Preface

This draft Local Evaluation Plan is submitted to the California Board of State and Community Corrections (BSCC) prior to the final execution of the grant agreement with the City of Rialto, and prior to formal engagement of the service providers (i.e., the community-based organization partners). This document is a draft, and will be updated by the local evaluator once all of the agreements are in place. The final Local Evaluation Plan will be submitted to the BSCC as soon as it is finalized.
1. INTRODUCTION

The City of Rialto was awarded a grant from Board of State and Community Corrections for the Proposition 47 Grant Program during the summer of 2017. The purpose of the grant program is to support mental health treatment, substance abuse treatment, and diversion programs for people in (or at risk of being in) the criminal justice system with an emphasis on programs that reduce recidivism. Grantees are required to conduct a local process and outcome evaluation, and related deliverables include an Evaluation Plan (the present document), a Two-Year Preliminary Evaluation Report, and a Final Local Evaluation Report.

2. PROJECT BACKGROUND

Project Approach. The City will implement a new program: the Juvenile TEAM Project (Training, Education, Alcohol/Drug, Mental Health Treatment). The Juvenile TEAM Project seeks to change the lives of youth who are involved in the criminal justice system and who are experiencing mental health and substance use disorders and other associated outcomes: problems at school and at home, gang involvement, poor social and coping skills, etc. The Juvenile TEAM Project seeks to intervene and change the direction of Project Youth’s lives using the wraparound case management approach. Wraparound is an intensive, holistic method of engaging with individuals with complex needs (most typically children, youth, and their families). The approach is a client-customized care planning, management, and service process. Wraparound assumes that the services provided to each client will be unique based on their needs, and that a 'one size fits all' approach would fail most clients. Wraparound is not a treatment, but how a project decides which treatments and interventions to provide and the method of provision. The Wraparound process begins with assessment and working with the team’s providers to develop a structured, creative and Individual Service Strategy (ISS) Plan that meets the needs of the youth and their family. Wraparound plans are considered holistic in that they are designed to meet the identified needs of the youth and their family, and thus improve the basic structure of the youth’s life. Wraparound’s core principles also ensure that all activities are holistic. Wraparound’s philosophy of care begins from the principle of "voice and choice," which stipulates that the perspectives of the family – including the child or youth – must be given primary importance during all phases and activities of Wraparound. The other core principles of Wraparound include community-based services, services that are culturally and linguistically appropriate and trauma informed, and services that "strength based" to recognize and build on youth’s talents, assets, and positive capabilities.
Goals and Objectives. **Overall Goal:** Engage youth offenders with mental health and/or drug abuse issues from underserved areas in services and treatment that reduce symptomatology, criminal activity, and recidivism.

**Objective 1:** Create an intra-city network of community-based organizations (CBO Partners) to provide services to 195 youth ages 14-17 who have evidence of mental health or addiction disorders over the three-year project period. Services include: intensive wraparound case management; substance use and mental health disorder treatment; behavior modification classes to improve behavior and pro-social attitudes, improve life skills, address anger management issues, and reduce gang activity and involvement; civil legal services for expungement assistance and other issues; supportive services which may include education and employment assistance, health care, etc.; family support services which may include housing and benefits navigation and assistance; and mentoring. Utilize evidence-based models and approaches for service provision.

**Objective 2:** Use the Intercity Referral Network (IRN) for referrals and enroll youth in the Juvenile TEAM Project. Reduce recidivism by 33% and demonstrate a 25% entry into postsecondary education or employment and thus reduce probability of entering or re-entering the prison system.

**Objective 3:** At least 166 (85%) of project youth complete the TEAM program’s direct services and their specified hours in their Individual Service Strategy (ISS) Plan with 75% demonstrating an increase in positive psycho-social behaviors. The ISS Plan will require the youth’s participation in 5-15 hours of Juvenile TEAM Project services each week.

