

## FY 2022-23 Community Corrections Partnership Survey

# Tehama County

### CCP Membership

<b>Richard A. Muench</b> Chief Probation Officer	<b>Laura Hawkins</b> Department of Social Services
<b>Hon. Matthew C. McGlynn</b> Presiding Judge or designee	<b>Jayne Bottke</b> Department of Mental Health
<b>Gabriel Hydrick</b> County Supervisor or Chief Administrator	<b>Coral Ferrin</b> Department of Employment
<b>Matthew Rogers</b> District Attorney	<b>Jayne Bottke</b> Alcohol and Substance Abuse Programs
<b>Chris Logan</b> Public Defender	<b>Rich DuVarney</b> Head of the County Office of Education
<b>Dave Kane</b> Sheriff	<b>Scott Camp</b> Community-Based Organization
<b>Kyle Sanders</b> Chief of Police	<b>Linda Lucas</b> Victims' Interests

**How often does the CCP meet?**

Semi-annually

**How often does the Executive Committee of the CCP meet?**

Semi-annually

**Does the CCP have subcommittees or working groups**

No

## Goals, Objectives, and Outcome Measures

### FY 2021-22

<b>Goal</b>	Utilize sportsman lodge sober transitional housing to decrease the potential for recidivism in the homeless offender population on Probation, Parole, and AB109 offenders released from jail
<b>Objective</b>	Reduce homelessness with the use of Probation - Sportsman Lodge Transitional Housing
<b>Objective</b>	Assist with the housing of homeless offenders in transition to temporary or permanent living facilities upon release from custody
<b>Outcome Measure</b>	Reduction in homelessness for offenders through immediate transportation from jail to Sportsman Lodge
<b>Outcome Measure</b>	Reduction in homelessness and recidivism among this population
<b>Progress toward stated goal</b>	Over the years, the sportsman lodge program has maintained its recidivism rate of about 65%-70%. Our recidivism rate for offenders completing the program, finding permanent housing and jobs, and not returning to the program has decreased to 60%. We have had difficulty placing and finding permanent housing for our offenders in the last year due to COVID. Also, the low number of beds available in the jail due to COVID restriction has also affected the number of offenders we have referred from the jail. We are still working closely with our program providers to help find more permanent solutions for our offenders.

<b>Goal</b>	Sportsman Lodge Sober Transitional Housing - Decrease recidivism by utilizing sportsman lodge sober living facility. Maintaining a 100% occupancy at the transitional housing.
<b>Objective</b>	Utilizing sportsman lodge as a sanction to those offenders with multiple positive urine analysis testing. Help offenders reset and stay in contact with assigned probation officers and reduce recidivism.
<b>Objective</b>	While assigned to sportsman lodge, offenders focus on treatment programs, finding permanent housing, and are assigned to probation's work crew.
<b>Outcome Measure</b>	Clean and sober, secured housing, employment or enrolled in a treatment program with no new conviction.
<b>Progress Toward Stated Goal</b>	The occupancy rate for sportsman lodge has been steadily maintained at a 80% rate in the last year. We have about a 65%-70% rate of offenders finding jobs and permanent housing without any new convictions.

<b>Goal</b>	Improve the continuum of service from in-custody to supervision to discharge.
<b>Objective</b>	Continue to add and improve in-custody services and working with jail staff to identify offender needs before release to out of custody programs.
<b>Objective</b>	Continue to reduce the number of violations, warrants, and revocations through the use of graduated sanctions and referrals to community-based services
<b>Objective</b>	Continue to work with jail staff and probation day reporting staff on needs of offenders assigned to work programs at the day reporting center.
<b>Progress Toward Stated Goal</b>	The jail staff and probation staff have been working on improving services and procedures to provide better in-custody and supervision to offenders. Jail correctional staff assigned to the AB109 program are now in the same office as probation officers. This will ensure that staff and offenders have an open line of

	communication and provide offenders with quick, easy access to staff to help assist when needed. In the past, with the high number of staff turnover, this will provide better staff numbers when assisting with work crews
--	---

## Goals, Objectives, and Outcome Measures

### FY 2022-23

<b>Goal</b>	Improve and provide a more proactive response AB109 population to help reduce recidivism. We are working more collaboratively with Sheriff's Department, Probation, and District Attorney's Office.
Objective	Provide additional staff to the District Attorney to be assigned to the Tehama County Major Crimes Unit to assist in countering the flow of illegal narcotics, combating gang activity, and investigating all major crim occurring within Tehama County.
Objective	Provide additional staff to Sheriffs Office to be assigned in the evidence unit to assist with the high work load.
Progress toward stated goal	Due to failed recruitment, this goal is still in progress.

<b>Goal</b>	Assist with supervision of work release inmates to free up limited jail bed space Transition offenders from jail custody to probation supervision
Objective	Assess day reporting center participants for rehabilitation programming, utilize the work program as an intermediate sanction reducing jail sanctions and court violations. Provide collaborative supervision and reintegration from jail custody back into the community. This was a rollover from FY 21-22 plan
Objective	Ensure offenders' safe and productive prosocial activity during their initial release from custody. Provide a structured location for participants to "give back" to their community through community service and inmate work programs while addressing criminogenic needs.
Objective	Work with additional community based organizations to develop added programming to meet needs of participants (i.e., adult education, life skills, etc.) Evaluate programming ensuring effectiveness meets needs of participants.
Outcome Measure	Supplement local and state work crew needs as well as assisting nonprofit community based organizations saving on both infrastructure and salary costs while supporting the community in which the offenders are supervised.
Outcome Measure	Ensure offenders who are assessed and in need of rehabilitative programming are assigned to those programs through the DRC, reducing recidivism and transition from custody to out of custody supervision
Outcome Measure	Lower rates of relapse and absconding from participants in the DRC versus those released directly from jail to the community without supervision
Progress Toward Stated Goal	The Day Reporting Center (DRC) provides intensive community supervision and services to high-risk offenders and houses our work release program. We collaborate with law enforcement, behavioral health services, and community organizations to provide effective services and programs for our offenders. Our goal is to reduce offender re-arrest by providing pre-trial services monitoring, re-entry assistance, treatment programs, and by holding offenders accountable.

## FY 2021-2022 and FY 2022-23 Allocation Comparison

### FY 21-22 and 22-23 Allocations

### FY 21-22 and 22-23 Allocations to Public Agencies for Programs & Services

## FY 21-22 and 22-23 Allocations to Non-Public Agencies for Programs & Services

## Optional Questions

**Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds?**

Decline to Respond

**Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation?**

No

**If yes, how?**

N/A

**Does the county consider evaluation results when funding programs and/or services?**

No

**If yes, how?**

N/A

**Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data?**

Yes	No	
X		Average daily population
X		Conviction
X		Length of stay
X		Recidivism
		Treatment program completion rates

**What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)?**

41% to 60%

**We would like to better understand your county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?**

Drug Courts and Behavioral Health Court

**What challenges does your county face in meeting these program and service needs?**

Decline to respond

**What programmatic changes and/or course corrections have you made in the implementation of Public Safety Realignment that you believe other counties would find helpful?**

Decline to respond

**Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.**

Work programs, cognitive behavior
