Score

n/a

PART A

Part A of the Fiscal Year (FY) 2023-24 Community Corrections Partnership (CCP) Survey collects information about CCP Membership and implementation of the county’s CCP plan. For detailed guidance on how to complete Part A of the CCP Survey, please refer to the CCP Survey Data Reporting Guide at: [https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/) Part A is divided into five (5) sections: · Section 1: Respondent Information · Section 2: CCP Membership · Section 3: Goals, Objectives, and Outcome Measures · Section 4: Types of Programming and Services · Section 5: Optional Questions When applicable, use person-first language and terminology that eliminates potential generalizations, assumptions, and stereotypes. Responses to the CCP Survey shall represent the collective views of the CCP and not a single agency or individual.

SECTION 1: RESPONDENT INFORMATION

Section 1 asks questions related to the county for which survey responses are provided, the individual who is completing the survey, and who BSCC may contact for follow-up questions. There are three (3) questions in this section.

1. Identify the county name for which this survey is being submitted.

Stanislaus

2. Provide the contact information for the individual completing this survey.

Name of Survey Respondent

Michael Walker

Survey Respondent's Organization

Stanislaus

Email Address of Survey Respondent

Phone Number of  
Survey Respondent

---

3. Identify the individual who may be contacted for follow-up questions. Check the appropriate box to the left of the list.

---

Same as above

---

Contact Information  
for Survey Follow-up

---

Survey Contact's  
Organization

---

Email Address for  
Survey Follow-up

---

Phone Number for  
Survey Follow-up

---

SECTION 2: CCP  
MEMBERSHIP

Section 2 asks questions related to the CCP composition and meeting frequency. There are four (4) questions in this section.

---

4. CCP Membership  
Roles

Provide the first and last name (and organization if not provided) of each individual fulfilling a CCP membership role as of October 1, 2023 in the spaces below each membership role. · If a public membership role does not exist in the county, respond by indicating “not applicable.” This should only be used if the county does not have the specific position listed. · If a position exists in the county but the membership role is not filled in the CCP, respond by indicating “vacant.” · For county positions, one person may fill multiple roles.

---

Name of the Chief  
Probation Officer:  
County Probation  
Department

Mark Ferriera

---

Name of the  
Presiding Judge of  
the Superior Court or  
Designee: Superior  
Court of California

Carrie Stephens

---

Name of the County  
Supervisor or Chief  
Administrative Officer  
or Designee of the  
Board of  
Supervisors: Include  
their organization

Terry Withrow

Name of the District Attorney: Jeff Laugero  
County District Attorney's Office

---

Name of the Public Defender: Jennifer Jennison- Public Defenders Office  
Include their organization

---

Name of the Sheriff: Jeff Dirkse  
County Sheriff's Office

---

Name of the Chief of Police: Brandon Gillespie, City of Modesto  
Include the city location

---

Name of the Head of the County Department of Social Services: Christine Huber- Community Services Agency  
Include their organization

---

Name of the Head of the County Department of Mental Health: Sarkis Anthony Vartan- Behavioral Health and Recovery Services  
Include their organization

---

Name of the Head of the County Department of Employment: Doris Foster- Workforce Development  
Include their organization

---

Name of the Head of the County Alcohol and Substance Abuse Programs: Sarkis Anthony Vartan- Behavioral Health and Recovery Services  
Include their organization

---

Name of the Head of the County Office of Education: Scott Kuykendall- Stanislaus County Office of Education

---

Name of the representative from a community-based organization with experience in successfully providing rehabilitative services to persons who have been convicted of a criminal offense:  
Include their organization

Cynthia Duenas- Center for Human Services

---

Name of the individual who represents the interests of victims:  
Include their organization

Patricia Sanchez- Victim Advocate, District Attorney's Office

---

5. How often does the CCP meet?  
Check the appropriate answer to the left of the list. Select the one/single option that best describes the CCP's regular meeting schedule.

Quarterly

---

Other:

---

6. How often does the Executive Committee of the CCP meet? Check the appropriate answer to the left of the list. Select the one/single option that best describes the Executive Committee's regular meeting schedule.

Quarterly

---

Other:

---

7. Does the CCP have subcommittees or working groups? Check the appropriate answer to the left of the list.

No

If "Yes," list the subcommittees and/or working groups, and their purpose.