**Objective 4:** Engage project management and the project’s Local Advisory Committee to help achieve 100% of program outcomes. The project management approach will focus on project efficiency, careful oversight of the CBO partners, timeliness of deliverables, and ensuring all youth and family services are trauma-informed and culturally and linguistically appropriate. The Local Advisory Committee will advise project management on project implementation and represent the interests of the community.

3. PERFORMANCE AND QUALITY MONITORING

Description of Quality Monitoring Procedures. The City of Rialto is committed to high-quality programmatic activities that result in desired outcomes by continually engaging in standardized performance monitoring for all projects and programs. The City’s Performance and Quality Monitoring (PQM) process addresses both performance monitoring (i.e., a focus on preventing deficiencies) and performance management (i.e., a focus on identifying deficiencies). The approach is to hold quarterly PQM meetings to monitor activities and interim outcomes. The following data will be compiled by the Evaluator each quarter and reviewed by the City’s Project Management Team, the Case Workers (Inland Behavioral and Health Services), and at least one member of the Local Advisory Committee at each monthly PQM meeting:

1) Work Plan to identify if all proposed activities are underway as planned and latest output data (e.g., number of youth enrolled in the Juvenile TEAM project, number enrolled in mental health and/or substance use treatment) are being collected as indicators; and

2) Local Evaluation Plan and Logic Model to identify if the project is producing expected outcomes, and latest outcome data is being collected (e.g., number of Project Youth completing TEAM activities, recidivism rates, use of drugs and alcohol, etc.).

During the PQM meetings, the project team will compare the indicator data against expected progress as identified in the workplan and logic model, which will provide an early opportunity to brainstorm for solutions if the data indicate a deficit. Similarly, potential outcome deficits can be detected early (e.g., higher than expected recidivism rates) and the project can identify the barriers that may be impeding the desired outcomes. Holding PQM meetings regularly will allow the project team to identify issues as they emerge, and make ‘real-time’ adjustments to project activities, tools, and methods. Addressing deficits quickly will ensure that the project stays on track, is focused toward its intended outcomes, and ensures that all required services are being provided.

Tracking Findings and Corrective Actions. After each PQM meeting, the deficits, deficiencies, and remedies will be summarized in a one-page PQM meeting summary by the project management team. The collection of these one-page PQM meeting summaries will record the course of the project; the deficits, challenges, and barriers that emerged; and the steps taken to address them. This process will ensure that deficits are addressed as soon as they emerge, and tracked until the issue is resolved.
4. DATA MANAGEMENT

Data Sources, Tools, Timelines, and Responsibilities. See Table 2 below.

Methodology for Data Collection. The methodology to describe how the evaluation team will gather data from the CBOs and other partners is still under development, and the Evaluation Plan will be updated when this information is available.

Methodology for Analyzing the Data. The methodology is still under development, and the Evaluation Plan will be updated when this information is available.

Data Sharing Agreements. The data sharing agreements are still being developed, and the Evaluation Plan will be updated when this information is available.

5. RESEARCH DESIGN

Evaluation Questions.

Process Questions:

P1. Were the evidence-based models implemented as expected?

P2. Did the partners provide project services as expected (in terms of quality and quantity)?

P3. Did the project meet enrollment goals?

P4. Did project youth receive the level of each type of service as intended? Did project youth meet the ISS Plan service hours? (dosage)

P5. Did the Local Advisory Committee meet and participate as expected?

P6. Are clients and their families satisfied with project activities?

P7. Were there unexpected factors that affected project implementation? (rival explanations)

Outcome Questions:

O1. How well did the project work? Did the project produce or contribute to the anticipated outputs and intended outcomes?

O2. Were there any unintended outcomes (positive and/or negative)?

O3. To what extent can changes be attributed to the project?

O4. What project features or activities made a difference for Project Youth and their family?

O5. Were there unexpected factors that affected project outcomes? (rival explanations)

Process Evaluation.

