Board of State and Community Corrections (BSCC)  
2590 Venture Oaks Way Suite 200  
Sacramento, CA 95833

Dear Chair Penner and Members of the Board of State and Community Corrections:

We are writing to inquire about the BSCC's intentions for the \$58.6 million it will receive from the Bureau of Justice Assistance (BJA). These funds have been designated to the State of California through the Coronavirus Aid, Relief, and Economic Security Act to help states and local jurisdictions "prevent, prepare for, and respond to coronavirus."

Our request stems from inquiries we have received from community-based organizations that serve crime survivors and justice-involved people. Many of these organizations and the people they serve come from communities that have been disproportionately impacted by the crisis. We want to know that the BSCC has a plan not only to support California's criminal justice agencies, but also to prioritize assistance for these essential service providers. Several other states have already indicated an intent to support nonprofit service providers with these BJA funds.

More than ever, California relies on a network of community-based organizations that provide essential services to justice involved people, survivors, and their communities. Groups closest to and most reflective of those they serve are uniquely equipped to deliver critical services during this time, and need resources to continue their work. These community-based providers are supporting an increasing number of people returning home from jails and prisons, supporting survivors who are uniquely vulnerable right now, and working hard with few resources to adapt their services to meet the needs of our most impacted communities.

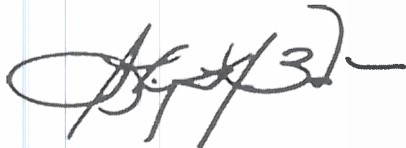

As the state distributes federal stimulus dollars like the BJA funds through the BSCC, it must not compound structural inequality by failing to prioritize our state's hardest hit communities. To "prevent, prepare for, and respond to coronavirus," the BSCC must ensure that federal resources are available to community-based, nongovernmental organizations that work with the state's most impacted and vulnerable people.

The BSCC has long shown a commitment to grantmaking that is informed by communities and organizations that its funding serves. We would like to know more about how the BSCC intends to collaborate with California's community-based violence prevention, reentry, and victim service organizations, particularly those serving communities that have been hardest hit during the pandemic.

We would appreciate it if you would contact Raymond Contreras in Assemblymember Weber's office to coordinate a time to discuss these issues no later than Monday, May 25th. Raymond can be reached at (619) 947-9525 or by email at [Raymond.Contreras@Asm.Ca.Gov](mailto:Raymond.Contreras@Asm.Ca.Gov).

We look forward to hearing from you at your earliest convenience.

Chair Penner made her opening remarks to notify the public of the adjustments due to COVID-19. The BSCC continues to provide guidance and updates to the field, collect and post public information, and respond to many questions and requests. Penner stated that the BSCC understands that information, leadership and guidance are the goals of BSCC, and the agency has met these challenges.

Chair mentioned the following:

- Some Corrections Planning and Grants Program grantees are not able to provide services.
- Some county facility construction projects have been delayed.
- Some training has been delayed
- And some compliance inspections also have been delayed.

- On March 6, 2020 the BSCC sent a memo to the field reminding local facilities of the steps necessary to suspend regulations in the event of an emergency and that any lengthy suspensions would require approval from the Chair of the Board.
- On March 12, based on consultation with the Governor's Office and the Department of Public Health, the BSCC sent a memo to the field recommending the suspension of all in-person visitation in jails.
- On March 13, the BSCC sent further guidance to juvenile halls regarding suspension of regulations, suggesting alternatives to incarceration may be appropriate.
- On March 27, the BSCC reviewed all requests for suspension of regulations and approved the suspensions.
- On April 3, the BSCC advised local detention facilities on the regulations regarding communicable diseases and provided guidance to work with local health departments, provided links to resources such as the CDC and California Department of Public Health, and also notified counties that there was an expectation that counties would continue to mitigate suspensions of regulations (e.g., providing video visitation in lieu of in-person visitation, providing alternatives for programming and education).
- On April 8, the BSCC sent out memo on supplemental reporting for jails and juvenile halls, asking for counties to report weekly on total bookings, total releases, and releases related to COVID.
- The BSCC will be reviewing emergency suspensions of regulations every two weeks and the BSCC Field Representatives are in regular contact with the counties and to assist with mitigation strategies.
- Before the COVID crisis took hold, the BSCC was in the process of updating adult facility regulations and will continue that process, and to the extent that is needed to revise the regulations addressing communicable diseases.

Penner stated that this is going to be a long and ongoing process and the BSCC is going to continue to work with the county partners, the Governor's Office, CDCR, Department of Public Health, and the Department of Finance during this unprecedented emergency.

Penner said that the Board might need to meet again in late April or early May to discuss further responses and plans during the COVID-19 emergency.

## **II. Information Items**

---

### **1. COVID-19 Updates**

- A. Adult Facilities**
- B. Juvenile Facilities**
- C. BSCC inspections, training compliance, and grants**

### **2. Chair's Report**

Updates were provided during the Chairs' opening remarks.

### **3. Executive Director Report**

Executive Director Kathleen Howard reported on the following:

#### **CPGP:**

- The BSCC will review and consider requests for budget modifications to programs and services that might not otherwise fulfill the purpose of the grant program. Deputy Director Ricardo Goodridge will be presenting an item today about additional authority regarding grant changes being delegated to the Chair during the COVID-19 emergency.
  - This may include, but not be limited to, providing services through remote means (e.g., video conferencing or electronic means). Project scope changes and project extensions will also be considered provided that the proposed scope change is in line with eligible activities of the grant program. Each instance will be handled on a case-by-case basis.
  - She said that the BSCC can only reimburse grantees for actual expenditures claimed with grant funds. To the extent reimbursable expenses are no longer occurring, the BSCC will be unable to reimburse the grant program for those expenses.
- On April 8, 2020 the BSCC distributed a survey to the 69 Adult Reentry Grant recipients. The BSCC is requesting information from the field on current capacity to provide reentry services in view of the heightened need for services during the COVID-19 emergency, including the approximately 3,500 additional releases from CDCR. The BSCC will collect information about current capacity to provide services such as transportation, housing, food, clothing, and health services. The surveys are due back to the BSCC on April 13 and will be posted on the BSCC's website.

- On Wednesday April 1, 2020, the BSCC released to the field the request for reporting for Juvenile Justice Crime Prevention Act & Youthful Offender Block Grant (JJCPA-YOBG) Annual Plans. Because of the Governor's executive order granting a 30-day extension, the plans are due back to the BSCC by May 31, 2020 and will be posted on the BSCC's website.

## **STC PROGRAM**

- To the extent that training cannot be completed due to COVID-19 due to cancellation and travel restrictions, the BSCC will consider COVID-19 as a mitigating circumstance so that agencies are not found out of compliance with training standards and can have additional time to complete the training requirements.
- Many agencies have been unable to administer in-person selection exams. BSCC has an online selection exam option for agencies so they can continue to recruit and hire.
- The deadlines for agencies to file required annual training plan (ATP) for next year and modify their current plan for this year have been extended by 30 days. The ATP is now due May 15 and modifications now due May 30.

## **FSO INSPECTIONS**

- Inspections are currently on hold. The BSCC has cancelled all scheduled inspections through the end of May. Field Representatives are conducting extensive work from home on desk reviews, reviewing the written policies and procedures for compliance reviews. Field reps will get back out into the field ASAP.
- Howard thanked the BSCC staff, in particular, the Field Representatives in FSO who are in touch with local facilities every day.
- Field Representatives are providing technical assistance, responding to requests, and updating information. The BSCC is aware there are concerns about what is happening in the local facilities. The BSCC will do everything we can to protect the health and safety of all in those facilities.
- The BSCC anticipates sending a request out to all Probation Chiefs to ask what their current policies are around admissions and releases during this emergency. There has been significant interest and concern about how individual youth are being reviewed or evaluated to see if early release is an option. The BSCC will

ask the Probation Chiefs to share information about how they are doing this important work.

### **\$58.5 MILLION IN CORONAVIRUS EMERGENCY SUPPLEMENTAL FUNDING (CESF)**

- On March 30, the federal Bureau of Justice Assistance released the solicitation for the Coronavirus Emergency Supplemental Fund (CESF), which includes \$58.5 million for which the BSCC, as California's State Administering Agency, is eligible to apply.
- The CESF Program will provide funding to assist eligible states, local units of government, and tribes in preventing, preparing for, and responding to the coronavirus.
- Funds awarded under the CESF Program must be used to prevent, prepare for, and respond to the coronavirus. Allowable projects and purchases include, but are not limited to, overtime, equipment (including law enforcement and medical personal protective equipment), hiring, supplies (such as gloves, masks, sanitizer), training, travel expenses (particularly related to the distribution of resources to the most impacted areas), and addressing the medical needs of inmates in state, local, and tribal prisons, jails, and detention centers.
- This application is open until May 29, 2020.
- This is a separate pot of funding, and Congress specifically crafted it in a way to leave out the immigration-related grant requirements that have been in the Byrne JAG program and have been the subject of extensive litigation involving CA and other states over the last three years. Those provisions are not in the CESF Coronavirus Emergency Supplemental Fund.

Mr. Steinhart thanked the BSCC staff for the hard work handling the COVID-19 crisis.

General Counsel Aaron Maguire reported on the following:

## Summary

This agenda item requests Board approval of a no-cost, one-year extension for Cohort 2 CalVIP grantees. These grantees experienced delays at the beginning of their grants and further delays due to COVID-19. The extension would provide additional time for grantees to operate their programs and spend down the grant funds in accordance with their Grant Agreements.

## Background

The FY 2017-18 State Budget Act included funding in the amount of \$9,215,000 for the CalVIP Grant, to be administered by the BSCC. BSCC administered a competitive Request for Proposals (RFP) process and on April 19, 2018, the Board approved 20 CalVIP grant awards, as recommended by the CalVIP Executive Steering Committee. These grants had a start date of May 1, 2018.

Two months later, on July 1, 2018, the FY 2018-19 State Budget appropriated an additional \$9,000,000 for the CalVIP Grant. On July 12, 2018, the Board approved an additional 16 CalVIP grants, moving down the ranked list generated by the recent competitive RFP process. The grants funded by FY17 funds were known as "Cohort 1" and the grants funded by FY18 funds were known as "Cohort 2."

The Cohort 2 grantees had some challenges with being able to quickly implement their programs: grantees had to modify workplans, budgets, and timelines to adjust for the delayed availability of funding, which, in turn, delayed the execution of grant agreements and implementation until September 1, 2018. These grantees have further been negatively impacted by the COVID-19 crisis and have had to make further adjustments to their projects to comply with office closures and social distancing orders.

Providing a no-cost, one-year extension through December 2021 will make available additional time for Cohort 2 grantees to deliver services, offsetting the time lost at the start of the grant period as well as the time lost during the COVID-19 pandemic.

**Recommendation/Action Needed**

---

Staff recommends that the Board approve a no-cost, one-year extension for the CalVIP Cohort 2 grantees.

Facilities Standards and Operations:  
2018/2020 Biennial Inspection Cycle  
COVID-19 Modifications:  
Requesting Approval

**MEETING DATE:** June 11, 2020

**AGENDA ITEM:** C

**TO:** BSCC Chair and Members

**FROM:** Allison Ganter, Deputy Director, Facilities Standards and Operations; [allison.ganter@bscc.ca.gov](mailto:allison.ganter@bscc.ca.gov)

**SUBJECT:** Facilities Standards and Operations: 2018/2020 Biennial Inspection Cycle COVID-19 Modifications: **Requesting Approval**

## **Summary**

---

Pursuant to Penal Code sections 6031 and 6031.1, the Board of State and Community Corrections (BSCC) is required to, at a minimum, biennially inspect each adult local detention facility in the state. Juvenile detention facilities must also be inspected biennially pursuant to Welfare and Institutions Code sections 209 and 885.

The BSCC biennial inspection cycle has been historically tied to the state's fiscal year. As such, the BSCC is near the end of the 2018/2020 Biennial Inspection Cycle, which began on July 1, 2018 and will end on June 30, 2020.

The BSCC is also required to biennially review, and if necessary, revise the minimum standards for operation and construction of local detention facilities. (Pen. Code, § 6030.)

Due to the COVID-19 pandemic, statewide shelter-in-place-orders, and travel restrictions, on-site inspections have not been conducted since mid-March, and the process for completing the Adult Titles 15 and 24 Regulations Revisions has been temporarily suspended. BSCC staff members have modified inspections in light of the pandemic and are planning to resume regulation revisions activities as soon as practicable. This board report updates the Board on those activities, outlines the plan for the upcoming biennial inspection cycle, and requests approval for modifications to the 2020/2022 Biennial Inspection Cycle.

## **Background**

---

BSCC Field Representatives are responsible for completing inspection of 560 local adult and juvenile detention facilities during a two-year period. The current 2018/2020 Biennial Inspection Cycle, began on July 1, 2018 and is scheduled to end on June 30, 2020. When the Governor's shelter-in-place order shifted most of the state workforce to telework and restricted travel, approximately 60% of required facility inspections had been completed with the remaining 40% of inspections scheduled for completion prior to June 30, 2020.

Field Representatives began notifying agencies that on-site inspections would be postponed or cancelled on March 12, 2020. In order to provide inspections to those agencies' whose on-site inspection would not occur, Field Representatives committed to completing comprehensive desk audits of agency policy, procedures, and available documentation before June 30, 2020.

During each desk audit, Field Representatives will complete procedures checklists, indicating that compliance with regulations is based on policy review, and where applicable, review of documentation. Completed procedures checklists will be provided to agencies for correction of items of noncompliance, requesting that they provide further information or answer questions to determine policy compliance with Title 15. As with on-site inspections, technical assistance will be provided. Where possible, Field Representatives will participate and share documentation in virtual conferences. The 2018/2020 Legislative Report will be completed as planned by December 31, 2020, noting that desk audits were completed for certain inspections.

The 2020/2022 Biennial Inspection Cycle will begin as planned on July 1, 2020; it is scheduled to be complete on June 30, 2022. If shelter-in-place orders, travel restrictions, and other factors related to the pandemic continue, Field Representatives will begin conducting desk audits.

There are several factors influencing the ability of Field Representatives to begin conducting site visits:

- State and county shelter-in-place orders
- State worker travel restrictions
- Individual county and agency policies regarding quarantine and outside visitors
- Availability of appropriate and adequate personal protective equipment (PPE)

As the above issues are addressed, and intercounty travel resumes, Field Representatives will begin on-site inspections, prioritizing on-site inspections for those facilities that received a desk audit in the 2018/2020 Biennial Inspection Cycle. Facilities Standards and Operations Division (FSO) staff will also begin enacting the enhanced inspection process, as proposed at the February 13, 2020 Board Meeting, which includes more actively engaging agencies when deficiencies are identified during inspections through the public board meeting process, and to the extent resources allow, conducting more frequent follow-up inspections.

In February and March, the FSO team had been in the early stages of convening participant workgroups to review and revise the Adult Titles 15 and 24 Regulations. Prior to shelter-in-place orders, two of eight subject matter workgroups had been held (Medical and Mental Health and Classification, Segregation and Discipline). Staff are planning to propose an alternate means of engaging the public and stakeholders to complete the participant workgroup portion of regulations revision. The team expects to resume activities in July or August; the delay in conducting regulation revision activities will push

back the original timeline for Board approval and adoption of revised regulations. FSO staff will return to the Board with a revised timeline by the September 2020 Board meeting.

BSCC staff is requesting that an additional six months be added to the 2020/2022 Biennial Inspection Cycle in order to provide on-site inspections for all local adult and juvenile detention facilities, giving priority to those that did not receive on-site inspections in the 2018/2020 Biennial Inspection Cycle, implement the enhanced inspection process, and complete the biennial review and revision of the Adult Titles 15 and 24 Regulations,.

The cycle will begin as planned on July 1, 2020 and will end on December 31, 2022. Beginning in the 2023/2024 Biennial Inspection Cycle, local adult and juvenile detention facility inspections will be on a calendar year.

When the new inspection cycle begins in July 2020, staff is recommending that FSO conduct a special review of all detention facilities' current policies and procedures on the Management of Communicable Diseases (CCR 15 § 1410). To the extent any issues of noncompliance are identified, BSCC Field Representatives will be able to provide technical assistance to the field.

An extension of six months will allow Field Representatives the opportunity to conduct comprehensive on-site inspections for all 560 local detention facilities and revisit, as necessary and appropriate, to provide enhanced technical assistance. An extension will also allow the FSO Team time to resume and proceed with regulations revisions and Board notifications of deficiencies identified during inspection; additionally, if regulation revisions are adopted within the 2020/2022 Biennial Inspection Cycle, there will be an opportunity to inspect all adult detention facilities according to revised regulations.

### **Recommendation/Action Needed**

---

1. Approve extension of 2020/2022 Biennial Inspection Cycle for six (6) months, from July 1, 2020 through December 31, 2022.

Youth Reinvestment Grant  
Funding Recommendations:  
Requesting Approval  
(Pending 2020-2021 Budget Act)

**MEETING DATE:** June 11, 2020**AGENDA ITEM:** D**TO:** BSCC Chair and Members**FROM:** Kimberly Bushard, Field Representative, [kimberly.bushard@bscc.ca.gov](mailto:kimberly.bushard@bscc.ca.gov)**SUBJECT:** Youth Reinvestment Grant Funding Recommendations: **Requesting Approval (*Pending 2020-2021 Budget Act*)**

---

### Summary

This agenda item requests Board approval, contingent upon continued appropriation in the 2020 Budget Act, of the Youth Reinvestment Grant (YRG) Program funding awards as recommended by the Executive Steering Committee (ESC) (Attachment D-1). The ESC held a virtual meeting on April 16, 2020 for rater training and then commenced the process of proposal rating. If the proposed list of grantees is approved, the grant period will begin July 1, 2020. Proposals recommended for funding include 15 Community Based Organizations. A list of all proposals recommended for funding is provided in Attachment D-2. In the alternative, if 2019 YRG funding is not available, it is recommended that 11 Community Based Organizations are funded with unspent and relinquished 2018 YRG funds. (Attachment D-3.)

### Background

The Youth Reinvestment Grant Program was established in the 2018 Budget Act and the related trailer bill (Assembly Bill 1812, Chapter 36, Statutes of 2018) with an initial funding level of \$35 million to assist cities and counties in the implementation of youth diversion programs. Funding available for the 2019 YRG program comes from several sources:

1. The 2019 Budget Act provided \$4,850,000;
2. There were unspent 2018 funds in the amount of \$5,959,122 due to a lack of high scoring proposals;
3. At its February 13, 2020 meeting, the Board approved the inclusion of \$999,696 in the current award process based on the City of Pico Rivera's relinquished award; and
4. This item requests Board approval on inclusion of another \$1,734,217, due to the City of Compton (\$1 million) and the City & County of San Francisco (\$734,217) relinquishing their awards from FY 2018. (Attachment D-4)

The above sources combined result in a total of \$13,543,035 being available for 2019 Youth Reinvestment Grant awards. These funds are intended to support community-based diversion programs that serve youth using evidence-based, trauma-informed, culturally relevant, and developmentally appropriate interventions.

### Key Components of the Youth Reinvestment Grant

- Eligible applicants for YRG funds are local government entities and community-based organizations in California. Government applicants must pass through 90 percent of any awarded funds to community-based organizations to deliver diversion services.
- Grant funds are split into three categories based on the amount requested. Applicants in each category will compete only against other applicants in that category. Assuming the Board approves the inclusion of the above referenced \$1.7 million in relinquished funds, the currently available funds would be split as follows:
  - \$3,250,329 for applicants requesting less than \$600,000
  - \$5,146,353 for applicants requesting \$600,000 to \$1.2 million
  - \$5,146,353 for applicants requesting more than \$1.2 million
- Applicants were allowed to request between \$50,000 and \$2 million. Multiple applications were not allowed.
- Only applications receiving at least 60 percent of the total available points are eligible for funding. There were no preference points available.
- Applicants were required to include a 25 percent cash or in-kind match; however, those with high need but little-or-no existing diversion infrastructure were allowed to request a 10 percent match.
- The target population to be served are youth who are under the age of 18 (at the time of participant enrollment), located in underserved communities, who would otherwise be facing entry to the juvenile justice system or further involvement in the system.
- Diversion services funded by this grant must be trauma-informed, evidence-based, culturally relevant, and developmentally appropriate.
- Successful applicants will be funded for a term of three years – July 1, 2020 through June 30, 2023.