SECTION 3: GOALS, OBJECTIVES, AND OUTCOME MEASURES

Section 3 asks questions related to the CCP's goals, objectives, and outcome measures. Please refer to the CCP Survey Data Reporting Guide at: [https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/) for detailed information about goal and objective statements, and outcome measures.

Updated Information on FY 2022-23 Goals, Objectives, and Outcome Measures

Questions 8, 9, and 10, ask the CCP to provide updated progress information about the goals, objectives, and outcome measures previously reported for FY 2022-23 in the 2022-23 CCP Survey. For each question, provide the goals, objectives, and outcome measures as reported in the FY 2022-23 survey. The progress information should be updated to reflect the progress achieved over the full fiscal year.

8. Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating "Not Applicable."

Goal A:

Reduce Recidivism

Was this Goal part of the FY 22-23 CCP plan?

Yes

Goal A Objective:

Reduce the rate of recidivism, when compared to the previous year

Goal A Objective:

Goal A Objective:

---

Goal A Outcome Measure:	The percentage of offenders who have committed a new offense within three years of their release to supervision.
-------------------------	--

---

Goal A Outcome Measure:

---

Goal A Outcome Measure:

---

Briefly describe progress toward the goal.	<p>Prioritizing the reduction of recidivism governs our operations and shapes decisions for future initiatives. This objective takes precedence when introducing, creating or funding new programs to address the needs of offenders, as well as when directing resources to areas requiring support. The data we collect is important in ensuring the fidelity of these programs, contributing to our ongoing mission to create a safer Stanislaus County for both our community members and those under our care.</p>
--	---

Our progress toward this goal is on track. Significant enhancements to our custodial facilities and the continued deployment of trained Outreach Specialists, responding to qualifying 911 calls for mental health crises or similar non-criminal, non-violent incidents, showcase our commitment to comprehensive improvement. Evidence based programming offered to offenders is imperative to treating the needs of our population and aiding them on their journey of reintegration into society. Leveraging case managers, we connect clients to Behavioral Health and Recovery Services for the severely mentally ill or alternative services as needed.

Continual data analysis by our dedicated team reveals the positive impact of current programming at the Day Reporting Center on reducing recidivism. This valuable information is reported to the CCP Committee. Quality assurance audits of vendors, whether receiving funding through the Request For Proposal (RFP) process or from the programming and services budget for the Day Reporting Center, ensure fidelity and effectiveness. In contrast to the California Department of Corrections and Rehabilitation's reported 46% recidivism rate, as noted in CDCR's 2018 report for recidivism of offenders released from CDCR, for released inmates, our data indicates that offenders completing CCP programs boast a significantly lower rate of 31.5%. These findings underscore the CCP's effectiveness and the dedicated efforts of its staff in achieving our primary goal of reducing recidivism.

---

Rated progress toward the goal.	Partially achieved
---------------------------------	--------------------

Information on FY  
2023-24 Goals,  
Objectives, and  
Outcome Measures

---

11. For FY 2023-24, Yes (Skip to Section 4)  
will the CCP use the  
same goals,  
objectives, and  
outcome measures  
identified above from  
FY 2022-23? Check  
the appropriate  
answer to the left of  
the list.

---

Questions 12, 13, and 14, the CCP is asked to describe a goal and its associated objectives and outcomes for FY 2023-24. For the goal, also provide information about the current progress toward the stated goal. As survey responses are due mid-year, progress information for these goals over the full fiscal year will be requested as part of the FY 2024-25 CCP Survey.

---

12. Describe a goal  
for FY 2023-24 and  
one (1) or more of its  
associated  
objectives and  
outcome measures.  
Please provide any  
information about  
progress toward the  
goal thus far in the  
fiscal year. If no  
goal, objective, or  
outcome measure  
was identified in FY  
2023-24, respond by  
indicating "Not  
Applicable."

SECTION 4: TYPES OF PROGRAMMING AND SERVICES

Section 4 asks questions about the types of programs and services provided during FY 2022-23. For each type of program or service provided, identify the agency(ies) that provide the program or service and at what stage(s) the program or service is provided (in-custody, supervision, other). Definitions are provided for each program or service type, however, you may refer to the CCP Survey Data Reporting Guide for more clarity on the definition of each type of program and service listed and the stage(s) of program or service.

>

Programs/Services:  
Mental Health/Behavioral Health - services designed to improve mental health.

