

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant 2019 Expenditure and Data Report Due Date: October 1, 2019

On or before October 1, 2019, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "(County Name) 2019 JJCPA-YOBG Report." For example, Yuba County would name its file "Yuba 2019 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

COMPLETING THE REMAINDER OF THE REPORT:

The report consists of several worksheets. Each worksheet is accessed by clicking on the labeled tabs below. (You are currently in the worksheet titled "CONTACT INFORMATION".) Complete the report by providing the information requested in each worksheet.

On the worksheet "REPORT 1," you will pull data directly from your Juvenile Court & Probation Statistical System (JCPSS) Report 1 that you received from the California Department of Justice (DOJ) for 2018. Similarly, for the worksheet labeled "REPORT 3," you will pull information directly from your 2018 JCPSS Report 3. On the worksheet "ARREST DATA," you will obtain data from the DOJ's Open Justice public website.

On the worksheet "**TREND ANALYSIS**," you will describe how the programs and activities funded by JJCPA-YOBG have, or may have, contributed to the trends seen in the data included in REPORT 1, REPORT 3, and ARREST DATA.

On the "EXPENTITURE DETAILS" worksheet, you are required to provide a detailed accounting of actual expenditures for each program, placement, service, strategy, or system enhancement that was funded by JJCPA and/or YOBG during the preceding fiscal year. This worksheet is also where you are asked to provide a description of each item funded.

ANALYSIS OF COUNTYWIDE TREND DATA for:

Santa Cruz

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

Based on the above data there are a number of consistencies from the previous years data which suggest that the programs funded by YOBG and JJCPA continue to have a positive impact on the outcomes for youth and families in the juvenile justice system.

Specifically, the intake unit continues to utilize detention assessments to allow for a high number of cases which are diverted from the juvenile justice system. In the past 12 months there were 146 cases diverted and during this same time period there were only 206 petitions filed by the District Attorney's Office. The ability to utilize a validated risk and needs assessment with staff who are trained to consider alternatives to detention when possible have had a short-term impact on the numbers of youth on probation but more importantly will serve to have a long-term impact which will have a positive influence on systems change for years to come.

The Luna Evening Center (LEC) continues to serve the youth in Watsonville and has had a steady number of youth participating in the program over the past year averaging nearly five (5) youth per night. These youth benefit from the structure provided at the LEC but also from the programming provided at the center by community providers on a nightly basis.

The Ranch program continues to provide an out of home alternative for youth who require a higher level of care and supervision. Additionally, youth determined to need placement in a Short Term Residential Therapeutic Program (STRTP) benefit greatly from the funds provided for in this category. The ability to have a probation officer who can travel frequently to these programs to meet with our youth and to ensure their well-being is provided for is a necessity for our department and also required by the California Welfare and Institution Code (W&I Code).

Home on Probation services funded by YOBG funds allow for a number of supervision strategies which directly impact the level of service afforded by probation staff which include Alternatives to Detention (ATD) staff as well as Probation Officers supervising youth in the community.

The Community Accountability Program (CAP) program remains a cornerstone for field supervision and intervention efforts from Probation Officers in Santa Cruz County. The department relies heavily on the JAIS assessment tool to determine the appropriate level of supervision and services for youth on the CAP caseload. In the next 12 months the department will be looking at making some changes to the program to provide more of a step down in supervision from the department's FUERTE Wraparound program. Although the CAP program has been an integral part of field supervision for a long time it will take on an even more important role for our youth and families in the next 12 months.

Finally, the ability to have a supervisor be able to provide on-going quality assurance for staff and for outcomes is important to the overall performance of the probation department and even more significant to ensure youth and families are receiving the highest level of services possible. The quality assurance role is one that will be expanded with the changes forthcoming to CAP.

Use the template(s) below to report the programs, placements, services, strategies, and/or system enhancements you funded in the preceding fiscal year. Use a separate template for each program, placement, service, strategy, or system enhancement that was supported with JJCPA and/or YOBG funds. If you need more templates than provided, click on the "Add'I EXPENDITURE DETAIL Forms" tab.

Start by indicating the name of the first program, placement, service, strategy, or system enhancement that was funded with JJCPA and/or YOBG funds last year. Next indicate the expenditure category using the drop down list provided in the Expenditure Category portion on each of the templates.

For each program, placement, service, strategy, or system enhancement, record actual expenditure details for the preceding fiscal year. Expenditures will be categorized as coming from one or more of three funding sources - JJCPA funds, YOBG funds, and other funding sources (local, federal, other state, private, etc.). Be sure to report all JJCPA and YOBG expenditures for the preceding fiscal year irrespective of the fiscal year during which the funds were allocated. Definitions of the budget line items are provided on the next page.

