Juvenile Detention Profile Survey Background

The Juvenile Detention Profile Survey (JDPS) was implemented in January 1999 with the intent to provide state and local decision makers with information about the changing populations and needs of local juvenile detention facilities. With assistance and support from its local partners, primarily county probation departments, the Board of State and Community Corrections (BSCC) – formerly the Corrections Standards Authority (CSA) and Board of Corrections (BOC) – developed a survey instrument for capturing data critical to strategic planning related to facility design, detention programming, and resource distribution.

One of the primary objectives of the JDPS is to track the population level in California's local juvenile halls and camps. The JDPS gathers pertinent data related to juvenile detention, including average daily population, charge, disposition, gender, crowding, booking, mental health, average length of stay, and age. In addition, the JDPS collects data on the number of juvenile offenders housed under contract in other jurisdictions and the use of non-facility-based custody options. Each county probation department with a detention facility is required to submit information on both a monthly and quarterly basis, 10 working days after the end of each reporting period, as required by California Code of Regulations, Title 15, Section 1342.

In 2011, improvements were made to the JDPS, which included the implementation of the [JDPS Online Portal](#) that allows agencies to submit their JDPS data to the BSCC via the internet. The [JDPS Online Querying System](#) was also added, enabling stakeholders to query and retrieve current data. In 2022, improvements were made to the JDPS data submission portal and BSCC began collecting Secure Youth Treatment Facility (SYTF) data.

This workbook has been developed to help counties understand the potential impact and the value of data collected from the JDPS. It is essential that the most accurate information is reported as it provides the foundation for sound decision-making and ensures data integrity.

The objectives of this workbook are to:

- explain the development of the Juvenile Detention Profile Survey,
- describe the roles that agencies and the state will have in the survey process,
- identify the definitions for terms and criteria used in the survey instrument,
- identify the role of the agency contact person who is collecting and reporting data from the survey,
- identify the frequency and method that will be used to report the data from the survey to the BSCC, and
- describe the product BSCC will produce at the conclusion of each reporting month or quarter.

How to Complete the Juvenile Detention Profile Survey Forms

Contact Information

Board of State and Community Corrections
2590 Venture Oaks Way, Ste. 200, Sacramento, CA 95833
Attention: BSCC Research Unit Analyst
Phone: (916) 445-5073
Email: JDPS@bscc.ca.gov

General Instructions

Timelines and Key Dates

- The Juvenile Detention Profile Survey runs on a calendar year basis.
- **A separate monthly survey** must be completed each month and returned within 10 working days after the end of the month being reported on.
- **The quarterly profile survey** is based on the **calendar year quarter**. Each quarter's survey must be completed and returned to the BSCC by the following dates:

<u>Reporting Quarter</u>	<u>Reporting Months</u>	<u>Due Date</u>
First	January, February, March	April 15 th
Second	April, May, June	July 15 th
Third	July, August, September	October 15 th
Fourth	October, November, December	January 15 th

- If data are not submitted on time, "U" for "unavailable" will be placed in missing or questionable data and posted on [BSCC's online query](#) for public access. Late data will be screened and posted online during the next quarterly screening session. *Unanswered data inquiries may be forwarded to the reporter's Chief Probation Officer by the Chair of the BSCC.*

Agency Data Reporters

- Each agency shall designate one person as the "agency data reporter," regardless of how many facilities there are in the jurisdiction. Notify the BSCC of any data reporter changes as soon as possible.
- Data reporters are expected to maintain contact with the BSCC and respond to BSCC data inquiries that may arise from the data screening process.

Survey Data Fields

- All numbers should be entered by rounding to the nearest whole number except for quarterly survey *Section C. Average Length of Stay*.
- Do not leave any spaces blank.
 - Fill in the space with "D" for "does not apply" if the variable does not EVER apply to the reporting agency.

- Fill in the space with “U” for “unavailable” if the variable may SOMETIMES apply to the reporting agency but the data is not available.
 - Fill in the space with a “0” (zero) if the variable may SOMETIMES apply to the reporting agency, but it did not for the reporting period. However, for quarterly survey *Section C. Average Length of Stay*, “0” (zero) is **not** a valid entry.
- Data is requested in a variety of ways, including totals, averages, and snapshots.

AVERAGE DAILY POPULATION (ADP): Most sections call for the “average daily population” (ADP) of a given category of youth during the month. The ADP should reflect that number obtained during a consistently made daily youth count (usually at or near midnight), adding these daily counts together for the month, and dividing this sum by the number of days in that month.

ONE-DAY SNAPSHOT: Other sections request a “one-day snapshot,” a total number reported from a single day’s count. The count must be on the day of the month, at the time of day specified in the instructions for the specific data element.

- In this workbook, each entry is marked on the left margin to indicate which facility(ies) should be included in each specific data point:
- **JH** = juvenile hall(s)
 - **Camp** = camp(s) and/or ranch(es)
 - **SYTF** = secure youth treatment facility(ies)
 - **ACP** = alternative confinement program(s) (i.e., juveniles on home supervision - with and without electronic monitoring - and juveniles in alternative custody programs, who are receiving custody credit). Youth in ACPs are referred to as **other juveniles** in the surveys.

Online Submission

- The Juvenile Detention Profile Survey can be accessed using the following link: <http://app.bscc.ca.gov/jds/account/login>.

The following screen will appear. Select the indicated options, as shown below.

BOARD OF STATE AND COMMUNITY CORRECTIONS JUVENILE DETENTIONS SURVEY		
Parameter	Input	Description
Agency:	<input type="text" value=""/>	Your reporting agency.
Survey Type:	<input type="text" value=""/>	Select the survey type for the period for which you are reporting.
Pass Code:	<input type="text" value=""/>	Your assigned pass code.