Target Population. The TEAM project will target 65 youth annually, ages 14-17, who are on probation or who have been arrested, charged with, or convicted of a misdemeanor criminal offense and have a history of mental health issue and/or a substance use disorder.
**Target Area.** The project will provide services to targeted youth in the cities of Rialto, Colton, and San Bernardino, CA.

**Project Focal Areas.** 1) targeted youths’ limited access to pro-social experiences, 2) targeted youth’ disparities in education, 3) targeted youths’ mental health and substance use disorders and associated criminal and/or negative behaviors.

**Evidence-Based Models.** The Juvenile TEAM Project will frame all project activities on the following evidence-based service models: 1) **Wraparound Case Management** which includes client-centered, goal-oriented intensive case management, mentoring, and informal client and family support services; 2) **National Curriculum and Training Institute (NCTI) Youth Crossroads**, a cognitive behavioral therapy curriculum that includes life skills training, anger management, gang prevention/intervention training that fosters positive, pro-social behavior in youth with emphasis on prior offenders; 3) **Hazelden Living in Balance Co-Occurring Disorders Curriculum** that focuses on co-occurring disorders, treatment, dual recovery, self-help groups, medication use, relapse prevention; 4) **Matrix Model Criminal Justice Setting**, an intensive outpatient treatment that integrates cognitive behavioral therapy, contingency management, motivational interviewing, 12-step facilitation, and family involvement.

**Project Team and Partners.**

1. **Lead Agency.** The lead agency is the City of Rialto Community Services Department. Three professional staff from the Community Services Department will serve as the Project Management Team including the Project Director (Perry Brents), Project Coordinator (Lauren Patterson), and Financial Coordinator (Kyle Johnson). The Project Management Team will be responsible for guiding project implementation, will serve as the primary contact with the BSCC, and will be responsible for ensuring adherence to the project timeline and budget, and for the timely submission of all deliverables. The Project Management Team will be responsible for implementing the Performance and Quality Monitoring program and for overseeing and engaging the Local Advisory Committee.

2. **CBO Partners.** During the development of the grant application, the City recruited nine community-based partner organizations (CBO) to provide project services to the youth (and their families) who will be enrolled in the project. These CBO partners were recruited and selected specifically because of their expertise in providing each type of project services, their reputation in the community, and because they meet the BSCC’s requirements as stated in the Request for Proposals for the Proposition 47 Grant Program. Once the City’s grant agreement with the BSCC is finalized, the City will execute Memoranda of Agreement with each CBO partner that formalizes their scope of work,
remuneration, in-kind contributions to the project, data collection responsibilities, etc. Appendix A (to come) includes a profile of each CBO partner and a summary of the activities that each will perform as part of the Juvenile TEAM Project.

3. **Local Advisory Committee.** The Local Advisory Committee will advise the Project Management Team on project implementation and represent the interests of the community. The Committee will meet regularly as a group, and the Project Management Team will attend these meetings to provide project updates, answer questions, and receive feedback and input from the Committee. At least one CBO partner will attend each meeting to provide additional input and insight into the services that are provided to Project Youth.

4. **Other Partners.** Several other stakeholders and partners have agreed to participate in the proposed project as described above. These include agencies in the Intercity Referral Network who will refer youth to the project, law enforcement agencies who will provide data for tracking recidivism, and local education agencies who will provide disciplinary data.