Are Mental Health/Behavioral Health services provided?

Yes

What is the Providing Agency? (check all that apply)

Behavioral Health  
A Community-Based Organization  
Other

If "Other," describe below:

Wellpath

At what Stage(s) is Service Provided? (check all that apply)

In-Custody  
Supervision  
Other

If "Other," describe below:

Outreach services offered to the unhoused population.

>

Programs/Services:  
Substance Use - services designed to assist with substance use.

Are Substance Use services provided?

Yes

What is the Providing Behavioral Health Agency? (check all that apply)

If "Other," describe below:

At what Stage(s) is Service Provided? In-Custody Supervision (check all that apply)

If "Other," describe below:

>  
Programs/Services:  
Housing - services designed to assist with housing after release.

Are Housing services provided? Yes

What is the Providing A Community-Based Organization Agency? (check all that apply)

If "Other," describe below:

At what Stage(s) is Service Provided? Supervision Other (check all that apply)

If "Other," describe below: CARE and CARE 2.0 Community Outreach for the unhoused population.

>  
Programs/Services:  
Employment - services designed to provide clients with a job and/or to provide job training to improve chances of finding employment after release.

Are Employment services provided? Yes

What is the Providing A Community-Based Organization Agency? (check all that apply)

If "Other," describe below:

At what Stage(s) is Service Provided? In-Custody Supervision (check all that apply)

If "Other," describe below:

>  
Programs/Services:  
Education - focuses on academic achievement.

Are Education services provided? Yes

What is the Providing A Community-Based Organization Agency? (check all that apply)

If "Other," describe below:

At what Stage(s) is Service Provided? In-Custody Supervision (check all that apply)

If "Other," describe below:

>  
Programs/Services:  
Family - family-oriented education, service, and training.

Are Family services provided? Yes

What is the Providing A Community-Based Organization Agency? (check all that apply)

If "Other," describe below:

At what Stage(s) is Service Provided? In-Custody Supervision  
(check all that apply)

If "Other," describe below:

>  
Programs/Services:  
Domestic Violence  
Prevention - support  
and intervention.

Are Domestic Violence Prevention services provided? Yes

What is the Providing Agency? (check all that apply) A Community-Based Organization

If "Other," describe below:

At what Stage(s) is Service Provided? In-Custody Supervision  
(check all that apply)

If "Other," describe below:

>  
Programs/Services:  
Physical Health -  
services designed to  
improve clients'  
physical well-being.

Are Physical Health services provided? Yes

What is the Providing Agency? (check all that apply) Other

If "Other," describe below: Wellpath

At what Stage(s) is Service Provided? In-Custody  
(check all that apply)

If "Other," describe below:

>

Programs/Services:

Quality of Life – services that enhance the standard of happiness, comfort, and well-being of an individual to participate in life events (e.g., assistance in getting a driver's license, opening a bank account, etc.).

---

Are Quality of Life services provided?	Yes
--	-----

---

What is the Providing Agency? (check all that apply)

A Community-Based Organization

---

If "Other," describe below:

---

At what Stage(s) is Service Provided? (check all that apply)	Other Supervision
--	-------------------

---

If "Other," describe below:	A program is being developed and modeled after southern California's Homeboy Industries. This program will address underlying needs that lead to system involvement as well as address post-incarceration re-entry needs in an effort to reduce system burden, reduce recidivism and prevent future arrests.
-----------------------------	--

---

SECTION 5: OPTIONAL QUESTIONS	Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond "Decline to Respond."
-------------------------------	---

---

15. Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds.

The CCP maintains a strategic five-year budget plan, allocating funds explicitly for Community Based Organizations to deliver services and programs to offenders. To secure an award, each organization must undergo a thorough Request for Proposal (RFP) process, involving the submission of references, detailing approaches and methodologies, and aligning with the Results Based Accountability model in articulating indicators and measurements. A panel evaluates RFP submissions, and recommendations are formally presented by the CCP Executive Committee to the Board of Supervisors for approval. Services are approved, and funds are released only after the Board of Supervisors grants their formal approval.

Governmental agencies are able to apply for funding through an on-line form and a subsequent presentation to the Executive CCP committee. During these presentations, the requesting agency will detail the needs they are looking to address and the methods utilized to meet those needs. After the presentation, the Executive Committee will evaluate the anticipated effectiveness of the program compared to the need trying to be met. The committee will also use budgetary considerations to make long term investment decisions to ensure services currently offered are not affected and the program can be supported on an on-going basis.