### Executive Steering Committee

On July 11, 2019, Board Member David Steinhart was appointed to chair the Youth Reinvestment Grant ESC.

Key activities that have occurred since Mr. Steinhart's appointment include:

- A 16-member<sup>1</sup> committee was formed and convened on September 18-19 to develop the Request for Proposals for the 2019 YRG Program.

---

<sup>1</sup> Subsequent to ESC formation, two members resigned, leaving 14 members to rate proposals.

- The Board approved the release of the Youth Reinvestment Grant Request for Proposals on November 14, 2019. The Board approved a set of amendments, including a due date extension, at its February 13, 2020 meeting. The final RFP is included as Attachment D-5.
- By the March 13, 2020 due date, 103 applicants submitted timely, complete proposals requesting \$112,311,023. (Attachment D-6)
- On April 16, 2020 the ESC convened by videoconference to receive training on the rating of proposals.
- By the end of May, all ESC members submitted their proposal scores, which were used by BSCC Research staff to develop the funding recommendation before you today. Project abstracts for those applicants recommended for funding are included as Attachment D-7.

### May Revision

On May 14, 2020, the Governor released the May Revision, which included a request to the Legislature to allow \$18 million in unspent funding in the BSCC's budget from the 2019 Budget Act to revert to the General Fund. These funds include \$10 million for the 2019 Tribal Youth Diversion Grant, \$5 million for the 2019 Youth Reinvestment Grant, and \$3 million from the California Violence Intervention and Prevention Program. On May 20, 2020, the Senate Budget and Fiscal Committee, Subcommittee No. 5 rejected these proposed reversions. The conditional awards proposed in this board report are contingent on approval of the final budget action by the Governor and Legislature.

### Recommendation/Action Needed

On behalf of the Youth Reinvestment Grant ESC, staff recommends the Board take the following actions to the extent funding is available following final approval of the 2020 Budget Act:

1. Approve the inclusion of \$1,734,217 available due to award relinquishments as part of today's funding recommendation.
2. Fully fund 12 proposals (Attachment D-2) totaling \$11,273,681 for projects providing youth diversion services. This includes:
  - 6 projects with a small request amount;
  - 4 projects with a medium request amount; and
  - 2 projects with a large request amount.

Partially fund the following proposals, which fell at the funding cut-off point for their respective categories on the rank-ordered list.

The AMAAD Institute to receive \$343,277 in the small category;  
Flintridge Center to receive \$703,193 in the medium category; and  
Centinela Youth Services, Inc to receive \$1,222,884 in the large category.

3. In the alternative, if 2019 YRG funding is unavailable, fully fund 8 proposals (Attachment D-2) totaling \$7,156,254. This includes:
  - 4 projects with a small request amount;
  - 3 projects with a medium request amount; and
  - 1 project with a large request amount.

Partially fund the following proposals, which fell at the funding cut-off point for their respective categories on the rank-ordered list.

Sharefest to receive \$96,704 in the small category;

Community Action Board of Santa Cruz County to receive \$60,193 in the medium category; and

Sierra Health Foundation: Center for Health Program Management to receive \$1,379,884 in the large category.

4. Authorize staff to continue to make awards from the rank-ordered list if any applicant is unable to accept the award or relinquishes an award, first by offering to any partial awardee and then to the next highest-ranked application(s).
5. Authorize staff to continue to make awards from the rank-ordered list should staff determine during the follow-up award-making process that an applicant recommended for award is ineligible or should a grantee become ineligible during the grant cycle.

**SUBJECT: DECLINING YOUTH REINVESTMENT GRANT**

Dear Ms. Bushard,

The City of Compton is relinquishing the California Board of State and Community Corrections (BSCC) Youth Reinvestment Grant in the amount of \$1,000,000.

The City of Compton regrettably relinquishes Youth Reinvestment grant funds due to substantial concern regarding our sub-recipients' ability to successfully execute, manage and meet the requirements outlined by the Youth Reinvestment Grant. The City of Compton has exhausted its search in identifying an alternative local nonprofit organization that can deliver the approved scope of work and properly manage this grant, so we must decline the funds.

Should you need any additional information, please contact my office at (310) 605-5585

re: Intent to relinquish Youth Reinvestment Grant

To the Members of the Board of State and Community Corrections:

I am writing to notify you of the San Francisco Juvenile Probation Department's intent to relinquish our Youth Reinvestment Grant award of \$734,217. Our department had proposed to provide a Mobile Response and Linkage Service (MRLS) to stabilize youth and family during crisis. YRG funds were to be used to augment San Francisco's existing MRLS, which provides this service for foster youth.

Recently, we were notified that San Francisco's existing MRLS found a way to expand its eligibility – without the use of YRG funds – to include additional youth populations, including youth who have had a contact with probation. This is a positive development and also one that rendered our YRG plan largely redundant. While I am disappointed that our department is unable to participate in the YRG effort at this time, I am heartened by the fact that the need we initially identified has been met through other means.

I look forward to learning from the other YRG sites across the state, and to future collaborations with the BSCC.

Best regards.

## PART I: GRANT INFORMATION

### Grant Program Background

The Youth Reinvestment Grant (YRG) program was originally established in the 2018 Budget Act (Senate Bill 840, Chapter 29, Statutes of 2018) and the related trailer bill (Assembly Bill 1812, Chapter 36, Statutes of 2018). As recently amended by AB1454 (Chapter 584, Statutes of 2019), the 2019 Youth Reinvestment Grant program is aimed at diverting youth who are at risk of juvenile justice involvement from initial contact with the juvenile justice system using approaches that are evidence-based, culturally relevant, trauma-informed, and developmentally appropriate. Funds may also be used to prevent further involvement in the juvenile justice system for those youth who have already experienced initial contact. Grant funds will be used to target underserved communities with high rates of youth arrests. Applicants must be local government entities or nonprofit organizations. Local government applicants will be required to pass through 90 percent of awarded funds to nonprofit community-based organizations (interchangeably referred to in this document as Non-Governmental Organizations (NGOs)). NGOs that receive these funds must deliver services in underserved communities with high rates of youth arrests. The diversion services and alternatives to arrest, incarceration, and formal involvement with the juvenile justice system must also include one or more of the following components: educational services, including academic and vocational services; mentoring services; behavioral health services; and mental health services.

Total funding for the 2019 Youth Reinvestment Grant Program is \$11,808,818~~140,500,000~~ over the course of the grant term, which is July 1, 2020 through June 30, 2023.

### Grant Program Description

The purpose of this grant program is to fund programs and services that will divert youth who are at risk of system involvement away from the juvenile justice system. Selected grant programs will do so by funding evidence-based, trauma-informed, culturally relevant, and developmentally appropriate diversion options at various points of entry to the juvenile justice system. While the primary goal of this grant program is to avoid initial contact with law enforcement, grant funds may also be used to avert further involvement

in the juvenile justice system for those who have already had contact. Diversion programs must incorporate at least one of the following: educational services, including academic and vocation services; mentoring services; mental health services; or behavioral health services.

### **Eligible Youth**

Programs funded under this grant must serve youth who are under 18 at the time of program enrollment or who are 18 or older but under continuing juvenile court jurisdiction (including youth being processed for probation violations). These funds are intended to provide services to youth who would otherwise face entry into the juvenile justice system – either for the first time or for a subsequent contact. Funds are intended to target youth who are living in underserved communities.

### **Eligible Activities**

Applicants may implement new activities/programs or expand existing activities/programs. Funds may be used to support various types of diversion approaches, e.g., pre-arrest diversion, community-based referral programs, restorative justice diversion, or other approaches designed to achieve desired diversion results. In addition, it is acceptable to include approaches that target one or more points of entry to the juvenile justice system. Different entry points could include school, law enforcement, probation, court, and family or self-referral. Applicants must demonstrate a clear referral plan and process that ensures participant confidentiality. Applicants must also demonstrate a commitment to avoid net-widening, i.e., enrolling youth into a diversion program if their needs could be met at an even lower level of intervention. Service providers are expected to accept calls from anyone who would otherwise call law enforcement. Applicants are encouraged to engage community-based organizations early in the process to assess what needs can best be met with the service providers available in the target area.

### **Eligibility to Apply**

Eligible applicants for 2019 Youth Reinvestment Grant Program awards are:

- Local Governmental Entities in California – eligible agencies could include, but are not limited to, county child welfare agencies, county probation departments, county behavioral health departments, county public health departments, school districts, and county offices of education.
- Nonprofit Organizations in California – defined as private, community-based organizations that are exempt from taxation pursuant to Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code, that are nongovernmental, and that do not carry out any law enforcement duties.

Each applicant may only submit one (1) proposal for funding under the 2019 Youth Reinvestment Grant. An applicant for 2019 YRG funds may also be identified as the subgrantee for another applicant but may not receive more than \$100,000 in 2019 YRG funds in their role as a subgrantee. Any nonprofit organization that is a subgrantee in more than one application may receive more than \$100,000 through only one application. In any additional applications, that subgrantee is only eligible to receive an aggregate amount of up to \$100,000 for all additional applications.

**PLEASE NOTE:** Entities that received 2018 YRG funds as ~~either a direct applicant or a Lead Public Agency passthrough entity~~ are not eligible to receive or be awarded funds under the 2019 YRG Program. Nonprofit organizations that received more than \$100,000 in 2018 YRG funds as a passthrough entity are not eligible to receive or be awarded funds under the 2019 YRG funds. ~~This also means that a~~ Applicants that are awarded 2019 YRG funds may not subcontract or passthrough funds to any entities that received more than \$100,000 in 2018 YRG funds. The purpose of the 2019 YRG is to award these limited funds to different grantees and to have these grantees sub-contract with different NGOs (except for those that may have received nominal 2018 YRG funding). The goal is to expand the number of applicants, service providers, and youth participants.

Nonprofit organization applicants must submit proof of nonprofit status. These applicants must demonstrate that they are registered to do business in the State of California, are active and have been in good standing status with the Secretary of State for the last six months by submitting:

- A copy of the applicant's registration and active status on the Secretary of State's database (<https://businesssearch.sos.ca.gov/>).
- A Letter of Determination from the IRS or the most recent 990 IRS form.

### **Criteria for All Non-Governmental Organizations**

All NGOs that receive 2019 YRG funds as direct grantees or as a pass-through from a local governmental entity must have tax exempt status per Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code. In addition, any NGO that receives 2019 YRG Grant funds (as a grantee, a subgrantee or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least six months prior to the effective date of its fiscal agreement with the BSCC or with the YRG grantee. Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the grantee-subcontractor fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address (an exception may be made for Indian Tribes).

All applicants must submit Appendix B, Criteria for NGOs receiving 2019 YRG Grant funds as part of the completed RFP package to document the compliance of any NGOs identified as partners in the proposal. All grantees must submit updated Appendix Bs throughout the life of the grant agreement for any additional NGOs that may be awarded 2019 YRG Grant funds through subcontracts after awards are made. The BSCC will not reimburse for costs incurred by NGOs that do not meet the BSCC's requirements.

## **Mandatory Pass-Through Requirements for Local Government Applicants**

All 2019 YRG grantees that are local governmental entities must pass through at least 90 percent of their grant award to nonprofit organizations. Only nonprofit organizations that are community-based, non-governmental, non-law enforcement agencies may be counted as fulfilling this pass-through requirement. A few examples of entities that would NOT count toward the pass-through requirement include county probation departments, parks & recreation departments, grant management business or agencies, auditors, and evaluators.

## **Project Funding Information**

### **Grant Period**

Successful applicants will be funded for a three-year period commencing on July 1, 2020 and ending on June 30, 2023.

### **Funding Amount**

A total of ~~\$11,808,818~~\$10,500,000 in state funding is available. The minimum amount for which any single applicant may apply is \$50,000 and the maximum is \$2 million.

Applicants are encouraged to request only the amount of funds needed to support their proposal and the amount that can be justified with supporting documentation/information. All applicants must build their proposal, objectives, activities, timelines, and budget information for all three years of the grant cycle. For example, if an applicant is requesting the \$2,000,000, the budget must add up to \$2,000,000 and the budget detail must clearly illustrate the line items within which that \$2,000,000 will be spent over the three-year grant period.

### **Funding Categories and Funding Threshold**

The total available funding of ~~\$11,808,818~~\$10,500,000 will be awarded within three categories. Recognizing that different applicants have different capacities, resources, and needs, these categories were established so that small and medium sized projects do not compete against larger projects. There is a maximum amount of funding set aside for each category and applicants will compete with other applicants in their category.

The categories and amounts available for each are as follows:

<b>Project Category</b>	<b>For Applicants Requesting:</b>	<b>Funds Allocated to this Category</b>
1) Small Request	Up to \$600,000 for the entire grant period	<del>\$2,500,000</del> <u>\$2,808,818</u>
2) Medium Request	More than \$600,000 and up to \$1.2 million for the entire grant period	<del>\$4,000,000</del> <u>\$4,500,000</u>
3) Large Request	More than \$1.2 million and up to \$2 million for the entire grant period	<del>\$4,000,000</del> <u>\$4,500,000</u>
<b>Total:</b>		<del><b>\$10,500,000</b></del> <b><u>\$11,808,818</u></b>

**Note:** Applicants must receive at least 60% of the total points available to be considered for funding (see Rating Factors, page 10). If there are not sufficient qualified applicants in one category to exhaust all funds, those funds will first be used to fully fund any partially funded proposal in another category and then recommended for the highest rated proposals that were qualified applicants regardless of category.

### **Match Requirement**

The 2019 Youth Reinvestment Grant Program requires that applicants provide a 25 percent match. An applicant may provide less than a 25 percent match but no less than a ten percent match if the applicant has a high need coupled with low or no local infrastructure for diversion programming. Examples include, but are not limited to, lack of funding for diversion services, inability to hire or train staff, lack of cross-departmental agency support, insufficient support services in community, etc. At both the 25 percent and the 10 percent level, the match amount may be met through cash or in-kind contributions.

In-kind match, also known as soft match, is the project's contribution of non-cash outlay of materials or resources to support a percentage of 2019 YRG Program activities. It may include non-cash outlay contributed by other public agencies and institutions, private organizations, and/or individuals. Examples include leveraged or donated professional services, office supplies, equipment, and volunteer time.

In general, the value of in-kind contributions is determined by fair market value or actual value, which must be identified separately in the application budget. Projects must maintain documentation to support the claimed match on all invoices submitted to the BSCC.

Reporting of match expenditures, whether cash or in-kind, need not be made in exact proportion to the expenditure of grant funds. However, the full match contribution must be expended by the end of the grant cycle to receive all funds allocated.

Applicants are encouraged to budget only for the required match. There is no priority given to an applicant for matching more than the required percentage. An awardee who applies for a specific match percentage will be held to that figure by contract and therefore, will not be allowed to reduce their contractually obligated match amount, even if it exceeds 25 percent.

### **Supplanting**

Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

Supplanting is strictly prohibited for all BSCC grants. BSCC grant funds shall be used to support new program activities or to augment existing funds which expand current program activities. BSCC grant funds shall not be used to replace existing funds.

It is the responsibility of the Grantee to ensure that supplanting does not occur. The Grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

## Project Evaluation Requirements

In addition to quarterly progress reports, projects selected for funding will be required to submit to the BSCC: (1) a Local Evaluation Plan (four months post-award) and, (2) a Local Evaluation Report (three months after the conclusion of the grant). See Appendix A, Glossary of Terms, for key definitions related to project evaluation.

**Local Evaluation Plan** - The purpose of the Local Evaluation Plan (LEP) is to ensure that projects funded by the BSCC can be evaluated. Applicants will be expected to include a detailed description of how they plan to assess the effectiveness of the proposed program in relation to each of its goals and objectives identified in the proposal. The LEP should describe the evaluation design or model that will be used to evaluate the effectiveness of the project component(s), with the project goals and the objectives clearly stated. Applicants should include criteria for both process and outcome evaluations. Once submitted, any modifications to the LEP must be approved in advance by the BSCC. More detailed instructions on the LEP will be made available to successful applicants. See Appendix E for a sample of evaluation plan components.

**Local Evaluation Report** - Following project completion, grantees are required to complete a final Local Evaluation Report (LER) which must be in a format prescribed by the BSCC. The purpose of the final LER is to determine whether the overall project was effective in meeting the goals laid out in the LEP. To do this, the grantee must assess and document the effectiveness of the activities that were implemented. These activities should have been identified in the previously submitted LEP. More detailed instructions on the LER will be made available to successful applicants.

Applicants are strongly encouraged to identify research partners early on and include them in the development of the proposal, to better ensure that the goals and objectives listed in the proposal are realistic and measurable. Applicants are also encouraged (but not required) to use outside evaluators to ensure objective and impartial evaluations. Specifically, applicants should consider partnering with state universities or community colleges for evaluations. Evaluation planning, oversight, and reporting activities may be funded by the 2019 Youth Reinvestment Grant Program monies, identified matching funds, or another source. If grants funds will be used, they must be included in the applicant's proposed budget.

## BSCC Executive Steering Committee Process

### 2019 Youth Reinvestment Grant Program Executive Steering Committee

To ensure successful program design and implementation, the BSCC uses Executive Steering Committees (ESCs) and Advisory Groups to inform decision making related to the Board's programs. These committees are composed of subject matter experts and stakeholders representing both the public and private sectors. The BSCC makes every attempt to include diverse representation on its ESCs and Advisory Groups - in breadth of experience, geography, and demographics. ESCs are convened and approved by the BSCC Board, as the need arises, to carry out specified tasks including the development of RFPs for grant funds. The Board then approves, rejects, or revises those recommendations. Members of ESCs are not paid for their time but are reimbursed for travel expenses incurred to attend meetings.

The 2019 Youth Reinvestment Grant ESC includes subject matter experts on community engagement, trauma-informed care, youth diversion programs, prevention and intervention programs, mental/behavioral health, and law enforcement. A list of ESC members can be found in Appendix G.

### Conflicts of Interest

Existing law prohibits any grantee, subgrantee, partner or like party who participated on the above referenced 2019 Youth Reinvestment Grant ESC from receiving funds from the grants awarded under this RFP. Applicants who are awarded grants under this RFP are responsible for reviewing the 2019 Youth Reinvestment Grant ESC membership roster and ensuring that no grant dollars are passed through to any entity represented by any member of the ESC.

## Overview of the RFP Process

### Confirmation of Receipt of Proposal

Upon submission of a proposal, applicants will receive an electronic auto-confirmation email from the BSCC stating that the proposal has been received.

**Disqualification – PLEASE REVIEW CAREFULLY**

#### The following will result in an automatic disqualification:

- An electronic version of the complete proposal package is not received by 5:00 p.m. PST on March 13~~February 14~~, 2020.
- The Proposal Narrative does not meet the narrative formatting requirements below (see sample Formatting Tool Appendix F):
  - Arial 12-point font
  - One-inch margins on all four sides
  - 1.5-line spacing

- The Proposal Narrative exceeds 10 numbered pages in length.
- The Budget Attachment (Excel document), both tables and narrative, is incomplete or the total amount included in the budget table does not match the requested amount included elsewhere in the application.
- The Proposal Package does not contain all required sections:
  - Coversheet – accurately completed
  - Checklist – filled out and signed
  - Applicant Information Form – completed and signed
  - Proposal Abstract
  - Proposal Narrative
  - 2019 YRG Budget Table & Narrative Attachment (in Excel)
  - Criteria for Non-Governmental Organizations Receiving YRG Funds (Appendix B) – completed and signed
  - Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement (Appendix C) – completed and signed
  - Project Work Plan (1-2 pages)
- The applicant's funding request was less than \$50,000.
- The applicant's funding request was more than \$2 million.
- The nonprofit applicant did not provide proof – or the proof provided is not current – that they are registered to do business as a nonprofit in the State of California, are active and have been in good standing with the Secretary of State for the last six months by submitting:
  - A copy of the applicant's registration and active status on the Secretary of State's database (<https://businesssearch.sos.ca.gov/>).
  - A Letter of Determination from the IRS or the most recent 990 IRS form.
- The local governmental entity applicant did not indicate its intention to pass through at least 90 percent of any awarded funds to a nonprofit organization and include that amount in the Budget Attachment.