The City executed a consulting agreement for grant management and project evaluation professional services in September 2017. This consultant has been assisting with start-up activities and conducted a CBO grant management training session on September 15, 2017. A second training session with all CBO's for evaluation collection and reporting will be conducted within the next three months. The grant management consultant will be responsible for assisting the City with adherence to grant requirements, and completing and submitting timely progress and financial reports. The evaluation consultant will be responsible for implementing the required process and outcome evaluation, and providing the associated deliverables (e.g., the final Local Evaluation Plan, the Two-Year Evaluation Report, and the Final Evaluation Report). The evaluation consultant will also be responsible for developing data collection instruments, providing training to the CBOs on data collection, and providing ongoing support to the CBOs on data collection throughout the project period. The evaluation consultant will subcontract with Dr. Larry Gaines at California State University, San Bernardino. Dr. Gaines is a professor and Chair of the Criminal Justice Department and will be an advisor to the evaluation team. His subcontract will be negotiated after the grant agreement between the City of Rialto and BSCC is fully executed. The process for collecting, reviewing, and analyzing data will be determined after the subcontract is executed with Dr. Larry Gaines (expected to be within the next 30 to 60 days).
Implementation Overview.

Tracking Project Youth. This section is still under development, and the Evaluation Plan will be updated when this information is available.

Outcome Evaluation.

Assessing Impact of the Project. This section is still under development, and the Evaluation Plan will be updated when this information is available.

Independent and Dependent Variables. This section is still under development, and the Evaluation Plan will be updated when this information is available.

Measuring and Assessing Recidivism. This section is still under development, and the Evaluation Plan will be updated when this information is available.
6. LOGIC MODEL

The logic model for the Juvenile TEAM Project is provided on the following page.
INPUTS

- Established Intercity Referral Network (IRN)
- Partnership with the BSCC’s Prop. 47 Grant Program
- Project Activities Framed on Four Evidence-based Models
- Strong Multi-Sector Local Advisory Committee to Guide the Project and Represent the Community and Stakeholders
- Established Partnerships with 9 CBOs who Will Provide Services to Project Youth and their Families
- Rialto’s Successful Grant Management and Implementation Experience

ACTIVITIES

TEAM ACTIVITIES:
- Wraparound Case Management
- Substance Use Treatment
- Mental Health Disorder Treatment
- Behavior Modification Classes (e.g., anger management, life skills training, gang reduction)
- Civil Legal Services
- Supportive Services for Target Youth (e.g., employment assistance)
- Family Support Services
- Mentoring

OTHER PROJECT ACTIVITIES:
- Evaluation and Performance Measurement
- Local Advisory Committee Engagement and Guidance
- Fiscal and Project Management

OUTPUTS

- # of Youth Enrolled in the TEAM Project/
- # Receiving Wraparound Case Management
- Mental Health and Substance Abuse Treatment:
  - # Enrolled,
  - # Completing Case Plan,
  - # Referrals to Other Agency, etc.
- # of Hours Youth Spend in their Individual Service Strategy (ISS) Plan (e.g., Completing Behavioral Modification Classes)
- # of Project Youth Receiving Civil Legal Services and Type of Service
- # and Type of Support Services Provided to Project Youth and their Family
- # of Project Contacts with Youth and Family each Quarter
- # of Project Youth Receiving Mentoring

INTERMEDIATE OUTCOMES

- 85% of Project Youth Complete TEAM Activities
- Decreased Disciplinary Infractions by 10%
- Reduced Truancy by 30%
- Increased medication adherence to support Project Youth’s mental health
- Reduced Participation in Gang-Related Activities (e.g., tagging)
- Increased Access to Support Services for Project Youth and their Families
- Reduced Use of Drugs and Alcohol among Project Youth

LONG-TERM OUTCOMES

- Reduced Recidivism among Project Youth by 33%
- 80% Entry into Postsecondary Education or Employment
- Improved Health and Quality of Life for Target Youth and their Families
- Reduced Public Costs Related to Juvenile Involvement in the Justice System and Incarceration

IMPACT

- # of Youth Enrolled in the TEAM Project/
- # Receiving Wraparound Case Management
- Mental Health and Substance Abuse Treatment:
  - # Enrolled,
  - # Completing Case Plan,
  - # Referrals to Other Agency, etc.
- # of Hours Youth Spend in their Individual Service Strategy (ISS) Plan (e.g., Completing Behavioral Modification Classes)
- # of Project Youth Receiving Civil Legal Services and Type of Service
- # and Type of Support Services Provided to Project Youth and their Family
- # of Project Contacts with Youth and Family each Quarter
- # of Project Youth Receiving Mentoring