ACCOUNTING OF JJCPA-YOBG EXPENDITURES for:

Santa Cruz

Salaries and Benefits includes all expenditures related to paying the salaries and benefits of county probation (or other county department) employees who were directly involved in grant-related activities.

Services and Supplies includes expenditures for services and supplies necessary for the operation of the project (e.g., lease payments for vehicles and/or office space, office supplies) and/or services provided to participants and/or family members as part of the project's design (e.g., basic necessities such as food, clothing, transportation, and shelter/housing; and related costs).

Professional Services includes all services provided by individuals and agencies with whom the County contracts. The county is responsible for reimbursing every contracted individual/agency.

Community-Based Organizations (CBO) includes all expenditures for services received from CBO's. **NOTE**: If you use JJCPA and/or YOBG funds to contract with a CBO, report that expenditure on this line item rather than on the Professional Services line item.

Fixed Assets/Equipment includes items such as vehicles and equipment needed to implement and/or operate the program, placement, service, etc. (e.g., computer and other office equipment including furniture).

Administrative Overhead includes all costs associated with administration of the program, placement, service, strategy, and/or system enhancement being supported by JJCPA and/or YOBG funds.

Use the space below the budget detail to provide a narrative description for each program, placement, service, strategy, and/or system enhancement that was funded last year. To do so, double click on the response box provided for this purpose.

Repeat this process as many times as needed to fully account for all programs, placements, services, strategies, and systems enhancements that were funded with JJCPA and/or YOBG during the last fiscal year. Keep in mind that this full report will be posted on the BSCC website in accordance with state law.

And, as previously stated, we strongly suggest you use Spell Check before returning to the BSCC.

Provide a description of the program, placement, service, strategy or system enhancement that was funded with JJCPA and/or YOBG funds in the preceding fiscal year. For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

YOBG funds were utilized to fund a portion of one (1) probation officer who travels to visit youth placed in out of county, out of state residential foster care and ranch camp programs. Typically out of state foster care and ranch camp placements are used as an alternative to a DJJ commitment for youth who are ineligible. In Fiscal Year 2018-19, Santa Cruz placed 14 youth out of home placements including: three in non-secure county facilities, three in secure county facilities, six in other public facilities, one in other private facilities and one in DJJ. YOBG funds paid for partial travel costs of parent/guardians to attend required family meetings of youth placed in out of state programs and ranch camp placements. Funding also helps to pay for some medical costs such as dental care, eye care and/or medications. During the reporting period, the county continued to comply with the Continuum of Care Reform (CCR) and as a result our department has been tasked with looking for out of home placement alternatives that are local if possible and shorter in length than previous traditional placements in congregate care. The impact of this reform is not fully known at this time but it has required our department and staff look at placement options in a different light and focus as much as possible on trying to find relatives and other natural supports who may be able to provide a home for the youth. Additionally, our department has begun a more proactive approach to prevent out of home placement if possible by facilitating Child and Family Team (CFT) meetings to ensure family engagement and to provide the youth and their families a distinct voice in the outcome of their case and at an earlier stage in the process. We have now trained two staff to facilitate CFT meetings and have completed more than 150 CFT Meetings for family, youth and natural supports since June of 2017.

ACCOUNTING OF JJCPA-YOBG EXPENDITURES for: Santa Cruz 4. Program, Placement, Service, Strategy, or System Enhancement Name of program, placement, service, strategy or system enhancement: Expenditure Category: Home on Probation All Other Funds JJCPA Funds YOBG Funds (Optional) Salaries & Benefits: 132,487 \$ Services & Supplies: Professional Services: 5,000 Community Based Organizations: Fixed Assets/Equipment: Administrative Overhead: Other Expenditures (List Below): TOTAL: \$ - \$ 137.487 \$ Provide a description of the program, placement, service, strategy or system enhancement that was funded

