(O) The State Department of Health Care Services, the State Department of Public Health, and the State Department of Education shall solicit input from volunteer health organizations, physicians who treat addiction, treatment researchers, family therapy and counseling providers, and professional education associations with relevant expertise as to the administration of any grants made pursuant to this paragraph.

(C) To the Department of Fish and Wildlife to assist in funding the watershed enforcement program and multiagency task force established pursuant to subdivisions (b) and (c) of Section 12029 of the Fish and Game Code to facilitate the investigation, enforcement, and prosecution of these offenses and to ensure the reduction of adverse impacts of cannabis cultivation, production, sale, and use on fish and wildlife habitats throughout the state.

(D) For purposes of this paragraph, the Secretary of the Natural Resources Agency shall determine the allocation of revenues between the Department of Fish and Wildlife and the Department of Parks and Recreation. During the first five years of

(C) To the Board of State and Community Corrections for making grants to local governments to assist with law enforcement, fire protection, or other local programs addressing public health and safety associated with the implementation of the Control, Regulate and Tax Adult Use of Marijuana Act. A local government shall be eligible for a grant only if it either allows the retail sale of cannabis in storefronts or, for jurisdictions with a population of 10,000 residents or less, allows cannabis delivery in the jurisdiction that serves both medicinal and adult-use consumers. The Board of State and Community Corrections shall prioritize grant awards for local governments whose grant application includes illicit cannabis enforcement. The board may award grants both competitively and based on a formula to provide consistent and ongoing funding for local governments to implement the programs described in this subparagraph.

Prior to July 1, 2028, the Legislature may not change the allocations to programs specified in subdivisions (d) and (f).