Note: Outcomes in BOLD are those listed in the Project Work Plan
Appendix A: CBO Partner Profiles and Activity Summaries

To come
Appendix B: Data Collection Instruments

1. Adolescent Symptom Inventory (ASI) Questionnaire

2. Youth-Rated Level-1 Cross-Cutting Measure for Children and Adolescents (Older Than Age 11): Youth: Level 1 (American Psychiatric Association)

The project’s other data collection instruments are under development
ADOLESCENT ASI QUESTIONNAIRE

Client's Name: First _________________________________________
Middle________________________________________
Last _________________________________________

Social Security #:  __-__-__

Date of Birth:  __/__/__

INSTRUCTIONS
1. Leave no blanks. Where appropriate code items:
   Y-Yes
   N-No
   X-Question not applicable
   Z-Question not answered
   Use only one character per item.

2. Space is provided after sections for additional comments.

SEVERITY RATINGS
The severity ratings are interview estimates of the patient’s need for additional treatment in each area. The scales range from 0 (no treatment necessary) to 9 (treatment needed to intervene in life-threatening situations). Each rating is based upon the patient’s history of problem symptoms, present condition and subjective assessment of the patient’s treatment needs in a given area.

Orion Healthcare Technology is the U.S. leader in providing automated practice management solutions to the behavioral health and substance abuse fields. Our products include adult, adolescent, criminal justice and co-occurring assessments; treatment plans, patient placement, progress notes, discharge summaries, outcome research software, MIS, office scheduling and billing applications. If you would like information about the automated version of this questionnaire or others, please feel free to call our toll-free number 800-324-7966 or visit www.MyAccuCare.com. Orion allows the photocopying of this questionnaire for clinical use, but reserves the software rights for this product.

E13. What was your current weekly income? $ 

E14. How many people depend on you for the majority of their food, shelter, etc.?

E15. How many days have you experienced employment problems in the past 30?

E16. Are you currently enrolled in a school system (Y/N)?

E17. Current or last school attended:
   Name: __________________________________________________
   Address _________________________________________________

E18. Has there been a change in your school performance (Y/N)?
   Explain: _________________________________________________
   __________________________________________________________

E19. List the school activities that you are involved in:
   __________________________________________________________
   __________________________________________________________
   __________________________________________________________

E20. Do you have difficulty reading (Y/N)?

E21. Do you have difficulty writing (Y/N)?

E22. What is your grade average in school?

E23. Have you ever been placed in special education classes or in a resource room (Y/N)
   Explain: _________________________________________________

E24. Have you failed any classes this year (Y/N)?

E25. Have you ever been suspended or expelled (Y/N)?
   How many times have you been suspended?
   How many times have you been expelled?

E26. Are you currently suspended or expelled (Y/N)?
   Explain: _________________________________________________
   __________________________________________________________

E27. How would you describe your attendance during the last school year (1-3)?
   1-Good
   2-Average
   3-Poor

E28. How many days did you miss in the last semester you attended school?

ASK THE CLIENT TO USE THIS SCALE TO RATE THE NEXT TWO QUESTIONS:

| 0-Not at all | 1-Slightly | 2-Moderately | 3-Much | 4-Extremely |

E29. How troubled or bothered have you been by these employment/education problems in the past 30 days?

E30. How important to you now is counseling for these employment/education problems?

THE QUESTIONS BELOW ARE TO BE ANSWERED BY THE INTERVIEWER ONLY

INTERVIEWER SEVERITY RATING

E31. How would you rate the patient’s need for employment counseling (0-9)?

CONFIDENCE RATINGS

Is the Employment/Support Status information significantly distorted by:

E32. Patient’s misrepresentation (Y/N)?

