PART I: GRANT INFORMATION

Grant Program Background

The Youth Reinvestment Grant (YRG) program was originally established in the 2018 Budget Act (Senate Bill 840, Chapter 29, Statutes of 2018) and the related trailer bill (Assembly Bill 1812, Chapter 36, Statutes of 2018). As recently amended by AB1454 (Chapter 584, Statutes of 2019), the 2019 Youth Reinvestment Grant program is aimed at diverting youth who are at risk of juvenile justice involvement from initial contact with the juvenile justice system using approaches that are evidence-based, culturally relevant, trauma-informed, and developmentally appropriate. Funds may also be used to prevent further involvement in the juvenile justice system for those youth who have already experienced initial contact. Grant funds will be used to target underserved communities with high rates of youth arrests. Applicants must be local government entities or nonprofit organizations. Local government applicants will be required to pass through 90 percent of awarded funds to nonprofit community-based organizations (interchangeably referred to in this document as Non-Governmental Organizations (NGOs)). NGOs that receive these funds must deliver services in underserved communities with high rates of youth arrests. The diversion services and alternatives to arrest, incarceration, and formal involvement with the juvenile justice system must also include one or more of the following components: educational services, including academic and vocational services; mentoring services; behavioral health services; and mental health services.

Total funding for the 2019 Youth Reinvestment Grant Program is \$10,500,000 over the course of the grant term, which is July 1, 2020 through June 30, 2023.

Grant Program Description

The purpose of this grant program is to fund programs and services that will divert youth who are at risk of system involvement away from the juvenile justice system. Selected grant programs will do so by funding evidence-based, trauma-informed, culturally relevant, and developmentally appropriate diversion options at various points of entry to the juvenile justice system. While the primary goal of this grant program is to avoid initial contact with law enforcement, grant funds may also be used to avert further involvement in the juvenile justice system for those who have already had contact. Diversion programs must incorporate at least one of the following: educational services, including academic and vocation services; mentoring services; mental health services; or behavioral health services.

Eligible Youth

Programs funded under this grant must serve youth who are under 18 at the time of program enrollment or who are 18 or older but under continuing juvenile court jurisdiction (including youth being processed for probation violations). These funds are intended to provide services to youth who would otherwise face entry into the juvenile justice system – either for the first time or for a subsequent contact. Funds are intended to target youth who are living in underserved communities.

Eligible Activities

Applicants may implement new activities/programs or expand existing activities/programs. Funds may be used to support various types of diversion approaches, e.g., pre-arrest diversion, community-based referral programs, restorative justice diversion, or other approaches designed to achieve desired diversion results. In addition, it is acceptable to include approaches that target one or more points of entry to the juvenile justice system. Different entry points could include school, law enforcement, probation, court, and family or self-referral. Applicants must demonstrate a clear referral plan and process that ensures participant confidentiality. Applicants must also demonstrate a commitment to avoid net-widening, i.e., enrolling youth into a diversion program if their needs could be met at an even lower level of intervention. Service providers are expected to accept calls from anyone who would otherwise call law enforcement. Applicants are encouraged to engage community-based organizations early in the process to assess what needs can best be met with the service providers available in the target area.

Eligibility to Apply

Eligible applicants for 2019 Youth Reinvestment Grant Program awards are:

- Local Governmental Entities in California – eligible agencies could include, but are not limited to, county child welfare agencies, county probation departments, county behavioral health departments, county public health departments, school districts, and county offices of education.
- Nonprofit Organizations in California – defined as private, community-based organizations that are exempt from taxation pursuant to Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code, that are nongovernmental, and that do not carry out any law enforcement duties.

Each applicant may only submit one (1) proposal for funding under the 2019 Youth Reinvestment Grant.

PLEASE NOTE: Entities that received 2018 YRG funds as either a direct applicant or a passthrough entity are not eligible to receive or be awarded funds under the 2019 YRG Program. This also means that applicants that are awarded 2019 YRG funds may not subcontract or passthrough funds to any entities that received 2018 YRG funds. The purpose of the 2019 YRG is to award these limited funds to different grantees and to have these grantees sub-contract with different NGOs. The goal is to expand the number of applicants, service providers, and youth participants.

Nonprofit organization applicants must submit proof of nonprofit status. These applicants must demonstrate that they are registered to do business in the State of California, are active and have been in good standing status with the Secretary of State for the last six months by submitting:

- A copy of the applicant's registration and active status on the Secretary of State's database (<https://businesssearch.sos.ca.gov/>).
- A Letter of Determination from the IRS or the most recent 990 IRS form.

Criteria for All Non-Governmental Organizations

All NGOs that receive 2019 YRG funds as direct grantees or as a pass-through from a local governmental entity must have tax exempt status per Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code. In addition, any NGO that receives 2019 YRG Grant funds (as a grantee, a subgrantee or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least six months prior to the effective date of its fiscal agreement with the BSCC or with the YRG grantee. Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the grantee-subcontractor fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address (an exception may be made for Indian Tribes).

All applicants must submit Appendix B, Criteria for NGOs receiving 2019 YRG Grant funds as part of the completed RFP package to document the compliance of any NGOs identified as partners in the proposal. All grantees must submit updated Appendix Bs throughout the life of the grant agreement for any additional NGOs that may be awarded 2019 YRG Grant funds through subcontracts after awards are made. The BSCC will not reimburse for costs incurred by NGOs that do not meet the BSCC's requirements.

Mandatory Pass-Through Requirements for Local Government Applicants

All 2019 YRG grantees that are local governmental entities must pass through at least 90 percent of their grant award to nonprofit organizations. Only nonprofit organizations that are community-based, non-governmental, non-law enforcement agencies may be counted as fulfilling this pass-through requirement. A few examples of entities that would NOT count toward the pass-through requirement include county probation departments, parks & recreation departments, grant management business or agencies, auditors, and evaluators.