**NOTE:** Disqualification means that the proposal will not move forward to the ESC for the Proposal Rating Process and, therefore, will NOT be considered for funding.

### Rating Process

Unless disqualified, proposals will advance to the Proposal Rating Process. The 2019 Youth Reinvestment Grant ESC members will read and rate each proposal in accordance with the prescribed rating factors listed in the table below.

The ESC members will base their scores on how well an applicant addresses the items listed under each rating factor within the Proposal Narrative and the Budget. Following the proposal rating process, the ESC will develop funding recommendations for consideration by the BSCC Board. It is anticipated that the BSCC Board will act on the

funding recommendations of the ESC at its meeting on June 11, 2020. All applicants will be notified of the Board's funding decision. Applicants and partners are not permitted to contact members of the ESC or the BSCC Board Members to discuss proposals.

### Rating Factors

The Rating Factors to be used and the maximum points assigned to each factor are shown in the table below. Applicants are asked to address each of these factors as a part of their proposal. The ESC assigned a percent value to each of the Rating Factors, correlating to its importance (see Percent of Total Value column).

	Rating Factors	Point Range	Percent of Total Value	Weighted Rating Factor Score
1	Project Need	1 - 5	35%	105
2	Project Description	1 - 5	35%	105
3	Organizational Capacity and Coordination	1 - 5	15%	45
4	Data Collection/Evaluation	1 - 5	5%	15
5	Project Budget	1 - 5	10%	30
<b>Maximum Possible Proposal Score:</b>			<b>100%</b>	<b>300</b>

Raters will score an applicant's response in each of the Rating Factor categories on a scale of 1 to 5, according to the Five-Point Rating Scale shown below. Each rating factor score is then weighted according to the "Percent of Total Value" column (determined by the ESC) associated with each Rating Factor to arrive at the final Weighted Score for each Rating Factor and then added together for a final overall proposal score.

### Threshold/Minimum Score

An applicant must meet a threshold of **60%**, or minimum score of **180** total points, to be considered for funding.

### Five-Point Rating Scale

Poor 1	Fair 2	Satisfactory 3	Good 4	Excellent 5
The response addresses the criteria in a <b>very inadequate</b> way.	The response addresses the criteria in a <b>non-specific or unsatisfactory</b> way.	The response addresses the criteria in an <b>adequate</b> way.	The response addresses the criteria in a <b>substantial</b> way.	The response addresses the criteria in an <b>outstanding</b> way.

## General BSCC Grant Requirements

### Grant Agreement

Applicants approved for funding by the BSCC are required to enter into a Grant Agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement. See Appendix H for a sample contract (State of California: Contract and General Terms and Conditions).

The Grant Agreement start date is expected to be July 1, 2020. Grant Agreements are considered fully executed only after they are signed by both the Grantee and the BSCC. Work, services, and encumbrances cannot begin prior to the Grant Agreement start date. If a grantee chooses to incur costs for reimbursement, any work, services, and encumbrances which occur after the start date but prior to grant agreement execution may not be reimbursed. Grantees are responsible for maintaining their Grant Agreement, all invoices, records, and relevant documentation for at least three (3) years after the final payment under the contract.

### Governing Board Resolution

Local governmental applicants must submit a resolution from their governing board addressing specified requirements as included in the sample Governing Board Resolution, which can be found in Appendix D. A signed resolution is not required at the time of proposal submission; however, grant recipients must have a resolution on file before a fully executed grant agreement can be completed.

Nonprofit applicants must submit a resolution from their governing board that the individual signing the application for 2019 Youth Reinvestment Grant funding is authorized on behalf of the governing board to submit the grant proposal for this funding and sign the Grant Agreement with the BSCC, including any amendments thereof.

### Audit Requirements

The BSCC reserves the right to call for a program or financial audit at any time between the execution of the grant agreement and three (3) years following the end of the grant period.

The Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this grant.

### Grantee Orientation Process

Following the start of the grant period, BSCC staff will conduct a Grantee Orientation in Sacramento (at a date to be determined later). The purpose of this mandatory session is to review the program requirements, invoicing and budget modification processes, data collection and reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer, and Day-to-Day Contact must attend. Grant recipients may use 2019 YRG funds for travel-related expenditures such as airfare, mileage, meals, lodging, and other per diem costs. Applicants should include anticipated travel costs in the budget section of the proposal under the "Other" category.

## **Funding Awards**

The BSCC will disburse one-third of awarded funds within 75 days of the date the grant agreement is fully executed. The grantee shall agree to deposit grant funds into a banking account established by the grantee and the grant funds shall not be comingled with any other funds. Any interest earned on the account may only be used for allowable expenses during the grant period. Grantees shall only use grant funds for allowable costs and shall provide invoices and supporting documentation to the BSCC periodically or upon request. When a grantee expends 80% of the disbursed funds and has submitted the required documentation to the BSCC, and provided the grantee has met the other terms and conditions of the grant, the BSCC shall disburse an additional 1/3 of the award under the same terms and conditions. The final 1/3 of the award shall be disbursed after a grantee expends 80% of the total disbursed funds. Any unspent funds remaining at the end of the grant period must be returned to the BSCC.

The State Controller's Office (SCO) will issue the warrant (check) to the grantee as named on the application form for the grant. Grantees must submit invoices to the BSCC on a quarterly basis through the online process no later than 45 days following the end of each quarter. Grantees must maintain adequate supporting documentation for all costs claimed on invoices. BSCC staff will conduct on-site monitoring visits that will include a review of documentation maintained as substantiation for project expenditures.

## **Quarterly Progress Reports**

Grant award recipients are required to submit quarterly progress reports to the BSCC. Progress reports are a critical element in BSCC's monitoring and oversight process. Grantees who are unable to demonstrate that they are making sufficient progress toward project goals and objectives and that funds are being spent in accordance with the Grant Agreement could be subject to the withholding of funds. Once grants are awarded, the BSCC will work with grantees to create custom progress reports. See Appendix I for a sample progress report.

## **Travel**

Travel is usually warranted when personal contact by project staff is the most appropriate method of conducting project-related business. Travel to and from training conferences may also be allowed. The most economical method of transportation, in terms of direct expenses to the project and the employee's time away from the project, must be used. Projects are required to include sufficient per diem and travel allocations for project-related personnel, as outlined in the Grant Agreement, to attend any mandated BSCC training conferences or workshops outlined in the terms of the program.

## **Units of Government**

Units of government may follow either their own written travel and per diem policy or the State's policy. Units of government that plan to use cars from a state, county, city, district car pool, or garage may budget either the mileage rate established by the car pool or garage, or the state mileage rate, not to exceed the loaning agency rate.

### **Non-Governmental Organizations (NGOs)**

An NGO receiving BSCC funds must use the California State travel and per diem policy, unless the grantee's written travel policy is more restrictive than the State's, in which case it must be used. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares. This policy applies equally to NGOs that receive grant funds directly from the BSCC and those that receive grant funds indirectly through a subcontract with another NGO that received a BSCC grant award.

### **Out-of-State Travel**

Out-of-state travel is restricted and only allowed in exceptional situations. Grantees must receive written BSCC approval prior to incurring expenses for out-of-state travel. Even if previously authorized in the Grant Award, grantees must submit to the BSCC a separate formal request (on grantee letterhead) for approval. Out-of-state travel requests must include a detailed justification and budget information.

In addition, California prohibits travel, except under specified circumstances, to states that have been found by the California Attorney General to have discriminatory laws. The BSCC will not reimburse for travel to these states unless the travel meets a specific exception under Government Code Section 11139.8(c). For additional information, please see: <https://oag.ca.gov/ab1887>.

### **Debarment, Fraud, Theft, or Embezzlement**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the BSCC will not enter into contracts or provide disbursements or reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three (3) years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the grant contract.

The BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All applicants must complete Appendix C certifying they are in compliance with the BSCC's policies on debarment, fraud, theft, and embezzlement.

## Compliance Monitoring Visits

BSCC staff will conduct periodic monitoring of each project to assess whether the project is in compliance with grant requirements and making progress toward grant objectives. As needed, monitoring visits may also occur to provide technical assistance on fiscal, programmatic, evaluative, and administrative requirements. For your reference, a sample Monitoring Visit Checklist is contained in Appendix J.

## Use of Effective Programs and Data-Driven Approaches<sup>1</sup>

The BSCC is committed to supporting programs, practices, and strategies that are rooted in documented evidence showing they reduce youth risk factors and rates of recidivism while also considering participant characteristics, situations, and preferences.

Applicants are required to use data to drive conscientious decision-making in the development, implementation, and appraisal of their overall projects. Applicants should demonstrate that their proposal is linked to the implementation of practices and strategies supported by data. The following information is offered to help applicants understand the BSCC's broad view of data-supported practices and decision-making:

The BSCC is committed to supporting a focus on better outcomes in the criminal justice system and those involved in it. For the purposes of this RFP, applicants should focus on the following three basic principles:

- 1. Is there evidence or data to suggest that the intervention, service, or strategy is likely to work, i.e., produce a desired benefit?** *For example, was the intervention, service, or strategy selected by the project used by another entity with documented positive results? Is there published research/information on the intervention the project has chosen to implement showing its effectiveness? Is the intervention or strategy being used by another entity with a similar problem and similar target population?*
- 2. Once an intervention, service, or strategy is selected, will you be able to demonstrate that it is being carried out as intended?** *For example, does this intervention, service, or strategy provide for a way to monitor quality control or continuous quality improvement? If this intervention, service, or strategy was implemented in another area, are there procedures in place to ensure the model is being closely followed (so the project is more likely to achieve similar desired outcomes)?*
- 3. Is there a plan to collect data that will allow for an appraisal of whether the intervention, service, or strategy worked?** *For example, will the intervention, service, or strategy selected allow for the collection of data or other information*

*so outcomes can be measured at the conclusion of the project? Are there or will there be processes in place to identify, collect, and analyze that data/information?*

Applicants are encouraged to develop an overall project that incorporates these principles but is tailored to fit the needs of the communities they serve. Plans to measure the effectiveness of a project should include the use of both qualitative and quantitative data/information. While quantitative data/information is based on numbers and mathematical calculations, qualitative data/information is based on written or spoken narratives. The purpose of quantitative data/information is to explain, predict, and/or control events through focused collection of numerical data, while the purpose of qualitative data/information is to explain and gain insight and understanding of events through collection of narrative data/information.

Applicants may find it helpful to review the information on evidence-based treatment practices in Appendix K of this RFP as well as in the Substance Abuse and Mental Health Services Administration's (SAMHSA) Guide to Evidence-Based Practices available at: [www.samhsa.gov/ebpwebguide](http://www.samhsa.gov/ebpwebguide).

## Reducing Racial and Ethnic Disparity

Research shows that youth and adults of color are significantly overrepresented in the criminal justice system in California<sup>2</sup>. BSCC supports efforts to reduce racial and ethnic disparities and encourages others to do the same. The BSCC has undertaken a number of activities to ensure that California addresses this concern including trainings.

The YRG statute states that services must be located in communities (designated by zip code or neighborhood) with "high needs" and defines high needs as including racial or ethnic disparities in youth arrests that are higher than their representation in the county population. Applicants should, as relevant, describe how grant activities will impact the number of youth of color who are subject to justice system involvement.

For additional information about reducing racial and ethnic disparity (R.E.D.) applicants may contact the R.E.D. Coordinator, Field Representative Timothy Polasik, by telephone at (916) 621-2853 or by email [Timothy.Polasik@bscc.ca.gov](mailto:Timothy.Polasik@bscc.ca.gov).

<sup>2</sup> Multiple studies confirm the disparities in the criminal and juvenile justice systems. The W. Haywood Burns Institute (<http://www.burnsinstitute.org/>) has worked extensively on this issue as has the National Council on Crime and Delinquency (NCCD) and the Center for Juvenile Justice Reform, Georgetown University (<https://cjjr.georgetown.edu/certificate-programs/reducing-racial-and-ethnic-disparities/>)

## Proposal Abstract

Instructions: Provide a brief summary of the proposed project. The Proposal Abstract must be submitted in Arial 12-point font with one-inch margins on all four sides. Narrative must be 1.5-line spaced and cannot exceed **1 page** in length. This section will not be included in the rating of the Proposal.

## Proposal Narrative

Instructions: The Proposal Narrative must be submitted in Arial 12-point font with one-inch margins on all four sides. The narrative must be 1.5-line spaced and cannot exceed **10 numbered pages** in length. The Proposal Narrative should address the Project Need, Project Description, Organizational Capacity & Coordination, and Data Collection/Evaluation, using each of the four section headers exactly as provided. Within each section, address the bulleted items in a concise yet comprehensive narrative format. Do not include website links.

The 10-page limit for this section does not include the mandatory Cover Sheet, Proposal Checklist, Applicant Information Form, Proposal Abstract, Project Work Plan, Budget Table & Narrative, or other required attachments (see Proposal Checklist).

It is up to the applicant to determine how best to use the total 10-page limit in addressing each section; however, as a guide, the percent of total point value for each section is listed within each header.

### 1. Project Need (Percent of Total Value: 35%)

**Address the following in narrative form:**

Articulate a need that is pertinent to the intent of the 2019 YRG Program. The elements that comprise the Project Need section are listed below. Addressing each element does not itself merit a high rating; rather, it is the quality of the response to each element that will be evaluated. This is the case for all of the rating factors.

- Define the target population of youth to be served by these grant funds. This should include details such as gender, age, race/ethnicity, prior contact/involvement with the justice system, risk factors, and any other data that supports the need for services within the identified population.
- In consideration of the various diversion options available, describe the diversion needs of the specific target population to be served.
- Identify existing gaps in available resources, services, and/or activities within the proposed project area for the target population.

- Explain any methods that were used to conduct outreach and/or gather input from interested parties in order to determine the need presented in this proposal.
- Use quantitative and/or qualitative data, as well as other relevant supporting information, to support the identified need. High need status can be documented and supported by available statewide databases and/or other data and information sources the applicant can access and provide.
- Explain how the described project need is related to your service area's high arrest rates and, as relevant, to racial/ethnic disparities.

<b>Rating Criteria for Project Need</b> (scored on a scale of 1 – 5; weighted at 35%)	
1.1	The applicant identified the specific target population to be served (e.g., gender, age, race/ethnicity, prior contact/involvement with the justice system, risk factors, and/or other supporting data).
1.2	The applicant described the diversion needs of the target population selected.
1.3	The applicant identified service gaps that contribute to the need.
1.4	The applicant solicited community input in determining the need.
1.5	The applicant provided relevant qualitative and/or quantitative data with citations in support of the need.
1.6	The applicant described the project need related to high arrest rates and racial/ethnic disparity.

## 2. Project Description (Percent of Total Value: 35%)

**Address the following in narrative form:**

- Describe the relationship between the proposed services/interventions to be delivered and the population of youth to be served.
- Explain the ways in which the proposed services/interventions are evidence-based or promising, trauma informed, culturally relevant, and developmentally appropriate for the target population and the community.
- Considering your proposed service area and target population, identify how and where diversion services will be delivered. Estimate the number of youth to be provided services under this grant.
- Explain how the proposed project will reduce the number of youth who are involved in the justice system.
- Describe your plan and process for how youth will be referred under the proposed project, including information about who can refer youth to the program

and at what point along the justice system continuum (e.g., pre-arrest, before filing a petition, etc.) youth may be referred.

- Articulate the proposed process for identifying the specific needs of referred youth and then meeting those needs.
- Explain how service providers will ensure that only appropriate youth will be provided diversion services under this grant. This must include an adequate description of how youth will be selected or chosen for participation in the program. Describe any steps that will be taken to ensure youth who could be served with a less restrictive, less punitive option will be, i.e., that no net-widening will occur, and that only youth who would otherwise be going into the system or will penetrate deeper into the system will be provided services.
- Describe how a participant's non-compliance will be defined and addressed.
- Complete the Work Plan using the template provided in the proposal package at the end of the RFP to identify the project's top three goals and objectives.
  - Describe the relationship of the project's goals and objectives to the need and intent of the grant.
  - Identify how the top three goals will be achieved in terms of the activities, responsible staff/partners, and start and end dates.

<b>Rating Criteria for Project Description</b> (scored on a scale of 1 – 5; weighted at 35%)	
2.1	The applicant described the proposed services/interventions of the project in relation to the target population.
2.2	The applicant described the extent to which the services are evidence-based or promising, trauma informed, culturally relevant, and developmentally appropriate for the target population and the community.

2.6	The applicant described how the needs of referred youth will be determined and met.
2.7	The applicant described how it will ensure that only appropriate youth will be provided diversion services and that any youth who could be handled with a less restrictive, less punitive option will be, i.e., that no net-widening will occur.
2.8	The applicant described how a participant's non-compliance with project requirements will be addressed.
2.9	The applicant has completed a Project Work Plan that is appropriate to the proposed project.

### 3. Organizational Capacity & Collaboration (Percent of Total Value: 15%)

<b>Rating Criteria for Organizational Capacity and Coordination</b> (scored on a scale of 1 – 5; weighted at 15%)	
3.1	The applicant has described its experience, staffing and/or partnerships to implement the proposed project. If partners are to be selected after the grant is awarded, then specify the process for selecting those partners.
3.2	The applicant described how those providing services to youth will be involved in the project and demonstrated their experience with serving at-risk youth populations.
3.3	The applicant described how the proposed project will coordinate with formal justice system agencies as necessary to implement the project.

### 4. Data Collection/Evaluation (Percent of Total Value: 5%)

<b>Rating Criteria for Data Collection/Evaluation</b> (scored on a scale of 1 – 5; weighted at 5%)	
4.1	The applicant described a plan to ensure that project data are collected, maintained, reported, and used as a management tool for project decision making.

## 5. Project Budget (Percent of Total Value: 10%)

As part of the application process, applicants are required to submit the 2019 YRG RFP Budget Attachment (Budget Attachment), which can be accessed via the link on the next page. The Budget Attachment does not count toward the 10 pages allowed for the Proposal Narrative. Upon submission, the Budget Attachment will become “Section 5: Project Budget,” making up part of the official proposal package. The Budget Attachment, which includes a budget table and narrative will be rated based on the criteria listed below. The Budget Attachment must be filled out completely and accurately. Applicants are solely responsible for the accuracy and completeness of the information entered in the Budget Attachment and are encouraged to double check all entries.

All project costs must be directly related to the objectives and activities of the proposed project. The Budget Attachment covers the entire three-year grant term. For example, if you are requesting \$1 million, the budget table must total to \$1 million and the corresponding narrative must explain how that \$1 million would be spent over the three-year term of the grant.

The following items – applied to both the project budget table and the project budget narrative – are rated as a part of this section, and must be addressed by the applicant in the YRG Budget Attachment:

<b>Rating Criteria for Project Budget</b> (scored on a scale of 1 – 5; weighted at 10%)	
5.1	The applicant has submitted a Budget Table that is appropriate to the proposed project.

Any additional documents that are submitted with the proposal will not be forwarded to the ESC for rating. Only Letters of Commitment will be considered as part of the proposal.

## **APPENDICES**

Attachment D-5

## APPENDIX A

### Glossary of Terms – 2019 Youth Reinvestment Grant

#### **Diversion**

Youth diversion is broadly defined as an approach that promotes positive youth development by relying on responses that prevent a young person's involvement or further involvement in the justice system. Diversion programs, which may follow a variety of different models, aim to divert youth from justice system engagement at the earliest possible point. Departments or agencies that may refer youth to diversion programs include, but are not limited to, schools, service organizations, law enforcement, probation, or prosecutors.

#### **Trauma-Informed**

"Trauma-informed" means an approach that involves an understanding of adverse childhood experiences and responding to symptoms of chronic interpersonal trauma and traumatic stress across the lifespan of an individual. A Trauma-Informed approach in the diversion system is one in which all diversion partners should recognize and respond to the impact of traumatic stress and apply a trauma-informed approach that is designed to meet the individual needs of each child.

#### **Cultural Relevance**

Cultural relevance acknowledges the influence of the youth's identity characteristics on the youth's experience of the world and incorporates perspectives into the program's environment. These identity characteristics include racial/ethnic, gender, class, religion, educational, sexual orientation, gender identity, family heritage, disability, and any other identity the youth communicates as important.

Every grantee and sub-grantee/sub-recipient that receives YRG funds must utilize programs, practices, and approaches that embed cultural relevancy.

