BACKGROUND INFORMATION

The RSAT Program is federally funded through the Bureau of Justice Assistance (BJA) as identified via Catalog of Federal Domestic Assistance CFDA number 16.593. This funding assists states and local governments in developing and implementing substance abuse treatment programs in state, local, and tribal correctional and detention facilities, and supports efforts to create and maintain community-based aftercare services for offenders. Historically, the California RSAT Program has funded state and local detention facilities to provide in-custody treatment services with an aftercare component requirement placed on the grantees.

As the state administering agency of California's RSAT Program, the BSCC is committed to improving public safety through cost-effective, promising, and evidence-based strategies in managing statewide criminal and juvenile justice populations.

In September 2017, the BSCC Board authorized the establishment of an Executive Steering Committee (ESC) to oversee the development of a Request for Proposal (RFP) process to award \$942,139 in RSAT funding to local detention facilities. The ESC developed the program design, evaluation process and criteria used to select the proposals. This competitive process resulted in grant awards to four projects funded for a three-year cycle, the first year of which commenced July 1, 2018. A non-competitive Request for Application (RFA) for continuation funding was to be issued for the second year (July 1, 2019 - June 30, 2020), contingent upon on the availability of federal funding. This RFA is in response to the reapplication process for year-two funding as determined by the ESC.

BSCC EXECUTIVE STEERING COMMITTEE

RSAT Executive Steering Committee

To ensure successful program design and implementation, the BSCC uses Executive Steering Committees (ESCs) to inform decision making related to the Board's programs. The BSCC's ESCs typically are composed of subject matter experts and stakeholders representing both the public and private sectors. The BSCC makes every attempt to include diverse representation on its ESCs, in breadth of experience, geography and demographics. ESCs are convened and approved by the BSCC Board, as the need arises, to carry out specified tasks, including the development of RFPs for grant funds. ESCs submit grant award recommendations to the BSCC Board and the Board then approves, rejects or revises those recommendations. Members of the ESCs are not paid for their time but are reimbursed for travel expenses incurred to attend meetings.

The RSAT ESC includes a cross-section of subject matter experts on community engagement, prevention and intervention programs, law enforcement strategies, and rehabilitation and reentry, including individuals who have been impacted by the criminal justice system. A list of ESC members can be found on Attachment A of this RFA.

Conflicts of Interest

Existing law prohibits any grantee, subgrantee, partner or like party who participated on the above referenced RSAT ESC from receiving funds from the RSAT grants awarded under this RFA. Applicants who are awarded grants under this RFA are responsible for reviewing the RSAT ESC membership roster and ensuring that no grant dollars are passed through to any entity represented by any member of the RSAT ESC.

PROGRAM PURPOSE AND PROJECT DESIGN

The principle purpose of the RSAT Program is to break the cycle of drugs and violence by reducing the demand, use, and trafficking of illegal drugs.

The goals of the RSAT Program are to enhance the capability of states, and units of local and tribal government to provide substance use disorder treatment for incarcerated inmates; prepare offenders for their reintegration into the communities from which they came by incorporating reentry planning activities into treatment programs; and assist offenders and their communities through the reentry process by delivering community-based treatment and other broad-based aftercare services. The California

RSAT funding for this grant period will be used to support local jail-based programs which must include both an “in-jail” component and an “aftercare” component. Funding may be directed at either the in-custody portion of the project, the aftercare portion, or both.

Eligibility and Grant Period

Eligible applicants are the current grantees (Kern, Santa Cruz, Sacramento and Tulare County Sheriff’s Departments) selected through a competitive process to receive RSAT funding for a three-year cycle, the second year of which will begin July 1, 2019 and will end on June 30, 2020. These four grantees are now eligible to apply for continuation funding through this non-competitive RFA process for the second year (July 1, 2019 - June 30, 2020). Funding will be awarded upon the successful completion of the year-one grant period and the submittal of the application for the second-year funding.

Funding Amount

Eligible applicants will be allowed to request up to a maximum amount of \$314,046 funds for the period of July 1, 2019 through June 30, 2020. A 25 percent match of the funds awarded to the recipient (cash or in-kind) is required.

