## Goals, Objectives, and Outcome Measures

### FY 2021-22

<b>Goal</b>	
Objective	100% of in-county offenders will have completed CAIS Assessment
Objective	Increased contacts for high/moderate risk offenders; fewer for low risk offenders
Outcome Measure	100% of in-county offenders will have a working Case Plan
Outcome Measure	% of in-county offenders with a completed CAIS Risk/Needs assessment
Outcome Measure	Total number of contacts for high/moderate offenders
Outcome Measure	% of in-county offenders with CAIS plan
Progress toward stated goal	Currently, 100% of in-county high and moderate risk offenders have a completed CAIS Assessment, working Case Plan, and are supervised according to best practices regarding number of contacts.

<b>Goal</b>	Hire and train staff to maintain jail population
Objective	100% of funded and unfunded positions will be filled
Objective	7 Admin Legal Clerk positions funded
Objective	Open South Placer Correctional Facility
Outcome Measure	Number of Correctional Officer positions filled
Outcome Measure	Number of Admin Legal Clerk positions filled
Outcome Measure	Net jail beds gained through South Placer Correctional Facility opening (88 beds)  Update 11/7/22: 360 Beds available.
Progress Toward Stated Goal	Increase in in-custody programming, facilitated by a Correctional Officer assigned specifically to a program position. Programming opportunities increased between both jail facilities, as a direct result from the ability to hire and train jail staff.

<b>Goal</b>	
Objective	Obtain offender referrals from Probation
Objective	Conduct risk/needs assessments prior to treatment
Objective	Provide appropriate treatment to offenders
Outcome Measure	Number of referrals from Probation: 254
Outcome Measure	Number of assessments conducted: 231
Outcome Measure	Number of offenders in treatment: 164
Progress Toward Stated Goal	The three CCP funded HHS practitioners served 164 probationers. In terms of substance use treatment, 81 of these probationers were referred to residential treatment, 93 of these clients were linked with shared living environments for continued drug and alcohol treatment support.

## **Goals, Objectives, and Outcome Measures FY 2022-23**

The Placer County CCP reports it will use the same goals, objectives, and outcome measures identified above in FY 2021-22.

### FY 21-22 and 22-23 Allocations

### FY 21-22 and 22-23 Allocations to Public Agencies for Programs & Services

### FY 21-22 and 22-23 Allocations to Non-Public Agencies for Programs & Services

## Optional Questions

**Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?**

The CCP does not have a process for determining services implemented using AB109 funds. Realignment funds are disbursed annually as determined in the original plan to the departments and programs specified in the plan.

**Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?**

Yes

**If yes, how?**

Placer County has taken steps to collaborate between departments to ensure data is collected accurately and efficiently. Additionally, Probation has worked with many Community Treatment Providers to develop a reporting system to increase communication between Probation, Provider, and offenders in treatment for efficiency in decision-making and offender support.

**Does the county consider evaluation results when funding programs and/or services?**

No

**If yes, how?**

N/A

**Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?**

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

**What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?**

Less than 20%

**We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?**

Community-Based Organizations: Withdrawal Management, Residential Treatment, Outpatient (in and out of custody), Educational Programming, Recovery Residence (formally Transitional Housing) combined with Outpatient, Outpatient Mental Health, Intensive Mental Health Care, and Medication Assisted Treatment (MAT).

County Staff: Screening; assessments; linkages to SUS, MH, and Primary Care Treatment; and Case Management.

**What challenges does your county face in meeting these program and service needs?**

Currently, our need outweighs our resources. Coordinating care across multiple providers and disciplines is also difficult. With the current rollout of the Organized Delivery System (ODS) Waiver, we are now working to provide access to care covered by resident's Medical benefit. This also provides a challenge in the needs outweighing the resources.

**What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?**

Training case managers in both Mental Health and Substance Use practices to better meet the needs of co-occurring and high-utilizing clients. Co-located HHS and Probation staff, and co-located HHS and Court staff all help bridge county systems.

Good utilization of multiple levels of care for clients including education (through Placer Re-Entry Program), treatment, and intensive Case Management to increase engagement in treatment.

**Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.**

The use of a validated risk/need assessment as a local best-practice has shown positive results. More offenders are supervised on appropriate caseloads, resulting in higher-quality contact with officers. Smaller and specialized caseloads have provided officers the opportunity to set goals with offenders and support these goals while keeping the community safe.