#### **Developmentally Appropriate**

A service or intervention may be considered developmentally appropriate if it is based on a child's level of need, or developmental stage, rather than the child's chronological age.

#### **Community Based Organization (CBO)**

A CBO is a nongovernmental organization that provides services to a community consisting of individuals, groups or other organizations that constitute the local or community service population. In the context of the Youth Reinvestment Grant, a CBO is generally considered to be a non-government, non-law enforcement organization that provides services to youth and families that are at risk of involvement or already involved with the juvenile justice system. Consistent with the requirements of the 2019 YRG governing statutes, all CBOs that receive 2019 YRG funds directly or indirectly must be nonprofit organizations with tax exempt status that are nongovernmental and do not carry out any law enforcement duties. In this Request for Proposals, CBOs and nonprofit organizations are referred to as NGOs or Non-Governmental Organizations.

#### **Service Need Determination**

In considering whether to provide diversion services to potential program participants, service providers receiving funding under this grant must use an approach that is trauma-informed, culturally relevant and developmentally appropriate. Approaches could include,

but are not limited to, surveys or interviews. Applicants must thoroughly explain and justify their proposed approach for deciding which youth will be selected or chosen for program participation. Every applicant must identify some methodology for determining whether a potential program participant would benefit from services and how youth will be matched with specific services that provide those benefits.

### **Local Evaluation Plan and Local Evaluation Report**<sup>3</sup>

The purpose of the Local Evaluation Plan and the Local Evaluation Report is to identify whether the program “worked” in terms of achieving its goals and objectives. Outcome measures are designed to answer the question: “What results did the program produce?” Examples of outcome measures could include:

- Results of pre/post surveys (e.g., improvements in the number of high school graduates or reductions in law enforcement contacts).
- Implementation of programs aimed at increasing the number of youth enrolled in mentoring programs.
- Changes in policies that improve access to alcohol and substance use prevention services for youth.

### **Goal versus Objective**

Goals and objectives are necessary components of the Local Evaluation Plan and the Project Work Plan. These common terms are sometimes used interchangeably because both refer to the intended results of program activities. Goals are longer-term than objectives, more broadly stated and govern the specific objectives to which program activities are directed.

In proposals, goals are defined by broad statements of what the program intends to accomplish, representing the long-term intended outcome of the program<sup>4</sup>.

Examples of goal statements<sup>5</sup>:

- To reduce the number of youth who commit serious offenses.
- To reduce the number of youth who exhibit a pattern of chronic offending.
- To divert youth who commit nonviolent offenses from state juvenile correctional institutions.
- To restore the losses suffered by the victims of crimes.

Objectives are statements of specific, measurable aims of program activities. Objectives detail the tasks that must be completed to achieve goals. Descriptions of objectives in the proposals should include three elements:<sup>6</sup>

- 1) Direction – the expected change or accomplishment (e.g., improve, maintain);

- 2) Timeframe – when the objective will be achieved; and
- 3) Target Population – who is affected by the objective.

Examples of program objectives:<sup>7</sup>

- By the end of the program, drug-addicted youth will recognize the long-term consequences of drug use.
- To place eligible youth in an intensive supervision program within two weeks of adjudication to ensure their accountability and the community's safety.
- To ensure the youth in this program carry out all the terms of the mediation agreements they have worked out with their victims by program completion.

### **Principles of Effective Intervention**

During the past two decades, there has been renewed interest in examining correctional research. These efforts have been led by researchers such as Gendreau, Andrews, Cullen, Lipsey and others.<sup>8</sup> Much evidence has been generated, leading to the conclusion that many rehabilitation programs have, in fact, produced significant reductions in recidivism. The next critical issue became the identification of those characteristics most commonly associated with effective programs. Through the work of numerous scholars (Andrews et al., 1990<sup>9</sup>; Cullen and Gendreau, 2000<sup>10</sup>; Lipsey 1999<sup>11</sup>), several “principles of effective intervention” have been identified. These principles can be briefly categorized as the following:

- Assess Risk/Needs
- Enhance Intrinsic Motivation
- Target Interventions
  - Risk Principle
  - Needs Principle
  - Responsivity Principle
  - Dosage
  - Treatment Principle
- Skill Train with Directed Practice
- Increase Positive Reinforcement
- Engage Ongoing Support in Natural Communities
- Measure Relevant Processes/Practices
- Provide Measurement Feedback

(Page 1 of 2)

The 2019 Youth Reinvestment Grant Program Request for Proposals (RFP) includes requirements that apply to non-governmental organizations that receive funds under this grant. All grantees are responsible for ensuring that any contracted third parties continually meet these requirements as a condition of receiving 2019 YRG funds. The RFP describes these requirements as follows:

All NGOs that receive 2019 YRG funds as direct grantees or as sub-grantees of a local governmental entity must have tax exempt status per Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code. In addition, any NGO that receives 2019 YRG Grant funds (as a grantee, a subgrantee or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least six months prior to the effective date of its fiscal agreement with the BSCC or with the YRG grantee. Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the start date of the grantee-subcontractor fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address (an exception may be made for Indian Tribes).

In the table below, provide the name of the Grantee and list all contracted parties.

**Grantee:**

Grantees shall retain (on-site) applicable source documentation for each contracted party that verifies compliance with the requirements listed in the 2019 Youth Reinvestment Grant RFP. These records will be subject to the records and retention language found in Appendices A and C of the Standard Agreement.

Unless prior approval is obtained, the BSCC prohibits disbursement or reimbursement to any NGO that does not meet the requirements listed above and for which the BSCC does not have a signed grantee assurance on file.

### Certification of Compliance with BSCC Policies Regarding Debarment, Fraud, Theft, and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

☐ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

☐ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

☐ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

program, the BSCC may require Grantee to receive reimbursement in arrears upon 30-day notice to Grantee.

- C. All grant project expenditures and all obligated match contributions must be incurred by the end of the grant project cycle, June 30, 2023, and included on the final statement of expenditures due August 14, 2023. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Grant Agreement does not appropriate sufficient funds for the program, this Grant Agreement shall be of no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement.

- D. Grantee shall, upon demand, remit to the BSCC any grant funds not expended for eligible project costs or an amount equal to any grant funds expended by the Grantee in violation of the terms, provisions, conditions or commitments of this Grant Agreement.
- E. Grant funds must be used to support new program activities or to augment existing funds that expand current program activities. - C. The BSCC will not approve grantee expenditures for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently deemed ineligible, the BSCC may either withhold an equal amount from future payments to the Grantee or require repayment of an equal amount to the State by the Grantee.
- D. In the event that grant funds are withheld from the Grantee, the BSCC's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

**5. ACCOUNTING AND AUDIT REQUIREMENTS**

- A. Grantee agrees that accounting procedures for grant funds received pursuant to this Grant Agreement shall be in accordance with generally accepted government accounting principles and practices, and adequate supporting documentation shall be maintained in such detail as to provide an audit trail. Supporting documentation shall permit the tracing of transactions from such documents to relevant accounting records, financial reports and invoices.

**SAMPLE - SPECIAL TERMS AND CONDITIONS**

of the grant period. At any time, the BSCC may disallow all or part of the cost of the activity or action determined to not be in compliance with the terms and conditions of this Grant Agreement, or take other remedies legally available.

**6. DEBARMENT, FRAUD, THEFT OR EMBEZZLEMENT**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to grantees that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All Grantees must have on file with the BSCC a completed and signed Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement (Required as Appendix C of the original Proposal Package).

**7. MODIFICATIONS**

No change or modification in the project will be permitted without prior written approval from the BSCC. Changes may include modification to project scope, changes to performance measures, compliance with collection of data elements, and other significant changes in the budget or program components contained in the Application for Funding. Changes shall not be implemented by the project until authorized by the BSCC.

**8. TERMINATION**

A. This Grant Agreement may be terminated by the BSCC at any time after grant award and prior to completion of project upon action or inaction by the Grantee that constitutes a material and substantial breach of this Grant Agreement. Such action or inaction includes but is not limited to:

- 1) substantial alteration of the scope of the grant project without prior written approval of the BSCC;

**EXHIBIT D**  
**SAMPLE - SPECIAL TERMS AND CONDITIONS**

- 2) refusal or inability to complete the grant project in a manner consistent with Attachment 1: YRG Program Request for Proposals, Attachment 2: YRG Application for Funding, or approved modifications;
  - 3) failure to meet prescribed assurances, commitments, recording, accounting, auditing, and reporting requirements of the Grant Agreement.
- B. Prior to terminating the Grant Agreement under this provision, the BSCC shall provide the Grantee at least 30 calendar days written notice stating the reasons for termination and effective date thereof. The Grantee may appeal the termination decision in accordance with the instructions listed in Exhibit D: Special Terms and Conditions, Number 9. Settlement of Disputes.

**9. SETTLEMENT OF DISPUTES**

- A. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Grantee shall submit to the BSCC Corrections Planning and Grant Programs Division Deputy Director a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Grant Agreement. Grantee's written demand shall be fully supported by factual information. The BSCC Corrections Planning and Grant Programs Division Deputy Director shall have 30 days after receipt of Grantee's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. If the Grantee is not satisfied with the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30-day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.
- B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following

**EXHIBIT D**  
**SAMPLE - SPECIAL TERMS AND CONDITIONS**

the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.

- D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

**10. UNION ACTIVITIES**

For all agreements, except fixed price contracts of \$50,000 or less, the Grantee acknowledges that applicability of Government Code sections 16645 through 16649 to this Grant Agreement and agrees to the following:

- A. No State funds received under the Grant Agreement will be used to assist, promote or deter union organizing.

Grantee will not, for any business conducted under the Grant Agreement, use any State property to hold meetings with employees or supervisors, if the purpose of such meetings is to assist, promote or deter union organizing, unless the State property is equally available to the general public for holding meetings.
- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

**11. WAIVER**

**Youth Reinvestment Grant  
Cohort 2 (July 2020 - June 2023)**

**Proposal Abstracts (in alphabetical order)**

**Applicant: AMAAD Institute<sup>1</sup>**

**Project Title & Request Amount:** Project ROAR (Restoration Outreach Advocacy & Resiliency) (\$599,029)

**Proposal Abstract:** The AMAAD (Arming Minorities Against Addiction & Disease) Institute's philosophy, mission, and background make the organization uniquely qualified to specifically facilitate youth diversion activities for the identified priority population. As a boutique entity, the organization's mainstay activities include peer-based essential support services to connect a broad range of coordinated HIV and Substance Use Disorder (SUD) prevention, care and treatment resources. AMAAD's services include strength-based one-on-one counseling sessions, personalized resiliency planning, recovery management services, support groups, leadership development, transitional housing, HIV service navigation, and prison/jail reentry counseling, and follow-up.

With this proposal, the AMAAD Institute seeks to implement *Project R.O.A.R.* (Restoration Outreach Advocacy & Resiliency) which has these goals: 1) To reduce Black LGBTQ youth contact with criminal justice system; 2) To improve behavioral health outcomes of Black LGBTQ youth; and 3) To create a peer-based leadership network to challenge and motivate Black LGBTQ youth to become engaged in positive community activities. *Project R.O.A.R.* will also de-stigmatize the concept of mental health and substance use disorder and other behavioral health issues. This priority population is significantly more likely to have lived through adverse childhood experiences, experienced individualized and systemic racism and homophobia, experience barriers to employment, housing, social services, and other basic needs, are often low-income or underemployed, and chronically have less access to healthcare - all of which cause and/or lead to trauma that they may not understand about themselves. *Project R.O.A.R.* is the culturally relevant and meaningful set of youth diversion activities that are currently missing from the community landscape.

**Applicant: Asian American Recovery Services<sup>2</sup>**

**Project Title & Amount:** Pacific Islander Voices, Outreach, & Transformation (PIVOT) (\$317,427)

**Proposal Abstract:** Asian American Recovery Services, a program of HealthRIGHT 360 (HR360/AARS), will provide Pacific Islander (PI) middle school students (grades 6 to 9) in San Francisco and San Mateo counties with trauma-informed and culturally responsive behavioral health services to prevent future involvement in the juvenile justice system. Services provided through PIVOT will include a community-defined promising practice called Transforming Our Attitudes (TOA). In addition to TOA, all participants will be

provided with at least two case management sessions from bicultural staff that mirror the target population; the need for further case management (CM) services will be identified using the Youth Assessment and Screening Instrument (YASI). CM drop-in hours will also be provided three days a week, from 3 pm to 7 pm. Referrals to this program will come from schools, local collaborative partners, and parents in existing HR360/AARS programs.

### **Applicant: Centinela Youth Services<sup>3</sup>**

**Project Title & Amount:** CYS Restorative Justice Diversion (\$1,999,765)

**Proposal Abstract:** Centinela Youth Services (CYS) has delivered effective trauma-informed, culturally competent, and developmentally appropriate intervention, diversion and intensive case management services for an average of 1,200 Los Angeles youth, annually, since 1995.

The CYS-RJD will deliver its proven pre-arrest and juvenile justice system diversion services for referred Los Angeles County youth between the ages of 12 and 18. Preventative diversion services will be provided for police-referred youth between the ages of 9 and 11 who may no longer legally be arrested. Youth will be referred by CYS's police agency partners in underserved high need communities in eight Los Angeles Police Department divisions, two Los Angeles County Sheriff's Department station areas, and the Hawthorne and Inglewood Police Department catchments. Evidence of need in each TA includes the numbers of juvenile arrests, arrest data indicating R.E.D. in arrest decisions and/or determination of eligibility for diversion. In two TAs there is urgent need to address new incidences of school and justice authorities' regression away from diversion and return to categorical mandates for youth arrests, citations, and adjudication.

CYS will serve TA youth referred at all entry points, with priority on preventing arrest. CYS and its 12 TA partners will reduce the numbers of youth entering the juvenile justice system through referrals of at least 450 youth to diversion annually, totaling 1,350 over three years. Of referred youth, at least 315 youth will enroll in diversion services annually, and 945 youth will be served over three years. Case plans will be based on validated assessments and youth and family priorities. Tier I interventions include Counseling and Referral Services (CARS) intake, assessment, facilitated service access, family services navigation and coordination of restorative justice services; Families Able to Resolve Situations (FARS) family-teen mediations; and Victim Offender Restitution Services (VORS) between youth and those their actions have harmed. Tier I services will meet the needs of at least 250 youth annually, and 750 total. Tier II services will additionally provide intensive clinical case management for at least 65 youth with complex challenges, annually, and 195 total. R.E.D. reduction strategies will integrate arrest data analysis and implicit bias/R.E.D. retraining with each partner to catalyze consistent use of non-subjective criteria for youth arrest or diversion decisions.

## **Youth Reinvestment Grant Cohort 2 (July 2020 - June 2023)**

**Applicant: Community Action Board of Santa Cruz<sup>4</sup>**

**Project Title & Amount:** Luna y Sol Familia Center (\$1,200,000)

**Proposal Abstract:** **Need:** Despite comprising about only half of court-aged youth (10-17), in 2019, 66% of all bookings in the juvenile detention facility and 72% of the juvenile probation cases were Latinx. Furthermore, in 2019, on average 51% of youth in confinement in SCC were from the county's southern region that encompasses the city of Watsonville. To prevent the continued involvement of youth of color in the justice system, system partners and community-based organizations must work collaboratively to prevent and divert youth from the juvenile justice system. **Target Population:** The primary target population will be south county Latinx youth, predominately males, ages 12-17 who are at risk of justice system involvement (prevention cohort) or are justice system involved (diversion cohort). Additionally, services will be provided to families including parents/guardians and younger siblings. **Program Description:** Santa Cruz County Luna y Sol Familia Center will offer 'off ramps' for youth who are at risk of system involvement or are system involved through culturally and developmentally responsive and family and youth centered programming. Services for youth will be focused on five areas: Basic Needs; Wellness; Education; Economic Opportunities; and Community Engagement/Leadership. Services for families will be focused on four areas: Basic Needs; Parenting Workshops; Economic Opportunities; and Community Engagement. The overarching evidence-based and promising frameworks that will be used include: Family Systems Theory; Youth Developmental Assets; and Restorative Justice Practices. **Goals:** 1) Improve youth wellbeing through prevention and diversion from juvenile justice system. 2) Increase family (parent/guardian) capacity to support their children. 3) Build Community Based Organizations and Probation/Justice System capacity and align with existing county youth efforts to meet the prevention and diversion needs of Latinx youth and families. **Request:** The Santa Cruz County Luna y Sol Familia Center, led by Community Action Board of Santa Cruz County Inc., requests \$1,200,000 to provide a trauma-informed, culturally and developmentally responsive community model of care that will prevent and divert Latinx youth from contact or further involvement with the youth justice system.

**Applicant: Community Works West**

**Project Title & Amount:** The Restorative Justice Diversion Project (\$1,923,469)

**Proposal Abstract:** Community Works (CW), in collaboration with the District Attorney's Offices (DAOs) in Alameda and San Francisco counties, seeks \$1,923,469 to increase referrals and enhance our pre-charge restorative justice diversion (RJD) programs in Alameda and San Francisco counties that have been operational since 2008 and 2013, respectively. RJD is an effective intervention to reduce youth incarceration, recidivism, racial and ethnic disparities in the criminal justice system, and related social and fiscal

## **Youth Reinvestment Grant Cohort 2 (July 2020 - June 2023)**

costs. CW will also use this funding to establish the nation's first regional network of RJD implementers and serve as the central communication hub between the respective DAOs to improve interagency communication, service access, and program outcomes. The goal of this collaboration is to ensure youth in the San Francisco Bay Area's participating counties have the option of participating in RJD regardless of their county of residence or arrest.

Our pre-charge RJD programs will divert youth who have been arrested for felonies and serious misdemeanors, and where there is a clearly identifiable person harmed. Youth are referred to the programs by the Alameda and San Francisco DAOs and law enforcement agencies in Alameda County. Referred individuals are connected to a multidisciplinary team to address their whole-person care needs and participate in a restorative community conference, which involves a dialogue among those affected by the harm. Through this dialogue, the responsible youth take accountability for the harm they caused and develop a concrete restorative plan in collaboration with all affected parties, including the victim. The DAO declines to file charges upon completion of that plan. The programs will divert 315 youth away from the justice system over the three-year grant.

A 2017 study of CW's current Alameda County RJD program found a 44% reduction in recidivism and a 91% participant satisfaction rate. Recidivism rates of Black and Latinx youth who went through the program were drastically lower compared to the control group (baliga, 2017). There is also significant cost savings when using this model: the average one-time cost for resolving a case through RJD is approximately \$4,500 per youth, compared to \$23,000 for one year of probation (baliga, 2017); when youth are incarcerated, the cost increases precipitously to \$370,000-\$490,000 per youth annually (Tucker & Palomino, 2019). Through this grant, a robust process and outcome evaluation of the proposed RJD programs will be conducted by Impact Justice's Research & Action Center.

### **Applicant: Creative Build**

**Project Title & Amount:** Invest in our Youth (\$599,655)

**Proposal Abstract:** Creative Build Inc. is committed to designing, implementing, and operating supportive internships for 120 youth in under resourced neighborhoods of Compton (Years 1 to 3) and Oakland (Year 3), with a focus on working with young African American men.

Partners include employers in the fields of financial services, multi-media production, the arts, and community services. Trained mentors from the community will serve as job coaches and life coaches, and Creative Build will develop a phone based application for data collection and analysis.

In year one, we are working with the Compton Unified School District to set up a referral and assessment system for youth at risk of school failure and criminal justice involvement; training mentors in the evidence based practices of Life Skills, Motivational Interviewing, Social Emotional Learning, and Job coaching. Mentors also receive training in Leadership

and Brain Development/neuroscience to understand the effects of trauma and violence on youth cognitive and emotional development.

Referrals will also come from the grass roots, community based agencies familiar with the families and youth they serve. A comprehensive assessment will be done to select those youth who are the highest risk of entering the juvenile justice system, and who would benefit most from program services.

In addition to paid internships where youth earn money and learn job skills, we plan activities to engage and motivate youth, including field trips to learn from members of the Los Angeles Urban League about career opportunities, to community colleges to learn about pathways to higher education and technical training options, and we have partnered with an NFL-funded program that brings together off duty police, professional players, and participating youth in football games and mentoring. We have rewards and incentives for youth, and plan youth-led community events to celebrate their work with the community.

