

FY 2022-23 Community Corrections Partnership Survey

Nevada County

CCP Membership

Jeff Goldman Chief Probation Officer	Ryan Gruver Department of Social Services
Robert Tice-Raskin Presiding Judge or designee	Ryan Gruver Department of Mental Health
Dan Miller County Supervisor or Chief Administrator	N/A Department of Employment
Jesse Wilson District Attorney	Ryan Gruver Alcohol and Substance Abuse Programs
Keri Klein Public Defender	Scott Lay Head of the County Office of Education
Shannon Moon Sheriff	Joe Festersen Community-Based Organization
Alex Gammelgard Chief of Police	Jesse Wilson Victims' Interests

How often does the CCP meet?

Quarterly

How often does the Executive Committee of the CCP meet?

Quarterly

Does the CCP have subcommittees or working groups?

Yes

Goals, Objectives, and Outcome Measures FY 2021-22

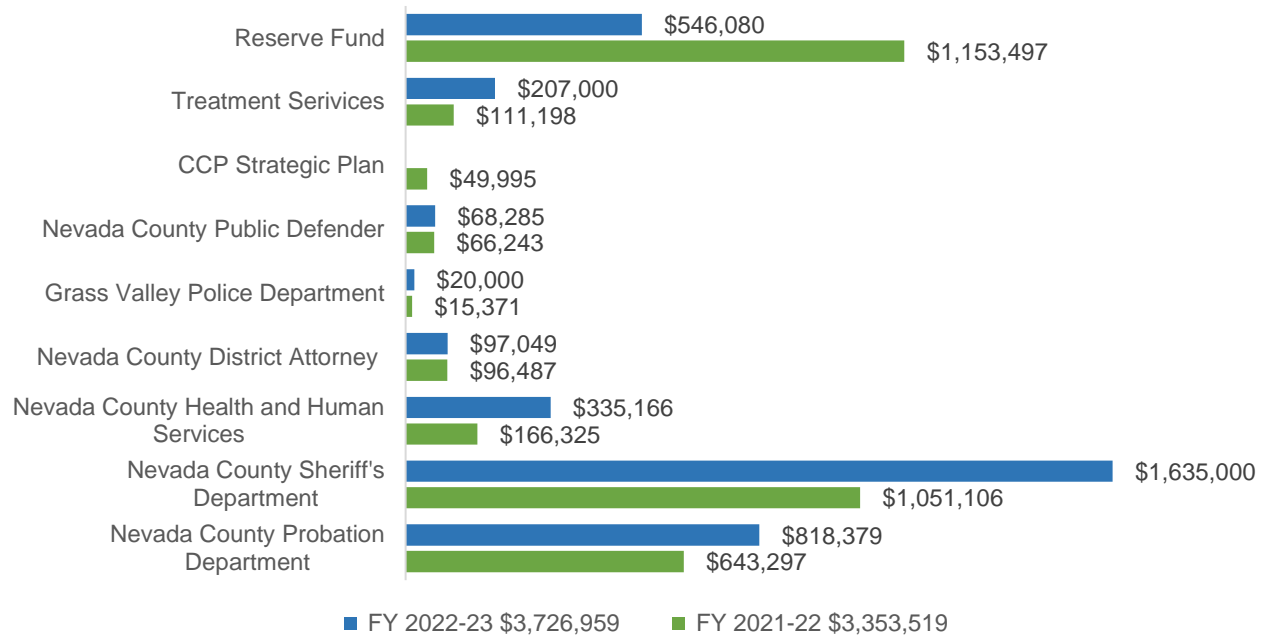

Goal	Develop a CCP Strategic Plan
Objective	Develop a long-term strategic plan
Objective	Develop outcome measures relative to plan objectives
Objective	Develop a dynamic feedback loop for all stakeholders so the plan does not stagnate
Outcome Measure	Plan completion and adoption
Outcome Measure	Metrics relative to plan in place and tracked
Outcome Measure	Feedback loop mechanism in place and incorporated into CCP meetings/process.
Progress toward stated goal	The CCP Executive Team met over the course of 3 days and developed a long-term strategic plan, and it was adopted. Outcome measures were developed for plan objectives and the CCP is providing status of progress during CCP Meetings.