Program Elements

To receive continuation funding, grantees must continue to maintain the program elements as identified in their original grant proposal which include the following:

The program design must:

- Engage participants for at least three months and no more than 12 months.
- Focus on the inmate’s substance use diagnosis and addiction-related needs.
- Develop the inmate’s cognitive, behavioral, social, vocational, and other skills to solve the substance use and related problems.
- Prepare participants for successful community reintegration that may include post-release referral to appropriate evidence-based aftercare treatment and/or service providers including those that support the use of medication-assisted treatment.
- To the extent possible, jail-based programs should separate the treatment population from the general correctional population and program design should be based on effective scientific practices.
- Require urinalysis and/or other proven reliable forms of drug and alcohol testing for program participants, including both periodic and random testing of:
 - 1) The participant before he or she enters the in-jail component of the RSAT program;
 - 2) During the period in which the individual participates in the in-jail component of the RSAT program;
 - 3) The participant who has exited the in-jail component of the RSAT program if the individual remains in-custody; and
 - 4) To the extent possible, the participant who has exited the in-jail component of the RSAT program and has been released from custody under supervision that includes drug and alcohol testing.

- Provide aftercare services for up to one year to those individuals who have completed the in-jail component of the RSAT program.
- Provide coordination between the in-jail treatment program and other social service and rehabilitation programs, such as education and job training, parole supervision, halfway houses, self-help, and peer group programs.
- Collaborate with local authorities and organizations involved in substance use disorder treatment to assist in the placement of program participants into community substance abuse treatment facilities or non-residential aftercare services upon release.
- Coordinate all aftercare services with local Substance Use Disorder Treatment and Behavioral Health Services Administration.

Evidence-based and Data-Driven Approaches ¹

The BSCC is committed to supporting programs, practices, and strategies that are rooted in evidence and supported by data to produce better outcomes for the criminal and juvenile justice systems, and for the individuals who are involved in those systems.

Applicants seeking funding through this grant process will be required to demonstrate that services are directly linked to the implementation of evidence-based and promising practices and strategies that reduce recidivism. The following information is offered to help applicants in understanding the BSCC's broad view of evidence-based and promising practices that are supported by data and research:

The concept of evidence-based practices was developed outside of the criminal justice arena and is commonly used in other applied fields such as medicine, nursing and social work. In criminal justice, this term emphasizes measurable outcomes, and ensuring services and resources are actually effective in promoting rehabilitation and reducing recidivism. On a basic level, evidence-based practices include the following elements:

1. Evidence the intervention is likely to work (i.e., produce a desired benefit);
2. Evidence the intervention is being carried out as intended; and
3. Evidence allowing an evaluation of whether the intervention worked.

Evidence-based practices involves using research and scientific studies to identify interventions that reliably produce significant reductions in recidivism when correctly applied to target populations through the use of the following four (4) principles of effective intervention:

- Risk Principle – focuses attention on the crucial question of WHO is being served and calls for targeting higher risk individuals.
- Need Principle – requires that priority be given to addressing criminogenic risk/need factors with a clear focus on WHAT programs are delivered.
- Treatment Principle – conveys the importance of using behavioral treatment approaches to achieve the best possible outcomes and requires attention to the question of HOW programs are delivered.

¹ Lowenkamp and Latessa, 2003, Lowenkamp, 2003; Lowenkamp & Latessa, 2005a; Lowenkamp and Latessa, 2005b; Center for Criminal Justice Research and the Corrections Institute at the University of Cincinnati, Correctional Program Checklist Assessment

- Fidelity Principle – draws attention to HOW WELL programs are delivered and reiterates the necessity that programs be implemented as designed.

Successful implementation of evidence-based practices also includes but is not limited to:

- Organizational development to create and sustain a culture accepting of best practices and evidence-based approaches that includes cultural and linguistic competencies;
- A commitment to initial and ongoing professional development and training;
- Use of validated risk/needs/responsivity assessment tools;
- Data collection and analysis;
- Use of case management strategies;
- Use of programs known to produce positive criminal justice outcomes;
- Quality assurance activities to ensure program fidelity;
- Performance management to improve programs, service delivery, and policies;
- A “systems change approach” to develop collaborations so tasks, functions and sub-units work effectively together and not at cross-purposes; and
- A focus on sustainability.

In discussions of evidence-based practices in criminal justice, it is common to distinguish between programs, strategies and promising practices/approaches.

Programs are designed to change the behavior of individuals in the criminal justice system and are measured by individual-level outcomes. For example, programs aiming to reduce substance use and antisocial behavior include Cognitive Behavioral Therapy, Behavioral Programs and Social Skills Training.