Working with the National Prevention Science Coalition's researchers, we will track and monitor outcomes and impacts with both a quantitative and qualitative evaluation. Our goals are to divert youth from initial contact with the system, or re-contact with the system, and to refine a model of youth engagement that can be replicated in Oakland and in other areas of California.

### **Applicant: Flintridge Center<sup>5</sup>**

**Project Title & Amount:** Youth of Promise Diversion Program Expansion (\$1,081,042)

**Proposal Abstract:** The proposed project will serve Los Angeles County youth (ages 11-18) at high- risk of initial or continued justice involvement. The project has an emphasis on youth in Northwest Pasadena due to the intense, community-identified disparities impacting youth at high-risk of justice involvement. The project aims to increase community collaboration to reduce the number of youth involved in the justice system. Flintridge Center's Youth of Promise (YOP) diversion program provides a continuum of evidence- based, trauma-informed services to prevent youths' initial or continued involvement with the justice system. In 2019, Flintridge established a formal partnership with LA County and the Pasadena Police Department to expand YOP services to receive pre-arrest and police diversion referrals. YOP also receives referrals from service providers and community entities. Modeled off of the success of formal police and pre-arrest diversion model, the project will formalize existing community-led and service referral diversion with project partners Harvest Village Ministries (HVM) and Live Above the Hype (LATH). HVM and LATH facilitate life skills sessions, which provide an opportunity to identify youth both pre-and post-incarceration who may need a higher level of services. HVM will deliver life skills and outreach sessions at Pasadena's John Muir High School and Pasadena High School (PHS), both Title 1 schools located in Northwest Pasadena to youth at-risk for justice involvement with no prior contact. LATH will provide outreach and life skills sessions

to currently and/or formerly incarcerated youth at Central Juvenile Hall and in LA County Community Schools. As youth are identified, partners will conduct a warm hand-off referral to Flintridge's YOP program. The project will also expand YOP program components under the goal of increased youth engagement in diversion programs. Expanded YOP components include: 1) An annual Outward Bound Adventures outdoor education trip. 2) Quarterly substance use workshops with partner Day One. 3) Quarterly healthy relationships and teen dating workshops with partner Shepherd's Door. Flintridge Center is experienced in managing grants from the BSCC, including both financial and data responsibilities. Life skills sessions supported through the project will reach over 500 youth annually; 25 appropriate youth will be referred to the YOP annually by LATH and HVM. In total, 100 youth annually will receive comprehensive services through the YOP diversion program.

### **Applicant: Interface Children and Family Services**

**Project Title & Amount:** Interface Youth Diversion Partnership (\$1,143,391)

**Proposal Abstract:** Interface Children & Family Services (Interface) is requesting \$1,143,391 for a new Youth Diversion Partnership to serve a minimum of 235 Oxnard at-risk youth, a majority who are Latinx, and prevent them from streaming to Probation and the juvenile justice system. This program is a collaboration between Interface, the Oxnard Police Department (PD) and the Ventura County Probation Agency (VCPA), and will engage law enforcement, the school system and Probation for referrals and provide evidence-based programs in assessment, case management and counseling.

In the development phases of this partnership, Interface collaborated with local youth engagement officers, juvenile probation division managers, community-based organizations (CBOs), Ventura County Office of Education (VCOE) and the Oxnard School District management. Through this community engagement and outreach it was determined that Oxnard area youth, specifically on school campuses, are those in most need of a diversion program to reduce the disproportionate number of Latinx youth entering into the juvenile justice system.

In order to address this need, Interface and its partners have designed a three-tier system for pre-charge diversion that uses proven, evidence-based practices for assessment, treatment and community referrals to assist youth in developing coping skills, improve their emotional and behavioral health, and prevent further engagement with law enforcement. These interventions will result in fewer youth receiving citations and decreasing the number of youths being referred to Probation, thereby reducing the number of youth entering the juvenile justice system.

The Youth Diversion Partnership (YDP) was designed specifically to take advantage of the collaborative nature of Ventura County agencies and build upon the work of the JDAI Collaborative and the update of the Juvenile Justice Plan. A robust evaluation plan will be integrated into the program, ensuring quality assurance and continuous quality improvement. Staff will track participant progress through pre- and

post-tests, monitor and evaluate the evidence-based practices for fidelity, and perform case reviews quarterly. Results will be used to determine program effectiveness, implement program adjustments (CQI) and inform decision-making to support program sustainability.

**Applicant: Los Angeles Brotherhood Crusade, Black United Fund**

**Project Title & Amount:** Proud to be Me Trauma-Informed Youth Development Mentoring Program (\$1,200,000)

**Proposal Abstract:** For more than 51 years, the Los Angeles Brotherhood Crusade, Black United Fund, Inc. (Brotherhood Crusade) has served low-income South Los Angeles County communities with a mission of improving quality of life for disenfranchised and otherwise underserved individuals. In 2005, after conducting and reviewing an extensive series of needs assessments, the organization commenced development and implementation of its nationally-acclaimed Proud to be Me trauma-informed, trauma-responsive youth development program model. Five years later, Brotherhood Crusade intensified its efforts by focusing on diversion and recidivism prevention in response to the tremendous need to reduce the number of youth experiencing initial or continued negative contact with law enforcement. In the years that followed, Brotherhood Crusade refined its program and eventually became a pioneering innovator, thought leader and practitioner in trauma-informed youth diversion and development. In the last 10 years, the organization has reduced recidivism rates of more than 800 12-18 year old Black males on probation from a Los Angeles County average of 83% to less than 3% and simultaneously prevented in excess of 500 10-17 year old youth who presented with 75% or more of the risk factors that cause youth to engage in delinquency and enter the juvenile justice system from initial or further negative contact with law enforcement. The success of Brotherhood Crusade's Proud to be Me program is predicated on the model's highly-intentional focus to: (1) identify & address unresolved issues of trauma; (2) facilitate mindset change in a culturally-relevant, age-appropriate way that causes youth to care about others' success, aspire to their own success, and eschew any behavior that causes harm to someone else or derails their personal pursuit of success; and (3) work with youth to develop and implement a viable life course plan.

Given this success, Brotherhood Crusade has been asked to expand its programming to across four school districts as well as to Los Angeles County's in-camp and out-of camp probationary youth within the next three years. This project serves to both facilitate that expansion as well as to create a proof of concept model that can be replicated or used to inform trauma-informed youth diversion and development efforts statewide and ultimately dramatically reduce the number of youth who are at-risk of system involvement, experiencing negative juvenile justice system contact.

## **Youth Reinvestment Grant Cohort 2 (July 2020 - June 2023)**

### **Applicant: Outward Bound Adventures**

**Project Title & Amount:** Environmental Studies Expeditions Diversion Program (\$490,314)

**Proposal Abstract:** Outward Bound Adventures' (OBA) Environmental Studies Expeditions Diversion (ESED) program provides 216 high-risk youth-from LAGRYD in Watts, Peace4Kids Foster Youth agency in South Los Angeles, and Dorothy Gibson County High School's Special Education program in Ontario-access to effective diversion and paid workforce training programming that will help them develop new, appropriate social and life skills while reducing antisocial behaviors. Using a small cohort format and the wilderness as the classroom, each course of this sequential, outcome-based, trauma-informed program is designed to teach participants and their families how to become more resilient, altruistic, socially responsible, and healthier, while increasing their sense of self esteem and self-mastery.

ESED's program focus is to teach youth how to identify and remove themselves from the multi-generational, social cycle of powerlessness that results from poor communication, lack of conflict resolution skills, the feeling of being controlled, and lack of purpose. Our ultimate goal is to provide youth with the tools that franchise them into the daily conversations and decisions that directly impact them, and engage them in settings that redirect their focus towards much bigger issues that serve to create purpose and value in their lives.

ESED is a year-long experiential program that encompasses three courses, each course is designed to challenge youth to acquire progressively higher levels of personal and social responsibility: 1) ESED begins with an overnight camping program that involves the entire family; 2) Teens are divided into 6 cohorts of 12 to begin their series of 3 thematic outdoor education courses that focus on personal development, community building, understanding the natural world, and accessing career pathways in conservation. The expeditions range from 1-day outings to 9-day hiking and camping adventures. Each trip has a curriculum and assessments based on NGSS; and 3) Youth are transitioned into our Environmental Restoration Teams (ERT) program. ERT provides youth with paid work-learning opportunities in restoration and conservation projects in coordination with land management, conservation, and public utility partner agencies. Youth will be in the ERT program for 6 months.

### **Applicant: San Diego Youth Services**

**Project Title & Amount:** TAY WORKS! (\$599,793)

**Proposal Abstract:** TAY WORKS! as offered by San Diego Youth Services (SDYS), will provide a comprehensive six-month work-readiness and on-the-job training project to ninety (90) youth ages 15-18 who are receiving prevention or diversion services through an existing County-funded juvenile delinquency prevention program, Community Assessment Team (CAT) or Alternatives to Detention (ATD). Services will be provided within the East Region of San Diego County, an area that includes zip codes with high numbers of youth served by County Probation (479 wards and 178 non wards supervised

## **Youth Reinvestment Grant Cohort 2 (July 2020 - June 2023)**

in 2016), and disproportionate representation of African American youth. Project goals are to: A) Divert TAY WORKS! participants from initial or repeat engagement with the juvenile justice system. 8) Improve the capacity and motivation of employers to be part of TAY WORKS! as a comprehensive juvenile diversion and youth development initiative. C) Increase connectedness of TAY WORKS! participants to supportive caring individuals as a protective factor to prevent behaviors that are associated with justice engagement.

TAY WORKS! will integrate new workforce readiness, peer mentoring and on-the- job training with existing service coordination and case management (*intake, assessment, creation of youth-driven individualized service plans, linkage to services and resources*), and behavioral health services (*individual and group counseling and crisis intervention*) offered through CAT and ADT Programs. A trauma-informed, positive youth development approach will be used throughout the program, including innovative employer trainings, utilization of Peer Mentors (youth ages 18-24) with similar lived experience, as well as work-readiness trainings (8 x 4 hour sessions) and customized OJT (8-10 weeks, total of 80 hours). Five cohorts of 15 youth will be recruited and complete the project during the grant period, a 6th cohort will complete the project after the grant period has ended. Engagement in the program will be voluntary. The program's theory of change is that the knowledge and skills developed through the program (i.e. self-efficacy, self-regulation, decision-making), combined with improved connections will build resiliency, better health and reduce recidivism. The project will be developed, implemented and evaluated in partnership with San Diego Workforce Partnership, County of San Diego Probation Department, University of San Diego Nonprofit Institute and numerous local employers.

### **Applicant: Sharefest<sup>6</sup>**

**Project Title & Amount:** Youth Leadership Academy – Diversion Program (\$600,000)

**Proposal Abstract:** Sharefest's Youth Leadership Academy (YLA) was launched in 2007 at the urging of the Watts Gang Task Force. Today, the YLA provides academic and prosocial development programming to 400+ youth ages 11 – 18 years old in the South/Harbor region of Los Angeles, which has extraordinarily high rates of violent crime, poverty and poor educational outcomes. The YLA operates exclusively in LAUSD Continuation High Schools – which serve students at greatest risk of dropout – and feeder Middle Schools. Among our students, more than 50% have been involved in the criminal justice system or have a parent who has been incarcerated, or both. Most have experienced trauma and face systemic barriers to upward mobility that are linked to justice system involvement. With YRG funding, we propose to expand and extend the YLA as follows:

1. Increase from four to five Continuation High Schools. We currently operate at Avalon (Wilmington), Angel's Gate (San Pedro), Patton (Harbor City), and Simon Rodia (South Gate/Watts). In 2020-21, we seek to add Moneta Continuation High School in Gardena.

---

<sup>6</sup> Recommended for full funding if \$13.5 million is available; recommended for partial funding if \$8.7 million is available.

## **Youth Reinvestment Grant Cohort 2 (July 2020 - June 2023)**

We will offer three credit-eligible courses per school per semester, along with weekly mentoring and college/career planning.

2. Add individual case management, family engagement, linkage to mental health and additional services, and additional mentoring support for youth who are at greatest risk of involvement in the justice system. A full-time Case Manager will provide intake, assessment, individualized program planning and implementation support for students most at-risk for justice system entry and/or recidivism.

3. Build out the Middle School program so that it serves as early diversion for youth demonstrating behavioral difficulties, including additional mentoring and peer mentoring, and prosocial bonding experiences. Students will be from Dana (San Pedro), Dodson (Rancho Palos Verdes), Harry Bridges (Wilmington) and Wilmington Middle Schools.

Outcomes will include both traditional measures of academic success and measures described in the Mobility from Poverty framework ([www.mobilitypartnership.org](http://www.mobilitypartnership.org)), which address the root causes of youth involvement in the justice system. YRG funds will leverage a grant from the California Community Foundation's Ready2Rise program, which is funded by the Los Angeles County Department of Probation.

### **Applicant: Sierra Health Foundation: Center for Health Program Management<sup>7</sup>**

**Project Title & Amount:** Restorative Youth Justice (\$2,000,000)

**Proposal Abstract:** The Center at Sierra Health Foundation (The Center) proposes evidence-based strategies for youth diversion for a target population of 240 predominantly youth of color ages 10–17 who are at risk for juvenile justice system involvement. In our target areas, most youth served will be boys of color, especially African American (AA) youth. We plan services in seven Sacramento neighborhoods that experience the greatest disparities in AA youth system involvement: Arden Arcade, North Sacramento/Del Paso Heights, Fruitridge/Stockton Boulevard, Meadowview, North Highlands/Foothill, Oak Park, and Valley Hi, as well as an eighth site, Rancho Cordova.

Project activities will result in system changes (MOUs with law enforcement, restorative justice in schools); youth and family services (mentoring, tiered services, behavioral health therapy); and increased capacity (use of technology for mentoring and case management) to divert at-risk youth from the juvenile justice system. The proposed diversion services address gaps in mentoring, case management capacity, and trauma-focused cognitive behavioral therapy while complementing existing efforts to reduce community violence through prevention, intervention, and incident response. In each neighborhood, trusted community-based organizations with culturally relevant expertise, known as *community incubator leads* (CILs), deploy targeted policy and service strategies that benefit all county children. Community Intervention Workers (CIWs) at the CILs provide tiered services: Tier 1 supports focus on social justice and youth development (life skills, mentoring, enrichment, healthy development, trauma-informed care); Tier 2

provides more targeted education, mentoring, and family services; and Tier 3 has more intensive interventions (critical mentorship, trauma-informed counseling, culturally rooted healing).

This project will expand localized wraparound supports at the eight sites with a dedicated Diversion Case Manager at each site connecting youth and families to community resources, mentoring programming to support community healing, and connected resources for pre-arrest diversion. Behavioral health therapists, deployed regionally, will provide culturally rooted, trauma-informed care for higher need Tier 3 and Tier 3 youth. The programmatic interventions will be supported by technology platforms.

### **Applicant: Tarzana Treatment Centers**

**Project Title & Amount:** Youth Empowerment Project (\$899,769)

**Proposal Abstract:** Tarzana Treatment Centers, Inc. (TTC) will implement the Youth Empowerment Project, an evidenced-based, trauma-informed, culturally relevant, and developmentally appropriate (YEP) diversion program for low-income, primarily Latino, youth ages 12-18 in the San Fernando Valley (SFV) of Los Angeles County (LAC) who are at risk of entering the juvenile justice system for the first time or for a subsequent contact. Most youth will be referred from one of more than a dozen Los Angeles Unified School District (LAUSD) school sites where TTC has existing behavioral health or substance use prevention programs as well as through LAC Probation Department and Juvenile Drug Treatment Court. The project will address the high juvenile arrest rate in the SFV and the lack of community-based diversion services. Key project activities include the following: 1) *Onsite Screening, Intake, and Assessment:* TTC will coordinate with participating schools and agencies to offer on-site weekly screening, intake, and assessment for referred youth who have been identified as eligible for diversion services in lieu of arrest or citation. TTC will assign a full-time Diversion Case Manager to the program and will develop regularly scheduled hours at each campus or service site to facilitate enrollment into the program in collaboration with school/agency staff and parents; 2) *Intensive Case Management:* TTC will provide intensive strengths-based case management services to all enrolled youth. Each youth will be assigned a Diversion Community Health Worker (CHW) who will serve as a critical link between the youth and the community, ensuring that they receive all needed services as identified in their Empowerment (Service) Plan. The CHW will work collaboratively with youth and their families to address their needs and to achieve their service goals, referring and linking them to a range of services at TTC or in the community through TTC's extensive community provider network. 3) *Cognitive-Behavioral Group Therapy:* TTC will offer a cognitive-behavioral group intervention (Moral Reconnection Therapy) designed to improve youths' decision-making and moral reasoning capability. Youth can enter the intervention at any time and be incorporated into an existing group of youth who can serve as mentors to new participants. TTC expects to screen 75 youth in Year 1 and 100 in Years 2 and 3 for a total of 275 youth screened; of these, at least 50 youth will be enrolled in Year 1 and 75 youth in Years 2 and 3 for a total of 200 unduplicated youth provided diversion services under this grant.

## **Youth Reinvestment Grant Cohort 2 (July 2020 - June 2023)**

**Applicant: Voices for Children**

**Project Title & Amount:** Juvenile Justice Program (\$299,863)

**Proposal Abstract:** Through the Juvenile Justice (JJ) CASA program, Voices for Children (VFC) provides an evidence-based, trauma-informed and developmentally appropriate intervention to divert youth at risk of juvenile justice involvement from initial contact and to prevent further involvement. VFC recruits, trains, and supervises Court Appointed Special Advocate (CASA) volunteers who advocate on behalf of youth who have committed minor, nonviolent offenses and are involved in, or at risk of involvement in, the juvenile justice system. Of the youth currently enrolled in VFC's JJ program, 85% are involved in the juvenile justice system, 15% are dependents of the San Diego County foster care system. Ninety eight percent (98%) of children served by VFC's Juvenile Justice Program also have a history of abuse, abandonment, or neglect with a history of child welfare services referrals. JJ CASA volunteers are assigned to the case of a single youth and spend an average of 10-15 hours a month with their youth, connecting youth with prosocial activities, mental health and other trauma-informed services and supporting their academic achievement. Through court advocacy and individualized guidance, CASAs ensure that youth complete probation requirements thereby reducing recidivism and initial contact with the juvenile justice system.

# Agenda Item E

Tribal Youth Diversion Grant  
Funding Recommendations:  
Requesting Approval  
(Pending 2020-2021 Budget Act)

**MEETING DATE:** June 11, 2020**AGENDA ITEM:** E**TO:** BSCC Chair and Members**FROM:** Kimberly Bushard, Field Representative, [kimberly.bushard@bscc.ca.gov](mailto:kimberly.bushard@bscc.ca.gov)**SUBJECT:** Tribal Youth Diversion Grant Funding Recommendations: Requesting Approval (Pending 2020-2021 Budget Act)

---

### Summary

This agenda item requests Board approval, contingent upon continued appropriation in the 2020 Budget Act, of the Tribal Youth Diversion Grant funding awards as recommended by the Executive Steering Committee (ESC), the roster for which is provided in Attachment E-1. The ESC met via Skype on March 24, 2020 for rater training and then began the process of proposal rating. To the extent funding is available following final approval for the 2020 Budget Act, if the proposed list of grantees is approved, the grant period will begin July 1, 2020. Proposals recommended for funding include one urban tribe and eight rural tribes for a total of nine new Tribal Youth Diversion grantees. A list of the tribes recommended for funding is provided in Attachment E-2.

### Background

The Tribal Youth Diversion Grant Program originally was established with \$1,119,000 in the 2018 Budget Act. The 2019 Budget Act appropriated an additional \$9.7 million for grants that are intended to support the implementation of diversion programs by Indian tribes for Indian children using trauma-informed, community-based, and health-based interventions.

### Key Components of the Tribal Youth Diversion Grant

- Eligible applicants for the YRG Tribal Youth Diversion Grant are federally recognized tribes in California.
- The total available funding is \$9.7 million. The maximum amount that a tribe could request is \$1.4 million.
- Two funding categories were established: Urban and Rural. Applicants were asked to self-designate as urban or rural and they competed with the other applicants in their category. The BSCC received two applications from urban tribes and 20 applications from rural tribes.
- Preference points were awarded to applicants that proposed a regional approach including two or more neighboring tribes. (One application received preference points.)

