TRAINING MANAGER'S COURSE

Standards and Training for Corrections (STC #0617-022242)

This 10-hour course is designed for newly assigned training managers responsible for administering their department's Standards and Training for Corrections (STC) training program. This course will assist participants in identifying STC's training and selection standards as well as the administrative reporting requirements of the STC program. Training managers will become familiar with Title 15 and the policies and procedures for participating departments and training providers.

In addition to receiving training on the application for subvention funds and the reporting cycles, participants will learn how to request STC training credit, the rules on the expenditure of STC funds, and how to certify courses including those with budgets. To register, please call or e-mail STC Field Representative Dan Cheetham.
