No

Goals, Objectives, and Outcome Measures

FY 2021-22

Goal	Collaboration with the Job Training Office (JTO)
Objective	Work collaboratively with the Job Training Office (JTO) to improve the quality of life in our communities by providing employment education and opportunities for Post Release Community Supervision (PRCS) clientele.
Objective	Clients are offered Basic Career Services and Individualized Services.
Outcome Measure	Clients are offered Job Readiness Workshops, Classroom Training, Supportive Services, and Employment Opportunities.
Outcome Measure	Since July 2019, JTO has provided services to 340 PRCS clientele; with 215 having become employed.
Progress toward stated goal	Goals are exceeding the expectations. 63% of the PRCS clientele have received unsubsidized employment while the recidivism rate is only 6%.

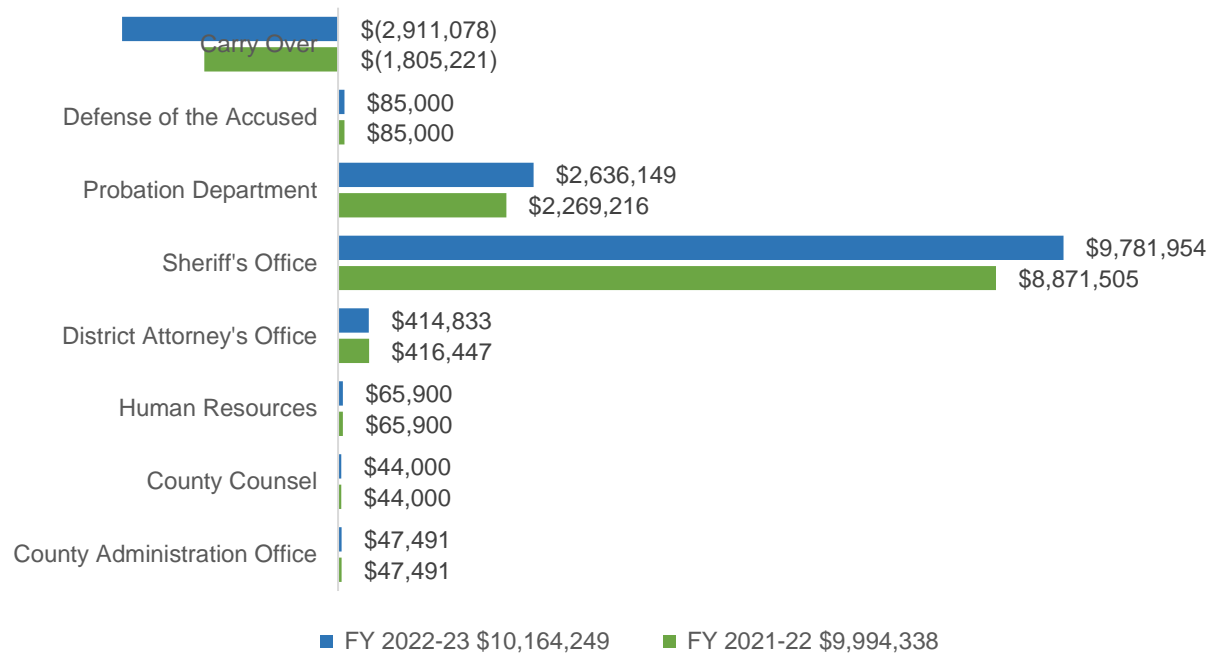

Goals, Objectives, and Outcome Measures

FY 2022-23

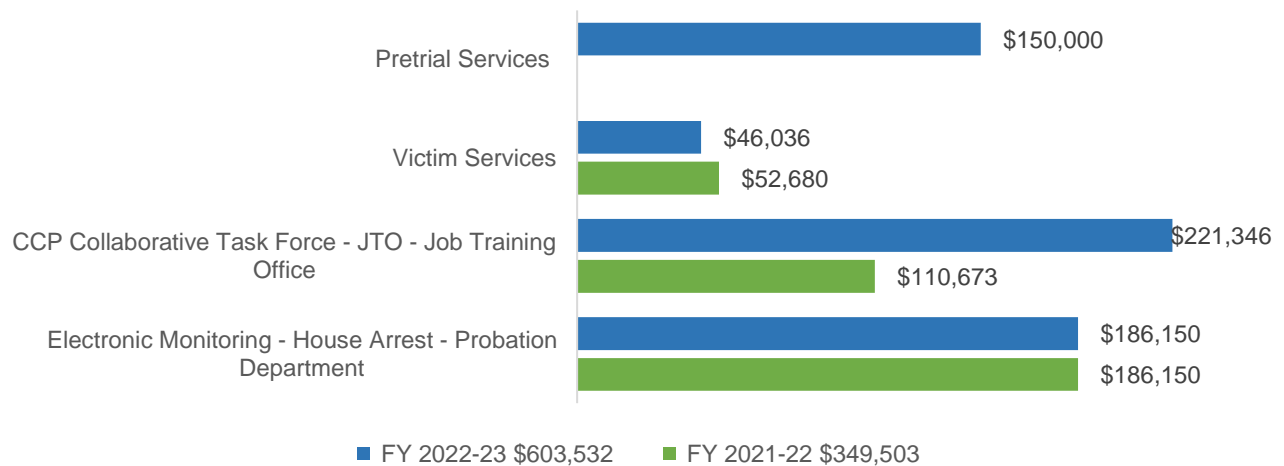

Goal	Collaboration with the Job Training Office (JTO)
Objective	Work collaboratively with the Job Training Office (JTO) to improve the quality of life in our communities by providing employment education and opportunities for Post Release Community Supervision (PRCS) clientele; as well as, Formal Probation and Mandatory Supervision clientele.
Objective	Clients are offered Basic Career Services and Individualized Services.
Objective	Clients are offered Job Readiness Workshops, Classroom Training, Supportive Services, and Employment Opportunities.
Outcome Measure	Since July 2019, JTO has provided services to 340 PRCS clientele with 215 having received unsubsidized employment. The referral process for formal probation and mandatory supervision clientele is in its infancy and is expected to expand with time.
Progress toward stated goal	Goals and objectives for services provided to PRCS clientele are being met with success. The goal is to provide the same level of services with the same outcomes with formal probation and mandatory supervision clientele.

