Summary:

Current law prohibits committing a battery upon another person. Violation of this prohibition is punishable as a misdemeanor or felony, depending on the extent of injury. Under existing law, there is a penalty enhancement for a battery committed against a peace officer who is engaged in the performance of his or her duties. Current law defines "hate crime" as a criminal act committed, in whole or in part, because of actual or perceived characteristics of the victim, including, among other things, race, religion, disability, and sexual orientation. This bill would make any criminal act, except the crime of resisting, delaying, or obstructing an officer, committed in whole or in part because of the victim's status as a peace officer, as defined, a hate crime.

SB 421 establishes a process by which a Tier 1 or Tier 2 registrant may, at the expiration of the registration term, petition the Superior Court for relief from registration and removal from the state registry. The bill sets out the evidentiary and other criteria the court must follow in determining whether the individual qualifies for the requested relief. Provides for situations in which a Tier 3 lifetime registrant may petition the court to be moved to Tier 2. Makes other changes affecting the information that can be made public for registrants in each tier. The bill does not modify or provide relief from lifetime sex offender registration for juveniles committed to the state Division of Juvenile Justice.

Summary:

This bill overhauls the process of current law in WIC Section 709 for determining the competency of minors in delinquency proceedings. AB 935 expands the definition of incompetency, beyond inability to understand the proceedings or assist counsel, to include elements related to mental illness, development disability and immaturity. Under the bill, where doubt is raised as to the competency of a minor in a WIC 601 or 602 proceeding, the court must appoint an expert to evaluate the minor's condition and competency. AB 935 sets out qualifications for the expert including expertise in child and adolescent development, and it includes detail on the methods that must be employed by the expert in making his or her determination and recommendation to the court. Provides that additional experts may be retained by the district attorney or minor's counsel to supplement the testimony of the court appointed expert. Requires the competency determination to be made in an evidentiary hearing with a presumption that the minor is competent. If the minor is determined to be incompetent, the delinquency proceedings are to be suspended and the minor must be referred for services designed to restore competency. If it is determined that competency cannot be restored through remediation within six months, the court must dismiss the delinquency petition. If the court finds within this period that the minor has been remediated, the proceedings are to be reinstated. a reasonable period. Provides that secure confinement may not extend beyond six months after a finding of incompetency, and includes other provisions governing challenges to a finding that the minor has been remediated. Requires the Judicial Council to adopt court rules to implement the revised procedure. See also: AB 689 (Obernolte), a related proposal sponsored by the California Judicial Council. A key difference between AB 689 and this bill (sponsored by the Chief Probation Officers of California) is that AB 935 imposes a cutoff of six months for remediation efforts and secure confinement of an incompetent juvenile.

Summary:

Under the state's Continuum of Care Reform (CCR), as embodied in AB 403 (2015) and subsequent

It also requires the facilities to track and report changes in placement by reasons such as lack of health or education services or services for special population including LGBT and transgender youth. Summary:

Current law defines "probation" as the suspension of the imposition or execution of a sentence and the order of conditional and revocable release into the community. Current law requires a person placed on probation to be under the supervision of the county probation officer, and authorizes that officer to determine the level and type of supervision consistent with the conditions of probation ordered by the court. This bill would make technical, nonsubstantive changes to that provision.

Summary:

This bill reintroduces the content of last year's SB 941, eliminating costs that could be imposed on minors and parents by juvenile justice agencies. SB 190 would delete provisions in multiple sections of the Welfare and Institutions Code that now permit counties to assess minors and parents for the costs of juvenile processing, defense representation, detention, drug testing and placement. The bill is comprehensive in the sense that it strikes cost language from nearly every section of the Welfare and Institutions Code from Section 207.2 through and including Section 904. On the adult side the bill limits fees that can be imposed on adult defendants who are under the age of 21 for home detention, drug testing and electronic monitoring.

Summary:

Would authorize a county, or a qualified provider operating as part of the county mental health plan network, and a local educational agency to enter into a partnership to create a program that includes, among other things, targeted interventions for pupils with identified social-emotional, behavioral, and academic needs and an agreement that establishes a Medi-Cal mental health provider that is county operated or county contracted for the provision of mental health and substance use disorder services to pupils of the local educational agency and in which there are provisions for the delivery of campus-based mental health and substance use disorder services through qualified providers or qualified professionals to provide on-campus support to identify pupils with an individualized education program (IEP), and pupils who do not have an IEP, but who a teacher believes may require mental health or substance use disorder services and, with parental consent, to provide those services to those pupils.

Summary:

Current law establishes the jurisdiction of the juvenile court, under which a minor may be adjudged to be a dependent or ward of the court if the minor has been abused or neglected, or if the minor has violated a law or ordinance, respectively. Current law requires that minors under the jurisdiction of the juvenile court as a consequence of delinquent conduct receive care, treatment, and guidance that is consistent with their best interests, that holds them accountable for their behavior, and that is appropriate for their circumstances. This bill would make technical, nonsubstantive changes to that provision.

Summary:

This would require each state prison and county jail to provide incarcerated persons with reasonable access to outside victim advocates for emotional support services related to sexual abuse, domestic violence, and suicide prevention by allowing incarcerated persons to call the toll-free hotlines of organizations that provide mental health crisis support. Section 1067 of Title 15 requires that written policies and procedures be developed to allow reasonable access to telephones in local detention facilities. This measure would likely require the BSCC to modify its Title 15 regulations to account for this specific type of access.

Current law prohibits the court from sealing a record or dismissing a petition under this provision if the petition was sustained based on the commission of any specified serious or violent offense. Summary:

Current law requires the Commission on Teacher Credentialing to, among other duties, establish standards for the issuance and renewal of credentials, certificates, and permits. Existing law requires the commission to adopt regulations requiring every applicant for a credential, or for the renewal of a credential, to submit reasonable evidence of identification and good moral character. This bill would require the commission to authorize the use of an individual tax identification number in lieu of a social security number for purposes of applying for a credential, or the renewal of a credential, when an applicant cannot provide his or her social security number.

Summary:

Current law prohibits an application for a claim for compensation submitted by a victim of human trafficking from being denied solely because a police report was not made by the victim and requires the California Victim Compensation Board to consider and approve applications for assistance based on human trafficking relying upon evidence other than a police report to establish that a human trafficking crime has occurred. Current law permits that evidence to include any reliable corroborating information approved by the board. This bill would also authorize, as reliable corroborating information approved by the board, the inclusion of evidence that a county child welfare caseworker who provides child welfare services has attested by affidavit that the individual was a victim of human trafficking.