- Select the reporting agency from the “Agency” dropdown,
 - Select report type (either monthly or quarterly) in the “Survey Type” dropdown,
 - Enter the reporting agency’s assigned pass code (please contact the BSCC Research Unit Analyst if the county’s pass code is needed), and
 - Select the “Login” button to proceed to the agency’s data entry page.
- The data entry page will auto-populate the county name based on the information provided in the previous screen. At the top of either the monthly or quarterly reports, complete the following information:

Agency:			
Person Reporting:		Reporting Period:	Month: November ▼ Year: 2022 ▼
Phone:		Date:	12/13/2022

- Enter the first and last name of the person reporting, and
 - Enter the reporter’s phone number.
- The date will auto-populate. Before proceeding, confirm that the selected month or quarter and year for data submission are accurate.

NOTE: The system requires that the county reporter’s information be completed before the report can be submitted online.

➤ **DATA ENTRY:**

The remainder of this workbook will focus on the entry of data in the monthly and quarterly surveys. Navigating from one cell to the next can be accomplished by clicking in each individual cell and can also be accomplished by clicking the tab key.

➤ **DATA SUBMISSION:**

At the bottom of the data entry page, click the “Submit” button (shown below) to transmit the data. If data are missing and/or data were flagged for a variance(s) discrepancy, an error message(s) will appear to indicate the missing field(s) to be completed and/or direction as to where the variance(s) was found. To verify receipt, log into the online portal to review current data housed within the monthly or quarterly survey. If the survey fields are blank, the survey has not yet been submitted. Copies of surveys can be downloaded via the “Print to PDF” function on the internet browser.

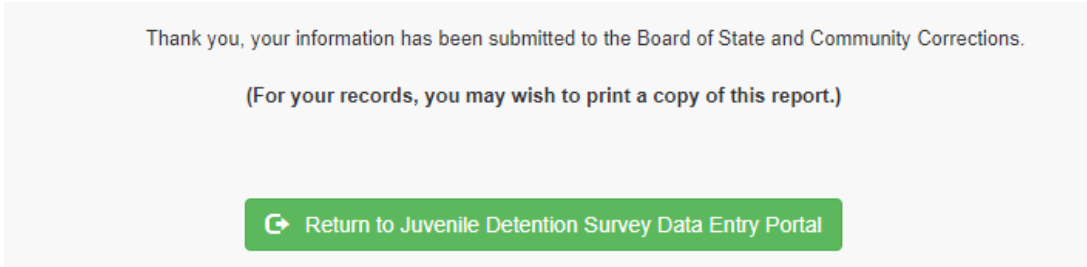

➤ **DATA RESUBMISSION/CORRECTIONS:**

Email JDPS@bscc.ca.gov immediately if any edits or resubmissions are required or made directly. If resubmission is requested by BSCC or necessitated by the jurisdiction, log in to the online portal, enter the correct figures, and click “Submit.” Once data is resubmitted in the online survey, it overwrites the existing/previously submitted data and does not retain a

record of the previously submitted (if it has not yet been published). **It is important that data reporters email BSCC** to communicate which survey (Quarterly and/or Monthly) and which specific question(s) required edits, as well as the new and previous values for entry.

If after clicking the “Submit” button, a new screen appears with the message below, then the report was **successfully submitted**.

MONTHLY SURVEY

Section A. Detention Locations

Section A: Detention Locations													
Juvenile Hall			Population Cap		One-Day Snapshot				Average Daily Population				
					Misdemeanor		Felony		Pre-Disposition		Post-Disposition		Total ADP
			Self	Court	Male	Female	Male	Female	Male	Female	Male	Female	
1)		Facility										0	
Camp / Ranch			Self	Court	Male	Female	Male	Female			Male	Female	Total ADP
2)		Camp										0	
Secure Youth Treatment Facilities			Self	Court	Male	Female	Male	Female			Male	Female	Total ADP
3)		Secure Youth Treatment Facility										0	
Other Juveniles In The System					Male	Female	Male	Female	Male	Female	Male	Female	Total ADP
1)		Juveniles on home supervision with electronic monitoring.										0	
2)		Juveniles on home supervision without electronic monitoring.										0	
3)		Juveniles in alternative confinement programs.										0	

Important Note

Secure Youth Treatment Facilities (SYTF): Throughout the Monthly and Quarterly surveys, it is important to capture juvenile hall(s), camp(s), secure youth treatment facilities (SYTF), and “other juveniles” (i.e., juveniles on home supervision - with and without electronic monitoring - and juveniles in alternative custody programs, who are receiving custody credit) **separately**.

- SYTFs should **not** be captured under “juvenile hall(s)” or “camp(s).” If SYTF data is not specifically requested, do not include it.
- If only juvenile hall(s), camp(s), and “other juveniles” are requested (and not SYTFs specifically), do **not** include SYTF data.
- “Other juveniles” represents juveniles who are receiving custody credit but are not in a facility, such as those on home supervision – with or without electronic monitoring – and juveniles in alternative custody programs. SYTF youth may be reported under this category, if certain conditions apply. See below for more details.

Important Note

Furloughed Juveniles: Juveniles who have been furloughed as part of their disposition should only be included when they are physically residing/housed within the facility. Do not count them in the Average Daily Population (ADP), One-Day Snapshot, or other relevant counts while they are on furlough.

