

Adult Reentry Grant (ARG) Resources for Individuals Released from CDCR

As you may be aware some individuals in state prison will be released earlier than anticipated during the COVID-19 emergency. This will result in an increased need for access to resources and support at the local level. Below are the contact lists with project summaries of the services that may be available across California through the Adult Reentry Grant Program (ARG) to assist those individuals upon release from state prison. Please note however, that due to the COVID-19 emergency some of the ARG projects and services may also be impacted temporarily.
