INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Existing Laws

Penal Code Section 6030 authorize the BSCC to establish standards for local detention facilities.

Summary of Existing Regulations

The BSCC promulgates the existing standards which prescribe requirements for local detention facilities. These existing standards are codified in Title 15 Crime Prevention and Corrections, Division 1, Chapter 1, Subchapter 4 of the California Code of Regulations (CCR).

Determination of Inconsistency/Incompatibility with Existing State Regulations

The BSCC has determined that this proposed regulation is not inconsistent or incompatible with existing regulations. After conducting a review for any regulations that would relate to or affect this area, the BSCC has concluded that these are the only regulations address minimum standards for local detention facilities.

Summary of Effect

The proposed action will update Title 15, Division 1, Chapter 1, Subchapter 4 CCR by adopting requirements that align with Title 15, Division 1, Chapter 1, Subchapter 5 CCR. The proposed changes will add requirements that reflect current practices and will ensure consistency between the treatment of juveniles and adults in local detention facilities by requiring that feminine hygiene products be provided upon request.

Comparable Federal Statute or Regulations

There are no comparable federal regulations or statutes.

Policy Statement Overview

This rulemaking action is in response, in part, to a lawsuit filed in the Sacramento Superior Court against the Board, requesting the court order the Board to direct all counties to provide tampons to all adult female inmates free of charge. This rulemaking action clarifies and makes specific the state requirements for local detention facilities to provide all feminine hygiene items, including tampons, upon request and without requiring inmates to purchase these items from commissary.

Benefits of the Regulations to the Health and Welfare of California Residents, Worker Safety, and the State's Environment

The BSCC has determined that there will be a positive impact on the health and welfare of juveniles and adults in local detention facilities, and the change will ensure consistency between the treatment of juveniles and adults by ensuring that these feminine hygiene products to be provided upon request.

The BSCC has determined that the state's environment will not be affected by the adoption of these regulations because the regulation pertains to the minimum standards for local detention facilities. Requirements of these regulations do not address any factors that would cause a positive or negative effect on the environment.