Goals, Objectives, and Outcome Measures FY 2022-23

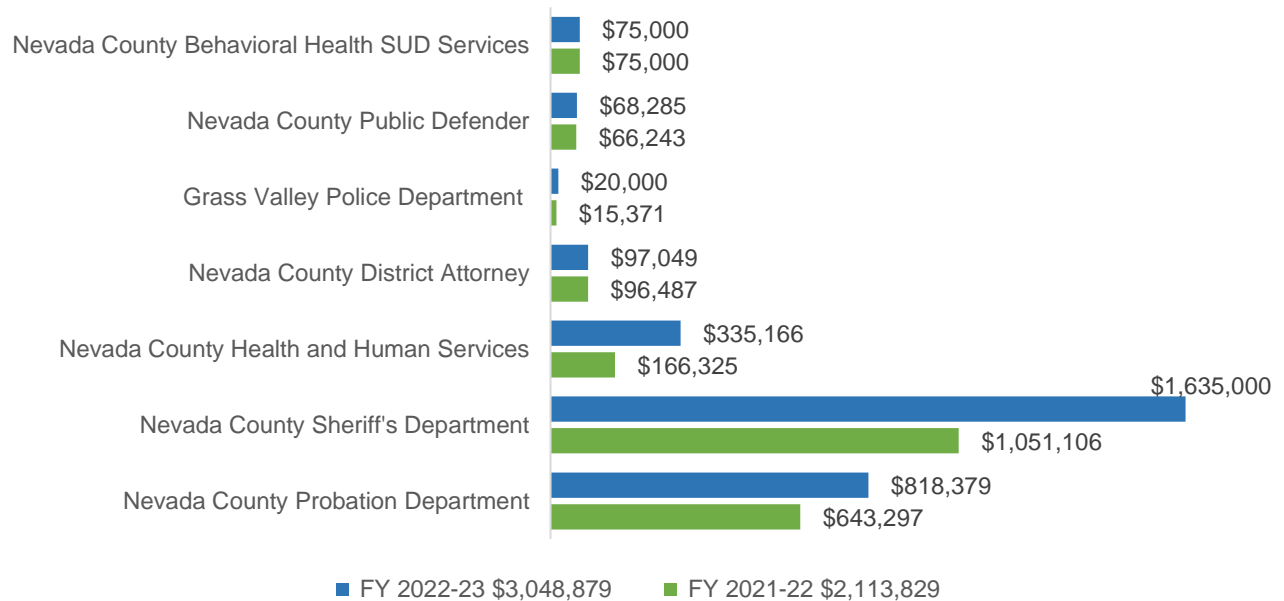

Goal	Create Process for CCP Funding Requests and end of year measures
Objective	Create a template document for all CCP funding requests
Objective	Create a timeline for CCP Funding Requests
Objective	Create objective EBP based criteria for approval of funding requests
Outcome Measure	100% of funding requests will be submitted using established criteria
Outcome Measure	Timeline will be established and followed
Outcome Measure	CCP Executive will approve 90% of funding requests following established procedures
Progress toward stated goal	As part of the CCP Strategic Planning process is was established as a goals that there should be a uniform system for receiving and approving funding requests. Additionally, with CCP approved funding there will be mandatory data tracking and outcome reporting.

FY 2021-2022 and FY 2022-23 Allocation Comparison

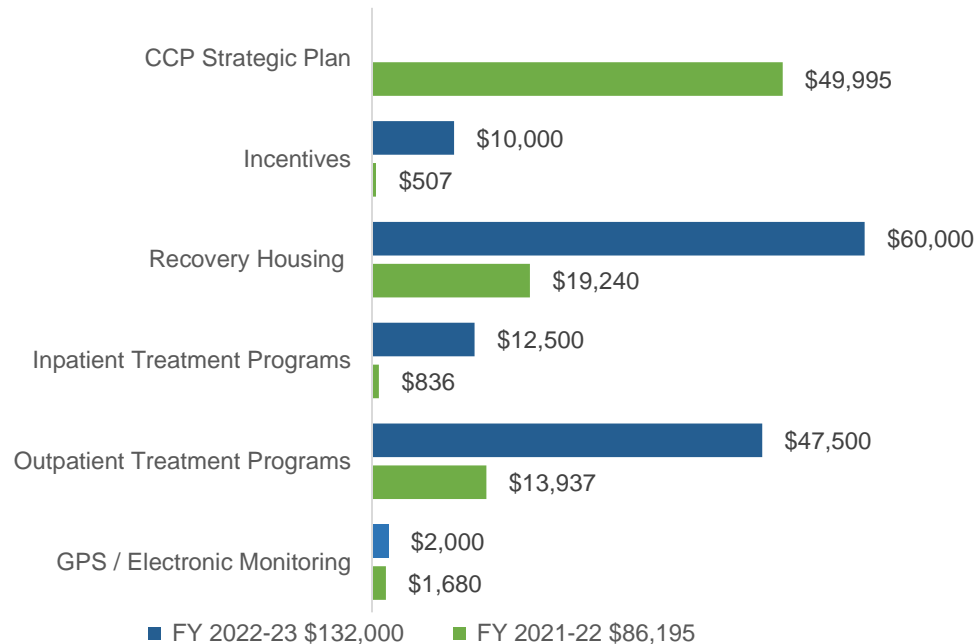

FY 21-22 and 22-23 Allocations

FY 21-22 and 22-23 Allocations to Public Agencies for Programs & Services

FY 21-22 and 22-23 Allocations to Non-Public Agencies for Programs & Services

Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

We review the program in the Results First Clearinghouse and the relevant evidence. This is a major determination prior to implementation of any new program, however not the only factor given the potential for the lack of research around a promising program. We also look at the cost benefit through the work we have done with Results First. Additionally, we have rebooted our RNR and Assess a Program tool through George Mason University to look at program capacity, gap analysis, and provider fidelity.

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

We have worked with Results Firsts to catalogue and rate our programming. We have also looked at the adherence to evidence-based practices by our providers.

Does the county consider evaluation results when funding programs and/or services?

Yes

If yes, how?

Nevada County CCP would have a difficult time funding a new community-based program if it had not shown to be effective. We understand that there are exceptions to this concept as noted above.

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

21% to 40%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Nevada County Behavioral Health (NCBH) will do ongoing mental health treatment for individuals with severe mental illness. Nevada County Probation contracts with NCBH for therapy for individuals with moderate mental illness. Nevada County has a mental health court, mental health diversion and just recently went live with a Department of State Hospitals felony incompetent to stand trial diversion program.

What challenges does your county face in meeting these program and service needs?

The county is working diligently to address the needs of this population, but system changes regarding early identification and service delivery are always complicated issues. Also there seems to be a perception from certain community members that the county is doing nothing to address the problem, or we are not doing enough.

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?

I believe the Nevada County CCP is just starting the process of formalizing its processes, engaging the community and better using data to make choices. Hopefully through this process we will be able to provide helpful information to smaller jurisdictions on best practices.

Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

None at this point.