- To receive funding, an applicant must receive at least 60 percent of the total points available.
- Successful applicants will be funded for a term of July 1, 2020 through December 31, 2023.

### Executive Steering Committee

On July 11, 2019, Board Member Michael Ertola was appointed as chair of the Tribal Youth Diversion Grant ESC.

Key activities that have occurred since this appointment include:

- The Board approved the release of the Tribal Youth Diversion Grant Request for Proposals on November 14, 2019, with a proposal due date of February 21, 2020. (Attachment E-3)
- Twenty-two tribes submitted applications requesting \$22.7 million. (Attachment E-4)
- ESC members attended rater training via videoconference on March 24, 2020 to develop funding recommendations. Over the subsequent five weeks, ESC members read and rated the 22 applications.
- Using the scoring sheets submitted by ESC members, BSCC Research staff compiled all scores and placed applications in a ranked listing, differentiating between urban and rural. The project descriptions for those tribes recommended for awards are included as Attachment D-5.

### May Revision

On May 14, 2020, the Governor released the May Revision, which included a request to the Legislature to allow \$18 million in unspent funding in the BSCC's budget from the 2019 Budget Act to revert to the General Fund. These funds include \$10 million for the 2019 Tribal Youth Diversion Grant, \$5 million for the 2019 Youth Reinvestment Grant, and \$3 million from the California Violence Intervention and Prevention Program. On May 20, 2020, the Senate Budget and Fiscal Committee, Subcommittee No. 5 rejected these proposed reversions. The conditional awards proposed in this board report are contingent on approval of the final budget action by the Governor and Legislature.

### Recommendation/Action Needed

On behalf of the Tribal Youth Diversion Grant ESC, staff recommends the Board take the following actions:

1. To the extent funding is available following final approval for the 2020 Budget Act, fully fund eight applications totaling \$8,901,949 for projects providing diversion services to Indian children. This includes:

- a. One urban tribe; and
  - b. Seven rural tribes.
2. Partially fund in the amount of \$798,051 the Yurok Tribe (rural), which fell at the funding cut-off point on the rank-ordered list. (\$57,942 less than requested).
3. Authorize staff to continue to make awards from the rank-ordered list if any applicant is unable to accept the award or relinquishes an award, first by offering to any partial awardee and then to the next highest-ranked application(s).
4. Authorize staff to continue to make awards from the rank-ordered list should staff determine during the follow-up award-making process that an applicant recommended for award is ineligible or should a grantee become ineligible during the grant cycle.

## PART I: GRANT INFORMATION

### Grant Program Background

The Tribal Youth Diversion Grant program was originally established as part of the Youth Reinvestment Grant (YRG) that was created through enacted of the 2018 Budget Act (Chapter 29) and the related trailer bill (Assembly Bill 1812, Chapter 36, Statutes of 2018). The 2019 Budget Act (Chapter 23, Statutes of 2019) establishes the Tribal Youth Diversion (TYD) Grant as independent from the YRG. TYD grants support Indian tribes in the implementation of diversion programs for Indian children using trauma informed, community-based, and health-based interventions. Funding priority must be given to diversion programs that address the needs of Indian children who experience high rates of juvenile arrests, high rates of suicide, high rates of alcohol and substance abuse, and average high school graduation rates that are lower than 75 percent.

Total funding for the Tribal Youth Diversion Grant under this Request for Proposals (RFP) is \$9,700,000 over the course of the grant term, which is July 1, 2020 through December 31, 2023.

## Grant Program Description

The purpose of this grant program is to divert Indian children from entering, or furthering their involvement in, the juvenile justice system. Funded grant programs will use trauma-informed, community-based, and wellness-based interventions to deliver diversion programs and/or services to Indian children in communities where there are:

- High rates of juvenile arrests;
- High rates of suicide;
- High rates of alcohol and substance abuse; and
- Average high school graduation rates that are lower than 75 percent.

### Eligibility

Eligible applicants are federally recognized Indian tribes in California. The current list, as published by the U.S. Department of Interior, Bureau of Indian Affairs, is attached as Appendix A.

Based on the limitations of available data regarding Indian children and feedback from subject matter experts on the Executive Steering Committee, all federally recognized tribes in California are presumed to meet the criteria noted above of experiencing high rates of juvenile arrests, high rates of suicide, high rates of alcohol and substance abuse, and lower than average high school graduation rates. Consequently, these criteria for funding priority has already been met by all federally recognized Indian tribes in California.

### Application Types

There are two types of applications allowed under this grant: individual applications and regional applications. An individual application is one in which a single tribe submits an application to provide services independently. A regional application is one that includes

a project component involving at least one other neighboring tribe who is serving as the co-applicant.

Each applicant may submit up to two (2) proposals under the following categories:

1. A tribe may submit one (1) individual application for funding.
2. A tribe may be identified as a partner in one (1) individual application that is submitted by another tribe.
3. A tribe may be the lead in one (1) regional application for funding.
4. A tribe may be identified as a co-applicant in one (1) regional application in which another tribe is identified as the lead.

Any applicant that is a party to two applications must ensure that those two applications are unique, i.e., that each proposal contains multiple characteristics or features that distinguish it from the other proposal.

**PLEASE NOTE:** Grantees that received 2018 Tribal Youth Diversion Grant funds are eligible and may apply for this grant. However, any proposals received must be unique and different than the program(s) previously funded.

### **Regional Applications**

A single tribe must be identified as the “lead” in every regional application. The lead tribe must be a federally recognized tribe. A “region” is defined as two or more neighboring tribes, including the lead applicant and at least one other neighboring tribe. Every tribe involved in a regional application must submit a resolution from its Tribal Council indicating its support of the regional effort and identifying its roles and responsibilities relative to the lead grantee and the overall project.

The maximum amount of funding for which a regional applicant may apply, is the aggregate amount of funds they would have received if awarded as individual applicants. For example, if two tribes submit a regional application, the maximum request amount for that application is \$2,800,000, or 2 x \$1,400,000. Although non-federally recognized tribes may be included as project partners, the amount of funding that a regional application may request is determined based solely on the number of federally recognized tribes that make up the “region.”

### **Criteria for All Non-Governmental Organizations**

Any non-governmental organization (NGO) that receives Tribal Youth Diversion funds (as a subgrantee or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least six months prior to the effective date of its fiscal agreement with the TYD grantee. Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of

the grant agreement with the BSCC or the grantee-subcontractor fiscal agreement.

- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have an address.

Applicants must submit Appendix B, Criteria for NGOs receiving Tribal Youth Diversion Grant Funds as part of the complete RFP package to document the compliance of any NGOs identified as partners in the proposal. All grantees must submit updated Appendix Bs throughout the life of the grant agreement for any additional NGOs that may be awarded TYD funds through subgrants or subcontracts. The BSCC will not reimburse for costs incurred by NGOs that do not meet the BSCC's requirements.

## Project Funding Information

### Grant Period

Successful applicants will be funded for a 3 1/2-year grant period beginning on July 1, 2020 and ending on December 31, 2023.

### Funding Amount

A total of \$9,700,000 in state general funding is available statewide. The maximum amount for which any single applicant may apply is \$1,400,000. There is no minimum.

Applicants are encouraged to request only the amount of funds needed to support their proposal and the amount that can be justified with supporting documentation/information. All applicants must build their proposal, objectives, activities, timelines, and budget information for all the full 3 ½ years of the grant cycle. For example, if an applicant is requesting \$1,000,000, the budget must add up to \$1,000,000 and the budget detail must clearly illustrate the line items within which that \$1,000,000 will be spent over the 3 ½-year grant period.

### Funding Categories and Funding Threshold

Recognizing that tribes located in urban and rural areas have different capacities, resources, and needs, there are two categories in which applicants will compete. The total amount of funding has been distributed between the two categories as shown in the table below.

These categories were established so that projects developed by tribes in rural areas would not compete with tribes in urban areas where there are potentially more resources available. Individual applicants will indicate on the application whether they identify as a Rural or Urban tribe. Recognizing that some tribes may have both urban and rural characteristics, tribes should choose whichever designation is most representative.

Tribes submitting a regional application will be categorized as Rural or Urban based on the designation selected by the lead applicant as Rural or Urban. The maximum amount of funding for which any individual applicant may apply, regardless of area category, is \$1,400,000. The maximum amount of funding for which any regional applicant may apply, regardless of area category, is the aggregate amount of funds they would have received if awarded as individual applicants. For example, if two tribes submit a regional application, the maximum request amount for that application is \$2,800,000, or 2 x \$1,400,000.

Area Category	Funds Allocated to this Category
1) Rural Area	\$4,850,000
2) Urban Area	\$4,850,000
<b>Total Funding Available:</b>	<b>\$9,700,000</b>

**Note:** Applicants must receive at least 60% of the total points available to be considered for funding (see Rating Factors, page 9). If there are not sufficient qualified applicants in one category to exhaust all funds, those funds will be recommended for the highest rated proposals that were qualified applicants in the other category.

### Match Requirement

The Tribal Youth Diversion Grant does not require a match.

### Supplanting

Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

Supplanting is strictly prohibited for all BSCC grants. BSCC grant funds shall be used to support new program activities or to augment existing funds which expand current program activities. BSCC grant funds shall not be used to replace existing funds.

It is the responsibility of the grantee to ensure that supplanting does not occur. The grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

## Project Evaluation Requirements

In addition to quarterly progress reports, projects selected for funding will be required to submit to the BSCC: (1) a Local Evaluation Plan (four months post-award) and, (2) a Local Evaluation Report (three months after the conclusion of the grant). See Appendix E, Glossary of Terms, for key definitions related to project evaluation.

**Local Evaluation Plan** - The purpose of the Local Evaluation Plan (LEP) is to ensure that projects funded by the BSCC can be evaluated. Applicants will be expected to include a description of how they plan to determine the effectiveness of the proposed program in

relation to each of its goals and objectives identified in the proposal. The LEP should describe the approach that will be used to measure the outcomes of youth, with the project goals and the objectives clearly stated. Once submitted, any modifications to the LEP must be approved in advance by the BSCC. More detailed instructions on the LEP will be made available to successful applicants. See Appendix F for a sample of the LEP components.

**Local Evaluation Report** - Following project completion, grantees are required to complete a Local Evaluation Report (LER) which must be in a format prescribed by the BSCC. The purpose of the LER is to learn whether the overall project was sufficient in meeting the goals laid out in the LEP. To do this, the grantee must analyze and document the effectiveness of the activities that were implemented. These activities should have been identified in the previously submitted LEP. More detailed instructions on the Evaluation Report will be made available to successful applicants.

To better ensure the goals and objectives listed in the proposal are realistic and measurable, applicants are encouraged to identify partners early on who can assist in project development. Implementation planning, oversight, and reporting activities may be funded by Tribal Youth Diversion Grant or other funds. If grants funds will be used, they must be included in the applicant's proposed budget.

## **BSCC Executive Steering Committee Process**

### **Youth Reinvestment Grant Program Executive Steering Committee**

To ensure successful program design and implementation, the BSCC uses Executive Steering Committees (ESCs) and Advisory Groups to inform decision making related to the Board's programs. These committees are composed of subject matter experts and stakeholders representing both the public and private sectors. The BSCC makes every attempt to include diverse representation on its ESCs and Advisory Groups - in breadth of experience, geography, and demographics. ESCs are convened and approved by the BSCC Board, as the need arises, to carry out specified tasks including the development of RFPs for grant funds. The Board then approves, rejects, or revises those recommendations. Members of ESCs are not paid for their time but are reimbursed for travel expenses incurred to attend meetings.

The 2019 Tribal Youth Diversion Grant ESC includes subject matter experts on American Indian populations and culture, historical trauma, youth diversion programs, trauma-informed care, health and wellness, and law enforcement. A list of ESC members can be found in Appendix H.

### **Conflicts of Interest**

Existing law prohibits any grantee, subgrantee, partner or like party who participated on the above referenced TYD Executive Steering Committee from receiving funds from the 2019 Tribal Youth Diversion Grants awarded under this RFP. Applicants who are awarded grants under this RFP are responsible for reviewing the 2019 Tribal Youth Diversion Grant ESC membership roster, and ensuring that no grant dollars are passed through to any entity represented by any member of the ESC.

- “Additional Documents” or attachments, including Letters of Commitment, exceed 5 pages.
- “Additional Documents” or attachments are not in Arial 12-point font with 1-inch margins on all four sides and 1.5-line spacing. Letters of Commitment are NOT required to meet these specifications.
- The applicant’s individual application requests more than \$1.4 million.

- The applicant's regional application requests more than \$1.4 million per co-applicant tribe.

**NOTE:** Disqualification means that the proposal will not move forward to the ESC for the Proposal Rating Process and, therefore, will NOT be considered for funding.

### Rating Process

Unless disqualified, proposals will advance to the Proposal Rating Process. The 2019 Tribal Youth Diversion Grant ESC members will read and rate each proposal in accordance with the prescribed rating factors listed in the table below.

The ESC members will base their scores on how well an applicant addresses the items listed under each rating factor within the Proposal Narrative and the Budget. Following the proposal rating process, the ESC will develop funding recommendations for consideration by the BSCC Board. It is anticipated the BSCC Board will act on the funding recommendations of the ESC at its meeting on June 11, 2020. Applicants that are selected for funding will be notified of the Board's funding decision. Applicants and partners are not permitted to contact members of the ESC or the BSCC Board Members to discuss proposals.

### Rating Factors

The Rating Factors to be used and the maximum points assigned to each factor are shown in the table below. Applicants are asked to address each of these factors as a part of their proposal. The ESC assigned a percent value to each of the Rating Factors, correlating to its importance (see Percent of Total Value column).

	Rating Factors	Point Range	Percent of Total Value	Weighted Rating Factor Score
1	Project Need	1 - 5	30%	70
2	Project Description	1 - 5	50%	100
4	Data Collection/Evaluation	1 - 5	15%	20
5	Project Budget	1 - 5	5%	10
<b>Maximum Possible Proposal Score:</b>			<b>100%</b>	<b>200</b>
<b>Preference Points: Regional Applications – Working with 2 or more tribes</b>				<b>5</b>
<b>Maximum Possible Score with Preference Points:</b>				<b>205</b>

Raters will score an applicant's response in each of the Rating Factor categories on a scale of 1 to 5, according to the Five-Point Rating Scale shown below. Each Rating Factor score is then weighted according to the "Percent of Total Value" column (determined by the ESC) associated with each Rating Factor to arrive at the final Weighted Score for each Rating Factor and then added together for a final overall score.

### Preference Points: Regional Applications

A total of five preference points will be awarded to applicants that apply under a regional application. To receive preference points, applicants must address all of the following:

1. The application must identify a federally recognized tribe as the lead applicant.
2. The application must identify at least two neighboring tribes as having defined roles and responsibilities within the overall application.
3. Every tribe involved in the regional application must submit a letter indicating its commitment to the regional effort and identifying its roles and responsibilities relative to the lead grantee and the overall project.
4. The application must meet all requirements under "Regional Applications" on page 4 of this RFP.

### Threshold/Minimum Score

A threshold of **60%** or minimum score of **120** total points, must be earned to be considered for funding.

### Scoring Rubric for 1-5 Point Range

Poor 1	Fair 2	Satisfactory 3	Good 4	Excellent 5
The response addresses the criteria in a very inadequate way.	The response addresses the criteria in a non-specific or unsatisfactory way.	The response addresses the criteria in an adequate way.	The response addresses the criteria in a substantial way.	The response addresses the criteria in an outstanding way.

## General BSCC Grant Requirements

### Grant Agreement

Applicants approved for funding by the BSCC are required to enter into a Grant Agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement. See Appendix I for a sample contract (State of California: Contract and General Terms and Conditions).

The Grant Agreement start date is expected to be July 1, 2020. Grant Agreements are considered fully executed only after they are signed by both the Grantee and the BSCC. Work, services, and encumbrances cannot begin prior to the Grant Agreement start date. If a grantee chooses to incur costs for reimbursement, any work, services, and encumbrances which occur after the start date but prior to grant agreement execution may not be reimbursed. Grantees are responsible for maintaining their Grant Agreement, all invoices, records, and relevant documentation for at least three (3) years after the final payment under the contract.

### Governing Board/Tribal Council Resolution

Applicants must submit a resolution from their governing board or tribal council addressing specified requirements as included in the sample Governing Board or Tribal Council Resolution, which can be found in Appendix D. Grant recipients must have a resolution on file before a fully executed grant agreement can be completed. A signed resolution is not required at the time of proposal submission, but applicants are advised that no disbursements or reimbursements will be made until the appropriate documentation has been received by the BSCC. Grantee resolutions must address all of the items in Appendix D but may be in a different format.

### Audit Requirements

The BSCC reserves the right to call for a program or financial audit at any time between the execution of the grant agreement and three (3) years following the end of the grant period.

The Department of General Services, the Bureau of State Audits, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this grant.

### Grantee Orientation Process

Following the start of the grant period, BSCC staff will conduct a Grantee Orientation in Sacramento (at a date to be determined later). The purpose of this mandatory session is to review the program requirements, invoicing and budget modification processes, data collection and reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer, and Day-to-Day Contact must attend. Grant recipients may use TYD Grant funds for travel-related expenditures such as airfare, mileage, meals, lodging, and other per diem costs. Applicants should include anticipated travel costs for this one-day training in the budget section of the proposal under the "Other" category.

## **Funding Awards**

The BSCC will disburse one-third of awarded funds within 75 days of the date the grant agreement is fully executed. The grantee shall agree to deposit grant funds into a banking account established by the grantee and the grant funds shall not be comingled with any other funds. Any interest earned on the account may only be used for allowable expenses during the grant period. Grantees shall only use grant funds for allowable costs and shall provide invoices and supporting documentation to the BSCC periodically or upon request. When a grantee expends 80% of the disbursed funds and has submitted the required documentation to the BSCC, and provided the grantee has met the other terms and conditions of the grant, the BSCC shall disburse an additional 1/3 of the award under the same terms and conditions. The final 1/3 of the award shall be disbursed after a grantee expends 80% of the total disbursed funds. Any unspent funds remaining at the end of the grant period must be returned to the BSCC.

The State Controller's Office (SCO) will issue the warrant (check) to the individual designated on the application form as the Financial Officer for the grant. Grantees must submit invoices to the BSCC on a monthly or quarterly basis through the online process no later than 45 days following the end of each month. Grantees must maintain adequate supporting documentation for all costs claimed on invoices. BSCC staff will conduct on-site monitoring visits that will include a review of documentation maintained as substantiation for project expenditures.

## **Quarterly Progress Reports**

Grant award recipients are required to submit quarterly progress reports to the BSCC. Progress reports are a critical element in BSCC's monitoring and oversight process. Grantees who are unable to demonstrate that they are making sufficient progress toward project goals and objectives and that funds are being spent in accordance with the Grant Agreement could be subject to the withholding of funds. Once grants are awarded, BSCC will work with grantees to create custom progress reports. Applicable forms and instructions will be available to grantees on the BSCC's website. See Appendix J for a sample progress report.

## **Travel**

Travel is usually warranted when personal contact by project staff is the most appropriate method of conducting project-related business. Travel to and from training conferences may also be allowed. The most economical method of transportation, in terms of direct expenses to the project and the employee's time away from the project, must be used. Projects are required to include sufficient per diem and travel allocations for project-related personnel, as outlined in the Grant Award, to attend any mandated BSCC training conferences or workshops outlined in the terms of the program.

## **Tribes**

Grantees must use the California State travel and per diem policy, unless the Grantee's written travel policy is more restrictive than the State's, in which case it must use its own policy. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares.

## **Non-Governmental Organizations (NGOs)**

An NGO receiving BSCC funds as a subgrantee must use the California State travel and per diem policy, unless the Grantee's written travel policy is more restrictive than the State's, in which case it must be used. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares.

### **Units of Government**

Units of government receiving BSCC funds as a subgrantee may follow either their own written travel and per diem policy or the State's policy. Units of government that plan to use cars from a state, county, city, district car pool, or garage may budget either the mileage rate established by the car pool or garage, or the state mileage rate, not to exceed the loaning agency rate.