Juvenile Halls, Camps/Ranches, and Secure Youth Treatment Facilities:

The names of the juvenile hall(s), camp(s)/ranch(es), and secure youth treatment facility(ies) (SYTF) for the reporting agency are pre-populated. Please contact the BSCC Research Unit Analyst (JDPS@bscc.ca.gov) regarding any required changes to the jurisdiction's form (i.e., adding, deleting, or renaming a facility).

➤ Population Cap:

- **Self:** For each of the agency's facilities that are under a **self-imposed** population cap, indicate the maximum number of juveniles allowed in the facility.
 - **Example:** If the **Rated Capacity (RC)** of the facility is 120, but the reporting agency does not operate one of the 30 bed units, the agency would have a self-imposed cap of 90.
 - Enter "D" if the reporting agency is not under a self-imposed population cap.
 - **NOTE: Please do not provide the reporting agency's BSCC RC in this section; the BSCC RC is the number of beds approved by the BSCC.**
- **Court:** For each facility that is under a **court-ordered** population cap, indicate the maximum number of juveniles allowed in the given facility.
 - Enter "D" if there is no court-ordered population cap imposed. Most counties will report "D."
 - **NOTE: Please do not provide the reporting agency's BSCC RC in this section; the BSCC RC is the number of beds approved by the BSCC.**

The remainder of Section A is divided into a **one-day snapshot** and **average daily populations** for the month. For the purpose of this workbook, variables that represent one-day snapshots feature a camera icon, while the average daily population variables feature a calculator icon.

ONE-DAY SNAPSHOT: This is the number of juveniles in each category at **0600 hours** on the **15th day of the month**.

Juvenile Halls, Camps/Ranches, and Secure Youth Treatment Facilities:

- For each facility, categorize the number of **males** and the number of **females** being detained for **either misdemeanor or felony** offenses. If local policies do not already dictate data reporting, report youth in the gender category in which they self-identify.
- **Count each juvenile only once.**
- If a juvenile from another jurisdiction is being detained in the reporting jurisdiction's facility(ies), report them in the calculations and totals for their given population categories: One Day Snapshot {Misdemeanor/Felony}; Average Daily Pop {Pre-Dispo/Post-Dispo}, medical categories, bookings, etc.
- For juveniles being detained for multiple offenses, report the most serious offense.
- If the juvenile is detained on a violation of probation only, refer back to the offense on which the probation is based (e.g., a juvenile on probation for a felony who is in custody for a probation violation is counted in the felony category).

- If the juvenile is being detained on a violation of probation and a new offense, report them under the offense for which they were newly charged.
- If the juvenile is in custody on a bench warrant, refer to the underlying charge (e.g., a juvenile who fails to appear for a hearing regarding a felony charge is counted in the felony category).
- If the juvenile is being detained for a Welfare and Institutions Code (WIC) § 601 offense, report them under misdemeanor.
- A number must be reported within Snapshot categories. “D” and “U” are not permitted.

ACP ➤ **Other Juveniles in the System:**

This represents juveniles who, if not for the existence of one of the types of alternative custody programs listed, would be detained in custody. It includes only juveniles on home supervision – with or without electronic monitoring – and juveniles in alternative custody programs (ACPs). **“Other juveniles” is not a catch-all category; it refers specifically to these alternative custody programs.**

- **Note:** To be counted as part of the one-day snapshot, the juvenile **must receive custody credits** for their time in the alternative custody programs.
- For each category of “other” juveniles listed, report the number of **male** and **female** juveniles being detained for **misdemeanor** offenses and those detained for **felony** offenses. Use the same rules for multiple offenses and probation violations as in the juvenile halls and camps sections above.
 - **Juveniles on home supervision:** refers to juveniles who are on home supervision or house arrest who are **pre- or post-adjudicated and are receiving credit for custody time**. This category is broken down into with or without electronic monitoring categories.
 - 1) **Juveniles on home supervision with electronic monitoring:** refers to electronic surveillance, such as ankle monitors and GPS, as a condition of home supervision/house arrest.

Note: As of January 2023, per [WIC § 628.2](#), juveniles serving time on electronic monitoring are entitled to custody credit. Youth previously excluded from this category (i.e., youth who did not receive custody credit per the reporting agency’s policy) should now be reported.
 - 2) **Juveniles on home supervision without electronic monitoring:** refers to home supervision/house arrest without the use of electronic monitoring or electronic surveillance.
 - 3) **Juveniles in alternative custody programs:** refers to juveniles who are **receiving credit for custody time** served in alternative custody programs other than home supervision, juvenile hall, camp, or SYTF. Include juveniles who **receive custody credit** for time served in programs such as work programs or day or evening reporting centers.
 - If alternative custody programs are only operational on weekends and the 15th day of the month falls on a day when the program is not operational, select the next day the program is operational for the one-day snapshot.

- If alternative custody programs are never operational at 0600 hours, use 1200 hours as the time of day for the one-day snapshot.
- A number must be reported within Snapshot categories. “D” and “U” are not permitted.

AVERAGE DAILY POPULATION (ADP): The ADP is calculated by taking a count of the number of juveniles in custody each day of the month, adding these daily counts together, and dividing the sum by the number of days in each month. The daily counts used in the survey are to be taken at 0600 hours.

Average daily populations should include only those juveniles who are “under a facility’s roof” or directly in the agency’s custody if in alternative custody programs. **Do not include** juveniles who have been sent to other jurisdictions or who are being held in another juvenile hall, pending return to the reporting agency’s facility.

Juvenile Halls, Camps/Ranches, and Secure Youth Treatment Facilities:

For each facility, report the ADP for **male** and **female** juveniles under the headings “**pre-disposition**” and “**post-disposition**.” If local policies do not already dictate data reporting, report youth in the gender category in which they self-identify.