Strategies may include programs to change individual behavior; however, this term is often used to describe a general intervention approach that supports larger community or organizational level policy objectives. For example, case management is applied to improve the overall effectiveness and efficiency of criminal and juvenile justice agencies, while pretrial assessment is designed to enable informed decisions about which arrested defendants can be released pretrial without putting public safety at risk. Strategies can also refer to the application of effective practices that are correlated with a reduction in recidivism, such as the use of assessment tools, quality assurance protocols, and delivery of interventions by qualified and trained staff.

Promising practices/approaches, for purposes of this grant work, can be broadly construed to include crime-reduction and recidivism-reduction programs or strategies that have been implemented elsewhere with evidence of success, but with evidence not yet strong enough to conclude the success was due to the program or that it is highly likely to work if carried out in the applicant’s circumstances. The difference between evidence-based and promising practices/approaches is a difference in degree on the number of situations in which a program or strategy has been tested and the rigor of the evaluation methods used.

Applicants seeking to implement promising programs, approaches or strategies must describe the documentation, data and evidence available to support the approach and why it is best suited to the needs and objectives described in the application for funding.

Applicants can find information on evidence-based treatment practices in the Substance Abuse and Mental Health Services Administration's (SAMHSA) Guide to Evidence-Based Practices available at www.samhsa.gov/ebpwebguide as well as in Attachment B of this RFA.

Reducing Racial and Ethnic Disparity (R.E.D.) Training Opportunity Research² shows that youth and adults of color are significantly overrepresented in the criminal justice system in California. BSCC supports efforts to reduce racial and ethnic disparities and encourages others to do the same. The BSCC has undertaken a number of activities to ensure that California addresses this concern including trainings.

The applicant should consider how R.E.D. information may influence grant activities in the development of the RSAT grant proposal.

RSAT grant recipients may be included in training opportunities and will be invited to attend R.E.D. training by the BSCC if it is available during the project period. Grantees will be advised of the dates and locations after the start of the grant period. Additional information about R.E.D. can be found at:

<http://www.bscc.ca.gov/scppgrantfundedprograms.php> or applicants may contact the R.E.D. Coordinator, Field Representative Timothy Polasik, by telephone at (916) 350-0879 or by email Timothy.Polasik@bscc.ca.gov

GRANT REQUIREMENTS

Board Resolution

Applicants must submit a resolution from their governing board addressing specific requirements that covers the length of the three-year grant cycle. If the Grant recipients' resolution does not cover year-two of the three-year grant cycle, then the grant recipient must have a new resolution covering this period on file before a fully executed grant agreement can be completed. A signed resolution is not required at the time of the reapplication submission, but applicants are advised that no financial invoices will be processed for reimbursement until the appropriate documentation has been received by the BSCC. Please see Attachment C for a sample.

Match Requirement: As previously mentioned, funding for the FY 2019/20 RSAT Program requires a 25 percent match of the funds awarded to the recipient (cash or in-kind). Matching funds may be either state or local dollars. Federal funds are not an allowable match source for this grant.

Eligible Grant Expenditures: Grant funds can be used to supplement existing funds dedicated to the project, but may not replace (supplant) funds that have been

2 There are multiple studies confirming the disparities in the criminal and juvenile justice systems. BSCC has done extensive work with The W. Haywood Burns Institute (<http://www.burnsinstitute.org/>) on this issue as well as working with the National Council on Crime and Delinquency (NCCD) and the Center for Juvenile Justice Reform, Georgetown University (<http://cjjr.georgetown.edu/certprogs/racialdisparities/racialdisparities.html>)

appropriated for the same purpose. For information on eligible and ineligible costs, refer to the BSCC Grant Administration and Audit Guide, at http://www.bscc.ca.gov/s_correctionsplanningandprograms/. The ESC has determined that award recipients may not use RSAT funds for this grant period to purchase vehicles or rent program space outside of the facility.

Supplanting

BSCC grant funds shall be used to support new program activities or to augment existing funds that expand current program activities. BSCC grant funds shall not be used to replace existing funds.

Supplanting is strictly prohibited for all BSCC grants. When using outside funds as match, applicants must be careful not to supplant. Supplanting is the deliberate reduction in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

It is the responsibility of the Grantee to ensure that supplanting does not occur. The Grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

Audit Requirements

All grantees are required to have an audit completed within 180 days following the completion of the grant period, as specified below. Reasonable and necessary extensions to the due date may be granted by the BSCC, if requested. A grantee that willfully fails to submit an audit as required may be deemed ineligible for future BSCC grant funds pending compliance with the audit requirements of this grant.

