

Missing and Murdered Indigenous People Grant Program Executive Steering Committee Seeking Membership

The Board of State and Community Corrections (BSCC) is seeking members to serve on a new Executive Steering Committee (ESC) for the Missing and Murdered Indigenous People Grant Programs. Statements of Interest for this ESC will be taken until a full membership has been reached.

About the Missing and Murdered Indigenous People Grant Program

The Missing and Murdered Indigenous People Grant Program provides funding to federally recognized Indian tribes in California to support efforts to identify, collect case-level data, publicize, and investigate and solve cases involving missing and murdered indigenous people. Grants should focus on activities including, but not limited to, developing culturally based prevention strategies, strengthening responses to human trafficking, and improving cooperation and communication on jurisdictional issues between state, local, federal, and tribal law enforcement in order to investigate and solve cases involving missing and murdered indigenous people.

The BSCC anticipates that a total of \$12 million, or \$4 million per year, will be available across the next three fiscal years for programmatic and administrative purposes to implement the grant program. Click [here](#) for the authorizing State Budget Act language.
