenders returning to custody due to violating the ACS program.
Outcome Measure	Number of offenders having a subsequent arrest for a new law violation.
Progress Toward Stated Goal	Due to on-going staff shortages within the Sheriff's Department, the ACS deputy was re-assigned to other duties. Also, with on-going Covid-19 restrictions, the number of offenders being served were low. Two (2) offenders were released to the ACS program, with one (1) offender committing a new law violation.

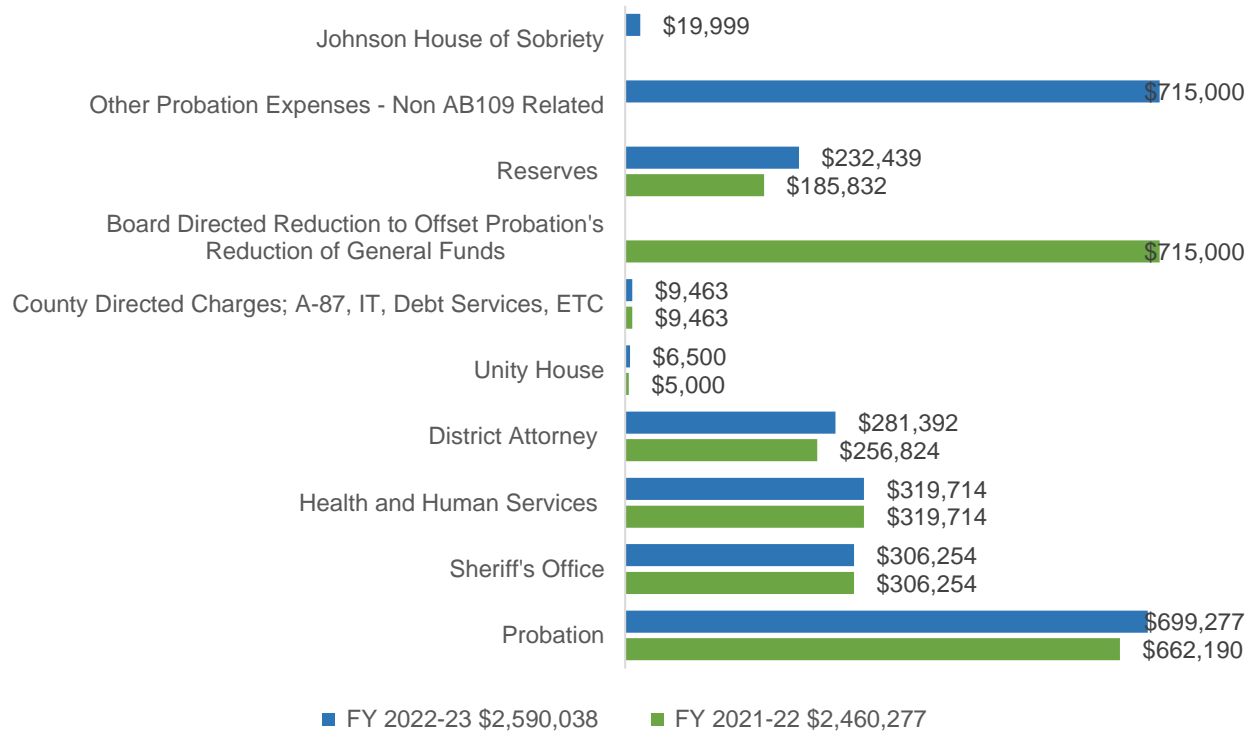

Goal	Provide in-custody and outpatient mental health and drug and alcohol services to AB109 offenders.
Objective	Provide AB109 offenders, who meet the criteria, a mental health diagnosis assessment.
Objective	Provide AB109 offenders individual treatment, outpatient mental health and substance abuse services.

Objective	Provide mental health and substance abuse support services while AB109 offenders are in custody
Outcome Measure	Number of offenders seen at the jail
Outcome Measure	Number of offenders assessed for mental health needs.
Outcome Measure	Number of offenders receiving mental health and substance abuse services
Progress Toward Stated Goal	<p>Being a small facility, the jail has only one room for all the programming that takes place within the facility. Due to Covid-19, services were suspended for the majority of this reporting period. The intention is to connect the offender with a Case Manager in hopes the offender remains engaged in services after they are released from custody. Offenders are introduced to mental health staff and are provided groups in the areas of anger management, Courage for Change, and life skills. In custody, mental health saw 15 offenders; drug and alcohol provided 42 services to 12 offenders; 12 offenders worked with Courage for Change, while eight (8) journals were completed. In addition, 12 offenders received 42 services in anger management.</p> <p>Outpatient services included 14 offenders that worked with Courage for Change, with four (4) journals being completed; Eight (8) offenders participated in anger management, with four (4) completing the program; Drug and Alcohol worked with 18 offenders, completing 82 services, which included medication services; 11 offenders received mental health services, nine (9) of them gaining employment.</p>