---

16. Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate answer to the left of the list.

---

Yes

If "Yes," explain how. The CCP has allocated \$451, 211 for the employment of four crime analysts assigned to several CCP funded programs. These analysts consistently provide the CCP with data evaluating the usefulness of services and programming at the Day Reporting Center (DRC) during meetings. Our commitment extends beyond mere data presentation; we've conducted a comprehensive cost-benefit analysis comparing the overall expenses associated with a defendant entering the criminal justice system against the costs of services provided through the CCP.

The continued use of the Cognitive Behavioral Intervention (CBI) programming module has significantly enhanced our ability to track each client's progress, enabling a detailed review of completed sessions and modules. This proactive approach empowers our staff to identify and reschedule modules as needed, facilitating thorough monitoring of an offender's treatment completion and allotted dosage hours.

Moreover, recognizing the challenges of attendance, we've adapted many programs into installments. This flexible structure accommodates defendants with attendance issues, allowing them to re-enter programs at various points, ensuring a tailored approach to their rehabilitation.

---

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate answer to the left of the list.

Yes

---

If "Yes," explain how. Providers currently receiving funding from the CCP's Community Based Organizations allocation are required to submit funding reapplications through the biennial Request for Proposal (RFP) process, as detailed in question #15. Contract extensions are possible, following the guidelines stipulated in the Request for Proposal. Panel members and the CCP Executive Committee take into account references and outcomes from the preceding fiscal year(s) when evaluating these reapplications, ensuring a comprehensive assessment of each provider's performance and impact.

---

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check yes or no to the left of each BSCC Definition listed, as applicable.

<https://www.bscc.ca.gov/wp-content/uploads/AB-1050-Key-Term-Definitions.pdf>

Average Daily Population	No
--------------------------	----

Conviction	Yes
------------	-----

Length of Stay	No
----------------	----

Adult Recidivism	Yes
------------------	-----

Treatment Program Completion Rates	Yes
------------------------------------	-----

19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)? Check the most appropriate answer to the left of the list of percentages.

Less than 20%

20. The BSCC would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

The following summarizes the various levels of services that are presently being offered through CCP funding:

Sierra Education and Counseling Services utilizes evidence-based practices to address violent and abusive behavior and assists individuals in developing healthier coping mechanisms. The goal of this program is to provide services that will support offenders in understanding the law and accepting responsibility for their current offenses, and ultimately attaining education, employment, and self-sufficiency. This program aims to prevent offenders from further involvement in the criminal justice system. Sierra Education and Counseling Services utilizes the evidence-based Cognitive Behavioral Intervention model designed by the University of Cincinnati. Sierra Education offers two different treatment programs; Domestic Violence and Batterer's Intervention Program (DVBIP) and the Child Abuse

and Neglect (CAN) Program.

The Domestic Violence and Batterer's Intervention Program is designed to enhance individuals' understanding of domestic violence laws, related issues, and the diverse forms of domestic violence, including physical, emotional, verbal, economic, and sexual abuse. It fosters awareness of the negative impact on individuals, families, and communities. Participants develop crucial skills for problem-solving, positive conflict resolution, and stress management, cultivating an understanding of personal responsibility and consequences. The program also explores the relationship between drugs, alcohol, and violence.

Similarly, the Child Abuse and Neglect program aims to eradicate child abuse and neglect by elucidating laws related to child abuse and destructive parenting actions. It educates on developmental stages in children, differentiating between discipline and punishment, and establishing age-appropriate expectations. The program equips participants with effective skills for problem-solving, positive conflict resolution, and stress management while promoting recognition and fulfillment of children's needs. It emphasizes personal responsibility and consequences, along with an increased understanding of the link between drugs, alcohol, and violence.

Behavioral Health & Recovery Services (BHRS) received funding to provide treatment for substance use disorders (SUD) to offenders released from local detention facilities and offenders under the jurisdiction of County Probation. Treatment at the Day Reporting Center follows an Intensive Outpatient Treatment (IOT) model consisting of a minimum 9-hours per week of programming, offered in 3-hour sessions, 3 days a week. Individuals also meet at least once a month for individual counseling and are frequently drug tested. BHRS staff utilize the University of Cincinnati's Cognitive Behavioral Intervention (CBI) model of evidence-based programming. The referral and intake process has been streamlined to increase the availability of services for our offenders.

