

Proposition 47 Scoring Panel: Seeking Membership

Proposition 47 Grant Program

The Proposition 47 Scoring Panel will read and rate proposals and develop grant award recommendations for the Board of State and Community Corrections (BSCC). The Proposition 47 Grant Program provides funding for mental health treatment, substance use disorder treatment, and diversion programs for people in the criminal justice system. The grant also provides housing-related assistance and other community-based supportive services, including job skills training, case management and civil legal services.

Proposition 47 Scoring Panel

The BSCC is requesting statements of interest from people who have experience and expertise in homelessness and housing, behavioral health and substance abuse treatment, and effective rehabilitative treatment for adults and juveniles. In particular, the BSCC will seek representatives from relevant state and local government entities, community-based treatment and service providers, and people with lived experience in the criminal justice system. In addition, Scoring Panel members should reflect California's diverse population in terms of perspectives, backgrounds, professional expertise, life experience, and geographical representation.