### **Out-of-State Travel**

Out-of-state travel is restricted and only allowed in exceptional situations. Grantees must receive written BSCC approval prior to incurring expenses for out-of-state travel. Even if previously authorized in the Grant Agreement, Grantees must submit to the BSCC a separate formal request (on Grantee letterhead) for approval. Out-of-state travel requests must include a detailed justification and budget information.

In addition, California prohibits travel, except under specified circumstances, to states that have been found by the California Attorney General to have discriminatory laws. The BSCC will not reimburse for travel to these states unless the travel meets a specific exception under Government Code section 11139.8, subdivision (c). For additional information, please see: <https://oag.ca.gov/ab1887>.

### **Debarment, Fraud, Theft, or Embezzlement**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide disbursements or reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three (3) years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the grant contract.

The BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All applicants must complete Appendix C certifying they are in compliance with the BSCC's policies on debarment, fraud, theft, and embezzlement.

### **Compliance Monitoring Visits**

BSCC staff will conduct periodic monitoring of each project to assess whether the project is in compliance with grant requirements and making progress toward grant objectives, and provide technical assistance as needed regarding fiscal, programmatic, evaluative, and administrative requirements. For your reference, a Sample Comprehensive Monitoring Visit Tool is contained in Appendix K.

## **Use of Effective Programs and Data-Driven Approaches<sup>1</sup>**

The BSCC is committed to supporting programs, practices, and strategies that are rooted in documented evidence that reduces youth risk factors and rates of recidivism but is also based on participant characteristics, situations, and preferences.

Applicants are required to use data to drive conscientious decision-making in the development, implementation, and appraisal of their overall projects. Applicants should demonstrate that their proposal is linked to the implementation of practices and strategies supported by data. The following information is offered to help applicants understand the BSCC's broad view of data-supported practices and decision-making:

The BSCC is committed to supporting a focus on better outcomes in the criminal justice system and those involved in it. For the purposes of this RFP, applicants should focus on the following three basic principles:

- 1. Is there evidence or data to suggest that the intervention, service, or strategy is likely to work, i.e., produce a desired benefit?** *For example, was the intervention, service, or strategy selected by the project used by another entity with documented positive results? Is there published research/information on the intervention the project has chosen to implement showing its effectiveness? Is the intervention or strategy being used by another entity with a similar problem and similar target population?*
- 2. Once an intervention, service, or strategy is selected, will you be able to demonstrate that it is being carried out as intended?** *For example, does this intervention, service, or strategy provide for a way to monitor quality control or continuous quality improvement? If this intervention, service, or strategy was implemented in another area, are there procedures in place to ensure the model is being closely followed (so the project is more likely to achieve similar desired outcomes)?*
- 3. Is there a plan to collect data that will allow for an appraisal of whether the intervention, service, or strategy worked?** *For example, will the intervention,*

*service, or strategy selected allow for the collection of data or other information so outcomes can be measured at the conclusion of the project? Are there or will there be processes in place to identify, collect, and analyze that data/information?*

Applicants are encouraged to develop an overall project that incorporates these principles but is tailored to fit the needs of the individuals and communities they serve. Plans to measure the effectiveness of a project should include the use of both qualitative and quantitative data/information. While quantitative data/information is based on numbers and mathematical calculations, qualitative data/information is based on written or spoken narratives. The purpose of quantitative data/information is to explain, predict, and/or control events through focused collection of numerical data, while the purpose of qualitative data/information is to explain and gain insight and understanding of events through collection of narrative data/information.

Applicants may find it helpful to review the information on evidence-based treatment practices in Appendix L of this RFP as well as in the Substance Abuse and Mental Health Services Administration's (SAMHSA) Guide to Evidence-Based Practices available at: [www.samhsa.gov/ebpwebguide](http://www.samhsa.gov/ebpwebguide).

### 1. Project Need (Percent of Total Value: 30%)

**Address the following in narrative form:**

The applicant articulated a need that is pertinent to the intent of the grant program. The elements that are to comprise the Program Need are listed below. Addressing each element does not itself merit a high rating; rather, although each element is to be addressed, it is the quality of the response to each that is to be evaluated.

- Define the population of youth to be served by these grant funds. This should include details such as gender, age, offense history, and any other data that supports the need for services within the identified population.
- Clearly identify the need for diversion programs/services amongst the Indian children who comprise the target population in the proposed project service area.
- Use data or other supporting information to support the identified need. Supporting documentation should include both qualitative and quantitative data.
- Identify existing gaps in available resources, services, and/or activities within the proposed project area for the target population.

- Explain any methods that were used to conduct outreach and/or gather input from interested parties in order to determine the need that is presented in this proposal.

<b>Rating Criteria for Project Need</b> (scored on a scale of 1 – 5; weighted at 30%)	
1.1	The applicant has clearly identified the specific target population to be served (e.g., gender, age, offense history, and/or other supporting data).
1.2	The applicant has described the diversion need(s) of the selected target population.
1.3	The applicant has provided qualitative and/or quantitative data that connects to the need(s) stated in 1.2.

- Define the approach that will be used to select the specific services that will be provided to individual youth who are enrolled in the project. Explain the process that will be used to determine what specific programs, services and/or interventions will be received by each participant.

### Project

- Justify how the proposed project was identified as the most appropriate to meet the needs of your target population.
- Identify how cultural relevancy will be incorporated into the proposed project.
- Identify the total youth population in the proposed service area as well as what percent of those youth are anticipated to receive services under this proposal.

2.1	The applicant identified eligibility criteria.
2.2	The applicant described the referral process.
2.3	The applicant described the determination of need and/or screening (if any) that may be used and for what purpose.
2.4	The applicant provided a plan for selecting the services that will be received by participants.
2.5	The applicant provided a rationale for the proposed project which included a description of relevant information to support the selection of the proposed project for the target population.
2.6	The applicant described the cultural relevancy of the proposed project.
2.7	The applicant identified the relationship of the total percent of individuals to be served to the target population and the need (e.g., the percent of those projected to be served compared to the targeted population is 75% and those projected to be served compared to the need is 70%).
2.8	The applicant described the proposed services/interventions of the grant project and how the services will be delivered.
2.9	The applicant has completed the Project Work Plan as appropriate to the proposed project.

2.10	The applicant described a plan to engage the larger community in the development and implementation throughout the grant cycle.

3.1	The applicant demonstrated a commitment to adhere to the data collection methodology prescribed by the BSCC for data reporting purposes (e.g., quarterly progress reports).
3.2	The applicant described its plan/steps taken to ensure that local/tribal data are collected, maintained, reported, and used as a management tool for project decision making.

### 4. Program Budget (Percent of Total Value: 5%)

As part of the application process, applicants are required to submit the Tribal Youth Diversion Grant Budget Attachment (Budget Attachment), a link for which can be found on the next page. The Budget Attachment does not count toward the 12 pages allowed for the Proposal Narrative sections. Upon submission, the Budget Attachment will become “Section 4: Project Budget” of the official proposal package and will be rated as such based on the criteria listed below. The Budget Attachment must be filled out completely and accurately. Applicants are solely responsible for the accuracy and completeness of the information entered in the Budget Attachment and are encouraged to double check all entries.

All project costs must be directly related to the objectives and activities of the proposed project. The Budget Attachment covers the entire 3 ½-year grant term. For example, if

you are requesting \$1 million, the budget table must total \$1 million and the corresponding narrative must explain how that \$1 million would be spent over the 3 ½-year term of the grant.

The following items – applied to both the project budget table and the project budget narrative – are rated as a part of this section, and must be addressed by the applicant in the TYD Budget Attachment:

- What the collaborator will contribute to the project;
  - Information that the partner has the capacity to fulfill its roles/responsibilities; and

### Criteria for Non-Governmental Organizations Receiving 2019 Tribal Youth Diversion Grant Funds

(Page 1 of 2)

The 2019 Tribal Youth Diversion Grant Request for Proposals (RFP) includes requirements that apply to non-governmental, community-based organizations that subcontract with the grantee to implement the proposal. Grantees are responsible for ensuring that all contracted third parties continually meet these requirements as a condition of receiving any Tribal Youth Diversion Grant funds. The RFP describes these requirements as follows:

Any Non-Governmental Organization which receives Tribal Youth Diversion Grant funds must:

- Have been duly organized, in existence, and in good standing for at least six months prior to the effective date of its fiscal agreement with the TYD grantee. Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the grantee-subcontractor fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, Employer Identification Number (EIN), and/or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have an address.

In the table below, provide the name of the Grantee and list all contracted parties.

**Grantee:**

Name of Contracted Party	Address	Email / Phone	Meets All Requirements
			Yes <input type="checkbox"/> No <input type="checkbox"/>
			Yes <input type="checkbox"/> No <input type="checkbox"/>
			Yes <input type="checkbox"/> No <input type="checkbox"/>
			Yes <input type="checkbox"/> No <input type="checkbox"/>

Grantees are required to update this list and submit it to BSCC any time a new third-party contract is executed after the initial assurance date. Grantees shall retain (on-site) applicable source documentation for each contracted party that verifies compliance with the requirements listed in the Tribal Youth Diversion RFP. These records will be subject to the records and retention language found in Appendices A and C of the Standard Agreement.

Unless prior approval is obtained, the BSCC prohibits disbursement or reimbursement to any NGO that does not meet the requirements listed above and for which the BSCC does not have a signed grantee assurance on file.

### Certification of Compliance with BSCC Policies Regarding Debarment, Fraud, Theft, and Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

By checking the following boxes and signing below, applicant affirms that:

☐ I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

☐ I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

☐ I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

### Glossary of Terms

#### **Diversion**

Youth diversion is broadly defined as an approach that promotes positive youth development by relying on responses that prevent a young person's involvement or further involvement in the justice system. Diversion programs, which may follow a variety of different models, aim to divert youth from system engagement at the earliest possible point including school, law enforcement, probation, or prosecution.

For the purposes of the Tribal Youth Diversion Grant, the definition of diversion also recognizes that services rooted in Native American culture in and of themselves constitute a diversion approach.

#### **Health-Based**

Tribal Youth Diversion projects must incorporate health-based interventions, with an emphasis on wellness-based approaches. As adapted from the World Health Organization's definition, "wellness" is defined for the purposes of this grant as a state of complete physical, mental, spiritual, and social wellbeing and not merely the absence of disease or infirmity.

#### **Cultural Relevance**

For the purposes of this grant, culturally relevant programs incorporate an awareness and understanding of, as well as a capacity to honor, the specific tribal customs, traditions and beliefs pertinent to the population being served. In a broader sense, cultural relevancy acknowledges the influence of the child's identity characteristics on the child's experience of the world and incorporates perspectives into the program's environment. These identity characteristics include racial/ethnic, gender, class, religion, educational, sexual orientation, gender identity, family heritage, disability, and any other identity the child communicates as important.

Any sub-grantee/sub-recipient that receives Tribal Youth Diversion Grant funds must utilize programs, practices, and approaches that embed cultural relevancy.

#### **Trauma-Informed**

"Trauma-informed" means an approach that involves an understanding of adverse childhood experiences and responding to symptoms of chronic interpersonal trauma and traumatic stress across the lifespan of an individual. A Trauma-Informed approach in the diversion system is one in which all diversion partners should recognize and respond to the impact of traumatic stress and apply a trauma-informed approach that is designed to meet the individual needs of each child.

Tribal Youth Diversion projects must be based on trauma-informed interventions that incorporate historical trauma. Historical trauma refers to a complex and reflective trauma exposure over time and across generations by a group of people who share an identity, affiliation or circumstance.

#### **Service Need Determination**

In considering whether to provide diversion services to potential program participants, service providers receiving funding under this grant must use an approach that is trauma-informed, culturally relevant and developmental appropriate. Approaches could include,

but are not limited to, surveys or interviews. Applicants must thoroughly explain and justify their proposed approach for deciding which youth will be selected or chosen for program participation. Every applicant must identify some methodology for determining whether a potential program participant would benefit from services and, if so, which specific services each youth is best matched with.

### **Local Evaluation Plan and Local Evaluation Report<sup>2</sup>**

The primary purpose of the Local Evaluation Plan and Local Evaluation Report<sup>3</sup> is to assess whether the program “worked” in terms of achieving its goals and objectives. Outcome measures are designed to answer the question: “What results did the program produce?” Examples of outcome measures could include:

- Results of pre/post surveys (e.g., improvements in the number of high school graduates).
- Implementation of programs aimed at reducing the number of referrals for alcohol and substance use.
- Changes in policies that improve Indian children access to culturally rooted services.

### **Goal versus Objective**

Goals and objectives are terms in common use, sometimes used interchangeably because both refer to the intended results of program activities. Goals are longer-term than objectives, more broadly stated and govern the specific objectives to which program activities are directed.

In proposals, goals are defined by broad statements of what the program intends to accomplish, representing the long-term intended outcome of the program<sup>4</sup>.

Examples of goal statements<sup>5</sup>:

- To reduce the number of Indian Children who commit serious offenses.
- To reduce the number of Indian Children who exhibit a pattern of chronic offending.
- To divert Indian Children who commit nonviolent offenses from state juvenile correctional institutions.
- To restore the losses suffered by the victims of crimes.

Objectives are statements of specific, measurable aims of program activities. Objectives detail the tasks that must be completed to achieve goals. Descriptions of objectives in the proposals should include three elements<sup>6</sup>:

- 1) Direction – the expected change or accomplishment (e.g., improve, maintain);
- 2) Timeframe – when the objective will be achieved; and

### 3) Target Population– who is affected by the objective.

Examples of program objectives<sup>7</sup>:

- By the end of the program, drug-addicted Indian Children will recognize the long-term consequences of drug use.
- To place eligible Indian Children in an intensive supervision program within two weeks of adjudication to ensure their accountability and the community's safety.
- To ensure the Indian Children in this program carry out all the terms of the mediation agreements they have worked out with their victims by program completion.

### **Principles of Effective Intervention**

During the past two decades, there has been renewed interest in examining correctional research. These efforts have been led by researchers such as Gendreau, Andrews, Cullen, Lipsey and others.<sup>8</sup> Much evidence has been generated, leading to the conclusion that many rehabilitation programs have, in fact, produced significant reductions in recidivism. The next critical issue became the identification of those characteristics most commonly associated with effective programs. Through the work of numerous scholars (Andrews et al., 1990<sup>9</sup>; Cullen and Gendreau, 2000<sup>10</sup>; Lipsey 1999<sup>11</sup>), several “principles of effective intervention” have been identified. These principles can be briefly categorized as the following:

- Assess Risk/Needs
- Enhance Intrinsic Motivation
- Target Interventions
  - Risk Principle
  - Need Principle
  - Responsivity Principle
  - Dosage
  - Treatment Principle
- Skill Train with Directed Practice
- Increase Positive Reinforcement
- Engage Ongoing Support in Natural Communities
- Measure Relevant Processes/Practices
- Provide Measurement Feedback

- B. If, at any time, the BSCC determines that the advance payment schedule set forth in Paragraph 1(A) is no longer appropriate for the administration of the grant program, the BSCC may require Grantee to receive reimbursement in arrears upon 30-day notice to Grantee.
- C. All grant project expenditures (excluding Local Evaluation Report costs) and all obligated match contributions must be incurred by the end of the grant project cycle, December 31, 2023, and included on the final invoice due February 15, 2024. Project costs/match contributions incurred after December 31, 2023 will not be reimbursed/eligible for contribution.
- D. The Local Evaluation Report is due to the BSCC by March 31, 2024. Only those expenditures incurred solely for the completion of the Final Local Evaluation Report will be reimbursed during the Local Evaluation Report Invoicing Periods (invoices 43-45, due dates listed above). All fiscal supporting documentation for expenditures

**EXHIBIT B**  
**BUDGET DETAIL AND PAYMENT PROVISIONS**

related to the Local Evaluation Report must be submitted to the BSCC by the due date of the final invoice due on May 15, 2024.

- E. An invoice is due to the BSCC even if grant funds are not expended during the reporting period. Supporting documentation must be submitted for expenditures upon BSCC's request. All supporting documentation must be maintained by the grantee on site and be readily available for review during BSCC site visits.
- F. Any unspent funds remaining at the end of the grant period, including any interest earned, must be returned to the BSCC within 30 days of the end of the grant agreement.

**2. GRANT AMOUNT AND LIMITATION**

- A. In no event shall the BSCC be obligated to pay any amount in excess of the grant award. Grantee waives any and all claims against the BSCC and the State of California on account of project costs that may exceed the sum of the grant award.
- B. Under no circumstance will a budget modification be authorized that would cause the project to exceed the amount of the grant award identified in this Grant Agreement.

**3. BUDGET CONTINGENCY CLAUSE**

- A. This grant agreement is valid through Tribal Youth Diversion Grant funding generated from the General Fund. The Grantee agrees that the BSCC's obligation to pay any sum to the grantee under any provision of this agreement is contingent upon the availability of sufficient funding granted through the California Budget Act of 2019 (Chapter 23, Statutes of 2019). It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Grant Agreement does not appropriate sufficient funds for the program, this Grant Agreement shall be of no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement.
- B. If Tribal Youth Diversion Grant funding is reduced or falls below estimates contained within the TYD Request for Proposals, the BSCC shall have the option to either cancel this Grant Agreement with no liability occurring to the BSCC or offer an amendment to this agreement to the Grantee to reflect a reduced amount.
- C. If BSCC cancels the agreement pursuant to Paragraph 3(B) or Grantee does not agree to an amendment in accordance with the option provided by Paragraph 3(B), it is mutually agreed that the Grant Agreement shall have no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement except that Grantee shall be required to maintain all project records required by Paragraph 6 of Exhibit A for a period of three (3) years following the termination of this agreement.

**EXHIBIT B**  
**BUDGET DETAIL AND PAYMENT PROVISIONS**

**4. PROJECT COSTS**

- A. The grantee agrees to comply with the BSCC Grant Administration Guide requirements as posted on the BSCC website (currently the BSCC Grant Administration Guide July 2016) including any updated version that may be posted during the term of the grant agreement. The BSCC will notify grantees whenever an updated version is posted. The BSCC Grant Administration Guide is available at <http://www.bscc.ca.gov/wp-content/uploads/BSCC-Grant-Admin-Guide-July-2016.pdf>.
- B. The provisions of the BSCC Grant Administration Guide are incorporated by reference into this agreement and Grantee shall be responsible for adhering to the requirements set forth therein. To the extent any of the provisions of the BSCC Grant Administration Guide and this agreement conflict, the language in this agreement shall prevail.
- C. Grantee is responsible for ensuring that invoices submitted to the BSCC document actual expenditures for eligible project costs.
- D. Grantee shall, upon demand, remit to the BSCC any grant funds not expended for eligible project costs or an amount equal to any grant funds expended by the Grantee in violation of the terms, provisions, conditions or commitments of this Grant Agreement.
- E. Grant funds must be used to support new program activities or to augment existing funds that expand current program activities. Grant funds shall not replace (supplant) any federal, state and/or local funds that have been appropriated for the same purpose. Violations can result in recoupment of monies provided under this grantor suspension of future program funding through BSCC grants.

**5. PROMPT PAYMENT CLAUSE**

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

**6. WITHHOLDING OF GRANT DISBURSEMENTS**

- B. The BSCC may withhold all or any portion of the grant funds provided by this grant agreement in the event the Grantee has materially and substantially breached the terms and conditions of this Grant Agreement.
- C. The BSCC will not approve Grantee expenditures for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently deemed ineligible, the BSCC may either withhold an equal amount from future payments to the Grantee or require repayment of an equal amount to the State by the Grantee.
- D. In the event that grant funds are withheld from the Grantee, the BSCC's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

**EXHIBIT D**  
**SAMPLE - SPECIAL TERMS AND CONDITIONS**

**1. GRANTEE'S GENERAL RESPONSIBILITY**

- G. Grantee agrees to comply with all terms and conditions of this Grant Agreement. Review and approval by the BSCC is solely for the purpose of proper administration of grant funds and shall not be deemed to relieve or restrict the Grantee's responsibility.