BHRS also provides mental health services to inmates under the jurisdiction of County Probation. Services include assessment and treatment for behavioral health needs. Once enrolled, the Behavioral Health Service team provides two levels of care: Assertive Community Treatment (ACT) and Intensive Community Treatment (ICT). Depending on identified needs, all participants receive outreach and engagement services, with appropriate linkages to community resources and/or treatment services. Both levels include medication services; access to groups; peer supported programming; case management; rehabilitation services; individual therapy; and limited employment / housing support services. The ICT is primarily focused on administering, dispensing, and monitoring of medications. Comparatively, ACT offers the highest level of care, has the smallest staff-to-client ratio, and is accessible 24/7.

BHRS also received funding to provide mental health services to inmates serving time at the County Jails. Services include assessments for behavioral health needs. Once enrolled, the Detention - Mental Health program offers individual therapy and group therapy based on appropriateness and need. The primary objective of the program is to

ensure that needs of inmates diagnosed with serious mental illness (SMI) are identified, engaged, linked to Wellpath, and treated while incarcerated, while creating a safer in-custody environment for everyone. Additionally, beginning engagement and treatment of individuals while still in-custody helps facilitate the connection to outpatient programs with the hope of reducing recidivism and contributing to a healthier and safer community.

BHRS secured funding for the implementation of the Court Assessment and Triage team. They will focus on doing a thorough evaluation of a person's mental health and substance use to ascertain what kind of care and treatment they need. The team will connect offenders to court programs and treatment providers in the county. The funding will also create a team for Mental Health Treatment Court and Diversion proceedings. These services will be for those ordered by the court into treatment. These programs aim to streamline the process, making it faster for assessments, reducing court delays and decreasing the time offenders are incarcerated while waiting to join these programs.

Nirvana Drug and Alcohol Treatment, funded through the CCP, offers residential in-patient treatment and clean, sober living. The services encompass gender-specific residential treatment, state-certified detox, individual counseling with certified counselors, personalized treatment plans, relapse prevention, life management skills, coping skills, and family education courses. All counselors and locations, both residential and outpatient, are certified, licensed, and approved. Like BHRS, Nirvana also integrates the CBI Model into its programming and treatment approaches.

Leaders in Community Alternatives (LCA) offers tailored case management, treatment, barrier removal, employment and readiness services, family reintegration, Cognitive Behavioral Therapy (CBT), pro-social behavior, and Aggression Replacement Training (ART). LCA is dedicated to serving the criminal justice population and employs the evidence-based CBI model from the University of Cincinnati for employment initiatives. With access to crucial community resources, LCA is committed to continually shaping exemplary services that drive positive change. The objective of LCA's Day Reporting Center programs are to significantly reduce recidivism, enhance public safety, and instigate transformative positive shifts in the lives of program participants.

Learning Quest – Stanislaus Literacy Centers (LQSLC) is dedicated to a comprehensive mission and aims to deliver not just case management, but also educational support, High School Equivalency classes, employment and vocational services, coupled with essential life skills. The target audience includes individuals under the jurisdiction of the Probation Department and the Sheriff's Office. The overarching goal is to significantly diminish recidivism rates, enhance employability and educational proficiency, and ultimately elevate the overall quality of life for program participants.

Ink Doctors has collaborated with the Probation Department to provide offenders with the chance to remove highly visible tattoos. These tattoos can serve as indicators of gang involvement or criminal behavior, potentially hindering an offender's rehabilitation and impacting their ability

to gain employment. Tattoo removal becomes a transformative opportunity, aligning outward appearance with inner change. Using state-of-the-art laser technology, Ink Doctors operates a fully self-contained mobile service unit for efficient and effective tattoo removal.

The Center for Human Services has secured funding to sustain the integration of a dedicated substance abuse disorder counselor within the Community Assessment Response and Engagement (CARE) team. Tasked with actively engaging clients, conducting thorough Substance Use Disorder (SUD) assessments, facilitating seamless transitions to SUD treatment through warm hand-offs, coordinating with treatment facilities for client intake dates, arranging transportation, and providing support with medical clearance and detox medication, this role has proven immensely effective in engaging CARE clients. Recognizing that substance abuse often poses the initial obstacle to accessing services, the counselor's contribution has been pivotal in augmenting the overall effectiveness of the CARE team's efforts.