- **Pre-disposition:** refers to juveniles who are being detained pending a disposition by the court and includes juveniles who are being held for charges pending in another jurisdiction. Camps and SYTFs do not report pre-disposition ADPs.
- **Post-disposition:** refers to juveniles who are being detained pursuant to a disposition from the court.
 - This includes juveniles who have been committed to the juvenile hall, camp, and SYTF
 - Juveniles whose cases have been adjudicated and the court ordered them held in the juvenile hall pending transfer to a short-term residential therapeutic program (STRTP) (group home), camp, SYTF, or other program.
 - If a juvenile from another jurisdiction is being detained in the reporting jurisdictions’ facility(ies), include them in the calculations and totals for their given population categories: Average Daily Pop {Pre-Dispo/Post-Dispo}, One Day Snapshot {Misdemeanor/Felony}, medical categories, bookings, etc.
 - **Juveniles who are concurrently pre- and post-disposition should be reported in the post-disposition category.**
 - e.g., a juvenile ordered to a short-term residential therapeutic program (STRTP) (group home) and awaiting transportation assaults another juvenile in the facility and charges have been filed on that offense. That juvenile would be counted in the post-disposition category.
 - e.g., a juvenile is on active probation (post-disposition) and is arrested for a new crime along with a violation of probation. That juvenile would be counted in the post-disposition category.
 - **Less Restrictive Programming (LRP)**
 - SYTF youth who have been placed into Less Restrictive Programming (LRP) and are still residing inside the SYTF (still “under the roof”) should be reported in the SYTF facility-level row (under *One-Day*

Snapshot: Misdemeanor or Felony and in ADP: Post-Disposition) as well as within each SYTF-inclusive section throughout the surveys. If the LRP places youth outside the facility and they receive custody credit, report in the appropriate “Other Juveniles in the System” category (i.e., home supervision or other ACPs). If the LRP is outside the facility, and youth are **not** receiving custody credit, they should not be counted in these surveys.

- SYTF youth who have been placed into LRP, whose court-ordered dispositional placement has been changed to camp, should be reported in the camp facility-level data and within each camp-inclusive section throughout the surveys. If their court-ordered dispositional placement remains as SYTF while being housed in a camp, continue to report them under SYTF facility-level data. Use the youth’s court-ordered dispositional placement to determine where to report within the *One-Day Snapshots* and *ADPs* at the facility level. For facilities that are co-located (share an address), report youth based on the BSCC-designated facility number.

ACP ➤ **Other Juveniles in the System:**

This includes juveniles on home supervision – with or without electronic monitoring – and juveniles in alternative custody programs, who are **receiving custody credit**.

- For each category of “other juveniles” listed in the left column, report the ADP for **male** and **female** juveniles under the respective headings of “**pre-disposition**” and “**post-disposition**.” If local policies do not already dictate data reporting, report youth in the gender category in which they self-identify.
- If alternative custody programs are never operational at 0600 hours, use 1200 hours as the time of day for the one-day snapshot.
- A number must be reported within Snapshot categories. “D” and “U” are not permitted.

➤ **Total ADP:**

Records the sum of the ADP values of that specific row. This field is auto-calculated.

Section B. Crowding

Section B: Crowding		
B1)	Average daily population of juveniles in other jurisdictions DUE TO LACK OF SPACE.	
B2)	Number of juveniles released early DUE TO LACK OF SPACE.	
B3)	Number of days in the month that one or more of your facilities exceeded the Rated Capacity.	

In this section, report the total number of juveniles **in all facilities (juvenile halls, camps, and secure youth treatment facilities [SYTFs])**. **Do not** report on alternative confinement programs in this section.

B1) Average daily population of juveniles in other jurisdictions DUE TO LACK OF SPACE:

Report the average daily number of juveniles under the reporting agency’s jurisdiction who occupied bed space in facilities **outside of the reporting jurisdiction due to crowding or lack of beds in the facility**. Record only those juveniles who would have been housed in the facility had there been bed space available. **Do not include juveniles sent out of the reporting jurisdiction for program purposes** (e.g., camp day programs), **juveniles housed in adult detention facilities, or juveniles transferring to a SYTF** (either another jurisdiction’s or the reporting agency’s SYTF). **Do not** include juveniles released due to lack of staffing.

JH
Camp
SYTF

B2) Number of juveniles released early DUE TO LACK OF SPACE:

Report only those juveniles that would have remained in the reporting agency’s facilities had there been beds available. Also record those juveniles released before their commitments are up **due to a lack of beds**. Include juveniles who have been released from facilities into alternative confinement programs **due to lack of space**.

JH
Camp
SYTF

B3) Number of days in the month that one or more facilities exceeded the Rated Capacity:

Enter the **total number of days** this month in which at least one of the reporting agency’s facilities exceeded the Rated Capacity (the number of beds approved by the BSCC).

Section C. Mental Health (Snapshot)

Section c: Mental Health (Snapshot)	
C1)	Number of open mental health cases on this day. 
C2)	Number of juveniles receiving psychotropic medication on this day. 

Agency data reporters may need to contact their agency’s mental health and/or health providers to accurately report these numbers.

In this section, report the total number of juveniles **in all facilities (juvenile halls, camps, and secure youth treatment facilities [SYTFs])**. **Do not** report on alternative confinement programs in this section.

JH
Camp
SYTF

C1) Number of open mental health cases on this day:

Report the total number of juveniles **on the 15th day of the month** who have an **“open mental health case”** with the mental health provider.

BSCC does not provide a definition of “open mental health case”; it is up to the discretion of each jurisdiction to define. An *example* of a definition may be: “those youth that are identified as having a psychological disorder (as defined by the most current version of the Diagnostic and Statistical Manual of Mental Disorders [DSM]) and are actively in need of and receiving mental health services.”

