Optional Questions

Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?

New programs and/or services are introduced by proposal to the CCP during regularly scheduled meetings. These programs are researched and discussed amongst the members of the CCP and brought back at the following meeting for a vote.

Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?

Yes

If yes, how?

Programs are evaluated for effectiveness through attendance and completion of the courses. Participants are given pre and post evaluations to measure the program outcomes.

Does the county consider evaluation results when funding programs and/or services?

Yes

If yes, how?

When evaluation results show positive outcomes the funding is likely to be continued. Program outcome data have been reviewed as necessary.

Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
X		Treatment program completion rates

What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?

21% to 40%

We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Cognitive Behavioral Therapy
Parent Project/Family Counseling
Substance Abuse Counseling
Residential Drug Treatment
Sober Living Environment
Anger Management Courses
Domestic Violence

What challenges does your county face in meeting these program and service needs?

No challenges are currently being faced since the current treatment services and programs are being achieved through inter-departmental agencies and community-based organizations.

What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?

No programmatic changes have been made.

Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

The probation department has implemented a Reentry Program designed to prepare and assist incarcerated individuals in their transition back into the community. This program provides information and resources for a variety of life skills including goal setting, housing, and communication.