Project Funding Information

Grant Period

Successful applicants will be funded for a three-year period commencing on July 1, 2020 and ending on June 30, 2023.

Funding Amount

A total of \$10,500,000 in state funding is available. The minimum amount for which any single applicant may apply is \$50,000 and the maximum is \$2 million.

Applicants are encouraged to request only the amount of funds needed to support their proposal and the amount that can be justified with supporting documentation/information. All applicants must build their proposal, objectives, activities, timelines, and budget information for all three years of the grant cycle. For example, if an applicant is requesting the \$2,000,000, the budget must add up to \$2,000,000 and the budget detail must clearly illustrate the line items within which that \$2,000,000 will be spent over the three-year grant period.

Funding Categories and Funding Threshold

The total available funding of \$10,500,000 will be awarded within three categories. Recognizing that different applicants have different capacities, resources, and needs, these categories were established so that small and medium sized projects do not compete against larger projects. There is a maximum amount of funding set aside for each category and applicants will compete with other applicants in their category.

The categories and amounts available for each are as follows:

Project Category	For Applicants Requesting:	Funds Allocated to this Category
1) Small Request	Up to \$600,000 for the entire grant period	\$2,500,000
2) Medium Request	More than \$600,000 and up to \$1.2 million for the entire grant period	\$4,000,000
3) Large Request	More than \$1.2 million and up to \$2 million for the entire grant period	\$4,000,000
Total:		\$10,500,000

Note: Applicants must receive at least 60% of the total points available to be considered for funding (see Rating Factors, page 10). If there are not sufficient qualified applicants in one category to exhaust all funds, those funds will first be used to fully fund any partially funded proposal in another category and then recommended for the highest rated proposals that were qualified applicants regardless of category.

Match Requirement

The 2019 Youth Reinvestment Grant Program requires that applicants provide a 25 percent match. An applicant may provide less than a 25 percent match but no less than a ten percent match if the applicant has a high need coupled with low or no local infrastructure for diversion programming. Examples include, but are not limited to, lack of funding for diversion services, inability to hire or train staff, lack of cross-departmental agency support, insufficient support services in community, etc. At both the 25 percent and the 10 percent level, the match amount may be met through cash or in-kind contributions.

In-kind match, also known as soft match, is the project's contribution of non-cash outlay of materials or resources to support a percentage of 2019 YRG Program activities. It may include non-cash outlay contributed by other public agencies and institutions, private organizations, and/or individuals. Examples include leveraged or donated professional services, office supplies, equipment, and volunteer time.

In general, the value of in-kind contributions is determined by fair market value or actual value, which must be identified separately in the application budget. Projects must maintain documentation to support the claimed match on all invoices submitted to the BSCC.

Reporting of match expenditures, whether cash or in-kind, need not be made in exact proportion to the expenditure of grant funds. However, the full match contribution must be expended by the end of the grant cycle to receive all funds allocated.

Applicants are encouraged to budget only for the required match. There is no priority given to an applicant for matching more than the required percentage. An awardee who applies for a specific match percentage will be held to that figure by contract and therefore, will not be allowed to reduce their contractually obligated match amount, even if it exceeds 25 percent.

Supplanting

Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

Supplanting is strictly prohibited for all BSCC grants. BSCC grant funds shall be used to support new program activities or to augment existing funds which expand current program activities. BSCC grant funds shall not be used to replace existing funds.

It is the responsibility of the Grantee to ensure that supplanting does not occur. The Grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

Project Evaluation Requirements

In addition to quarterly progress reports, projects selected for funding will be required to submit to the BSCC: (1) a Local Evaluation Plan (four months post-award) and, (2) a Local Evaluation Report (three months after the conclusion of the grant). See Appendix A, Glossary of Terms, for key definitions related to project evaluation.

Local Evaluation Plan - The purpose of the Local Evaluation Plan (LEP) is to ensure that projects funded by the BSCC can be evaluated. Applicants will be expected to include a detailed description of how they plan to assess the effectiveness of the proposed program in relation to each of its goals and objectives identified in the proposal. The LEP should describe the evaluation design or model that will be used to evaluate the effectiveness of the project component(s), with the project goals and the objectives clearly stated. Applicants should include criteria for both process and outcome evaluations. Once submitted, any modifications to the LEP must be approved in advance by the BSCC. More detailed instructions on the LEP will be made available to successful applicants. See Appendix E for a sample of evaluation plan components.

Local Evaluation Report - Following project completion, grantees are required to complete a final Local Evaluation Report (LER) which must be in a format prescribed by the BSCC. The purpose of the final LER is to determine whether the overall project was effective in meeting the goals laid out in the LEP. To do this, the grantee must assess and document the effectiveness of the activities that were implemented. These activities should have been identified in the previously submitted LEP. More detailed instructions on the LER will be made available to successful applicants.

Applicants are strongly encouraged to identify research partners early on and include them in the development of the proposal, to better ensure that the goals and objectives listed in the proposal are realistic and measurable. Applicants are also encouraged (but not required) to use outside evaluators to ensure objective and impartial evaluations. Specifically, applicants should consider partnering with state universities or community colleges for evaluations. Evaluation planning, oversight, and reporting activities may be funded by the 2019 Youth Reinvestment Grant Program monies, identified matching funds, or another source. If grants funds will be used, they must be included in the applicant's proposed budget.

BSCC Executive Steering Committee Process

2019 Youth Reinvestment Grant Program Executive Steering Committee

To ensure successful program design and implementation, the BSCC uses Executive Steering Committees (ESCs) and Advisory Groups to inform decision making related to the Board's programs. These committees are composed of subject matter experts and stakeholders representing both the public and private sectors. The BSCC makes every attempt to include diverse representation on its ESCs and Advisory Groups - in breadth of experience, geography, and demographics. ESCs are convened and approved by the BSCC Board, as the need arises, to carry out specified tasks including the development of RFPs for grant funds. The Board then approves, rejects, or revises those recommendations. Members of ESCs are not paid for their time but are reimbursed for travel expenses incurred to attend meetings.