JH
Camp
SYTF

C2) Number of juveniles receiving psychotropic medication on this day:

Report the total number of juveniles in the reporting agency’s jurisdiction who, **on the 15th day of the month**, were administered psychotropic medication.

Section D. Highest One-Day Detention Population

Section D: Highest One-Day Detention Population	
D1)	Date of highest total detention population.
D2)	Juvenile Hall population on this date.
D3)	Camp / Ranch population on this date.
D4)	Population of "Other Juveniles in the System" on this date.

In this section, report the total number of juveniles in **juvenile halls, camps, and alternative confinement programs**. **Do not** report on secure youth treatment facilities (SYTFs) in this section.

JH
Camp
ACP

D1) Date of highest total detention population:

Enter the **date of the month** (DD/MM/YYYY) on which the **total combined population** for **all juveniles** within the reporting agency was the highest. Include juveniles in the jurisdiction's juvenile halls, camps, and "other juveniles" (juveniles on home supervision – with or without electronic monitoring – or in alternative custody programs). Please be aware that on this date, the juvenile hall(s) population may be experiencing its highest one-day population, but the camp(s) and "other juveniles" may not; these populations **combined** make up the overall highest one-day population count for the system.

JH

D2) Juvenile Hall population on this date:

Report the total population in the reporting agency's juvenile hall(s) on the date reported in variable D1. If the agency does not have a juvenile hall or Special Purpose Juvenile Hall (SPJH), report "D."

Camp

D3) Camp / Ranch population on this date:

Report the total population in the reporting agency's camp(s) on the date reported in variable D1. **Do not** count juveniles housed in other jurisdictions. If the agency does not operate a camp, enter "D."

ACP

D4) Population of "Other Juveniles in the System" on this date:

Report the total population of "other juveniles," including those on home supervision – with or without electronic monitoring – and juveniles in alternative custody programs on the date reported in variable D1. Report only juveniles who are **receiving custody credits**.

Report "D" if the reporting agency does not have this type of program or if juveniles do not receive custody credit for their participation.

Note that as of January 2023, per [WIC § 628.2](#), juveniles serving time on electronic monitoring are entitled to custody credit. Youth previously excluded from this category (i.e., youth who did not receive custody credit per the reporting agency's policy) should now be reported.

Section E. Bookings

Section E) Bookings		
E1)	Number of Juvenile Hall bookings this month.	
E2)	Number of bookings this month for weapon-related offenses.	
E3)	Number of 601 bookings this month.	
E4)	Number of 777 bookings this month.	
E5)	Number of direct file {WIC 602(b) and 707(d)} bookings this month.	NC

For all items in this section, include only those bookings that occurred during the month. **Report only juveniles booked into juvenile hall(s).** Do not report camps, SYTFs, or alternative custody programs.

JH E1) Number of Juvenile Hall bookings this month:

Report the total number of bookings into the reporting agency's juvenile hall(s) during the reporting month.

For courtesy holds, count youth booked and held in the reporting agency's facilities within the ADP and One-Day Snapshots; exclude youth refused at intake (e.g., sent to the hospital before booking).

JH E2) Number of bookings this month for weapon-related offenses:

Report the total number of bookings in the reporting agency's juvenile hall(s) this month for weapons-related offenses.

- Commonly charged weapons offenses include Penal Code Sections 187, 245(a)(1), 246, 626.10, 12021.5, 21310, 25850(a), 26100(d), 25200(a),(b), 29610, or WIC §§ 871.5, 1001.5.
- Other code sections may be weapons-related but require some knowledge of the circumstances of the offense (e.g., PC 211 may or may not involve a weapon. WIC § 777 may be for weapon possession).

JH E3) Number of 601 bookings this month:

Regardless of length of stay, report the total number of bookings into the reporting agency's juvenile hall(s) for WIC § 601 offenses (truancy, runaway, breaking curfew, minor in possession of alcohol [25662 BP]) during the reporting month. If the reporting agency maintains a policy preventing WIC § 601 bookings, report "D."

JH E4) Number of 777 bookings this month:

Report the total number of juveniles booked into the reporting agency's juvenile hall(s) this month **only** for a violation of probation (WIC § 777). If the juvenile is booked in for a new offense as well as the probation violation, do not report here.

JH E5) Number of direct file (WIC §§ 602(b) and 707(d)) bookings this month:

As of March 2026, this variable is no longer collected (NC).

QUARTERLY SURVEY

Section A. Final Month of the Quarter (One-Day Snapshot)

SECTION A. Final Month of the Quarter (One-Day Snapshot)			
Juvenile Halls Only			
Pre-Disposition Juveniles who are:			
Detained for a 707(b) offense			
Post Disposition Minors who are:			
Awaiting placement		Awaiting transfer to Youth Authority	NC
Awaiting transport to a camp		Court commitments to juvenile hall (Ricardo M)	
Juveniles in the Adult Court Process who are:			
Found unfit per 707.01 WIC		Direct files to Adult Court-602(b) and 707(d) WIC	NC
All Detention Facilities			
Hospitalized outside detention facility for MEDICAL CARE			
Hospitalized outside detention facility for MENTAL HEALTH CARE			
Believed to be criminal aliens			NC

Secure Youth Treatment Facilities (SYTF): Throughout the Monthly and Quarterly surveys, it is important to capture juvenile hall(s), camp(s), secure youth treatment facilities (SYTF), and “other juveniles” (i.e. juveniles on home supervision - with and without electronic monitoring - and juveniles in alternative custody programs, who are receiving custody credit) **separately**.

