SECTION 5: OPTIONAL QUESTIONS Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond “Decline to Respond.”

15. Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds. The Chief Probation Officer meets with the Executive committee and discusses other needs. Probation Administration conducts site visits of programs to vet their program/services. The results are reported to the Chief and other CCP members. In addition, if funding for a program/service is submitted, it's provided in writing and presented to both the general and executive membership for vote, which abides by the written CCP bylaws.

16. Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate answer to the left of the list.

No

If "Yes," explain how.

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate answer to the left of the list.

No

If "Yes," explain how.

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check yes or no to the left of each BSCC Definition listed, as applicable.

<https://www.bscc.ca.gov/wp-content/uploads/AB-1050-Key-Term-Definitions.pdf>

Average Daily Population Yes

Conviction Yes

Length of Stay Yes

Adult Recidivism Yes

Treatment Program Completion Rates Yes

19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)? Check the most appropriate answer to the left of the list of percentages.

21% - 40%

20. The BSCC would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Pre & Post release; MCSO In Custody; SUD's, Life skills, Workforce, Solar program; Culinary Program, MCDSS Child Support Family Support Coordinator, Behavioral Health Court; Veteran's Treatment Court, Drug Treatment Court, Sex Offender Program (Containment Model), Transition Services Center (TSC), Batterer's Intervention Program also for Indigent population, Mobile Crisis outreach, and Residential Treatment.

21. What challenges does the county face in meeting the above program and service needs?

The Courts are still backlogged and place matters on calendar as requested by the Courts. We continue to have fiscal challenges throughout our county budgets. Transportation for our clients is an ongoing barrier, which we hope to resolve soon with a Mobile Unit funded by a grant, which will bring services and probation staff to rural areas of Madera County, which will decrease failures to appear/warrants and increase contact with probation and the Courts. Additionally housing for our low-income and unhoused population is an additional barrier. We are fortunate to have the Madera Rescue Mission which helps to mitigate homelessness and soon will build tiny homes.

22. What programmatic changes and/or course corrections has the CPP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?

We are planning on hiring more qualified staff. The CCP will begin to vet more referrals to services for in-patient programs to ensure referrals are fair and consistent between participants, especially for Mental Health clients or the unhoused.

23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.	The Edovo tablet program in the jail institution continues to be a positive reward incentive program. There are still positive outcomes with the Photovoltaic (solar) vocational program, which has received national recognition. The Parent Project parenting program continues to excel and help parents learn effective parenting skills and how to be more responsive to their teenager's needs. BHS has a new Mental Health service (CARE) which is a 24-hour crisis response team. They respond within minutes and help mitigate mental health crisis situations. The new Probation Transition Services Center (TSC) includes Workforce, BHS, Family Support, Containment Counseling, Batterer's Intervention Program for indigent population, with the goal to improve positive outcomes for job training, employment and counseling services based on their assessment needs. The TSC will bridge the gap in services by providing on-site referrals, immediate assessments, counseling and immediate support from a Program Specialist and Probation staff.

FY 2023-24 Community Corrections Partnership Survey PART B

Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars.

For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the FY 2023-24 CCP Survey Data Reporting Guide at: https://www.bscc.ca.gov/m_realignment/

The first question in this file, question 24, requests the name of the county for which the survey is being submitted.

Following the identification of the county, Part B is divided into two sections:

Section 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 7: FY 2023-24 Public Safety Realignment Funding Allocation

24. Please identify the county for which this portion of the survey is being submitted:

County Name: Madera County

SECTION 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 6 contains questions related to the allocation of FY 2022-23 Public Safety Realignment dollars. There are three (3) questions in this section.

When answering these questions, consider the funds allocated in FY 2022-23 and include any monies from 2021-22 growth funds and 2022-23 programmatic funding.

25. Of the total funds received in FY 2022-23, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county used any carry-over funds (monies from previous annual CCP allocations) and/or if the county put any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. **Please correct any cells displaying red prior to submitting.**
