SECTION 2: BUDGET SUMMARY

Budget Summary Instructions

Definitions of total project costs for purposes of this program (state reimbursed, county cash contribution, and county in-kind contribution) can be found in the “Financing” section of the Senate Bill (SB) 81, Round Two, Construction of Local Youthful Offender Rehabilitative Facilities (LYORFs) Request for Proposals (RFP). The county cash and in-kind contributions are collectively the county contribution. Those defined costs in the RFP shall be the guide for accurately completing this budget summary section.

In the Budget Summary Table that follows in part D of this section, indicate the amount of state financing requested and the amount of cash and/or in-kind contributions allotted to each budget line-item, in total defining the total project costs. It is necessary to fully include each eligible project cost for state-reimbursed, county cash, and county in-kind contribution amounts.

The in-kind contribution line items represent only county staff salaries and benefits or current fair market value of land. An appraisal of land value will be required after conditional award and only if land value is included as part of the county’s contribution.

The total amount of state financing requested cannot exceed 90 percent of the total project costs. The county contribution must be a minimum of 10 percent of the total project costs (unless the applicant is a small county petitioning for a reduction in the county contribution amount). County contributions can be any combination of cash or in-kind project costs. Small counties that petition for a reduction in the contribution amount must provide a minimum of five percent contribution of the total project costs. Small counties requesting a reduction in county contribution must state so in part A of this section.

State financing limits (maximums) for all county proposals are as follows. For proposed regional LYORF projects, the size of the lead county determines the maximum amount of funds to be requested for the entire project:

- $17,500,000 for large counties;
- $12,500,000 for medium counties; and,
- $ 9,600,000 for small counties.
A. **Small County Petition for Reduction in Contribution**

A small county may petition the Board of State and Community Corrections (BSCC) Board for a reduction in its county contribution. This proposal document will serve as the petition and the BSCC Board’s acceptance of the county’s contribution reduction, provided the county abides by all terms and conditions of this SB 81, Round Two RFP and Proposal process and receives a conditional award. Small counties requesting the reduction must still provide a minimum of 5 percent contribution that may be any combination of 5 percent cash and/or in-kind contribution. If requesting a reduction in match contribution, check the box below to indicate the county’s petition.

☐ This proposal includes a petition for a county contribution reduction request as reflected in the proposal budget.

B. **Mandatory Prequalification Matching Funds Attest**

In order to attest that the county has the readiness to proceed with the proposed project, the county has the matching funds identified and will be used for the county match funding for this project.

☐ This proposal includes a Board of Supervisors’ Resolution that is attached and includes language that assures funding is available.

C. **California Environmental Quality Act (CEQA) compliance**

Has the county completed the CEQA compliance for the project site?

☐ Yes. If so, include documentation evidencing the completion.

☐ No. If no, describe the status of the CEQA certification.
D. **Budget Summary Table (Report to Nearest $1,000)**

Provide an explanation below of how the dollar figures were determined for each of the budget categories above that contain dollar amounts. Every cash contribution (match) line item shall be included with a reporting of the full amount budgeted unless a line item is not an actual cash contribution project cost for the county. (In that case, indicate so below.) For each budget category explanation below, include how state financing and the county contribution dollar amounts have been determined and calculated (be specific).

1. **Construction (no moveable equipment/furnishings):**
2. **Architectural:**
   a) Describe the county’s current stage in the architectural process:
   b) Given the approval requirements of the State Public Works Board (SPWB) and associated state reimbursement parameters (see “Financing” section in the RFP), define which portions/phases of the architectural services the county intends to seek state dollar reimbursement:
   c) Define the budgeted amount for what is described in b) above:
d) Define which portion/phases of the architectural services the county intends to cover with county contribution dollars:

   e) Define the budgeted amount for what is described in d) above:

3. CEQA:

4. Construction Management - Describe which portions/phases of the construction management services the county intends to claim as:
   a) Cash
   b) In-Kind

5. State Agency Fees – Counties should consider an approximate cost of $35,000 to be captured in the county cash contribution (match):

6. Audit of Grant - Define whether the county is intending to use independent county auditor (in-kind) or services of contracted auditor (cash) and amount budgeted:

7. Site Acquisition - Describe the cost or current fair market value (in-kind):

8. Needs Assessment - Define work performed by county staff (in-kind):

9. County Administration:

10. Transition Planning – Define work performed by county staff (in-kind):
SECTION 3: PROJECT TIMETABLE

Prior to completing this timetable, the county must consult with all appropriate county staff (e.g., county counsel, general services, public works, county administrator) to ensure that dates are achievable. Please consult the “State Public Works Board/Board of State and Community Corrections Processes and Requirements” section of the RFP for further information. Complete the table below indicating start and completion dates for each key event, including comments if desired. Note the required time frames for specific milestone activities in this process. The BSCC Board intends to make conditional awards at an April 2015 board meeting.