- SYTFs should **not** be captured under “juvenile hall(s)” or “camp(s).” If SYTF data is not specifically requested, do not include it.
- If only juvenile hall(s), camp(s), and “other juveniles” are requested (and not SYTFs specifically), do **not** add SYTF data into “other juveniles.” In this case, SYTF data should be omitted. “Other juveniles” represents juveniles on home supervision – with or without electronic monitoring – and juveniles in alternative custody programs, who are receiving custody credit.

Important Note:

Furloughed Juveniles: Juveniles who have been furloughed as part of their disposition should only be included while they are physically residing/housed within the facility. Do not count them in the Average Daily Population (ADP), One-Day Snapshot, or other relevant counts while they are out on furlough.

ONE-DAY SNAPSHOT: The time and date to be used for the snapshot is **0600 hours** on the **15th day of the final month of the quarter**.

- **Juvenile Halls Only:** Report only those juveniles in **Juvenile Hall(s)**.

- **Pre-Disposition Juveniles who are:** report those juveniles who have not yet received their final disposition.
 - JH ● **Detained for a 707(b) offense:**
Report the number of juveniles **in the reporting agency’s detention facilities** who are charged with one or more offenses outlined in WIC § 707(b) (see page 21 for qualifying offenses) and are pre-disposition.
- **Post-Disposition Minors¹ who are:** report those juveniles who have received their final disposition.
 - JH ● **Awaiting placement:**
Report the number of juveniles ordered to and awaiting transfer to a placement, such as a short-term residential therapeutic program (STRTP), foster home, program, or treatment facility.
 - JH ● **Awaiting transport to a camp:**
Report the number of juveniles committed to and awaiting transfer to a camp or ranch program, whether it is operated by the reporting agency or another agency or entity. Record “D” if your county never transfers youth to internal or external camps.
 - JH ● **Awaiting transfer to Youth Authority:**
As of March 2026, this variable is no longer collected (NC).
 - JH ● **Court commitments to juvenile hall (Ricardo M.²):**
Enter the number of juveniles serving a court-ordered period of detention in the juvenile hall (*Ricardo M. is only one example of the types of possible court commitments to juvenile hall*).
- **Juveniles in the Adult Court Process who are:** report those juveniles whose cases are being heard in the adult court.
 - JH ● **Found unfit per 707.01 WIC:**
Report the total number of juveniles who are in the adult court process after being found unfit for juvenile court pursuant to WIC § 707.01. Youth who are “fighting fitness” are not counted in this section.
 - JH ● **Direct files to Adult Court-602(b) and 707(d) WIC:**
As of March 2026, this variable is no longer collected (NC).
- **All Detention Facilities:** Report on juveniles housed in all agency facilities, even if they have been counted in the previous section. Report the total number of **juveniles in all facilities, including juvenile hall(s), camp(s), and secure youth treatment facilities (SYTF)**. Do not report on alternative confinement programs (“other juveniles”) in this section.
 - JH ○ **Hospitalized outside detention facility for MEDICAL CARE:**
Camp
SYTF

¹ While the variable title refers to “minors,” the intention is to capture post-disposition *youth* totals.

² *Ricardo M.* refers to the *In re Ricardo M.* ruling that established that a juvenile court has the authority to impose a short-term commitment to juvenile hall as a condition of probation. This is only an example of the type of court commitments to juvenile hall.

Report the total number of juveniles who were **admitted to a hospital** outside the detention facility for **medical** reasons and were at the hospital at 0600 hours on the 15th day of the final month of the quarter.

JH
Camp
SYTF

○ **Hospitalized outside detention facility for MENTAL HEALTH CARE:**

Report the total number of juveniles who were **admitted to a hospital** outside the detention facility for **mental health** reasons and were at the hospital at 0600 hours on the 15th day of the final month of the quarter.

JH
Camp
SYTF

○ **Believed to be criminal aliens:**

As of March 2026, this variable is no longer collected (NC).

Section B. Breakdown by Age for Juveniles in Detention (One-Day Snapshot)

Section B. Breakdown by Age for Juveniles in Detention (One-Day Snapshot)			
Number of juveniles in detention, in each age range, in each category	Age Ranges	Juvenile Hall(s)	Camps
	Under 12		
	12 to 14		
	15 to 17		
	18 and over		
	Total	(autofill)	(autofill)

ONE-DAY SNAPSHOT: The time and date to be used for the snapshot are **0600 hours** on the 15th day of the **final** month of the quarter.

➤ **Number of juveniles in detention, in each age range, in each category:**

JH
Camp

- **Age Ranges:** Report the total number of juveniles in each of the listed age ranges (under 12, 12 to 14, etc.).
- **Juvenile Hall(s) & Camps:** Report totals for juvenile halls and camps separately. **Do not** include juveniles in SYTFs or in alternative confinement programs (“other juveniles”).
- Report “D” for each age category if the reporting agency does not operate a juvenile hall or a camp, respectively. In this case, the respective total will auto-populate to “0” (zero).

Section C. Average Length of Stay

Section C. Average Length of Stay	
1) Juvenile Hall (all releases)	
A) Juvenile Hall to Camps	
B) Juvenile Hall to other out-of-home placements (i.e. group homes or foster homes)	
C) Juvenile Halls who were found unfit (per juvenile court)	
D) Juvenile Hall who were direct filings to adult court	NC
2) Camps (all releases)	

All data to be reported in this section are **Average Length of Stay in days** for juveniles who were **released** from detention **during the quarter**.

Length of stay for each individual juvenile includes **all continuous days served from date of intake to date of release**, including any days of that stay which were served during the previous reporting period(s).