The Grantee must provide to the BSCC copies of reports generated from either:
The annual City/County Single Audit (as submitted to the State Controller's Office), or
A Grant-Specific audit. The audit must cover the entire grant period.

The BSCC reserves the right to call for a program or financial audit at any time between the execution of the contract and three years following the end of the grant period.

Quarterly Invoices

Disbursement of grant funds occurs on a reimbursement basis for costs incurred during a reporting period. The State Controller's Office will issue the warrant (check) to the individual designated on the application form as the Financial Officer for the grant. Grantees must submit invoices online to the BSCC on a quarterly basis, no later than 45 days following the end of each quarter. Grantees must maintain adequate supporting documentation for all costs claimed on invoices. BSCC staff will conduct on-site monitoring visits that will include a review of documentation maintained as substantiation for project expenditures.

For additional information, refer to the BSCC Grant Administration Guide, found on the BSCC [website](#).

Quarterly Progress Reports

Grant award recipients are required to submit quarterly progress reports to the BSCC. Progress reports are a critical element in BSCC's monitoring and oversight process.

Grantees that are unable to demonstrate that they are making sufficient progress toward project goals and objectives and that funds are being spent down in accordance with the Grant Award Agreement could be subject to the withholding of funds. Once grants are awarded, BSCC will work with grantees to create custom progress reports. Applicable forms and instructions will be available to grantees on the BSCC's website.

Travel

Travel is usually warranted when personal contact by project staff is the most appropriate method of conducting project-related business. Travel to and from training conferences may also be allowed. The most economical method of transportation, in terms of direct expenses to the project and the employee's time away from the project, must be used. Projects are required to include sufficient per diem and travel allocations for project-related personnel, as outlined in the Grant Award, to attend any mandated BSCC training conferences or workshops outlined in the terms of the program.

Units of Government

Units of government may follow either their own written travel and per diem policy or the State's policy. Units of government that plan to use cars from a state, county, city, district car pool, or garage may budget either the mileage rate established by the car pool or garage, or the state mileage rate, not to exceed the loaning agency rate.

Community-Based Organizations (CBOs)

A CBO receiving BSCC funds as a subgrantee must use the State travel and per diem policy, unless the Grantee's written travel policy is more restrictive than the State's, in which case it must be used. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares.

Out-of-State Travel

Out-of-state travel is restricted and only allowed in exceptional situations. Grantees must receive written BSCC approval prior to incurring expenses for out-of-state travel. Even if previously authorized in the Grant Award, Grantees must submit to the BSCC a separate formal request (on Grantee letterhead) for approval. Out-of-state travel requests must include a detailed justification and budget information.

In addition, California prohibits travel, except under specified circumstances, to states that have been found by the California Attorney General to have discriminatory laws. The BSCC will not reimburse for travel to these states unless the travel meets a specific exception under Government Code section 11139.8, subdivision (c). For additional information, please see: <https://oag.ca.gov/ab1887>.

Debarment, Fraud, Theft or Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or

2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

The BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All applicants must complete Attachment E certifying that they are in compliance with the BSCC's policies on debarment, fraud, theft and embezzlement.

Compliance Monitoring Visits

The BSCC staff will conduct periodic monitoring of each project to assess whether the project is in compliance with grant requirements and making progress toward grant objectives, and provide technical assistance as needed regarding fiscal, programmatic, evaluation and administrative requirements.

RSAT National Conference

Typically, one grantee will be invited to attend the National RSAT Conference (tentatively scheduled to be held in Chicago, Illinois at a date not yet determined). This conference runs for 2-3 days with no associated registration fees. RSAT grant funds may be used to reimburse departments for travel related expenditures such as airfare, mileage, meals, lodging, and other per diem costs. Applicants who would like to be invited to attend this conference may include these costs in the budget section of this application under the "Other" category. Registration information regarding the date, time and location have not yet been determined.

Local Evaluation Plan and Final Local Evaluation Report

As indicated in the 2018 RFP, grantees are required to submit to the BSCC a Local Evaluation Plan and a Local Evaluation Report.