FY 2021-2022 and FY 2022-23 Allocation Comparison

FY 21-22 and 22-23 Allocations

FY 21-22 and 22-23 Allocations to Public Agencies for Programs & Services

Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

N/A

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

Job Training Office (JTO) provides a monthly and year-to-date status of all referrals and participation, with addition to recidivism rates for participants.

Does the county consider evaluation results when funding programs and/or services?

Yes

If yes, how?

Evaluation results are utilized to determine if a program is successful or not. Results have shown that the Job Training Office (JTO) services have been a success.

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

Less than 20%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Kings County Behavioral Health, Kings View Counseling and Champions provide mental health and/or substance abuse disorder programs. Residential treatment, dual-diagnosis and outpatient mental health services are also available.

What challenges does your county face in meeting these program and service needs?

There resources and staffing of those resources is limited resulting in extending waiting lists for clientele. With the passage of AB 1950, and the shortened periods of probation, this results in clientele not receiving appropriate services for appropriate durations.

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?

N/A

Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

Collaboration with JTO – Job Training Office has had positive results. Since July 2019, JTO has had 340 Post Release Community Service clients referred to their program. The program offers a wide variety of classroom instruction and training for employment purposes. A total of 215 have gained unsubsidized employment and there have only been 20 clients who have reoffended. For Fiscal Year 22/23, we have extended these same services provided by JTO to formal probation and mandatory supervision clientele.