E33. Patient’s inability to understand (Y/N)?

**FAMILY/SOCIAL RELATIONSHIPS**

F1. What is your current living environment?

1-Both parents  
2-Single parent  
3-Other relative  
4-Foster home  
5-Private care facility  
6-Public care facility  
7-Independent living  
8-Parent/Step-parent  
9-Other

Specify: ________________________________________________

F2. Has this living arrangement changed in the past year (Y/N)?

F3. Are you satisfied with your current situation at home?

0-No  
1-Indifferent  
2-Yes

F4. Have you ever run away from home (Y/N)?

F5. Have you ever lived in any of the following situations?

Y-Yes  N-No  X-Not applicable  Z-Not answered

1. Two-parent household  
2. Single-parent household  
3. Extended family  
4. Other family, not parents  
5. Guardians, not related  
6. Residential schools  
7. Foster parents  
8. Orphanage  
9. Medical/Psychiatric institutions  
10. Correctional facility  
11. Unsupervised minor

Please explain circumstances (when, where and why):

________________________________________________________

________________________________________________________

________________________________________________________

F6. Have you ever experienced stressful situations at home, such as family members:

1-Hospitalized with a serious illness (physical or mental)  
2-Died  
3-Severely handicapped  
4-Incarcerated (jail)  
5-None  
6-Other

Specify: _____________________________________________

Do you live with anyone who:

F7. Has a current alcohol problem (Y/N)?

F8. Uses non-prescribed drugs (Y/N)?

F9. With whom do you spend most of your free time?

1-Family  
2-Friends  
3-Alone

F10. Are you satisfied spending your free time this way?

0-No  
1-Indifferent  
2-Yes

F11. Have you ever been a member of a gang (Y/N)?

Are you currently a member (Y/N)?

F12. How many days in the past 30 did you participate in sports?

F13. How many days in the past 30 did you exercise?

F14. Do you have a member of the family with an alcohol/drug problem (Y/N)?

Do you worry about their use (Y/N)?

Do you feel like you are the reason for their use (Y/N)?

Do you hate them when they are using (Y/N)?

Do you feel guilty for hating them (Y/N)?

Do you feel respected when they use (Y/N)?

Do you talk to people about their use in the house (Y/N)?

Do you feel embarrassed by their use (Y/N)?

Do you like their drug using friends (Y/N)?

Have you ever heard your parent(s) promise to quit (Y/N)?

Have you lied to others about their use (Y/N)?

Have you talked to them about trying to quit their use (Y/N)?

Do you sometimes avoid being home when they use (Y/N)?

Do you secretly wish you could make them stop using (Y/N)?

Do you care if they use (Y/N)?

F15. How many close friends do you have?

F16. How many of these friends use alcohol or drugs?

F17. Who do you feel is important to be involved in your counseling?

________________________________________________________

________________________________________________________

________________________________________________________

F18. (Optional) Sexual preference:

1-Males  4-None  
2-Females  5-Other  
3-Both

Do you live with anyone who:

F19. (Optional) How long have you had this preference? Years  
Months

F20. (Optional) Are you satisfied with this sexual preference (1-3)?

1-No  
2-Indifferent  
3-Yes
F21. Do you currently have a boyfriend or girlfriend (Y/N)?
   How long have you been in this relationship?  
   Years  
   Months

F22. Have you ever had sex with another person (Y/N)?
   In the past year, how many partners have you had?  
   Do you practice any methods that will protect you from 
   sexually transmitted disease, or getting someone 
   pregnant or yourself pregnant (Y/N)?
   Have you ever contracted a sexually transmitted disease, 
   become pregnant or gotten someone pregnant (Y/N)?
   Describe your past consequences:

F23. Would you say you have had close, reciprocal relationships with any 
   of the following people in your life?

