SECTION 5: OPTIONAL QUESTIONS Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond “Decline to Respond.”

15. Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds. Decisions are made by discussion at quarterly meetings.

16. Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate answer to the left of the list.

No

If "Yes," explain how.

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate answer to the left of the list.

No

If "Yes," explain how.

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check yes or no to the left of each BSCC Definition listed, as applicable.

<https://www.bscc.ca.gov/wp-content/uploads/AB-1050-Key-Term-Definitions.pdf>

Average Daily Population Yes

Conviction Yes

Length of Stay Yes

Adult Recidivism Yes

Treatment Program Completion Rates Yes

19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)? Check the most appropriate answer to the left of the list of percentages.

61% - 80%

20. The BSCC would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

Probation has contracted with Peach Tree Clinic to provide a mental health therapist stationed at our TEAM Center. This contract also gives our clients access to other services the clinic offers, such as medical, dental, and benefit legibility. We also employ 2 substance abuse counselors stationed at our TEAM Center who conduct both group and individual counseling with our population. We also employ 3 counselors delivering domestic violence treatment as well as life skills programs to both our and parole's population. We contract with the Yuba County Office of Education to provide on-site services for those seeking their diploma or GED.

21. What challenges does the county face in meeting the above program and service needs?

We desire to expand services offered at our TEAM Center, but face challenges both in terms of funding and lacking space.

22. What programmatic changes and/or course corrections has the CPP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?

Having mental health counseling readily available to our population within our department has been helpful. It has cut down on the red tape that exists between agencies and offenders have a higher rate of engagement than previously experienced.

23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.