---

21. What challenges does the county face in meeting the above program and service needs?	The challenges of providing services to offenders becomes more noticeable when confronted with low staffing levels, particularly when coupled with the possibility of an economic downturn. Insufficient personnel strain rehabilitative and support programs, delaying efforts to address the needs of offenders trying to reintegrate into society. Limited staffing could compromise the quality and availability of essential services that play a pivotal role in reducing recidivism. Potential economic uncertainties amplify these challenges, as budget constraints could further limit resources dedicated to offender rehabilitation. Balancing the delicate equation of offender services paired with low staffing and economic concerns requires the CCP to identify the core services of the CCP.
22. What programmatic changes and/or course corrections has the CPP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?	The scarcity of personnel strains rehabilitation and support programs, impeding efforts to meet the many needs of those seeking to reintegrate into society. Additionally, economic uncertainties worsen these challenges, as possible budget limitations further restrict resources available to offender rehabilitation. The CCP Executive Committee has worked to identify the core services that will be prioritized. Furthermore, the CCP Executive Committee will make decisions on funding for future programs that support these core services while being practical in considering budgetary limitations as these decisions are made. We also recognize that in the event of an economic downturn, core services will be prioritized, and other programs may be scaled back. The core services of the CCP include: Sheriff detention services, supervision of offenders, services at the Day Reporting Center and mental health and substance abuse disorder treatment of offenders.

---

23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.	<p>Domestic Violence has been a growing problem in Stanislaus County. Our county has invested in offering evidence-based Batterer's Intervention Program (BIP) free of charge for many of our offenders. These classes have shown to be effective at reducing recidivism among DV offenders.</p> <p>Out of the individuals who finished the BIP provided by the DRC, 17.6% committed a new offense that resulted in a conviction within three years from the date of completion. For those referred to DRC for BIP but terminated or didn't attend, 47.3% had a subsequent conviction within three years of termination. In cases referred to a community-based BIP, 28.2% had a new conviction within three years of supervision. The analysis indicates that completing the DRC BIP significantly reduces subsequent convictions for domestic violence offenders compared to those who didn't finish the program or were referred to a community-based BIP. Individuals who completed BIP at the DRC were over two and a half times less likely to have a new conviction than those who were terminated or never attended BIP at the DRC.</p>
--	---

---

#### Optional Highlight or Success Story

---

If the CCP would like to provide the BSCC with any supplementary information, you may upload a maximum of five (5) additional files.

PART B - CCP Survey Excel Workbook	<p>Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars. The form to upload is available at: <a href="https://www.bscc.ca.gov/m_realignment/">https://www.bscc.ca.gov/m_realignment/</a> For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the CCP Survey Data Reporting Guide at the link provided above. Part B is divided into two sections: Section 6: FY 2022-23 Public Safety Realignment Funding Allocation Section 7: FY 2023-24 Public Safety Realignment Funding Allocation</p>

**FY 2023-24 Community Corrections Partnership Survey  
PART B**

Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars.

For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the FY 2023-24 CCP Survey Data Reporting Guide at:  
[https://www.bscc.ca.gov/m\\_realignment/](https://www.bscc.ca.gov/m_realignment/)

The first question in this file, question 24, requests the name of the county for which the survey is being submitted.

Following the identification of the county, Part B is divided into two sections:

Section 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 7: FY 2023-24 Public Safety Realignment Funding Allocation

24. Please identify the county for which this portion of the survey is being submitted:

County Name: **STANISLAUS**

**SECTION 6: FY 2022-23 Public Safety Realignment Funding Allocation**

Section 6 contains questions related to the allocation of FY 2022-23 Public Safety Realignment dollars. There are three (3) questions in this section.

**When answering these questions, consider the funds allocated in FY 2022-23 and include any monies from 2021-22 growth funds and 2022-23 programmatic funding.**

25. Of the total funds received in FY 2022-23, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county used any carry-over funds (monies from previous annual CCP allocations) and/or if the county put any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. **Please correct any cells displaying red prior to submitting.**

Total Allocation: \$ **38,491,731**

Where funds were allocated to:	Amount
Sheriff's Department	\$ 20,906,239
Probation Department	\$ 7,806,111
Behavioral Health and Recovery Services	\$ 3,662,894
Public Defender's Office	\$ 1,029,916
District Attorney's Office	\$ 502,036
Community Assessment Response and Engagement (CARE) 2.0	\$ 1,599,615
Modesto Police Department- CHAT Team	\$ 1,065,230
Community Services Agency	\$ 64,000
CBO Contracts	\$ 1,000,000
Jail Medical Base	\$ 500,000
RAT Operations	\$ 100,000
Data Warehouse	\$ 255,690

(Total sums to) \$ **38,491,731**

Please spell out all names and do not  
use acronyms.