AVERAGE LENGTH OF STAY is calculated by:

- counting the number of days served by each juvenile released from custody during the quarter in a particular category,
- adding these days together, and
- dividing this sum by the total number of juveniles released in each category.
- See **Sample Calculations of Average Length of Stay (ALS)** (page 22) for Average Length of Stay calculations.

Other considerations when reporting Average Length of Stay:

- If there were no releases in the category in question, record “U” for “unavailable” this quarter. **DO NOT USE ZEROS**. Response choices are:
 - length of stay in days,
 - “U” for “unavailable,” OR
 - “D” for “does not apply” (indicating that the facility never accepts juveniles in custody in that category).
- If a juvenile is released from juvenile hall during the quarter and then detained a separate time that quarter, he/she will have **two separate lengths of stay**.
- SYTF releases should be excluded from all categories.
- If a juvenile’s status changes while they are in the juvenile hall, use the category from which they were released (e.g., if a juvenile is found unfit while in juvenile hall, they would fall under category C).
- Report all average lengths of stay to the **first decimal point**.

- When reporting Average Length of Stay across multiple juvenile halls:
 - Add lengths of stay for **all juveniles** who were released across **all juvenile halls**, and
 - Then divide by the number of individuals released.
 - **Do not** average the separate facilities' Average Lengths of Stay.
 - This also applies when reporting Average Length of Stay across multiple camps.

JH

1) Juvenile Hall (all releases):

Record the Average Length of Stay (ALS) for **all juveniles released from juvenile hall** during the quarter. Report only juveniles released from **juvenile hall(s)**; do not include juveniles released from camps, secure youth treatment facilities (SYTF), or alternative confinement programs (“other juveniles”).

- Furloughed juveniles: Report juvenile in an ALS category only after they are officially released and will not return to the facility. Do not include intermittent releases (ins and outs) in the total ALS calculation.

JH

A) Juvenile Hall to Camps:

Record the Average Length of Stay for **all juveniles who were released from juvenile hall to a camp (whether the camp was operated by the reporting agency or another agency)** during the quarter.

JH

B) Juvenile Hall to other out-of-home placements (i.e. group homes or foster homes)

Record the Average Length of Stay for **all juveniles who were released from juvenile hall to an out-of-home placement** during the quarter. Out-of-home placements may include short term residential therapeutic program (STRTP) (group homes), foster homes, **or other local programs**.

JH

C) Juvenile Halls who were found unfit (per juvenile court)

Record the Average Length of Stay for **all juveniles who were released from juvenile hall during the quarter who had been found unfit for juvenile court**.

- “Unfit” ALS calculations should include the duration of when the juvenile was booked (regardless of when they were found unfit) until they are released.

JH

D) Juvenile Hall who were direct filings to adult court

As of March 2026, this variable is no longer collected (NC).

Camp

2) Camps (all releases):

Record the Average Length of Stay (ALS) for **all juveniles who were released from camps** during the quarter. Report only juveniles released from **camp(s)**; do not include juveniles released from juvenile halls, secure youth treatment facilities (SYTF), or alternative confinement programs.

- This only applies to juveniles released from a camp that the reporting agency operates and reports on for the JDPS. If a juvenile AWOLs from the camp and is returned to finish his/her program, this may be calculated as a single length of stay (while they are physically in the facility).

- Do not report juveniles released from juvenile halls or secure youth treatment facilities (SYTF).
- Furloughed juveniles: report juveniles in an ALS category only after they are officially released and will not return to the facility. Do not include intermittent releases (ins and outs) in the total ALS calculation.

Section D. Cumulative Total for the Quarter

Section D. Cumulative Total for the Quarter			
Detainee Behavior	Juvenile Halls	Camp(s)	Other Detention
1) Assaults by juveniles on staff	<input type="text"/>	<input type="text"/>	<input type="text"/>
2) Escapes	<input type="text"/>	<input type="text"/>	<input type="text"/>
3) Suicide Attempts	<input type="text"/>	<input type="text"/>	<input type="text"/>
4) Suicides	<input type="text"/>	<input type="text"/>	<input type="text"/>

Report each of the quarterly totals requested in this section separately for juvenile halls, camps, and other detention. **Do not** include juveniles in secure youth treatment facilities (SYTF).

- JH ➤ **Juvenile Halls:**
Record juveniles held in juvenile halls. Do not include juveniles in SYTFs. Record “D” if your reporting agency does not have a juvenile hall or SPJH.
- Camp ➤ **Camp(s):**
Record juveniles held in camp(s). If a reporting agency does not run a camp, report “D” for categories 1 through 4.
- ACP ➤ **Other Detention:**
“Other detention” refers to **juveniles reported as “other juveniles,”** which includes juveniles on home supervision – with or without electronic monitoring – and juveniles in alternative custody programs (ACPs), such as work programs and day or evening centers. To be considered as “other detention,” the juvenile **must receive custody credit** for their participation. See page 8 for revised legal guidelines for reporting juveniles receiving custody credit on home supervision with electronic monitoring. If a reporting agency does not provide custody credit to youth in “other detention,” report “D” for categories 1 through 4.

➤ **Detainee Behavior:**

1) Assaults by juveniles on staff:

Report the total number of instances in which a juvenile physically assaulted and/or committed battery against a staff member. Include **only those instances of assault and/or battery that resulted in charges being referred to the District Attorney.** For assaults on staff involving multiple juveniles, count each juvenile as a separate assault. For assaults against multiple staff by a single juvenile, count each instance of assault and/or battery that resulted in charges being referred. **Do not include** staff members who suffered an injury during use-of-force that was not a result of deliberate assault by the youth.

