To: Board of State and Community Corrections (BSCC)

Cc: Michael Shores Field Representative – County Facilities Construction Division (CFC)

**Subject: SB 863 Construction Financing**

To Whom it May Concern:

Please accept this memorandum as formal confirmation of our acceptance of the SB 863 construction financing opportunity. On December 16, 2025, the Imperial County Board of Supervisors formally approved the SB 863 construction financing project for our agency. With this approval, we will proceed with the project. In the coming weeks, we will provide a certified minute order from the Board documenting approval of the project.

We look forward to delivering a much-needed support facility for our Corrections Division operation. Thank you for the opportunity, and we appreciate your patience as we worked through our internal review and approval processes.

Sincerely,
