Summary:

Current law prohibits committing a battery upon another person. Violation of this prohibition is punishable as a misdemeanor or felony, depending on the extent of injury. This bill would make any criminal act, except the crime of resisting, delaying, or obstructing an officer, committed in whole or in part because of the victim's status as a peace officer, as defined, a hate crime.

Summary:

This bill overhauls the process of current law in WIC Section 709 for determining the competency of minors in delinquency proceedings. AB 935 expands the definition of incompetency, beyond inability to understand the proceedings or assist counsel, to include elements related to mental illness, development disability and immaturity. Under the bill, where doubt is raised as to the competency of a minor in a WIC 601 or 602 proceeding, the court must appoint an expert to evaluate the minor's condition and competency. AB 935 sets out qualifications for the expert including expertise in child and adolescent development, and it includes detail on the methods that must be employed by the expert in making his or her determination and recommendation to the court. Provides that additional experts may be retained by the district attorney or minor's counsel to supplement the testimony of the court appointed expert. Requires the competency determination to be made in an evidentiary hearing with a presumption that the minor is competent. If the minor is determined to be incompetent, the delinquency proceedings are to be suspended and the minor must be referred for services designed to restore competency. If it is determined that competency cannot be restored through remediation within six months, the court must dismiss the delinquency petition. If the court finds within this period that the minor has been remediated, the proceedings are to be reinstated. a reasonable period. Provides that secure confinement may not extend beyond six months after a finding of incompetency, and includes other provisions governing challenges to a finding that the minor has been remediated. Requires the Judicial Council to adopt court rules to implement the revised procedure. See also: AB 689 (Obernolte), a related proposal sponsored by the California Judicial Council. A key difference between AB 689 and this bill (sponsored by the Chief Probation Officers of California) is that AB 935 imposes a cutoff of six months for remediation efforts and secure confinement of an incompetent juvenile.

Summary:

Under the state's Continuum of Care Reform (CCR), as embodied in AB 403 (2015) and subsequent bills, children's group homes are being phased out and replaced with alternative placements for foster youth including those under probation supervision. The previous array of children's group homes (14 different levels of care and state reimbursement rates) is collapsed under CCR into a single high-end care facility known as a Short Term Residential Treatment Program or "STRTP". This bill requires licensed foster care facilities including STRTPs to provide data to the state Department of Social Services including a daily census of available beds and a listing of the services that are provided by the facility. It also requires the facilities to track and report changes in placement by reasons such as lack of health or education services or services for special population including LGBT and transgender youth. Additionally, the bill requires the state Dept. of Social Services (CDSS) to create and maintain a data base on its website allowing county children welfare and probation departments to access the information for the purpose of placing children in foster care and to publish the change of placement information.

Grants may be made under the bill to a city or county, a stakeholder "homeless continuum of care" as defined, or a community-based organization that meets requirements listed in the bill. Grantees must offer services drawn from a menu of housing assistance and support services listed in the bill. Requires recipients of grants to track data on the individuals served and to report the required information to the relevant state departments. Requires grant recipients to provide matching funds. Amendments delete the earlier \$15 million appropriation in the bill and make the program now dependent on a future appropriation in the state budget.
