

**Board of State and Community Corrections  
Assembly Bill 1050  
2015 Jail Profile Survey Executive Steering Committee**

The Board of State and Community Corrections is required to collect and maintain available information and data about state and community correctional policies, practices, capacities, and needs. Assembly Bill 1050 requires the Board, in consultation with subject matter experts, to develop definitions of specified key terms in order to facilitate consistency in local data collection, evaluation, and implementation of evidence-based programs. This workgroup will review the Jail Profile Survey and make recommends/refine definitions where necessary.