The 2019 Youth Reinvestment Grant ESC includes subject matter experts on community engagement, trauma-informed care, youth diversion programs, prevention and intervention programs, mental/behavioral health, and law enforcement. A list of ESC members can be found in Appendix G.

Conflicts of Interest

Existing law prohibits any grantee, subgrantee, partner or like party who participated on the above referenced 2019 Youth Reinvestment Grant ESC from receiving funds from the grants awarded under this RFP. Applicants who are awarded grants under this RFP are responsible for reviewing the 2019 Youth Reinvestment Grant ESC membership roster and ensuring that no grant dollars are passed through to any entity represented by any member of the ESC.

Overview of the RFP Process

Confirmation of Receipt of Proposal

Upon submission of a proposal, applicants will receive an electronic auto-confirmation email from the BSCC stating that the proposal has been received.

Disqualification – **PLEASE REVIEW CAREFULLY**

The following will result in an automatic disqualification:

- An electronic version of the complete proposal package is not received by 5:00 p.m. PST on February 14, 2020.

 - 1.5-line spacing

- The Proposal Narrative exceeds 10 numbered pages in length.
- The Budget Attachment (Excel document), both tables and narrative, is incomplete or the total amount included in the budget table does not match the requested amount included elsewhere in the application.
- The Proposal Package does not contain all required sections:
 - Coversheet – accurately completed
 - Checklist – filled out and signed

- The applicant's funding request was more than \$2 million.
- The nonprofit applicant did not provide proof – or the proof provided is not current – that they are registered to do business as a nonprofit in the State of California, are active and have been in good standing with the Secretary of State for the last six months by submitting:
 - A copy of the applicant's registration and active status on the Secretary of State's database (<https://businesssearch.sos.ca.gov/>).
 - A Letter of Determination from the IRS or the most recent 990 IRS form.
- The local governmental entity applicant did not indicate its intention to pass through at least 90 percent of any awarded funds to a nonprofit organization and include that amount in the Budget Attachment.

NOTE: Disqualification means that the proposal will not move forward to the ESC for the Proposal Rating Process and, therefore, will NOT be considered for funding.

Rating Process

Unless disqualified, proposals will advance to the Proposal Rating Process. The 2019 Youth Reinvestment Grant ESC members will read and rate each proposal in accordance with the prescribed rating factors listed in the table below.

The ESC members will base their scores on how well an applicant addresses the items listed under each rating factor within the Proposal Narrative and the Budget. Following the proposal rating process, the ESC will develop funding recommendations for consideration by the BSCC Board. It is anticipated that the BSCC Board will act on the

funding recommendations of the ESC at its meeting on June 11, 2020. All applicants will be notified of the Board's funding decision. Applicants and partners are not permitted to contact members of the ESC or the BSCC Board Members to discuss proposals.

Rating Factors

The Rating Factors to be used and the maximum points assigned to each factor are shown in the table below. Applicants are asked to address each of these factors as a part of their proposal. The ESC assigned a percent value to each of the Rating Factors, correlating to its importance (see Percent of Total Value column).

	Rating Factors	Point Range	Percent of Total Value	Weighted Rating Factor Score
1	Project Need	1 - 5	35%	105
2	Project Description	1 - 5	35%	105
3	Organizational Capacity and Coordination	1 - 5	15%	45
4	Data Collection/Evaluation	1 - 5	5%	15
5	Project Budget	1 - 5	10%	30
Maximum Possible Proposal Score:			100%	300

Raters will score an applicant's response in each of the Rating Factor categories on a scale of 1 to 5, according to the Five-Point Rating Scale shown below. Each rating factor score is then weighted according to the "Percent of Total Value" column (determined by the ESC) associated with each Rating Factor to arrive at the final Weighted Score for each Rating Factor and then added together for a final overall proposal score.

Threshold/Minimum Score

An applicant must meet a threshold of **60%**, or minimum score of **180** total points, to be considered for funding.

Five-Point Rating Scale

Poor 1	Fair 2	Satisfactory 3	Good 4	Excellent 5
The response addresses the criteria in a very inadequate way.	The response addresses the criteria in a non-specific or unsatisfactory way.	The response addresses the criteria in an adequate way.	The response addresses the criteria in a substantial way.	The response addresses the criteria in an outstanding way.

General BSCC Grant Requirements

Grant Agreement

Applicants approved for funding by the BSCC are required to enter into a Grant Agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement. See Appendix H for a sample contract (State of California: Contract and General Terms and Conditions).

The Grant Agreement start date is expected to be July 1, 2020. Grant Agreements are considered fully executed only after they are signed by both the Grantee and the BSCC. Work, services, and encumbrances cannot begin prior to the Grant Agreement start date. If a grantee chooses to incur costs for reimbursement, any work, services, and encumbrances which occur after the start date but prior to grant agreement execution may not be reimbursed. Grantees are responsible for maintaining their Grant Agreement, all invoices, records, and relevant documentation for at least three (3) years after the final payment under the contract.

Governing Board Resolution

Local governmental applicants must submit a resolution from their governing board addressing specified requirements as included in the sample Governing Board Resolution, which can be found in Appendix D. A signed resolution is not required at the time of proposal submission; however, grant recipients must have a resolution on file before a fully executed grant agreement can be completed.

Nonprofit applicants must submit a resolution from their governing board that the individual signing the application for 2019 Youth Reinvestment Grant funding is authorized on behalf of the governing board to submit the grant proposal for this funding and sign the Grant Agreement with the BSCC, including any amendments thereof.

Audit Requirements

The BSCC reserves the right to call for a program or financial audit at any time between the execution of the grant agreement and three (3) years following the end of the grant period.

The Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this grant.

Grantee Orientation Process

Following the start of the grant period, BSCC staff will conduct a Grantee Orientation in Sacramento (at a date to be determined later). The purpose of this mandatory session is to review the program requirements, invoicing and budget modification processes, data collection and reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer, and Day-to-Day Contact must attend. Grant recipients may use 2019 YRG funds for travel-related expenditures such as airfare, mileage, meals, lodging, and other per diem costs. Applicants should include anticipated travel costs in the budget section of the proposal under the "Other" category.

Funding Awards

The BSCC will disburse one-third of awarded funds within 75 days of the date the grant agreement is fully executed. The grantee shall agree to deposit grant funds into a banking account established by the grantee and the grant funds shall not be comingled with any other funds. Any interest earned on the account may only be used for allowable expenses during the grant period. Grantees shall only use grant funds for allowable costs and shall provide invoices and supporting documentation to the BSCC periodically or upon request. When a grantee expends 80% of the disbursed funds and has submitted the required documentation to the BSCC, and provided the grantee has met the other terms and conditions of the grant, the BSCC shall disburse an additional 1/3 of the award under the same terms and conditions. The final 1/3 of the award shall be disbursed after a grantee expends 80% of the total disbursed funds. Any unspent funds remaining at the end of the grant period must be returned to the BSCC.

The State Controller's Office (SCO) will issue the warrant (check) to the grantee as named on the application form for the grant. Grantees must submit invoices to the BSCC on a quarterly basis through the online process no later than 45 days following the end of each quarter. Grantees must maintain adequate supporting documentation for all costs claimed on invoices. BSCC staff will conduct on-site monitoring visits that will include a review of documentation maintained as substantiation for project expenditures.

Quarterly Progress Reports

Grant award recipients are required to submit quarterly progress reports to the BSCC. Progress reports are a critical element in BSCC's monitoring and oversight process. Grantees who are unable to demonstrate that they are making sufficient progress toward project goals and objectives and that funds are being spent in accordance with the Grant Agreement could be subject to the withholding of funds. Once grants are awarded, the BSCC will work with grantees to create custom progress reports. See Appendix I for a sample progress report.

Travel

Travel is usually warranted when personal contact by project staff is the most appropriate method of conducting project-related business. Travel to and from training conferences may also be allowed. The most economical method of transportation, in terms of direct expenses to the project and the employee's time away from the project, must be used. Projects are required to include sufficient per diem and travel allocations for project-related personnel, as outlined in the Grant Agreement, to attend any mandated BSCC training conferences or workshops outlined in the terms of the program.

Units of Government

Units of government may follow either their own written travel and per diem policy or the State's policy. Units of government that plan to use cars from a state, county, city, district car pool, or garage may budget either the mileage rate established by the car pool or garage, or the state mileage rate, not to exceed the loaning agency rate.

Non-Governmental Organizations (NGOs)

An NGO receiving BSCC funds must use the California State travel and per diem policy, unless the grantee's written travel policy is more restrictive than the State's, in which case it must be used. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares. This policy applies equally to NGOs that receive grant funds directly from the BSCC and those that receive grant funds indirectly through a subcontract with another NGO that received a BSCC grant award.

Out-of-State Travel

Out-of-state travel is restricted and only allowed in exceptional situations. Grantees must receive written BSCC approval prior to incurring expenses for out-of-state travel. Even if previously authorized in the Grant Award, grantees must submit to the BSCC a separate formal request (on grantee letterhead) for approval. Out-of-state travel requests must include a detailed justification and budget information.

In addition, California prohibits travel, except under specified circumstances, to states that have been found by the California Attorney General to have discriminatory laws. The BSCC will not reimburse for travel to these states unless the travel meets a specific exception under Government Code Section 11139.8(c). For additional information, please see: <https://oag.ca.gov/ab1887>.

Debarment, Fraud, Theft, or Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the BSCC will not enter into contracts or provide disbursements or reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three (3) years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the grant contract.

The BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All applicants must complete Appendix C certifying they are in compliance with the BSCC's policies on debarment, fraud, theft, and embezzlement.

Compliance Monitoring Visits

BSCC staff will conduct periodic monitoring of each project to assess whether the project is in compliance with grant requirements and making progress toward grant objectives. As needed, monitoring visits may also occur to provide technical assistance on fiscal, programmatic, evaluative, and administrative requirements. For your reference, a sample Monitoring Visit Checklist is contained in Appendix J.

Use of Effective Programs and Data-Driven Approaches¹

The BSCC is committed to supporting programs, practices, and strategies that are rooted in documented evidence showing they reduce youth risk factors and rates of recidivism while also considering participant characteristics, situations, and preferences.

Applicants are required to use data to drive conscientious decision-making in the development, implementation, and appraisal of their overall projects. Applicants should demonstrate that their proposal is linked to the implementation of practices and strategies supported by data. The following information is offered to help applicants understand the BSCC's broad view of data-supported practices and decision-making:

The BSCC is committed to supporting a focus on better outcomes in the criminal justice system and those involved in it. For the purposes of this RFP, applicants should focus on the following three basic principles:

1. **Is there evidence or data to suggest that the intervention, service, or strategy is likely to work, i.e., produce a desired benefit?** *For example, was the intervention, service, or strategy selected by the project used by another entity with documented positive results? Is there published research/information on the intervention the project has chosen to implement showing its effectiveness? Is the intervention or strategy being used by another entity with a similar problem and similar target population?*
2. **Once an intervention, service, or strategy is selected, will you be able to demonstrate that it is being carried out as intended?** *For example, does this intervention, service, or strategy provide for a way to monitor quality control or continuous quality improvement? If this intervention, service, or strategy was implemented in another area, are there procedures in place to ensure the model is being closely followed (so the project is more likely to achieve similar desired outcomes)?*
3. **Is there a plan to collect data that will allow for an appraisal of whether the intervention, service, or strategy worked?** *For example, will the intervention, service, or strategy selected allow for the collection of data or other information*

so outcomes can be measured at the conclusion of the project? Are there or will there be processes in place to identify, collect, and analyze that data/information?

Applicants are encouraged to develop an overall project that incorporates these principles but is tailored to fit the needs of the communities they serve. Plans to measure the effectiveness of a project should include the use of both qualitative and quantitative data/information. While quantitative data/information is based on numbers and mathematical calculations, qualitative data/information is based on written or spoken narratives. The purpose of quantitative data/information is to explain, predict, and/or control events through focused collection of numerical data, while the purpose of qualitative data/information is to explain and gain insight and understanding of events through collection of narrative data/information.

Applicants may find it helpful to review the information on evidence-based treatment practices in Appendix K of this RFP as well as in the Substance Abuse and Mental Health Services Administration's (SAMHSA) Guide to Evidence-Based Practices available at: www.samhsa.gov/ebpwebguide.

Reducing Racial and Ethnic Disparity

Research shows that youth and adults of color are significantly overrepresented in the criminal justice system in California². BSCC supports efforts to reduce racial and ethnic disparities and encourages others to do the same. The BSCC has undertaken a number of activities to ensure that California addresses this concern including trainings.

The YRG statute states that services must be located in communities (designated by zip code or neighborhood) with "high needs" and defines high needs as including racial or ethnic disparities in youth arrests that are higher than their representation in the county population. Applicants should, as relevant, describe how grant activities will impact the number of youth of color who are subject to justice system involvement.

For additional information about reducing racial and ethnic disparity (R.E.D.) applicants may contact the R.E.D. Coordinator, Field Representative Timothy Polasik, by telephone at (916) 621-2853 or by email Timothy.Polasik@bscc.ca.gov.

² Multiple studies confirm the disparities in the criminal and juvenile justice systems. The W. Haywood Burns Institute (<http://www.burnsinstitute.org/>) has worked extensively on this issue as has the National Council on Crime and Delinquency (NCCD) and the Center for Juvenile Justice Reform, Georgetown University (<https://cjjr.georgetown.edu/certificate-programs/reducing-racial-and-ethnic-disparities/>)

Narrative must be 1.5-line spaced and cannot exceed **1 page** in length. This section will not be included in the rating of the Proposal.

Proposal Narrative

Instructions: The Proposal Narrative must be submitted in Arial 12-point font with one-inch margins on all four sides. The narrative must be 1.5-line spaced and cannot exceed **10 numbered pages** in length. The Proposal Narrative should address the Project Need, Project Description, Organizational Capacity & Coordination, and Data Collection/Evaluation, using each of the four section headers exactly as provided. Within each section, address the bulleted items in a concise yet comprehensive narrative format. Do not include website links.

The 10-page limit for this section does not include the mandatory Cover Sheet, Proposal Checklist, Applicant Information Form, Proposal Abstract, Project Work Plan, Budget Table & Narrative, or other required attachments (see Proposal Checklist).

It is up to the applicant to determine how best to use the total 10-page limit in addressing each section; however, as a guide, the percent of total point value for each section is listed within each header.

1. Project Need (Percent of Total Value: 35%)

Address the following in narrative form:

Articulate a need that is pertinent to the intent of the 2019 YRG Program. The elements that comprise the Project Need section are listed below. Addressing each element does not itself merit a high rating; rather, it is the quality of the response to each element that will be evaluated. This is the case for all of the rating factors.

- Define the target population of youth to be served by these grant funds. This should include details such as gender, age, race/ethnicity, prior contact/involvement with the justice system, risk factors, and any other data that supports the need for services within the identified population.
- In consideration of the various diversion options available, describe the diversion needs of the specific target population to be served.
- Identify existing gaps in available resources, services, and/or activities within the proposed project area for the target population.

- Explain any methods that were used to conduct outreach and/or gather input from interested parties in order to determine the need presented in this proposal.
- Use quantitative and/or qualitative data, as well as other relevant supporting information, to support the identified need. High need status can be documented and supported by available statewide databases and/or other data and information sources the applicant can access and provide.
- Explain how the described project need is related to your service area's high arrest rates and, as relevant, to racial/ethnic disparities.

Rating Criteria for Project Need (scored on a scale of 1 – 5; weighted at 35%)	
1.1	The applicant identified the specific target population to be served (e.g., gender, age, race/ethnicity, prior contact/involvement with the justice system, risk factors, and/or other supporting data).
1.2	The applicant described the diversion needs of the target population selected.
1.3	The applicant identified service gaps that contribute to the need.
1.4	The applicant solicited community input in determining the need.
1.5	The applicant provided relevant qualitative and/or quantitative data with citations in support of the need.
1.6	The applicant described the project need related to high arrest rates and racial/ethnic disparity.

2. Project Description (Percent of Total Value: 35%)

Address the following in narrative form:

- Describe the relationship between the proposed services/interventions to be delivered and the population of youth to be served.
- Explain the ways in which the proposed services/interventions are evidence-based or promising, trauma informed, culturally relevant, and developmentally appropriate for the target population and the community.
- Considering your proposed service area and target population, identify how and where diversion services will be delivered. Estimate the number of youth to be provided services under this grant.
- Explain how the proposed project will reduce the number of youth who are involved in the justice system.
- Describe your plan and process for how youth will be referred under the proposed project, including information about who can refer youth to the program

and at what point along the justice system continuum (e.g., pre-arrest, before filing a petition, etc.) youth may be referred.

- Articulate the proposed process for identifying the specific needs of referred youth and then meeting those needs.
- Explain how service providers will ensure that only appropriate youth will be provided diversion services under this grant. This must include an adequate description of how youth will be selected or chosen for participation in the program. Describe any steps that will be taken to ensure youth who could be served with a less restrictive, less punitive option will be, i.e., that no net-widening will occur, and that only youth who would otherwise be going into the system or will penetrate deeper into the system will be provided services.
- Describe how a participant's non-compliance will be defined and addressed.
- Complete the Work Plan using the template provided in the proposal package at the end of the RFP to identify the project's top three goals and objectives.
 - Describe the relationship of the project's goals and objectives to the need and intent of the grant.
 - Identify how the top three goals will be achieved in terms of the activities, responsible staff/partners, and start and end dates.

Rating Criteria for Project Description (scored on a scale of 1 – 5; weighted at 35%)	
2.1	The applicant described the proposed services/interventions of the project in relation to the target population.
2.2	The applicant described the extent to which the services are evidence-based or promising, trauma informed, culturally relevant, and developmentally appropriate for the target population and the community.
2.3	The applicant described how and where the services will be delivered and an estimated number of youth to be served.
2.4	The applicant described how the proposed project will reduce the number of young people in the justice system.
2.5	The applicant described the project's referral process, identified who will refer and at what point in the justice system the youth will be diverted.
2.6	The applicant described how the needs of referred youth will be determined and met.
2.7	The applicant described how it will ensure that only appropriate youth will be provided diversion services and that any youth who could be handled with a less restrictive, less punitive option will be, i.e., that no net-widening will occur.
2.8	The applicant described how a participant's non-compliance with project requirements will be addressed.
2.9	The applicant has completed a Project Work Plan that is appropriate to the proposed project.

3. Organizational Capacity & Collaboration (Percent of Total Value: 15%)

Address the following in narrative form:

- Recognizing there are different types of applicants, describe the applicant agency's experience, staffing and/or partnerships that will ensure effective implementation of the proposed project. If applicable, identify the process and criteria that will be used for selecting program partners during project implementation.
- Identify the role of community-based service providers in your project. Describe the experience and expertise of identified service providers with serving at-risk youth populations.
- Explain the approach that will be used for partnering or integrating with formal justice system agencies as needed to ensure the effectiveness of the proposed project.

Rating Criteria for Organizational Capacity and Coordination (scored on a scale of 1 – 5; weighted at 15%)	
3.1	The applicant has described its experience, staffing and/or partnerships to implement the proposed project. If partners are to be selected after the grant is awarded, then specify the process for selecting those partners.
3.2	The applicant described how those providing services to youth will be involved in the project and demonstrated their experience with serving at-risk youth populations.
3.3	The applicant described how the proposed project will coordinate with formal justice system agencies as necessary to implement the project.

4. Data Collection/Evaluation (Percent of Total Value: 5%)

Address the following in narrative form:

- Describe the plan, or steps taken, to ensure that program data are collected, maintained, reported, and used as a management tool for program decision making.
- Confirm an ongoing commitment to adhere to the data collection methodology prescribed by the BSCC for data reporting purposes (e.g., quarterly progress report).
- Define a plan for working with the BSCC's appointed Evaluator to acquire data from internal and external agencies, as applicable, to assess/evaluate the YRG program.

Rating Criteria for Data Collection/Evaluation (scored on a scale of 1 – 5; weighted at 5%)	
4.1	The applicant described a plan to ensure that project data are collected, maintained, reported, and used as a management tool for project decision making.
4.2	The applicant demonstrated a commitment to adhere to the data collection methodology prescribed by the BSCC for data reporting purposes (e.g., quarterly progress report).
4.3	The applicant identified a plan to work with the BSCC's appointed Evaluator to acquire data from internal and/or external agencies to assess/evaluate the grant-funded project.

5. Project Budget (Percent of Total Value: 10%)

As part of the application process, applicants are required to submit the 2019 YRG RFP Budget Attachment (Budget Attachment), which can be accessed via the link on the next page. The Budget Attachment does not count toward the 10 pages allowed for the Proposal Narrative. Upon submission, the Budget Attachment will become “Section 5: Project Budget,” making up part of the official proposal package. The Budget Attachment, which includes a budget table and narrative will be rated based on the criteria listed below. The Budget Attachment must be filled out completely and accurately. Applicants are solely responsible for the accuracy and completeness of the information entered in the Budget Attachment and are encouraged to double check all entries.

All project costs must be directly related to the objectives and activities of the proposed project. The Budget Attachment covers the entire three-year grant term. For example, if you are requesting \$1 million, the budget table must total to \$1 million and the corresponding narrative must explain how that \$1 million would be spent over the three-year term of the grant.

The following items – applied to both the project budget table and the project budget narrative – are rated as a part of this section, and must be addressed by the applicant in the YRG Budget Attachment:

Rating Criteria for Project Budget (scored on a scale of 1 – 5; weighted at 10%)	
5.1	The applicant has submitted a Budget Table that is appropriate to the proposed project.
5.2	The applicant has provided budget narrative that relates the expenses to the proposed project and is all inclusive as to the services provided to the target population.

Detailed instructions for completing the Budget Attachment are listed on the Instructions tab of the Budget Attachment workbook.

Any additional documents that are submitted with the proposal will not be forwarded to the ESC for rating. Only Letters of Commitment will be considered as part of the proposal.

APPENDICES

APPENDIX A

Glossary of Terms – 2019 Youth Reinvestment Grant

Diversion

Youth diversion is broadly defined as an approach that promotes positive youth development by relying on responses that prevent a young person's involvement or further involvement in the justice system. Diversion programs, which may follow a variety of different models, aim to divert youth from justice system engagement at the earliest possible point. Departments or agencies that may refer youth to diversion programs include, but are not limited to, schools, service organizations, law enforcement, probation, or prosecutors.

Trauma-Informed

"Trauma-informed" means an approach that involves an understanding of adverse childhood experiences and responding to symptoms of chronic interpersonal trauma and traumatic stress across the lifespan of an individual. A Trauma-Informed approach in the diversion system is one in which all diversion partners should recognize and respond to the impact of traumatic stress and apply a trauma-informed approach that is designed to meet the individual needs of each child.

Cultural Relevance

Cultural relevance acknowledges the influence of the youth's identity characteristics on the youth's experience of the world and incorporates perspectives into the program's environment. These identity characteristics include racial/ethnic, gender, class, religion, educational, sexual orientation, gender identity, family heritage, disability, and any other identity the youth communicates as important.

Every grantee and sub-grantee/sub-recipient that receives YRG funds must utilize programs, practices, and approaches that embed cultural relevancy.

Developmentally Appropriate

A service or intervention may be considered developmentally appropriate if it is based on a child's level of need, or developmental stage, rather than the child's chronological age.

Community Based Organization (CBO)

A CBO is a nongovernmental organization that provides services to a community consisting of individuals, groups or other organizations that constitute the local or community service population. In the context of the Youth Reinvestment Grant, a CBO is generally considered to be a non-government, non-law enforcement organization that provides services to youth and families that are at risk of involvement or already involved with the juvenile justice system. Consistent with the requirements of the 2019 YRG governing statutes, all CBOs that receive 2019 YRG funds directly or indirectly must be nonprofit organizations with tax exempt status that are nongovernmental and do not carry out any law enforcement duties. In this Request for Proposals, CBOs and nonprofit organizations are referred to as NGOs or Non-Governmental Organizations.

Service Need Determination

In considering whether to provide diversion services to potential program participants, service providers receiving funding under this grant must use an approach that is trauma-informed, culturally relevant and developmentally appropriate. Approaches could include,

but are not limited to, surveys or interviews. Applicants must thoroughly explain and justify their proposed approach for deciding which youth will be selected or chosen for program participation. Every applicant must identify some methodology for determining whether a potential program participant would benefit from services and how youth will be matched with specific services that provide those benefits.

Local Evaluation Plan and Local Evaluation Report³

The purpose of the Local Evaluation Plan and the Local Evaluation Report is to identify whether the program “worked” in terms of achieving its goals and objectives. Outcome measures are designed to answer the question: “What results did the program produce?” Examples of outcome measures could include:

- Results of pre/post surveys (e.g., improvements in the number of high school graduates or reductions in law enforcement contacts).
- Implementation of programs aimed at increasing the number of youth enrolled in mentoring programs.
- Changes in policies that improve access to alcohol and substance use prevention services for youth.

Goal versus Objective

Goals and objectives are necessary components of the Local Evaluation Plan and the Project Work Plan. These common terms are sometimes used interchangeably because both refer to the intended results of program activities. Goals are longer-term than objectives, more broadly stated and govern the specific objectives to which program activities are directed.

In proposals, goals are defined by broad statements of what the program intends to accomplish, representing the long-term intended outcome of the program⁴.

Examples of goal statements⁵:

- To reduce the number of youth who commit serious offenses.
- To reduce the number of youth who exhibit a pattern of chronic offending.
- To divert youth who commit nonviolent offenses from state juvenile correctional institutions.
- To restore the losses suffered by the victims of crimes.

Objectives are statements of specific, measurable aims of program activities. Objectives detail the tasks that must be completed to achieve goals. Descriptions of objectives in the proposals should include three elements:⁶

- 1) Direction – the expected change or accomplishment (e.g., improve, maintain);

- 2) Timeframe – when the objective will be achieved; and
- 3) Target Population – who is affected by the objective.

Examples of program objectives:⁷

- By the end of the program, drug-addicted youth will recognize the long-term consequences of drug use.
- To place eligible youth in an intensive supervision program within two weeks of adjudication to ensure their accountability and the community's safety.
- To ensure the youth in this program carry out all the terms of the mediation agreements they have worked out with their victims by program completion.

Principles of Effective Intervention

During the past two decades, there has been renewed interest in examining correctional research. These efforts have been led by researchers such as Gendreau, Andrews, Cullen, Lipsey and others.⁸ Much evidence has been generated, leading to the conclusion that many rehabilitation programs have, in fact, produced significant reductions in recidivism. The next critical issue became the identification of those characteristics most commonly associated with effective programs. Through the work of numerous scholars (Andrews et al., 1990⁹; Cullen and Gendreau, 2000¹⁰; Lipsey 1999¹¹), several “principles of effective intervention” have been identified. These principles can be briefly categorized as the following:

- Assess Risk/Needs
- Enhance Intrinsic Motivation
- Target Interventions
 - Risk Principle
 - Needs Principle
 - Responsivity Principle
 - Dosage
 - Treatment Principle
- Skill Train with Directed Practice
- Increase Positive Reinforcement
- Engage Ongoing Support in Natural Communities
- Measure Relevant Processes/Practices
- Provide Measurement Feedback

Criteria for Non-Governmental Organizations Receiving 2019 Youth Reinvestment Grant Funds

(Page 1 of 2)

The 2019 Youth Reinvestment Grant Program Request for Proposals (RFP) includes requirements that apply to non-governmental organizations that receive funds under this grant. All grantees are responsible for ensuring that any contracted third parties continually meet these requirements as a condition of receiving 2019 YRG funds. The RFP describes these requirements as follows:

All NGOs that receive 2019 YRG funds as direct grantees or as sub-grantees of a local governmental entity must have tax exempt status per Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code. In addition, any NGO that receives 2019 YRG Grant funds (as a grantee, a subgrantee or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least six months prior to the effective date of its fiscal agreement with the BSCC or with the YRG grantee. Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the start date of the grantee-subcontractor fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address (an exception may be made for Indian Tribes).

In the table below, provide the name of the Grantee and list all contracted parties.

Grantee:

Name of Contracted Party	Address	Email / Phone	Meets All Requirements
			Yes <input type="checkbox"/> No <input type="checkbox"/>
			Yes <input type="checkbox"/> No <input type="checkbox"/>
			Yes <input type="checkbox"/> No <input type="checkbox"/>
			Yes <input type="checkbox"/> No <input type="checkbox"/>

(Page 2 of 2)

Grantees are required to update this list and submit it to the BSCC any time a new third-party contract is executed after the initial assurance date. Grantees shall retain (on-site) applicable source documentation for each contracted party that verifies compliance with the requirements listed in the 2019 Youth Reinvestment Grant RFP. These records will be subject to the records and retention language found in Appendices A and C of the Standard Agreement.

Unless prior approval is obtained, the BSCC prohibits disbursement or reimbursement to any NGO that does not meet the requirements listed above and for which the BSCC does not have a signed grantee assurance on file.

A signature below is an assurance that all requirements listed above have been met.

Certification of Compliance with BSCC Policies Regarding Debarment, Fraud, Theft, and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

☐ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

☐ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

☐ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

SAMPLE: Governing Board Resolution

Before grant funds can be reimbursed, a grantee must either (1) submit a resolution from its Governing Board that delegates authority to the individual authorized to execute the grant agreement or (2) provide sufficient documentation indicating that the prospective grantee has been vested with plenary authority to execute grant agreements (e.g., a City Council or County Board of Supervisors delegating such authority to an Agency head).

Nonprofit applicants must submit a resolution from their governing board that the individual signing the application for 2019 Youth Reinvestment Grant funding is authorized on behalf of the governing board to submit the grant proposal for this funding and sign the Grant Agreement with the BSCC, including any amendments thereof.

Below is assurance language that, at a minimum, must be included in the resolution submitted to the Board of State and Community Corrections.

3. BUDGET CONTINGENCY CLAUSE

- A. This grant agreement is valid through Youth Reinvestment Grant Program funding generated from the General Fund. The Grantee agrees that the BSCC's obligation to pay any sum to the grantee under any provision of this agreement is contingent upon the availability of sufficient funding granted through the California Budget Act of 2018 (Senate Bill 840, Chapter 29, Statutes of 2018). It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Grant Agreement does not appropriate sufficient funds for the program, this Grant Agreement shall be of no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement.
- B. If Youth Reinvestment Grant Program funding is reduced or falls below estimates contained within the Youth Reinvestment Grant Program Request for Proposals, the

BSCC shall have the option to either cancel this Grant Agreement with no liability occurring to the BSCC or offer an amendment to this agreement to the Grantee to reflect a reduced amount.

- C. If BSCC cancels the agreement pursuant to Paragraph 3(B) or Grantee does not agree to an amendment in accordance with the option provided by Paragraph 3(B), it is mutually agreed that the Grant Agreement shall have no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement except that Grantee shall be required to maintain all project records required by Paragraph 6 of Exhibit A for a period of three (3) years following the termination of this agreement.

4. PROJECT COSTS

- A. The grantee agrees to comply with the BSCC Grant Administration Guide requirements as posted on the BSCC website (currently the BSCC Grant Administration Guide July 2016) including any updated version that may be posted during the term of the grant agreement. The BSCC will notify grantees whenever an updated version is posted. The BSCC Grant Administration Guide is available at <http://www.bscc.ca.gov/wp-content/uploads/BSCC-Grant-Admin-Guide-July-2016.pdf>
- B. The provisions of the BSCC Grant Administration Guide are incorporated by reference into this agreement and Grantee shall be responsible for adhering to the requirements set forth therein. To the extent any of the provisions of the BSCC Grant Administration Guide and this agreement conflict, the language in this agreement shall prevail.
- C. Grantee is responsible for ensuring that statements of expenditures submitted to the BSCC document actual expenditures for eligible project costs.
- D. Grantee shall, upon demand, remit to the BSCC any grant funds not expended for eligible project costs or an amount equal to any grant funds expended by the Grantee in violation of the terms, provisions, conditions or commitments of this Grant Agreement.
- E. Grant funds must be used to support new program activities or to augment existing funds that expand current program activities. Grant funds shall not replace (supplant) any federal, state and/or local funds that have been appropriated for the same purpose. Violations can result in recoupment of monies provided under this grant or suspension of future program funding through BSCC grants.
- F. Grantee may not use any other BSCC grant funds or BSCC grant funded personnel or supplies to satisfy the match requirement of this grant program.

EXHIBIT B

- B. The BSCC may withhold all or any portion of the grant funds provided by this Grant Agreement in the event the Grantee has materially and substantially breached the terms and conditions of this Grant Agreement.
- C. The BSCC will not approve grantee expenditures for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently deemed ineligible, the BSCC may either withhold an equal amount from future payments to the Grantee or require repayment of an equal amount to the State by the Grantee.
- D. In the event that grant funds are withheld from the Grantee, the BSCC's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

6. DEBARMENT, FRAUD, THEFT OR EMBEZZLEMENT

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to grantees that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All Grantees must have on file with the BSCC a completed and signed Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement (Required as Appendix C of the original Proposal Package).

Prior to terminating the Grant Agreement under this provision, the BSCC shall provide the Grantee at least 30 calendar days written notice stating the reasons for termination and effective date thereof. The Grantee may appeal the termination decision in accordance with the instructions listed in Exhibit D: Special Terms and Conditions, Number 9. Settlement of Disputes.

9. SETTLEMENT OF DISPUTES

- A. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Grantee shall submit to the BSCC Corrections Planning and Grant Programs Division Deputy Director a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Grant Agreement. Grantee's written demand shall be fully supported by factual information. The BSCC Corrections Planning and Grant Programs Division Deputy Director shall have 30 days after receipt of Grantee's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. If the Grantee is not satisfied with the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30-day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.
- B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following

EXHIBIT D**SAMPLE - SPECIAL TERMS AND CONDITIONS**

the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.

- D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

10. UNION ACTIVITIES

For all agreements, except fixed price contracts of \$50,000 or less, the Grantee acknowledges that applicability of Government Code sections 16645 through 16649 to this Grant Agreement and agrees to the following:

- A. No State funds received under the Grant Agreement will be used to assist, promote or deter union organizing.

- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

11. WAIVER
