Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

The General Committee conducts gap analysis to identify needed programs, services and responses as described within the Five-Year Realignment Plan.

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

Systems are in place to evaluate the reentry program to achieve program objectives. The new CMS to go live in January 2023 will allow an ability to evaluate fidelity.

Does the county consider evaluation results when funding programs and/or services?

Yes

If yes, how?

The Executive Committee considers funding for those measurable programs.

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

61% to 80%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

County behavioral Health and Contracted Behavioral Health offer in person and online services. This year, two community counselors were contracted for those clients in the Mammoth Lakes community.

What challenges does your county face in meeting these program and service needs?

Our rural, isolated county makes it a challenge to hire qualified staff, especially bilingual and bicultural staff.

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?

Not applicable

Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

Mono's Reentry Program looks to be a promising program. To date, there have been no new offenses by clients.