Difference from  
Stated Allocation: \$ -

**26.** Of the total funds received in FY 2022-23, how much did the CCP allocate to public agencies for programs and services? How much did the CCP allocate to non-public agencies for programs and services? Input the total allocations in the cells above each table. Within the tables, identify where funds were allocated to. Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. **Please correct any cells displaying red prior to submitting.**

**Total Allocation to non-public agencies: \$ 3,753,427**

[illegible]

(Total sums to)	\$	34,738,304
Difference from		
Stated Allocation:	\$	-

(Total sums to)	\$	3,753,427
Difference from		
Stated Allocation:	\$	-

**27. How much funding, if any, was allocated to data collection and/or evaluation of AB 109 programs and services?**

**\$444,627 allocated for four Crime Analyst positions and \$255,690.00 allocated for the Data Warehouse Project = \$700,317.00.**

## SECTION 7: FY 2023-24 Public Safety Realignment Funding Allocation

Section 7 asks three (3) questions related to the allocation of FY 2023-24 Public Safety Realignment funding.

When answering these questions, consider the total funds allocated in FY 2023-24 and include any monies from 2022-23 growth funds and 2023-24 programmatic funding.

28. Of the total funds received in FY 2023-24, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county is using any carry-over funds (monies from previous annual CCP allocations) and/or if the county is putting any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in **red**. **Please correct any cells displaying red prior to submitting.**

Total Allocation: \$ 41,543,334

Where funds were allocated to:	Amount
Sheriff's Office	\$ 21,771,553
Probation Department	\$ 5,743,893
Behavioral Health and Recovery Services	\$ 5,310,274
Public Defender	\$ 1,321,192
District Attorney	\$ 690,192
Community Services Agency	\$ 64,000
Jail Medical Contract	\$ 500,000
Requests for Proposal- Community Based Organizations	\$ 1,000,000
Regional Apprehension Team	\$ 100,000
Data Warehouse Project	\$ 255,690
Community Assessment Response and Engagement (CARE) 2.0	\$ 1,599,615
Homeboy Industries	\$ 1,500,000
Center for Human Services	\$ 199,500
Modesto Police Department- CHAT Team	\$ 1,487,425

(Total sums to) \$ 41,543,334

Please spell out all names and do not  
use acronyms.

Difference from  
Stated Allocation: \$ -

**29. If known: of the total funds received in FY 2023-24, how much did the CCP allocate to public agencies for programs and services? How much did the CCP allocate to non-public agencies for programs and services? Input the total allocations in the cells above each table. Within the tables, identify where funds were allocated to. Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in red. Please correct any cells displaying red prior to submitting.**

<b>Total Allocation to public agencies:</b>	<b>\$ 36,127,060</b>
---	----------------------

**Total Allocation to non-public agencies: \$ 5,416,274**

<b>Where funds were allocated to (public agencies):</b>	<b>Amount</b>	<b>Where funds were allocated to (non-public agencies):</b>	<b>Amount</b>
Sheriff's Office	\$ 20,184,279	Salvation Army Beds	\$ 74,500
Probation Department	\$ 5,114,393	In-Custody Programming and Services	\$ 393,600
Behavioral Health and Recovery Services	\$ 5,310,274	Day Reporting Center Programming and Services	\$ 629,500
Public Defender's Office	\$ 1,321,192	Requests for Proposals- Community Based Organizations	\$ 1,000,000
District Attorney's Office	\$ 690,192	Wellpath	\$ 1,119,174
Community Services Agency	\$ 64,000	Jail Medical Base (allocated to Wellpath)	\$ 500,000
Regional Apprehension Team	\$ 100,000	Center for Human Services	\$ 199,500
Data Warehouse Project	\$ 255,690	Homeboy Industries inspired program	\$ 1,500,000
Modesto Police Department- Community Health and Assistance Team	\$ 1,487,425
