Subject: Death in custody

I would like to know or I would like for your board to explain to me about a death in custody that took place in September 2021 The corner of LA County said my son was a fentanyl and heroin OD I do understand that you're deaf in custody part of your board. It was just implicated last year, but from my understanding, your boy board does handle drugs getting into the jail, so I'm wondering if you're aware of this case and if this case can be looked at because I've been trying to get in touch with the attorney general about this matter because I have evidence to show that my son was not a fit, no overdose, but a death in custody that was neglected to be recorded and custody due to deputies killing him so I would like to talk about this with your board is this possible my phone number is 510 258-3258. My name is Terry Lovett I'm the mother of Jalani Lovett that was killed in central jail September 22, 2021.