For “other juveniles,” - juveniles on home supervision (with or without electronic monitoring) or those in alternative custody programs - report the total number of instances in which a juvenile physically assaulted and/or committed battery against a staff member (e.g., probation officer, agency staff, service provider) and only if that incident was referred to the DA’s office for charges.

If the assault and the filing of charges with the DA’s office occurred during different reporting periods, report the assault during the quarter in which the charges were **filed with the DA**.

2) Escapes:

Report the total number of instances in which a juvenile fled the custody of one of the reporting agency’s detention or commitment facilities, without authorization, and formal action was pursued.

For “other juveniles,” - juveniles on home supervision (with or without electronic monitoring) or those in alternative custody programs - report the total number of instances in which a juvenile ran away from supervision/programming or removed their monitoring device, and formal action was pursued.

3) Suicide Attempts:

Report the **total** number of instances in which a juvenile made a physical attempt at suicide **that required staff intervention** and placement on suicide watch (e.g., five-minute watches or one-on-one direct visual supervision). **Do not include** juveniles who have made a verbal threat or were identified as suicidal because of notice upon admission related to prior history.

4) Suicides:

Report the total number of instances in which a juvenile in one of the reporting agency’s facilities or alternative custody programs died by suicide.

Appendix I: Offences in Welfare and Institutions Code (WIC) § 707(b) (2024)

§ 707. [...] (b) This subdivision is applicable to any case in which a minor is alleged to be a person described in Section 602 by reason of the violation of one of the following offenses:

- (1) Murder.
- (2) Arson, as provided in subdivision (a) or (b) of Section 451 of the Penal Code.
- (3) Robbery.
- (4) Rape with force, violence, or threat of great bodily harm.
- (5) Sodomy by force, violence, duress, menace, or threat of great bodily harm.
- (6) A lewd or lascivious act as provided in subdivision (b) of Section 288 of the Penal Code.
- (7) Oral copulation by force, violence, duress, menace, or threat of great bodily harm.
- (8) An offense specified in subdivision (a) of Section 289 of the Penal Code.
- (9) Kidnapping for ransom.
- (10) Kidnapping for purposes of robbery.
- (11) Kidnapping with bodily harm.
- (12) Attempted murder.
- (13) Assault with a firearm or destructive device.
- (14) Assault by any means of force likely to produce great bodily injury.
- (15) Discharge of a firearm into an inhabited or occupied building.
- (16) An offense described in Section 1203.09 of the Penal Code.
- (17) An offense described in Section 12022.5 or 12022.53 of the Penal Code.
- (18) A felony offense in which the minor personally used a weapon described in any provision listed in Section 16590 of the Penal Code.
- (19) A felony offense described in Section 136.1 or 137 of the Penal Code.
- (20) Manufacturing, compounding, or selling one-half ounce or more of a salt or solution of a controlled substance specified in subdivision (e) of Section 11055 of the Health and Safety Code.
- (21) A violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code, which also would constitute a felony violation of subdivision (b) of Section 186.22 of the Penal Code.
- (22) Escape, by the use of force or violence, from a county juvenile hall, home, ranch, camp, or forestry camp in violation of subdivision (b) of Section 871 if great bodily injury is intentionally inflicted upon an employee of the juvenile facility during the commission of the escape.
- (23) Torture as described in Sections 206 and 206.1 of the Penal Code.
- (24) Aggravated mayhem, as described in Section 205 of the Penal Code.
- (25) Carjacking, as described in Section 215 of the Penal Code, while armed with a dangerous or deadly weapon.
- (26) Kidnapping for purposes of sexual assault, as punishable in subdivision (b) of Section 209 of the Penal Code.
- (27) Kidnapping as punishable in Section 209.5 of the Penal Code.
- (28) The offense described in subdivision (c) of Section 26100 of the Penal Code.
- (29) The offense described in Section 18745 of the Penal Code.
- (30) Voluntary manslaughter, as described in subdivision (a) of Section 192 of the Penal Code.

Appendix II: Sample Calculations of Average Length of Stay (ALS)

Average Length of Stay: Juvenile Hall (all releases)

▪ Amy was released home as soon as guardian arrived	1 day
▪ Bob was released after detention hearing	4 days
▪ Cal was released to a STRTP	42 days
▪ Don was released after 30-day court commitment	30 days
▪ Ernie was released after his commitment	<u>379 days</u>
	456 days

Average Length of Stay is 456 divided by 5 = **91.2 days**

Average Length of Stay: Camps (all releases)

▪ Frank AWOLed from camp and did not return	10 days
▪ Gary completed the program a week early because of good behavior and was released	53 days
▪ Hank completed the full two-month program and was released	60 days
▪ Ian was released after completing the program with time added due to discipline	<u>74 days</u>
	197 days

Average Length of Stay is 197 divided by 4 = **49.3 days**

Appendix III: Quick Reference Guide

1. Use "D" (Does Not Apply)
 - Enter D if the variable **never** applies to the reporting agency.
 - Example: The reporting agency does not run a camp.
 - Example: The reporting agency has a policy that explicitly prohibits 601 bookings.
2. Use "U" (Unavailable)
 - Enter U if the variable **sometimes** applies, but the data is not available for this reporting period.
 - Example: The reporting agency provides mental health services, but case data was not available at the time of submission
3. Use "0" (Zero)
 - Enter 0 if the variable **sometimes** applies, but it did not occur during the reporting period.
 - Example: The reporting agency transports youth to camp, but there were zero youth transported to camp this period.

Important Exception:

For the Quarterly Survey – Section C: Average Length of Stay, "0" is NOT a valid entry. If no releases occurred during this period, report "U."