**3. POTENTIAL SUBCONTRACTORS**

- A. In accordance with the provisions of this Grant Agreement, the Grantee may subcontract for services needed to implement and/or support program activities. Grantee agrees that in the event of any inconsistency between this Grant Agreement and Grantee's agreement with a subcontractor, the language of this Grant Agreement will prevail.
- B. Nothing contained in this Grant Agreement or otherwise, shall create any contractual relation between the BSCC and any subcontractors, and no subcontract shall relieve the Grantee of his responsibilities and obligations hereunder. The Grantee agrees to be as fully responsible to the BSCC for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Grantee. The Grantee's obligation to pay its subcontractors is an independent obligation from the BSCC's obligation to make payments to the Grantee. As a result, the BSCC shall

**EXHIBIT D**  
**SAMPLE - SPECIAL TERMS AND CONDITIONS**

have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

- C. Grantee shall ensure that all subcontractors comply with the eligibility requirements stated in the 2019 Tribal Youth Diversion Grant RFP and described in Appendix B.
- D. Grantee assures that for any subcontract awarded by the Grantee, such insurance and fidelity bonds, as is customary and appropriate, will be obtained.

1) Books and Records

Maintain adequate fiscal and project books, records, documents, and other evidence pertinent to the subcontractor's work on the project in accordance with generally accepted accounting principles. Adequate supporting documentation shall be maintained in such detail so as to permit tracing transactions from the invoices, to the accounting records, to the supporting documentation. These records shall be maintained for a minimum of three (3) years after the acceptance of the final grant project audit under the Grant Agreement, and shall be subject to examination and/or audit by the BSCC or designees, state government auditors or designees, or by federal government auditors or designees.

- B. The BSCC reserves the right to call for a program or financial audit at any time between the execution of this Grant Agreement and three years following the end of the grant period. At any time, the BSCC may disallow all or part of the cost of the activity or action determined to not be in compliance with the terms and conditions of this Grant Agreement, or take other remedies legally available.

**6. DEBARMENT, FRAUD, THEFT OR EMBEZZLEMENT**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to grantees that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All Grantees must have on file with the BSCC a completed and signed Certification of Compliance with BSCC Policies on Debarment, Fraud, Theft and Embezzlement (Required as Appendix C of the original Proposal Package).

- B. Prior to terminating the Grant Agreement under this provision, the BSCC shall provide the Grantee at least 30 calendar days written notice stating the reasons for termination and effective date thereof. The Grantee may appeal the termination decision in accordance with the instructions listed in Exhibit D: Special Terms and Conditions, Number 9. Settlement of Disputes.

**9. SETTLEMENT OF DISPUTES**

- A. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Grantee shall submit to the BSCC Corrections Planning and Grant Programs Division Deputy Director a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Grant Agreement. Grantee's written demand shall be fully supported by factual information. The BSCC Corrections Planning and Grant Programs Division Deputy Director shall have 30 days after receipt of Grantee's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. If the Grantee is not satisfied with the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30-day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.

## Tribal Youth Diversion Grant Cohort 2 (July 2020 - December 2023)

### Proposal Abstracts (in alphabetical order)

#### **Tribe: Coyote Valley Band of Pomo Indians**

**Project Title & Amount:** Coyote Valley Youth Wellness & Truancy Diversion Program (\$845,629)

**Proposal Abstract:** The Coyote Valley Band of Pomo Indians is submitting an application for the Coyote Valley Youth Wellness and Truancy Diversion Program. This Diversion Program will support Coyote Valley Native American students (age 6-18) in decreasing rates of chronic absenteeism, suspension, dropout, and increasing cultural education and academic support in Mendocino County. The project partners and collaborates with the Ukiah Unified School District (UUSD). This project will service approximately 25% of Coyote Valley youth and will address critical challenges faced by the Native American youth in our area.

The goals of the Diversion Program are the following: to increase the wellness of the Coyote Valley youth and give them the necessary tools to live a healthy and substance abuse free life; to change the attitudes of students and parents concerning school attendance and achievements and provide them with the tools for healthy and productive careers; and to empower Coyote Valley youth by increasing cultural awareness and making school an environment where students will feel comfortable and will want to learn and advance.

The Coyote Valley Tribe plans to accomplish these goals through a collaborative partnership with Ukiah Unified Schools combining community and school resources. With grant funding, the tribe plans to hire qualified staff, offer critical services, and provide a curriculum rich with culture that will increase the graduation rates of our tribal youth and gear them towards productive careers as adults.

#### **Tribe: Fort Mohave Indian Tribe**

**Project Title & Amount:** RISE (Revitalizing Indigenous Self-Efficacy) Youth Diversion Project (\$1,356,106)

**Proposal Abstract:** R.I.S.E. Diversion Program is a culturally relevant, trauma-informed, community-based program for American Indian youth ages 12 - 18. The identified service area is Fort Mojave Indian Tribe (FMIT) located across three states. The program will be operated out of the Department of Social Services, but includes a community-based approach by coordinating with key FMIT Departments such as Probation, Behavioral Health, Education, Culture Departments. The identified goals address the gaps in services Fort Mojave Indian Tribe is facing. Existing service gaps include: A) Limited access to services, resources, and activities for the described population in Tribal, County, and the Tri-State area; and B) Lack of available trauma-informed and culturally-relevant services.

## Tribal Youth Diversion Grant Cohort 2 (July 2020 - December 2023)

The proposed interventions include services that provide culturally appropriate, trauma-informed, family-centered and community-oriented approaches for the target population within the FMIT reservation. The need is to provide preventative programming like the Youth Diversion Program to defer youth from long-term care in Non-Justice and Justice Environments and provide programming that will give the youth an opportunity to have stronger ties to their culture, family, and community.

Program activities include Weekend Immersion Retreats, Group Workshops, Individual Coaching Sessions, and Telemedicine Behavioral Health services. This project will collaborate with an Elder Advisory Board and establish a Peer-to-Peer mentoring component to support culturally relevant programming. Ultimately, youth will increase their ability to utilize resilience skills, and increase cultural identity to improve healing.

The goals of the project are to:

- 1) Reduce the Cost of Care by diverting youth from the Justice and Non-Justice System;
- 2) Provide professional treatment needed for youth and families to improve healing; and
- 3) Promote positive behavior and prevent problem behavior in youth ages 12-18 on the Fort Mojave Indian Reservation.

### **Tribe: Hoopa Valley Tribe**

**Project Title & Amount:** Hoopa Valley Tribal Court Tribal Youth Diversion Program (\$1,025,015)

**Proposal Abstract:** This proposal is the result of a joint jurisdictional effort forged by the Hoopa Valley Tribal Court and Humboldt County Superior Court in partnership with local schools and tribally operated education programs – a group called the Truancy Taskforce. Its aim is to prevent and reduce risky behaviors associated with juvenile delinquency, namely truancy and absenteeism, within American Indian/Alaska Native (AI/AN) youth population ages 12-17. Recognizing the continuum of care extends beyond arrival to and exit from juvenile courts, this project is designed to help AI/AN youth navigate significant barriers that may lead to absenteeism/truancy – and address real reservation bound issues, such as the lack of transportation or distrust for School Attendance Review Boards. Equipped with the area's only Education Navigator and Advocate, the Hoopa Tribal Court and its resilience support programs will use evidence-based tools, such as the MAYSI-2, to identify underlying family related issues and base referrals on assessment results. Youth and families will gain prioritized access to culturally sensitive, community-based and reservation bound including as needed services from qualified Behavioral Health and Chemical Dependency providers. Similarly, when tribal youth encounter the Hoopa Tribal Truancy Court they will be provided wraparound support using a hub-and-spoke model for referral services. These efforts, coupled with increased tools for the Hoopa Valley Tribal Court's supervising Probation Services (HUB), are designed to meet youth needs before, during and after youth development intersect with the justice system. This 3 ½-year project will directly serve an estimated 150 AI/AN youth

## Tribal Youth Diversion Grant Cohort 2 (July 2020 - December 2023)

and families as a means to divert children from entering or becoming further involved in the juvenile justice system. Similarly, an additional 150 AI/AN youth will benefit by the introduction of prosocial, culturally competent community-based activities – where families will gain an understanding of the community's resilience support programs to address historical trauma and healing.

### **Tribe: Mechoopda Indian Tribe of Chico Rancheria**

**Project Title & Amount:** Mechoopda Tribal Youth Program (\$1,330,870)

**Proposal Abstract:** Juvenile delinquency disproportionately impacts Native American youth across Butte County. Contributing to this disparity are the continuing effects of generations of historical trauma unique to Native American communities and the lack of culturally appropriate services and resources available to them. The Mechoopda Indian tribe (MIT) proposes to serve Native American youth ages 5 to 17 living in Butte County that are at-risk for involvement in the juvenile justice system resulting from delinquent and pre-delinquent behaviors, and is uniquely positioned to respond through the Mechoopda Tribal Youth Program (MTYP). The MTYP will provide traditional tutoring and mentoring services through the use of cultural mentors and elders and will continue to offer a yearly Youth-Gathering of Native Americans (Y-GONA). Supporting the MTYP's tutoring and mentoring services will be the addition of culturally enhanced Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) services provided by a licensed professional with specialized training. Additionally, as a way to strengthen the support systems of Tribal youth, the MTYP will provide parenting workshops for parents/caregivers whose children are enrolled in the program. Lastly, the MTYP will utilize a high-fidelity wraparound approach to ensure that a customized comprehensive system of care is provided to youth and their families. The MTYP will prevent juvenile delinquency by addressing the following goals: a) enhancement of cultural identity, b) improvement of academic and school performance, c) improvement of mental health outcomes, and d) strengthening of formal and informal support systems. The MTYP will use a number of standardized assessment tools to measure clinical, behavioral, and programmatic progress for the initiative's goals and objectives.

### **Tribe: Picayune Rancheria of the Chukchansi Indians**

**Project Title & Amount:** PRCI Tribal Youth Diversion Program (\$873,398)

**Proposal Abstract:** The Picayune Rancheria of the Chukchansi Indians of California proposes to develop its first ever juvenile justice diversion program to address its great concern for the wellbeing of its youth. Many indicators point to huge unmet needs for tribal youth and their families and minimal resources in the region; however, there is growing momentum on the part of tribal and non-tribal programs to make system changes together. The Tribe proposes a program whereby interventions are made early in a youth's life and with broad care coordination support for youth and

## Tribal Youth Diversion Grant Cohort 2 (July 2020 - December 2023)

their families.

To achieve the goals of reducing rates of youth involvement in the juvenile justice system, reducing rates of absenteeism and suspensions in schools, increasing social-emotional skills to address stress and trauma, and strengthen youth engagement in healthy cultural beliefs and practices, the Tribe proposes to deliver Cognitive Behavioral Intervention for Trauma in Schools (CBITS) and Positive Action (PA), both evidence-based programs. Prevention strategies that rest heavily within the cultural wisdom will be implemented for larger groups of children and youth. Programming will be delivered in multiple sites, including schools and homes. It will recruit Tribal youth ages 11 to 18 or Grades 6-12 who experience at least one of the following circumstances: 1) are currently involved with the juvenile justice system or have been in the past 2 years, 2) are a sibling (or cousin) of a youth involved with the legal system now or in the past 2 years, 3) have been suspended from school for behavioral issues in the past academic year, 4) have a record of chronic absenteeism from school in the past academic year, and 5) have behavioral problems in the past calendar year.

### **Tribe: Pinoleville Pomo Nation**

**Project Title & Amount:** Mendocino Intertribal Youth Diversion Grant (\$1,400,000)

### **Tribe: San Pasqual Band of Mission Indians**

**Project Title & Amount:** San Pasqual Tribal Youth Diversion Program (\$671,790)

**Proposal Abstract:** *The San Pasqual Band of Mission Indians* is submitting a proposal for grant funding in the amount of \$671,790 to support 295 tribal youth (ages 10-18) to decrease juvenile offenses, suspensions, dropout and increase cultural education, academic and job readiness support on the San Pasqual reservation. The project will build the Tribe's capacity to coordinate and partner with Tribal Police, Inter- Tribal Court, Valley Center Unified School District (VCUSD), Indian Health, Kumeyaay College and other local supports to develop and implement trauma-informed systems of care for San Pasqual youth and families. ## Tribal Youth Diversion Grant Cohort 2 (July 2020 - December 2023)

these program goals, such as, establishing a local task force and planning committee that is trained for trauma-informed, culturally-aware, wellness-based approaches for working with tribal youth and families from point of contact to program exit; developing a working system to deliver new cultural education curricula with 8 schools and the local community using traditional knowledge, history and community information, providing tutoring, job readiness, career exploration workshops, individual education/employment coaching, vocational learning opportunities to participants. The program aims to have positive impacts with tribal youth who experience chronic absenteeism, suspension, arrest, probation, or are at high risk of dropping out or falling behind in school. Measurable outcomes are expected to show increased intrinsic motivations, academic performance, school attendance and engagement, and decreased school suspensions/expulsions and divert/intervene from justice systems.

**Tribe:** Sherwood Valley Band of Pomo Indians

**Project Title & Amount:** Tribal Youth Diversion Program (\$1,399,141)

**Proposal Abstract:** Prior to colonization, Native American/American Indian (NA/AI) Peoples across the North American continent, maintained their health and wellness since time immemorial through culturally based wellness practices. According to Indigenous worldviews, the environment, mind, body, and emotional health are inextricably linked to collective human behavior, practices, wholeness, and, hence, wellness (Brave Heart, Chase, Elkins, & Altschul, 2011; Walters, Beltran, Huh, & Evans-Campbell, 2011). NA/AI Peoples of Mendocino County lived harmoniously with and in partnership with their traditional homelands. Their health and survival were in sync with that of the mountains, the meadows and the ocean. NA/AI in this region have historically kept their physical, mental, spiritual and social wellbeing in tune with the health of their traditional homelands through their cultural traditional practices. During colonization, as was the case with various NA/AI communities across the United States, policies and direct threats were enforced on the NA/AI people of Mendocino County including violence, forced relocation, and the outlawing of cultural practices. In California, Indian Boarding schools forced the removal of NA/AI children from their families in order to forcefully impose a new way of life by aggressively erasing their tribal value system. In addition to this violence, NA/AI across the U.S. were not declared citizens of this country until 1924 and subsequently were not granted Civil Rights until 1968. Eventually, the Indian Child Welfare Act of 1976 stopped the forced removal of Native American Indian Children that was widespread and had taken place through our Child Welfare system. Thankfully, the American Indian Religious Freedom Act of 1978 legalized and allowed Native American Indian people to practice their ceremonies, and cultural traditions openly, only after their very way of life endured countless violent attacks. The damage that these actions and policies caused to NA/AI communities across the U.S. continues to negatively impact NA/AI families today. In the rural Northern Mendocino County tribal community, NA/AI youth walk in two worlds. Caught between their cultural identity and the challenges of the modern world tied to

historical and intergenerational trauma. Amidst adversity, our NA/AI youth are resilient  
These are the roots and seeds from which this project is born.

**Tribal Youth Diversion Grant  
Cohort 2 (July 2020 - December 2023)**

**Tribe:** Yurok Tribe

**Project Title & Amount:** Yurok Youth Diversion Program (\$798,303)

**Proposal Abstract:** The proposed Yurok Youth Diversion Program (YYDP) will be implemented by the Yurok Tribal Court. The Yurok Tribal Court will form a joint Truancy Court with the Del Norte County Court and offer supportive legal and family supportive services by hiring YYDP Tribal attorney and YYDP court case managers. YYDP proposes to increase access to legal and court case management services to Yurok families and youth that are at high risk of entering into the juvenile justice system due to truancy, chronic absenteeism, and due to the inability to obtain or successfully complete an Individual Educational Plan. In addition, YYDP proposes the development of a Yurok ordinance called "Stay in School" that would strengthen the referral process between Del Norte Unified Schools, Del Norte Courts and Yurok Tribal Courts. Yurok children and youth identified by the new referral process who have current or history of truancy will receive early intervention direct services by the proposed case manager.

SUBJECT: Senate Bill 81 (Local Youthful Offender Rehabilitative Facilities Construction Financing Program Round One) Monterey County Scope Change:  
**Requesting Approval**

---

## Summary

This agenda item requests that the Board of State and Community Corrections approve Monterey County's request for a change in project scope for its local youthful offender rehabilitative facility (LYORF).

## Background

SB 81 Round One (Stats. 2007, Chapter 175) authorized \$100 million in state lease-revenue bond financing for the acquisition, design, renovation, or construction of LYORFs. Assembly Bill 1628 (Stats. 2010, Chapter 729) added another \$200 million in financing. Conditional awards were made to 13 counties under the SB 81 Round One LYORF Construction Financing Program.

After the Round One financing was conditionally awarded, \$79.2 million in state lease-revenue bond financing remained unallocated. SB 365 (Stats. 2013, Chapter 627) authorized the BSCC to release the remainder in lease-revenue bond financing under the SB 81 Round Two program.

At the November 18, 2010 BSCC board meeting, Monterey County received a conditional award of \$35,000,000.

The BSCC received a letter from Monterey County dated May 13, 2020 requesting a revised scope for the Board's approval (Attachment F-1). The proposed scope change consists of reducing the original proposal by reducing the number of detention beds from 120 to 80, eliminating 30 high security beds, the new kitchen, laundry and storage. The County will maintain and complete construction of two new 30 bed housing units, new classrooms and gymnasium, administration space and renovate an old housing unit. Demolition of old buildings will also be included in the completion of the project while the County will complete outdoor recreational space and additional enhancements with county funding after the SB 81 project is complete.

**Recommendation/Action Needed**

---

Staff recommends the Board approve the change in scope for the Monterey County Senate Bill 81 Round 1 Local Youthful Offender Rehabilitative Facility Construction Financing Program project.

## **RE: Request to Revise the New Juvenile Hall Project Scope of Work**

Dear Michael Shores,

Monterey County is proposing a revised scope of work for the New Juvenile Hall (Project) to align with current fiscal and timeline constraints, without jeopardizing SB81 funding. Below is a summary of the original and revised scope of work, and background information providing justification for the scope change and financial impacts.

### **Original Scope of Work**

The original scope of work provides a total of 120-beds and includes: demolition of all existing buildings, six (6) new buildings, renovation of one (1) existing building, site work and outdoor recreation areas (**see Attachment A - Original New Juvenile Hall Site Plan**). Buildings 1A and 1B are standard 30-bed housing units. Building 4 is the Administration Building for staff, youth processing, visitation and medical services. Building 6 is a school building with a gym, classrooms and staff support offices. Building 7 is a renovated existing 30 bed dormitory unit. Building 2 is a 30-bed maximum security housing unit. Building 5 is a support services building including a kitchen, laundry and storage.

### **Revised Scope of work**

The revised scope of work provides a total of 80 beds and includes: demolition of all existing buildings, construction of Buildings 1A, 1B, 4, 6, 7 and site work including outdoor recreation as detailed above. Building 2 (30 high security beds) and Building 5 (kitchen, laundry, storage) will not be built. A modular/portable building will be used for institutional storage. **See Attachment B - Revised New Juvenile Hall Site Plan. Attachment C – Scope Comparison** compares the original project scope and the County's revised proposal.

The current (pre-COVID) youth population is 50 (average)/70 (high). Depending on the need for high security beds, we have the ability to use all or part (wing) of one of the dorms with the ability to provide up to 30 beds. Operationally, kitchen and laundry services would continue to

be provided off site through the Youth Center. Dining will be provided within the day use areas of the housing units which have enough tables and chairs to provide individual seating for 80 youth. Recreation areas (indoor and outdoor) meet Title 24 requirements.

### **Background**

The Project was bid as a single construction project. In order to accommodate Probation operations during construction, the scope of work has been implemented in two (2) construction phases. Phase 1 is nearing completions, however a significant amount of change orders resulting from site conditions and changes from the approved plans has resulted in substantial cost increase and time delays. Due to the 3-year construction completion requirements to sell the bonds and the changes required to complete Phase 1, the County is working with the California State Department of Finance to revise the project scope.

Estimated completion for the original project scope had changed from July 2019 to June 2021 and from \$58,671,291 (hard and soft costs) to \$68,021,477, presuming no further changes/delays. Monterey County does not have additional funding needed to complete this project, especially with expected reductions in revenues due to COVID-19. The revised project scope is estimated to cost \$60,143,804 (hard and soft costs). Staff is working with an architect to develop a revised plan and construction documents.

We hope that the above information and attached supporting documentation provides sufficient information to approve Monterey County's request to amend the scope of work under SB-81 Construction Agreement.

We thank you for your consideration and look forward to continued collaboration on this project.

Sincerely
