Existing law, if the Secretary of State determines that state election laws are not being enforced, requires the Secretary of State to call the violation of those laws to the attention of the district attorney of the county or to the Attorney General.

This bill, if an elections official fails to prepare a certified statement of the results of the election, would require the Secretary of State to call the violation to the attention of the district attorney of the county or to the Attorney General and authorize the Secretary of State to assist the county elections official in discharging their duties, consistent with those provisions.

By requiring county elections officials to prepare voter information guides for each jail in their jurisdiction, the bill would impose a state-mandated local program.

Existing law makes it a crime to display a container for the purpose of collecting ballots, with the intent to deceive a voter into casting a ballot in an unofficial ballot box. Existing law also makes it a crime to direct or solicit a voter to place a ballot in such a container.

Existing law makes these crimes punishable by a fine not to exceed \$1,000, by imprisonment for 16 months or two or three years, or by both fine and imprisonment.

This bill would also make it a crime to display an envelope for the purpose of collecting ballots, with the intent to deceive a voter into casting a ballot in an unofficial ballot box.

15	Bill	SB 824, Secure youth facilities
	Author	Senator Menjivar, Caroline (D-20)
	Summary	<p>Amended 04/24/25</p> <p>Existing law authorizes a court to order a ward who is 14 years of age or older to be committed to a secure youth treatment facility, operated by the county of commitment, for a period of confinement if the ward is adjudicated and found to be a ward based on the commitment of a specified serious offense committed when the juvenile was 14 years of age or older, that adjudication is the most recent offense for which the ward has been adjudicated, and the court has made a finding on the record that a less restrictive, alternative disposition for the ward is unsuitable. Existing law requires, within 30 judicial days of making an order of commitment to a secure youth treatment facility, the court to receive, review, and approve an individual rehabilitation plan that includes specific components, including, among others, a description of the programming, treatment, and education to be provided to the ward in relation to their identified needs during the commitment period. Existing law requires the court to schedule and hold a review hearing every 6 months during the term of commitment. Existing law also authorizes the court, upon a motion from the probation department or the ward, to order that the ward be transferred from a secure youth treatment facility to a less restrictive program, such as a halfway house, a camp or ranch, or a community residential or nonresidential service program, if the court determines that the ward has made substantial progress toward the goals of the individual rehabilitation plan.</p>

		<p>This bill would require the individual rehabilitation plan to also describe how the programming, treatment, and education to be provided to the ward is designed to enable the ward to <i>facilitate the ward's potential</i> transition to a less restrictive program, and would require the description to include, among other things, how the individual rehabilitation plan will be implemented to prioritize <i>facilitate</i> the ward's progress toward transfer to a less restrictive program. <i>program when the ward has met the criteria for transfer.</i> The bill would require the court, prior to approving the individual rehabilitation plan, to hold a hearing on the matter, and would require the prosecutor and the counsel for the ward to be provided a copy of the individual rehabilitation plan at least 2 days prior to that hearing. The bill would also require the court, at each review hearing, to assess the ward's progress toward transferring to a less restrictive program and would authorize the court to make or modify orders for the purpose of improving and prioritizing that progress. The bill would require the court to order that the ward be transferred to a less restrictive program if it makes the determination described above and finds that it is reasonably likely that transferring the ward to a less restrictive program will better facilitate fulfillment of the goals in the individual rehabilitation plan than would the ward's continued confinement in a secure youth treatment facility.</p>