- **Local Evaluation Plan** - The purpose of the Local Evaluation Plan is to ensure that projects funded by the BSCC can be evaluated. Grantees completed the Local Evaluation plan during year-one of the grant and any further modifications to the Local Evaluation Plan must be approved in advance by the BSCC.
- **Local Evaluation Report** - Following project completion, grantees are required to complete a Final Local Evaluation Report which must be in a format prescribed by the BSCC. The purpose of the Local Evaluation Report is to determine whether the overall project (including each individual component) was effective in meeting the goals laid out in the Local Evaluation Plan. To do this, the grantee must assess and document the effectiveness of the activities that were

implemented within each individual project component. These activities should have been identified in the previously submitted Local Evaluation Plan.

Applicants are strongly encouraged to identify research partners early on and include them in the development of the proposal, to better ensure that the goals and objectives listed in the proposal are realistic and measurable. Applicants are also strongly encouraged (but not required) to use outside evaluators to ensure objective and impartial evaluations. Specifically, applicants are encouraged to partner with state universities or community colleges for evaluations. To assist in these efforts, applicants must set aside five (5) percent to ten (10) percent of the grant award requested for data collection, evaluation, and reporting activities and reflect this amount in the Proposed Budget section of the application.

Note: To the extent the local evaluation plan involves research in which either: (1) data is obtained through intervention or interaction with an individual or (2) identifiable private information is obtained from program participants, the local evaluation plan must comply with the requirements of 28 C.F.R. Part 46. This includes compliance with all Office of Justice Programs policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent. For additional information on whether 28 C.F.R. Part 46 applies to your local evaluation plan, please see:

APPLICANT INFORMATION FORM: INSTRUCTIONS

- A. Applicant:** Complete the required information for the County Sheriff's Office submitting the proposal.
- B. Data Universal Numbers System (DUNS):** Provide Data Universal Numbers System (DUNS) number of the applicant.
- C. Tax Identification Number (TIN):** Provide tax identification number of the Applicant.
- D. Project Title:** Provide the title of the project.
- E. Project Summary:** Provide a summary (100-150 words) of the proposal. Note: this information will be posted to the BSCC's website for informational purposes.
- F. Grant Funds Requested:** Identify the amount of grant funds requested.
- G. Treatment Components That the RSAT Grant Funds Will Be Used For:** Applicants must be able to provide a jail-based substance use disorder treatment program that includes aftercare services. RSAT grant funding may be used for the in-custody component, the aftercare component or both. Identify what components the grant funds will be used for by checking the appropriate box.
- H. Project Director:** Provide the name, title and contact information for the individual responsible for oversight and management of the project. This person must be an employee of the Grantee.
- I. Financial Officer:** Provide the name, title and contact information for the individual responsible for fiscal oversight and management of the project. Typically, this is the individual that will certify and submit invoices. This person must be an employee of the Grantee.
- J. Day-to-Day Program Contact:** Provide the name, title and contact information for the individual who serves as the primary contact person for the grant. Typically, this individual has day-to-day oversight for the project. This person must be an employee of the Grantee.
- K. Day-to-Day Fiscal Contact:** Provide the name, title and contact information for the individual who serves as the primary contact person for fiscal matters related to the grant. This may be the individual who prepares the invoices for approval by the Financial Officer. This person must be an employee of the Grantee.
- L. Authorized Signature:** Complete the required information for the person authorized to sign for the Applicant. This individual must read the assurances under this section, then sign and date in the appropriate field.

CONFIDENTIALITY NOTICE

All documents submitted as a part of the RSAT proposal are public documents and may be subject to a request via the California Public Records Act. The BSCC, as a state agency, may have to disclose these documents to the public. The BSCC cannot ensure the confidentiality of any information submitted in or with this proposal. (Gov. Code, § § 6250 et seq.)

SECTION II: PROJECT GOALS PROGRESS AND PLAN

Instructions: Please respond to the questions below using an Arial 12-point font.

- 1) Based on the project goals and description identified in your original proposal, please discuss the progress your project made during the first year of funding.

- 2) What goals have been established for year-two of the project that will improve your project or build upon your initial efforts in year-one?

- 3) What efforts did your project make toward implementing effective correctional practices in year-one?

- 4) What additional efforts will you make in year-two to increase your capacity to deliver effective correctional practices aimed at reducing recidivism?

- 5) List the criminogenic targets of your project in the table below. For each target identify the intervention(s) used to address it with offenders and the method by which you will determine success. Add additional rows to the table to accommodate additional targets.

