### Summary

This report provides a regular update on the local detention facility inspections completed during the 2025/2026 Biennial Inspection Cycle and a summary of current outstanding items of noncompliance for targeted inspections.

### Background

The 2025/2026 inspection cycle began on January 1, 2025, and will conclude on December 31, 2026. BSCC staff continue to track the status of corrective action plans for items of noncompliance identified during inspections. All county jails and juvenile detention facilities will receive a comprehensive inspection in 2025. Each county jail and juvenile detention facility will also receive a targeted inspection in 2026. Unannounced and follow-up inspections will continue throughout the inspection cycle, and Type I Jails, Temporary Holding Facilities, and Court Holding Facilities will also receive comprehensive inspections.

The list of outstanding items of noncompliance at adult facilities for the 2025 Annual Inspections is in attachment G-1 and can also be viewed here:
