Scoring Panel

To ensure successful program design and implementation, the BSCC uses Executive Steering Committees (ESC) and Scoring Panels to inform decision making related to the Board’s programs. The BSCC’s ESCs and Scoring Panels are composed of subject matter experts, community partners, and interested parties representing both the public and private sectors. The BSCC makes every attempt to include diverse representation on its ESCs and Scoring Panels, in breadth of experience, geography and demographics.

The Organized Retail Theft Prevention Grant Program will convene a Scoring Panel. The Scoring Panel will read and rate submissions and develop funding recommendations for the Board. The Board may approve, reject, or revise those recommendations. Members of the Scoring Panel are not paid for their time but are reimbursed for travel expenses incurred to attend meetings. If the BSCC is unable to convene a full Scoring Panel, BSCC staff may rate proposals. Please check the [BSCC website](#) for updated information on the Scoring Panel.

Conflicts of Interest

Existing law prohibits any grantee, subgrantee, partner, or like party participating on the Organized Retail Theft Prevention Grant Program Scoring Panel from receiving funds from the grants awarded under this RFP. Applicants who are awarded grants under this RFP are responsible for reviewing the Scoring Panel membership roster and ensuring that no grant dollars are passed through to any entity represented by any member of the Scoring Panel.

Description of the Grant

The Organized Retail Theft Prevention Grant Program was established in Senate Bill 154 (SB 154) (Appendix A). Per SB 154:

Grant funds shall be used to support local law enforcement agencies in preventing and responding to organized retail theft, motor vehicle or motor vehicle accessory theft, or cargo theft. Permissible uses of grant funds include, but are not limited to, purchase of technology or other equipment to help deter strategies for preventing or responding to crime. These funds shall be used to supplement and not supplant existing funds for these activities.

All entities receiving grant funding shall be required to comply with all applicable privacy laws and regulations.

Grants shall be made on a competitive basis to localities that can demonstrate, using data, that organized retail theft, motor vehicle or motor

vehicle accessory theft, or cargo theft pose a significant problem in their jurisdictions.

An applicant shall submit a proposal, in a form prescribed by the Board of State and Community Corrections, which shall include, but not be limited to, the following:

- a) Data demonstrating the nature and scale of the specific crime problem, which the applicant proposes to address using grant funds.
- b) Clearly defined and measurable objectives for this grant.
- c) A description of how the applicant proposes to use the grant funds to achieve the stated objectives, including any plans to coordinate or collaborate with other entities such as public agencies, community organizations, or retailers.
- d) A discussion of research or other evidence indicating that the proposed activities would likely achieve the intended objectives.
- e) A discussion of how the applicant plans to sustain the proposed activities after grant funds expire or an explanation of why proposed activities are limited term in nature.
- f) A description of existing or proposed policies to limit racial bias in utilizing these funds.
- g) If proposing an investment in surveillance technologies, a description of existing or proposed policies to govern the use of those technologies, including how the applicant will comply with applicable privacy laws and secure any data collected or stored.

The Board of State and Community Corrections shall post to its public website all applications received.

In awarding grants, the Board of State and Community Corrections shall give preference to applicants whose grant proposals demonstrate the greatest need for additional resources and likelihood of success in reducing organized retail theft, motor vehicle or motor vehicle accessory theft, and cargo theft.

In support of these efforts, each applicant will develop a Project Work Plan that identifies measurable project goals, objectives, and commensurate timelines (Appendix B). Please reference the Glossary of Terms (Appendix C) to view key definitions for this RFP.

Eligibility to Apply

Eligible applicants are California police departments, sheriff departments, and probation departments.

Applications must be submitted by the City Council, Board of Supervisors, or the Chief County Administrative Officer. Eligible applicants **may not** submit more than one (1) proposal for funding consideration. However, two (2) or more applicants may submit a

collaborative proposal (e.g., multi-agency proposal). The agencies and jurisdictions comprising the collaborative application are not required to be contiguous.

Lead Public Agency

All applicants are required to designate a Lead Public Agency (LPA) to serve as the coordinator for all grant activities. The LPA is a governmental agency with local authority within the applicant city or county. The applicant may choose to fill the role of LPA itself or it may designate a department, agency, or office under its jurisdiction to serve as the LPA. The role of the LPA is to coordinate with local government agencies and non-governmental organizations to ensure successful implementation of the grant program. The LPA is responsible for data collection and management, invoices, meeting coordination (virtual and/or in-person) and will serve as the primary point of contact with the BSCC.

Eligible Activities

Applicants must propose activities, strategies, or programs that address a minimum of one (1) of the following Program Purpose Areas (PPAs):

- PPA 1: Organized Retail Theft
- PPA 2: Motor Vehicle or Motor Vehicle Accessory Theft
- PPA 3: Cargo Theft

Applicants may implement new activities, strategies, or programs, OR expand existing activities, strategies, or programs (without supplanting funds - see supplanting definition in the General Grant Requirements).

All proposed activities, strategies, or programs must have a link to the Organized Retail Theft Prevention Grant Program as described in the authorizing legislation and this RFP.

Organized Retail Theft Prevention Grant - Program Purpose Areas (PPA)

PPA 1: Organized Retail Theft

For the purposes of the PPA, the definition of organized retail theft is adopted from Penal Code section 490.4.

- Use of databases, equipment, software, and technology to combat organized retail theft.

PPA 2: Motor Vehicle or Motor Vehicle Accessory Theft

For purposes of this PPA, the definition of motor vehicle theft shall have the same meaning as California Vehicle Code section 10851, which defines vehicle theft or the unlawful taking of a vehicle as when any person who drives or takes a vehicle not his or her own, without the consent of the owner thereof, and with intent either to permanently or temporarily deprive the owner thereof of his or her title to or possession of the vehicle, whether with or without intent to steal the vehicle, or any person who is a party or an accessory to or an accomplice in the driving or unauthorized taking or stealing. Motor vehicle theft may also include violations of Penal Code section 487, subdivision (d)(1). Motor vehicle accessory theft may include the theft of any part of the vehicle or accessory thereof, including, but not limited to, violations of Penal Code sections 487 and 488.

For the purposes of this PPA, eligible activities, strategies, or programs, include but are not limited to:

- Programs that deter motor vehicle or motor vehicle accessory theft.
- Use of databases, equipment, software, and technology to track stolen motor vehicles and/or motor vehicle accessories to combat organized retail theft.

PPA 3: Cargo Theft

For purposes of this PPA, cargo theft shall mean the unlawful taking of any cargo including, but not limited to, goods, chattels, money, or baggage that constitutes, in whole or in part, a commercial shipment of freight moving in commerce, from any pipeline system, railroad car, motor truck, or other vehicle, or from any tank or storage facility, station house, platform, or depot, or from any vessel or wharf, or from any aircraft, air terminal, airport, aircraft terminal or air navigation facility, or from any intermodal container, intermodal chassis, trailer, container freight station, warehouse, freight distribution facility, or freight consolidation facility. For purposes of this definition, cargo shall be deemed as moving in commerce at all points between the point of origin and the

final destination, regardless of any temporary stop while awaiting transshipment or otherwise. Cargo theft shall also include violations of Penal Code section 487h.

For the purposes of this PPA, eligible activities, strategies, or programs, include but are not limited to:

- Investigations of cargo theft.
- Programs that promote collaboration and coordination between law enforcement and commercial cargo operators (trains, truck, busses, etc.) to reduce organized cargo theft.
- Programs that promote collaboration and coordination between commercial cargo operators and District Attorney Offices to prosecute organized cargo theft.
- Use of databases, equipment, software, and technology to prevent and track stolen cargo.

Proposals selected for funding will be under agreement from October 1, 2023 to June 1, 2027 with the BSCC. The grant agreement service period covers October 1, 2023 and ends on December 31, 2026. However, an additional six (6) months (January 1, 2027, to June 30, 2027) will be included in the term of the grant agreement for the sole purposes of finalizing and submitting a required Local Evaluation Report and finalizing and submitting a required financial audit.

Criteria for Non-Governmental Organizations

Applicants for the Organized Retail Theft Prevention Grant Program may elect to partner, contract, or establish agreements with non-governmental organizations (NGOs)¹ in the implementation of their program. All NGOs must adhere to terms described on the following page.

Eligibility Criteria for Non-Governmental Organizations Providing Services with BSCC Grant Funds

Any non-governmental organization that receives Organized Retail Theft Prevention Grant Program funds (as either a subgrantee or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least six (6) months prior to the effective date of its fiscal agreement with the BSCC or with the Organized Retail Theft Prevention Grant Program grantee;
 - Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six (6) month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the start date of the grantee subcontractor fiscal agreement;
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid Employer Identification Number (EIN) or Taxpayer ID (if sole proprietorship);
- Have a valid business license, if applicable;
- Have no outstanding civil judgments or liens;
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address within California. (An agent for service of process with a California address is insufficient.)

All applicants must complete, sign, and submit the BSCC *Grantee Assurance for Non-Governmental Organizations* (Appendix D). Once under contract, grantees must submit an updated *Grantee Assurance for Non-Governmental Organizations* throughout the life of the grant agreement for any additional NGOs that receive funds through subcontracts after awards are made. The BSCC will not reimburse for costs incurred by NGOs that do not meet the BSCC's requirements.

¹ For the purposes of this RFP, NGOs include nonprofit and for-profit community-based organizations, faith-based organizations, evaluators (except government institutions such as universities), grant management companies, and any other non-governmental agency or individual.

Local Impacts

The Organized Retail Theft Prevention Grant Program encourages collaboration, communication, and innovation to combat organized retail theft. In supporting this approach, proposed projects may have impacts on retailers and local government agencies that prevent projects from operating as intended (e.g., increased law enforcement presence in retail spaces, increased referrals to the District Attorney's Office, overlapping or duplicative public awareness campaigns, etc.) As a part of the application, each Lead Agency will be required to acknowledge any anticipated impacts from the implementation of the proposed project (Attachment E).

Written Agreement from Key Partners

If the success of the applicant's proposed activity, strategy, or program relies on the participation of an outside agency or organization (i.e., an entity other than the applicant or LPA), the applicant must include a Letter of Commitment. Letter(s) of Commitment should reflect that the outside agency or organization is aware of the proposed project, is committed to ensuring the success of the project, their role, and agrees to participate.

Examples of key roles played by outside entities could include the following:

- Data Collection Partnerships
- Referral Sources
- Service Delivery Location

A Letter of Commitment must include the name of the outside entity, be signed by the executive officer, department head, or other authorized representative, and be dated within three (3) months of the proposal submission to the BSCC. Outdated letters or letters that speak to a partnership or grant activities outside of the activities listed in this proposal, will not be accepted. See Appendix F for a sample Letter of Commitment.

A Letter of Commitment is not required if the applicant has determined that an outside agency or organization is not critical to the launch or ongoing implementation of the proposed program.

Policies Limiting Racial Bias

Applicants must provide a description of existing or proposed policies to limit racial bias when utilizing these funds. Applicants will be required to upload existing or proposed policies in a Microsoft Word Document or PDF via the BSCC-Submittable Application portal. (Appendix A, Provision 5(f).)

Policies on Surveillance Technology

Applicants proposing an investment in surveillance technologies must provide a description of existing or proposed policies to govern the use of those technologies, including how the applicant will comply with applicable privacy laws and secure any data collected or stored. Applicants will be required to upload existing or proposed policies in a Microsoft Word Document or PDF via the BSCC-Submittable Application portal. (Appendix A, Provision 5(g).)

Organizational Capacity and Coordination

Applicants will be rated, in part, on how well they demonstrate they have the experience, a staffing plan, and any partnerships necessary to implement the proposed strategy. If an applicant is unable to identify staff and/or subcontractors until after the grant is awarded, the applicant should explain, at a minimum, the process and criteria by which they will select staff and/or subcontractors after award. Distinct from administrative staff and partners, applicants must also demonstrate how they plan to ensure that the staff who deliver the services have backgrounds and experience that are relevant to the proposed strategy and/or target population.

Funding Information

This RFP makes \$242,250,000² available competitively to city police, county sheriffs' departments, and probation departments, to support local law enforcement agencies in preventing and responding to organized retail theft, motor vehicle or motor vehicle accessory theft, or cargo theft.

Funding Categories

Recognizing that applicants have different capacities, resources, and needs, there are two categories within which applicants will compete. An applicant may apply in either the Medium or Large Scope Category. This means Medium Scope Projects will compete against other Medium Scope Projects and Large Scope Projects will complete against other Large Scope Projects for funding.

The maximum an applicant may apply for is up to \$6,125,000 in the Medium Scope category OR up to \$15,650,000 in the Large Scope category. Applicants may apply for any dollar amount up to and including the maximum grant amount identified in each category. An illustration of the funding categories, maximum grant award, and total available funding by category is provided below:

Funding Categories	Maximum Grant Award	Total Available Funding
Medium Scope	Up to \$6,125,000	\$85,750,000
Large Scope	Up to \$15,650,000	\$156,500,000
Total Funding Available for Competitive Grants:		\$242,250,000

***NOTE:** Funding must last for the entirety of the grant (October 1, 2023 to June 1, 2027).*

Multi-Agency Partnerships

Applicants may apply for funding as part of a multi-agency partnership (two or more agencies). The agencies and jurisdictions comprising the collaborative application are not required to be contiguous. One (1) Lead Public Agency must be identified on behalf of the partnership.

² Provided funding is appropriated in the FY 2023-2024 and 2024-25 State Budget Acts.

Multi-agency partnerships (Medium Scope or Large Scope) may apply for up to the maximum grant award in that category multiplied by the number of partnering applicants.

For Example:

- Four (4) eligible applicants in the Medium Scope category may submit one application for up to \$24,500,000
 - \$6,125,000 (Medium Scope Max) x 4 (# of Agencies) = \$24,500,000
- Two (2) eligible applicants in the Large Scope category may submit one application for up to \$31,300,000
 - \$15,650,000 (Large Scope Max x 2 (# of Agencies) = \$31,300,000

Funding Decisions

Applicants will compete for funds within the Medium or Large Scope Category. Proposals will be evaluated, scored, and a ranked list of all scored proposals will be generated. The BSCC will move down the ranked lists to fund all qualified applicants, who meet the Minimum Scoring Threshold, in each of the two funding categories until all funds in that category are exhausted. Applicants that fall at the cut-off point may be offered a partial award if there are not sufficient remaining funds to make a full award.

If funding remains in one or more categories, the following will occur:

- Funds remaining in the Medium Scope Category after all qualified applicants in that category have been fully funded, will be used to fund any additional qualified applicants in the Large Scope Category.
- Funds remaining in the Large Scope Category after all qualified applicants in that category have been fully funded, will be used to fund any additional qualified applicants in the Medium Scope Category.

If an applicant or grantee relinquishes an award, BSCC has authority to offer that award to the next qualifying applicant(s) on the ranked list.

Eligible Funding Activities

Organized Retail Theft Prevention Grant Program funds must address at least one (1) Program Purpose Areas (PPAs) as identified in the Eligible Activities section. To support local law enforcement agencies in preventing and responding to organized retail theft, motor vehicle or motor vehicle accessory theft, or cargo theft, eligible expenses for this RFP include, but are not limited to, the following:

- Automated License Plate Readers
- Cameras
- Case Management Systems
- Computers/Laptops/Tablets
- Databases
- Investigative Software
- Online and Print Advertising

- RFI Tracker/Tracking Devices
- Routers/Modems/Hotspots
- Staff expenses, including overtime
- Vehicles

Please note, the above list is not intended to be exhaustive. All proposed expenses must have a link to the Organized Retail Theft Prevention Grant Program as described in the authorizing legislation and this RFP.

Match Requirement

No match is required for the Organized Retail Theft Prevention Grant Program.

Data Collection, Reporting, and Evaluation Requirements

Projects selected for funding will be required to submit a Local Evaluation Plan and Local Evaluation Report. Applicants are encouraged, but not required, to use outside evaluators to ensure objective and impartial evaluations. This may include, but is not limited to, community colleges, universities, and research organizations.

Required Set-Aside for Evaluation Efforts

Grantees are required to set aside at least \$75,000 but not more than 5% percent of the total grant award for data collection and evaluation efforts, including data collection for the Quarterly Progress Reports and statewide evaluation (see below) and the development of the Local Evaluation Plan and Local Evaluation Report.

Local Evaluation Plan

The purpose of the Local Evaluation Plan is to ensure that projects funded by the BSCC can be evaluated. Grantees will be expected to include a detailed description of how the applicant will assess the effectiveness of the proposed program in relationship to each of its goals and objectives identified in the proposal. A relationship between the goals and objectives identified in the proposal should be apparent in the Local Evaluation Plan.

The Local Evaluation Plan should describe the evaluation design or model that will be used to evaluate the effectiveness of the project component(s), with the project goals and the project objectives clearly stated. Applicants should also address process and outcome evaluations. Once submitted, any modifications to the Local Evaluation Plan must be approved in advance by the BSCC. More detailed instructions on the Local Evaluation Plan will be made available to successful applicants. The Local Evaluation Plan is due no later than April 1, 2024.

Local Evaluation Report

Following project completion, grantees are required to complete a Local Evaluation Report. The Local Evaluation Report must be in a format prescribed by the BSCC. The purpose of the Local Evaluation Report is to determine whether the overall project (including each individual component) was effective in meeting the goals laid out in the Local Evaluation Plan.

To do this, the grantee must assess and document the effectiveness of the activities that were implemented within each individual project component. These activities should have been identified in the previously submitted Local Evaluation Plan. More detailed instructions on the Local Evaluation Report will be made available to successful applicants. The Local Evaluation Report is due no later than June 1, 2027.

Statewide Evaluation

BSCC Research will conduct a statewide evaluation of the impact of the initiatives supported by the grant funding including the outcomes and objectives that were achieved. The evaluator will: develop the research methodology for the statewide evaluation; design and develop instruments for collecting and evaluating data from grantees; provide ongoing technical assistance to grantees for data collection and evaluation activities; compile, screen and analyze data obtained from grantees; and develop a final report on the impact of the program. As a condition of award, grantees agree to collect data requested for the evaluation (this may include standardized Quarterly Progress Report format with specified baseline, output, and/or outcome measures) and fully cooperate and share information within timelines set for the evaluation.

General Grant Requirements

Audit Requirements

Grantees are required to provide the BSCC with a financial audit that covers the service delivery period of the grant (October 1, 2023 - December 31, 2026). The audit report will be due no later than June 1, 2027. The financial audit shall be performed by a Certified Public Accountant or a participating county or city auditor that is organizationally independent from the participating county or city's project financial management functions. Expenses for the final audit may be reimbursed for actual costs up to \$25,000.

In addition, the BSCC reserves the right to call for a program or financial audit at any time between the execution of the grant agreement and three (3) years following the end of the grant period. The Department of General Services, the California State Auditor, the Department of Finance, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this grant.

BSCC Grant Agreement

Applicants approved for funding by the BSCC Board are required to enter into a Grant Agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement. A sample Grant Agreement for the Organized Retail Theft Prevention Grant Program is available on the [BSCC website](#).

The Grant Agreement start date is expected to be October 1, 2023. Grant Agreements are considered fully executed only after they are signed by both the grantee and the BSCC and the BSCC is in receipt of all required attachments including documentation of signing authority. Work, services, and encumbrances cannot begin prior to the Grant Agreement start date. Any work, services and encumbrances that occur after the start

date but prior to Grant Agreement execution may not be reimbursed. Grantees and all subgrantees are responsible for maintaining their Grant Agreement, all invoices, records, and relevant documentation for the life of the grant cycle plus three (3) years after the final payment under the contract.

Debarment, Fraud, Theft or Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. Debarred by any federal, state, or local government entities during the period of debarment; or
2. Convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state, or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation. All applicants must complete an assurance certifying they are compliant with the BSCC's policies on debarment, fraud, theft, and embezzlement (Appendix G).

Governing Board Resolution

Successful applicants will be required to submit a Resolution from their Governing Board before the grant award can be finalized and funds awarded. A signed resolution is not required at the time of proposal submission, but applicants are advised that no financial invoices will be processed for reimbursement until the Governing Board Resolution has been received by the BSCC. A sample Governing Board Resolution can be found in (Appendix H).

Grantee Orientation

Following the start of the grant period, BSCC staff will conduct a Virtual Grantee Orientation (October 2023, date to be determined). The purpose of this mandatory session is to review the program requirements, invoicing, and budget modification processes, data collection and reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer, and Day-to-Day Contact must attend. Grantees are also strongly encouraged to include the individual tasked with Data Collection and Evaluation. Award recipients will be provided additional details regarding the Grantee Orientation in October 2023.

Invoices

Disbursement of grant funds occurs on a reimbursement basis for costs incurred during a reporting period. The State Controller's Office (SCO) will issue the warrant (check) to the individual designated on the Applicant Information Form as the Financial Officer for the grant. Grantees must submit invoices to the BSCC on either a monthly or quarterly basis through an online process no later than 45 days following the end of the invoicing period. Grantees will make their choice between monthly or quarterly invoicing prior to grant agreement execution.

Grantees must maintain adequate supporting documentation for all costs claimed on invoices. BSCC staff will conduct a desk review, which requires grantees to submit electronic documentation to support all grant funds claimed during the invoicing period. In addition, BSCC staff may conduct on-site monitoring visits that include a review of documentation maintained as substantiation for project expenditures with grant funds. Additional information about invoicing can be found in the [BSCC Grant Administration Guide](#).

Monitoring

The BSCC staff will monitor each project to assess whether the project is in compliance with grant requirements and making progress toward grant objectives. As needed, monitoring visits may also occur to provide technical assistance on fiscal, programmatic, evaluative, and administrative requirements. For your reference, a Comprehensive Monitoring Visit checklist can be found on the Corrections Planning and Grants Program [website](#).

Quarterly Progress Reports

Grant award recipients are required to submit quarterly progress reports to the BSCC. Progress reports are a critical element in BSCC's monitoring and oversight process. Grantees who are unable to demonstrate that they are making sufficient progress toward project goals and objectives and that funds are being spent in accordance with the Grant Agreement could be subject to the withholding of funds. Once grants are awarded, BSCC will work with grantees to create custom progress reports.

Supplanting

Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes. Supplanting is strictly prohibited for all BSCC grants. Organized Retail Theft Prevention Grant Program funds shall be used to support new program activities or to augment or expand existing program activities but shall not be used to replace existing funds. It is the responsibility of the grantee to ensure that supplanting does not occur. The grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

Travel

Travel is usually warranted when personal contact by project staff is the most appropriate method of conducting project-related business. Travel to and from training conferences

may also be allowed. The most economical method of transportation, in terms of direct expenses to the project and the employee's time away from the project, must be used. Projects are required to include sufficient per diem and travel allocations for project related personnel, as outlined in the Grant Award, to attend any mandated BSCC training conferences or workshops outlined in the terms of the program.

- **Units of Government**

Units of government may follow either their own written travel and per diem policy or the State's policy. Units of government that plan to use cars from a state, county, city, district carpool, or garage may budget either the mileage rate established by the carpool or garage, or the state mileage rate, not to exceed the loaning agency rate.

- **Non-Governmental Organizations (NGOs)**

An NGO receiving BSCC funds must use the California State travel and per diem policy, unless the Grantee's written travel policy is more restrictive than the State's, in which case it must be used. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares.

- **Out-of-State Travel**

Out-of-state travel is restricted and only allowed in exceptional situations. Grantees must receive written BSCC approval prior to incurring expenses for out-of-state travel. Even if previously authorized in the Grant Award, Grantees must submit to the BSCC a separate formal request (on Grantee letterhead) for approval. Out-of-state travel requests must include a detailed justification and budget information.

In addition, California prohibits travel, except under specified circumstances, to states that have been found by the California Attorney General to have discriminatory laws. The BSCC will not reimburse for travel to these states unless the travel meets a specific exception under Government Code section 11139.8, subdivision (c). For additional information, please see: <https://oag.ca.gov/ab1887>.

Overview of the RFP Process

Confirmation of Receipt of Proposal

Upon submission of a proposal, applicants will receive a confirmation email from the BSCC stating that the proposal has been received.

Disqualification

Disqualification - **PLEASE REVIEW CAREFULLY**

The following will result in an automatic disqualification:

- Submission is not received by 5:00 P.M. (PST) on Friday, June 23, 2023
- Applicant does not meet the Eligibility Criteria
- Application, and all required attachments, are not submitted via the BSCC-Submittable Application portal
- Budget Attachment is incomplete (e.g., impacted fields are not completed)
- Funding request exceeds allowable amount in the Medium or Large Scope category
- Attachment(s) are illegible
- Attachment(s) will not open, or the file(s) are corrupted

NOTE: Disqualification means that the proposal will not move forward to the Scoring Panel for the Proposal Rating Process, and, therefore, will NOT be considered for funding.

Proposal Rating Process

Unless disqualified, proposals will advance to the Scoring Panel for funding consideration. Proposals will be evaluated in accordance with the BSCC's *Grant Proposal Evaluation Process* ([link](#)) and as described below. The Scoring Panel will read and assign ratings to each proposal in accordance with the prescribed rating factors listed in the table below. Scoring Panel members will base their ratings on how well an applicant addresses the criteria listed under each rating factor within the Proposal Narrative and Budget Sections. Scoring Panel ratings, once submitted to the BSCC, will be final.

At the conclusion of this process, applicants will be notified of the Board's funding recommendations. It is anticipated that the Board will act on the recommendations at its meeting on September 14, 2023. Applicants and their partners are not to contact members of the Scoring Panel or the BSCC Board to discuss proposals.

Rating Factors

The Rating Factors that will be used and the maximum points allocated to each rating factor are shown in the table below. Applicants are asked to address each of these rating factors as a part of their proposal. A percent of total value is assigned to each Rating Factor, correlating to its importance within the overall project (see Percent of Total Value column).

	Rating Factors	Point Range	Percent of Total Value	Weighted Rating Factor Score
1	Project Need	0-5	20%	40
2	Project Description	0-5	35%	70
3	Project Organizational Capacity and Coordination	0-5	15%	30
4	Project Evaluation and Monitoring	0-5	10%	20
5	Project Budget	0-5	20%	40
Maximum Proposal Score:			100%	200

Raters will rate an applicant's response to each Rating Factor on a scale from 0 to 5, according to the Six-Point Rating Scale shown below. For each Rating Factor, the rating point received is then weighted according to the "Percent of Total Value" column associated with the Rating Factor to arrive at the final Weighted Rating Factor Score. The Weighted Rating Factor Scores are then added together for a final overall proposal score. The maximum possible proposal score is 200.

Senate Bill 154 requires the BSCC to give preference to applicants whose grant proposals demonstrate the greatest need for additional resources and likelihood of success in reducing organized retail theft, motor vehicle or motor vehicle accessory theft, and cargo theft. In fulfillment of this request, 110 out of a total of 200 points is allocated between the Project Need and Project Description categories.

Six Point Rating Scale

Not Responsive 0	Poor 1	Fair 2	Satisfactory 3	Good 4	Excellent 5
The response fails to address the criteria.	The response addresses the criteria in a very inadequate way.	The response addresses the criteria in a non-specific or unsatisfactory way.	The response addresses the criteria in an adequate way.	The response addresses the criteria in a substantial way.	The response addresses the criteria in an outstanding way.

Minimum Scoring Threshold

A proposal must meet a threshold of **60 percent**, or a minimum score of **120** total points to be qualified for funding.

Applicants must complete a Project Work Plan. This Project Work Plan identifies measurable goals and objectives, process and outcome measures, activities and services, responsible parties for those activities and services, data sources and estimated timelines. Completed plans should (1) identify the project's top goals and objectives; (2) identify how the goal(s) will be achieved in terms of the activities, responsible staff/partners, and start and end dates, process and outcome measures; and (3) provide goals and objectives with a clear relationship to the need and intent of the grant. Appendix C: Glossary of Terms

Case Management

A collaborative process which assesses, plans, implements, coordinates, monitors, and evaluates the options and services required to meet an individual's health needs.³

Community-Based Organization

For this RFP, a Community-Based Organization is an organization located in the State of California that has been determined by the IRS to have 501(c)(3) status (i.e., nonprofit).

Evaluations (Process and Outcomes)

Process Evaluation⁴

The purpose of the process evaluation is to assess how program activities are being carried out in accordance with goals and objectives. Process measures are designed to answer the question: "What is the program actually doing and is this what we planned it to do?"

Examples of process measures could include:

- Project staff have been recruited, hired, and trained according to the proposal.
- Activities/strategies have been implemented on time according to the proposal.
- Number of interagency agreements entered into by the program compared to the number planned.
- Number of trainings conducted.
- Number of neighborhood meetings conducted.

Outcome Evaluation⁵

The purpose of the outcome evaluation is to identify whether the program "worked" in terms of achieving its goals and objectives. Outcome measures are designed to answer the question: "What results did the program produce?"

Examples of outcome measures include:

- Results of pre/post surveys (e.g., changes in the reported confidence/trust in law enforcement among community members).
- Implementation of regular, ongoing community forums where community dialogue takes place.
- Changes in policies at the Lead Agency level to reflect procedural justice principles.

In an evidence-based practice approach, outcome evaluations must include not only the measures but also analysis of the extent to which the measured results can be attributed to the program rather than to coincidence or alternative explanations.

Evidence-based / Promising Practices

Evidence-based practices are programs and strategies that have been found effective at improving outcomes, using rigorous scientific research methods. Programs and strategies may be evidence-based across all populations, or only for particular cultures and identities.

Promising practices are programs and strategies that have shown some positive results and potential for improving outcomes. They may have evidence from use in real-world settings, a strong theoretical framework, and/or expert opinion, but have not been fully replicated in scientific studies. Depending on the level of scientific evidence, these are sometimes referred to as “evidence-informed,” “research-supported,” or “emerging” practices.

Financial Audit

A financial audit provides assurances that an organization’s financial statements are free of material misstatement based upon the application of generally accepted accounting principles.

Goals and Objectives

Goals and objectives are terms in common use, sometimes used interchangeably because both refer to the intended results of program activities. Goals are longer-term than objectives, more broadly stated and govern the specific objectives to which program activities are directed.

In proposals, goals are defined by broad statements of what the program intends to accomplish, representing the long-term intended outcome of the program.⁶

Examples of goal statements:⁷

- To reduce the number of serious and chronic juvenile offenders.
- To divert nonviolent juvenile offenders from state juvenile correctional institutions.
- To restore the losses suffered by the victims of crimes.

Objectives are defined by statements of specific, measurable aims of program activities.⁸ Objectives detail the tasks that must be completed to achieve goals.⁹ Descriptions of objectives in the proposals should include three elements:¹⁰

1. Direction – the expected change or accomplishment (e.g., improve, maintain);
2. Timeframe – when the objective will be achieved; and

3. Target Population– who is affected by the objective.

Examples of program objectives:¹¹

- By the end of the program, young, drug-addicted juveniles will recognize the long-term consequences of drug use.
 - To place eligible juveniles in an intensive supervision program within two weeks of adjudication to ensure offender accountability and community safety.
 - To ensure that juvenile offenders carry out all the terms of the mediation agreements they have worked out with their victims by program completion.

Qualitative Data

Data/information that is based on written or spoken narratives. The purpose of qualitative data/information is to explain and gain insight and understanding of events through collection of narrative data/information.

Quantitative Data

Data/information that is based on numbers and mathematical calculations. The purpose of quantitative data is to explain, predict, and/or control events through focused collection of numerical data.

Appendix E: Local Impact Letter(s)

The Organized Retail Theft Prevention Grant Program encourages collaboration, communication, and innovation to combat organized retail theft. In supporting this approach, proposed projects may have impacts on retailers and local government agencies that prevent projects from operating as intended (e.g., increased law enforcement presence in retail spaces, increased referrals to the District Attorney's Office, overlapping or duplicative public awareness campaigns, etc.)

To acknowledge any anticipated impacts, each Lead Public Agency is required to:

- Identify each agency agency(ies) that reasonably could be expected to be impacted by this grant project;
- Submit a Letter of Agreement signed by both the Lead Public Agency and the impacted agency agency(ies) that includes the following:
 - The name of the Organized Retail Theft Prevention Grant Program project and a brief project description;
 - A description of how the Organized Retail Theft Prevention Grant Program project might impact retailers and local government agencies; and
 - An explanation of how the Lead Public Agency and the impacted agency(ies) will work together to address stated impacts.

Note: If the Lead Public Agency concludes that the Organized Retail Theft Prevention Grant Program project **will not** impact any other agency agency(ies), the Lead Public Agency must include a letter to that effect.

Appendix F: Letter(s) of Commitment

If the success of the applicant's proposed activity, strategy, or program relies on the participation of an outside agency or organization (i.e., an entity other than the applicant or LPA), the applicant must include a Letter of Commitment. Letter(s) of Commitment should reflect that the outside agency or organization is aware of the proposed project, is committed to ensuring the success of the project, their role, and agrees to participate.

Appendix G: Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

☐ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

☐ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

☐ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

Appendix H: Governing Board Resolution

Before grant funds can be reimbursed, a grantee must either (1) submit a resolution from its Governing Board that delegates authority to the individual authorized to execute the grant agreement or (2) provide sufficient documentation indicating that the prospective grantee has been vested with plenary authority to execute grant agreements (e.g., County Board of Supervisors delegating such authority to an Agency head).

Below is assurance language that, at a minimum, must be included in the resolution submitted to the Board of State and Community Corrections.