   Y-Yes   N-No   X-Not applicable   Z-Not answered
   Mother
   Father
   Brothers/Sisters
   Sexual Partner/Spouse
   Children
   Friends

F24. Have you had significant periods in which you have experienced 
   serious problems getting along with:

Document regular events such as waking, meals and sleeping. Note if there is no fixed schedule.

Free Time: Read through the entire list of activities and select at least five things that you like to do.

- Swim
- Religious activities
- Listen to music
- Go out to dinner
- Yoga
- Community work
- Crafts
- Artwork
- Bird watch
- Cook
- Go sailing
- Photography
- Knit
- Golf
- Needlepoint
- Play tennis
- Carpentry/furniture making
- Meditation
- Return to school
- Horseback riding
- Exercise
- Read
- Hike in the woods
- Chess
- Play with my kids
- Pinball
- Target shooting
- Racquetball
- Travel (foreign)
- Go camping
- Martial arts (karate, etc)
- Travel
- Volunteer work
- Singing/Choir
- Go to a museum
- Computers
- Go to the movies
- Making clothes
- Go fishing
- Other
- Go to theater productions
- Help at school w/kids
- Learn magic tricks
- Play a musical instrument
- Play basketball
- Aerobics
- Go to arcades
- Dance
- Archery

Values: From the list below, select the five items that are most important to you.

- Personal freedom
- God
- Being sober
- Cars
- Sex life
- Looking good
- Intelligence
- Being right
- Wisdom
- Approval from others
- Peace of mind
- Family
- Happiness
- Mother
- Spouse
- Father
- Being a parent
- Being content
- Wealth
- Being safe
- Health
- Being loved

Relapse Triggers Inventory: What types of situations make you want to drink or use drugs? (Check box)

Work Situations

- Peers invite me to drink/use
- Away from school or teachers
- Hassle with a friend or peer

- After taking a test
- Workers invite me to drink/use
- I just got paid; I’ve got money
- I’m away from my supervisor
- Hassle with a boss or coworker
- After working hard

Family Situations

- After I have a problem with a family member
- I drink/use with certain family members
- Just thinking about my family upsets me
- When someone in my house drinks/uses
- Family events include drinking/drug use

Social Situations

- Being at parties where people are drinking/using
- Weekend/end of work week
- Free time
- Special occasions (weddings, etc.)
- Dancing

- I used to go to bars to socialize
- I play sports with people who drink/use
- Almost all my friends drink or use drugs
- Being in any group situation is upsetting
- Any kind of gambling
- I get uplifted whenever I go out of my house
- Being alone bothers me

Relapse Triggers Inventory: What types of situations make you want to drink or use drugs? (Check one)

Moods, Mental and Physical State

- Lonely
- Bored
- Cannot sleep
- Angry
- Guilt
- Hunger
- Uplifted
- Envious or jealous
- Worried
- Self-pity
- Depressed
- Fear
- Sexually turned on
- Feeling powerful
- Having a success
- Good news
- Winning
- Loss of loved one
- Tired
- Drug/drinking dreams
Relapse Triggers Inventory: What types of situations make you want to drink or use drugs? (check one)

People, Places and Things

People I’ve gotten high with in the past
Seeing things that look like drugs
News reports about drugs
Watching certain TV programs
Playing musical instruments
Eating at restaurants
Rock concerts
Seeing drug-related things
Seeing people drinking or using drugs
Seeing a place where I used to drink/use
Being in my car
Driving through certain neighborhoods
Seeing a drug deal take place
Seeing or hearing a beer/alcohol ad
Listening to certain music
Going to casinos

Relapse Triggers Inventory: What types of situations make you want to drink or use drugs? (check box)

Romantic/Sexual Settings

Trying to find a lover/romantic partner
Thinking about sex/sexual fantasy
Any kind of sexual activity
Having certain kinds of sex
Having sex with a prostitute
Being in a new relationship
Being rejected
Asking for a date