SECTION 4: NARRATIVE

PLEASE ADDRESS EACH OF THE FOLLOWING ITEMS. IF AN ITEM IS NOT APPLICABLE, PLEASE STATE AND DESCRIBE WHY IT IS NOT APPLICABLE.

Attach up to the maximum number of 35 pages. Section 4.1 is limited to one page and may be single-spaced narrative with one-inch margins; thereafter, all remaining sections (Sections 4.2 – 4.7) must be double-spaced narrative with one-inch margins. All narrative (Sections 4.1 – 4.7) must use no smaller than 12-point font and be ordered in the subject areas indicated within the proposal type. If the narrative can be written in less than the maximum 35 pages, please do so (avoid “filler”). Up to 10 additional pages of essential appendices may be included at the discretion of the applicant. Appendices cannot be used to give required narrative information. Pictures, charts, illustrations, or diagrams are encouraged in the narrative or appendices to assist reviewers in fully understanding the proposed scope of work. Data sources must be identified.

For counties submitting multiple proposals (which requires participation in a regional LYORF as described in the RFP), separate resolutions for each proposal, with the necessary language contained in each resolution, are required.

For all counties, except as otherwise noted below, the Board of Supervisors’ resolution for the project shall be attached to the original proposal and contain the following:

- Names, titles, and positions of county construction administrator, project financial officer, and project contact person.

- Authorization of appropriate county official to sign the applicant's Agreement and submit the proposal for funding.

- Assurance that the county will adhere to state requirements and terms of the agreements between the county, the BSCC, and the SPWB in the expenditure of state funds and county match funds.

- Assurance that the county has appropriated, or will appropriate after conditional project award but before state/county funding agreements, the amount of match identified by the county on the funding Proposal Form submitted to the BSCC; identifies the source of cash match when appropriated as _________________ in the sum of $____________________, and assures that state and cash matching funds do not replace funds otherwise dedicated or appropriated for construction activities.

- Assurance that the county will fully and safely staff and operate the facility that is being constructed (consistent with Title 15, California Code of Regulations, Chap. 1, Sub.5) within 90 days after project completion.

- All projects shall provide the following site assurance for the county facility at the time of proposal or not later than 90 days following the BSCC’s notice of Intent to Award: 1) assurance that the county has project site control through either fee simple ownership of the site or comparable long-term possession of the site and right of access to the project sufficient to assure undisturbed use and possession of the site; and, 2) will not dispose of, modify the use of, or change the terms of the real property title, or other interest in the site of facility subject to construction, or lease the facility for operation to other entities, without permission and instructions from the BSCC, for so long as the SPWB lease-revenue bonds secured by the financed project remain outstanding.
• Attestation to $_______ as the site acquisition land cost or current fair market land value for the proposed new or expanded facility. This can be claimed for on-site land cost/value for new facility construction, on-site land cost/value of a closed facility that will be renovated and reopened, or on-site land cost/value used for expansion of an existing facility. It cannot be claimed for land cost/value under an existing operational facility. (If claimed as in-kind match, actual on-site land cost documentation or independent appraisal value will be required as a pre-agreement condition.)

• Regional LYORF projects only: A Board of Supervisors’ resolution from the lead county in the regional partnership containing the items identified above, along with a Memorandum of Understanding (MOU) or Joint Powers Agreement (JPA) between each of the partner counties. Please consider the information about regional LYORFs for the purposes of this funding program as described in the “Additional Considerations” section, “Regional County Local Youthful Offender Rehabilitative Facilities” sub-section of the RFP, before developing these documents. If preliminary MOUs and JPAs are submitted, final documents must be submitted within 90 days following the notification to the lead county of conditional Intent to Award state funds.