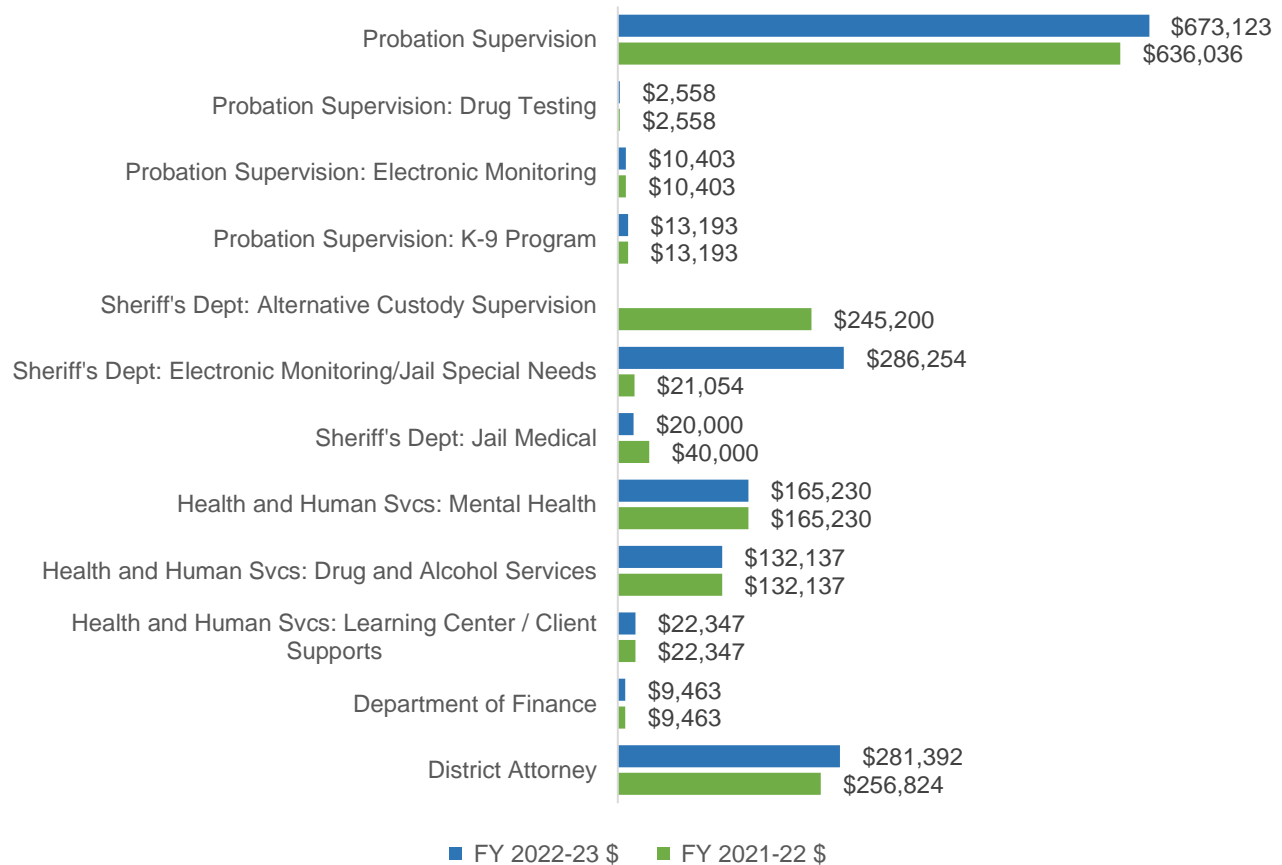

The Glenn County CCP reports it will use the same goals, objectives, and outcome measures identified above in FY 2021-22.

FY 2021-2022 and FY 2022-23 Allocation Comparison

FY 21-22 and 22-23 Allocations

FY 21-22 and 22-23 Allocations to Public Agencies for Programs & Services

FY 21-22 and 22-23 Allocations to Non-Public Agencies for Programs & Services

Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

Partner agencies submit budget proposals annually to the CCP board requesting funds for their programs. Agencies can also submit requests throughout the year if needed before the next budget cycle. The CCP board will discuss the request and any data that is provided. The CCP board will vote to approve funding or request more information.

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

Discussions take place with county partners in tracking the successes of offenders whom participate in the programs, any attendance issues, and logistics of the program. Changes are made when necessary.

Does the county consider evaluation results when funding programs and/or services?

Yes

If yes, how?

Partner agencies provide outcome data to the CCP board.

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

21% to 40%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Health and Human Services / Behavioral Health - drug and alcohol, mental health eligibility, assessments, cognitive interventions, life skills, anger management, out-patient recovery (Discovery House).

Glenn County utilizes programs such as Salvation Army, Jordan's Crossing, Jericho Project, or the Johnson House of Recovery for residential treatment programs.

Sheriff - Alternative Custody Supervision (ACS)

Office of Education - assessments, Success one Charter School where an offender can earn their high school diploma and/or their GED.

Probation - Noble assessments, Mental Health Case Manager on probation site to complete probation assessments, provide quicker mental health and drug and alcohol referrals, medication case management, electronic monitoring, cognitive interventions, supervision based on risk level, pre-trial services.

Child Support Division - assessment to determine if offender qualifies for a program to earn their driver's license back on a temporary basis, while making payments towards delinquent child support.

What challenges does your county face in meeting these program and service needs?

Lack of Community Based Organizations that are able to provide services. Lack of local sober and transitional living environments. Lack of local vocational training.

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?

Decline to respond.

Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

As part of the overall CCP budget, both Probation and Health and Human Services have dedicated funds to assist AB109 offenders with temporary short-term housing, including sober living environments. These funds provide approximately three to six months of housing so the offender can integrate back into the community. During this time, the offender will receive treatment, gain employment, work on developing budgets, Etc. The goal will be for the offender to assist with his housing and ultimately take over full costs.