Alternative to Detention (ATD) staff and Probation Officers provide community based supervision adhering to the prescripts of Risk Based Supervision. Youth are assigned to ATD staff and Probation Officers based on risk level assignments of low, moderate and high. For these youth, a thorough risk and needs assessment is conducted prior to disposition, or within 30 days following their disposition to identify their strengths and top presenting needs along with a supervision strategy type. This assessment assists the officer to make more informed referrals for appropriate interventions for youth. The probation officer may provide referrals for youth to programs such as drug

assignments of low, moderate and high. For these youth, a thorough risk and needs assessment is conducted prior to disposition, or within 30 days following their disposition to identify their strengths and top presenting needs along with a supervision strategy type. This assessment assists the officer to make more informed referrals for appropriate interventions for youth. The probation officer may provide referrals for youth to programs such as drug education, teen parent mediation, community service, weekend restoration program or aggression replacement training sessions. The probation officer may refer parents to classes that address improving parenting skills that are culturally appropriate. In Fiscal Year 2018-19 the significant drop that had occured the previous couple of years did not continue and in the past six months the numbers of youth on probation in Santa Cruz County has increased after hitting a low number of 134 youth on probation it has climbed back up to 155 cases on probation at the middle of September 2019. Funds in this category were used to pay for a portion of one (1) FTE probation officer and a small portion of flexible funds that were accessible to assist youth with access to pro-social activities, drivers license fees or work clothing, etc.

Provide a description of the program, placement, service, strategy or system enhancement that was funded with JJCPA and/or YOBG funds in the preceding fiscal year. For example, you might want to include information on the types of youth served, prevention services you provided, your accomplishments, any barriers encountered, and what specifically JJCPA and/or YOBG funds paid for.

The CAP goal is to increase local responses to juvenile delinquency and creative interventions that increase competencies among at-risk youth involved or at imminent risk to be involved in the justice system. JJCPA provides geographically based probation services in three target areas for first time and early offenders who qualify for diversion and informal interventions. The CAP provides risk based supervision strategies for youth on formal probation who reside in the program areas of San Lorenzo Valley, Live Oak and Watsonville. The program relies on the close partnership with law enforcement agencies, community resource centers, and community organizations providing services in the three distinct county locations. Services are built upon the Santa Cruz County Probation Department's Balanced and Restorative practice as well as the use of risk-based assessments that identify principle service needs based on assessed risk and protective factors. Additionally, Probation Officers in partnership with youth advocates who work at the Mountain Community and Live Oak resource centers, ensure youth meet their conditions of probation by creating linkages for them to competency building services. Community involvement in pre-adjudicated cases includes a Victim Offender Dialogue Program and Neighborhood Accountability Boards in each area. For youth whose offenses have harmed the school community, referrals are made to Teen Peer Court. Offender competency includes utilization of evidence-based programs such as: Aggression Replacement Training (A.R.T), a cognitive behavior self change model; drug treatment interventions utilizing motivational enhancement and cognitive behavioral therapy which are family focused interventions for both pre adjudicated and post adjudicated youth. Victim reparation and restitution payment are a program focus. Risk based supervision with services from the community centers is applied to small caseloads in each of the three community locations. Community work service projects, job mentorship and job placement services are provided on an individualized basis. The expenditures in these two categories fall almost exclusively to salaries for staff who are assigned to the CAP caseloads. However, there are also percentages of saleries and benefits for a policy analyst who is integral in reviewing and maintaing adherence to county contracting requirements for service delivery from community based providers who provide direct services to youth and families. Finally, the salaries and benefits in the YOBG column include those of the Juvenile Division Director and the Assistant Division Director.

The Continuous Quality Improvement (CQI) Supervisor focuses on inter-rater reliability practices related to probation officers utilizing the JAIS and EPICS with youth they supervise. This Supervisor monitors outcomes and utilization data reports of assessments and risk levels generated by probation officers. The department is focusing on youth with a moderate and high level of risk and identifying appropriate interventions to meet their identified needs and strengths. The utilization of the JAIS supports the role and responsibilities of the probation officer as an "agent of change", who encourages pro-social behaviors and improves decision-making skills; enhances youth motivation through motivational interviewing skills; engage in practices consistent with risk, needs and responsivity principles (RNR); and consistently utilizes EPICS (Effective Practices in Community Supervision) through the use of a structured dialogue with youth. Funds paid for 48% FTE of a probation supervisor who will be monitoring utilization data of the JAIS assessment system and a power user and coach. This supervisor is also an identitifed coach for Effective Practices in Community Supervision (EPICS). It is also worth noting that continued use of JAIS and monitoring the results of the instrument is part of our County System Improvement Plan (SIP). The expenditures associated with this position is only slighly more than the previous year and this is due to an increase in wages for the supervisor. The duties however remain the same and the expectations is to see an increase in the number of EPICS sessions that will be done by staff in the upcoming year. As noted earlier in this report the CAP program and officers associsted with CAP will be undergoing a change to supervision strategies and will be expected to focus more on EPICS and family engagement than at any other time.