Criminogenic target(s)	Intervention used to address target(s)	Method(s) used to determine whether criminogenic targets have been successfully addressed

- 6) Discuss how the use of Medication Assisted Treatment (MAT) is incorporated into RSAT program to address opioid use for both in-custody and aftercare participants.

- 7) Provide an implementation workplan (use Attachment D template provided) that includes an outline of the project's major phases and milestones through goals and objectives that are SMART: specific, measurable, achievable, relevant, and time- specific.

- 8) How many in-custody participants were served in year-one of your project?
- 9) How many in-custody participants will be served in year-two of your project?
- 10) How many aftercare participants were served in year-one of your project?
- 11) How many aftercare participants will be served in year-two of your project?
- 12) Please describe how your project provides aftercare services relative to the required elements in the RSAT program design as listed below. Please address each element in your response.
 - *Aftercare services to those individuals who have completed the in-jail component of the RSAT program for up to one year;*
 - *Collaboration with and coordination between the in-jail treatment program and other social service and rehabilitation programs, education and job training, parole supervision, halfway houses, self-help, and peer group programs;*
 - *Collaboration with local authorities and organizations involved in substance abuse treatment to assist in the providing MAT and the placement of program participants into community substance abuse treatment facilities or non-residential aftercare services upon release; and*
 - *Coordination of all aftercare services with local Substance Abuse and Mental Health Services Administration-funded departments that address the needs of the RSAT target population.*

SECTION III: PROJECT BUDGET

Instructions: Complete the RSAT Budget Table on the following page to show the grant funds being requested (Column A) and the match funds being committed (Columns B and C). Applicants may request up to \$314,046 in funding for year-two.

While some departments may use different line items as a part of their budget processes, these are the line items that must be used when invoicing the BSCC for reimbursement of expenditures.

Note:

- Applicants are to copy and paste the Budget Table into a separate document.
- Report amounts in whole dollars only. Please double-check all math.
- Applicants are not required to request funds for every line item in the BSCC Budget. If you are not requesting funds for a certain line item, simply list \$0.
- All applicants must contribute a 25 percent (25%) match of the funds awarded to the recipient (cash or in-kind) is required.

It is not necessary to align grant dollars with match dollars in the same line item, as long as the combined total of Columns B and C equals 25% of the total of Column A.

The federal formula used to calculate the match is:

Award Amount divided by .75%; multiplied by .25%

Example: For an award amount of \$350,000, match would be calculated as follows:

$\$350,000 / 75 \text{ percent} = \$466,667$ (total grant funding requested)

$25 \text{ percent} \times \$466,667 = \$116,667$ match

- All funds must be used consistent with the requirements of the BSCC Grant Administration Guide, located on the BSCC [website](#). Applicants should reference this Guide for definitions and other guidance in preparing a budget.

1. Salaries and Benefits	\$0	\$0	\$0	\$0
2. Services and Supplies	\$0	\$0	\$0	\$0
3. Professional Services	\$0	\$0	\$0	\$0
4. Community-Based/Non-Governmental Organization (CBO/NGO) Subcontracts	\$0	\$0	\$0	\$0
5. Indirect Costs	\$0	\$0	\$0	\$0

6. Equipment/Fixed Assets	\$0	\$0	\$0	\$0
7. Project Evaluation	\$0	\$0	\$0	\$0
8. Other (Travel, Training, etc.)	\$0	\$0	\$0	\$0
TOTALS	\$0	\$0	\$0	\$0

What to include in each Budget Line Item:

1. **Salaries and Benefits:** In this line, include salaries and benefits ONLY for staff of the Applicant. Salaries and benefits associated with partner agencies, subgrantees or subcontractors should be included in the applicable line item (e.g. Professional Services, CBO Contracts, etc.).
2. **Services and Supplies:** In this line, include grant funds or match associated with services and supplies purchased or donated by the applicant. Services and supplies purchased by partner agencies, subgrantees or subcontractors should be included in the applicable line item (e.g. Professional Services, CBO Contracts, etc.).
3. **Professional Services:** In this line item, include grant funds or match associated with public agency or professional consultant subcontracts.
4. **Community-Based/Non-Governmental Organization (CBO/NGO) Subcontracts:** In this line, include grant funds or match associated with CBO/NGO subcontracts.
5. **Indirect Costs:** Indirect costs are shared costs that cannot be directly assigned to a particular activity, but are necessary to the operation of the organization and the performance of the project. Indirect costs must be based on either the applicant's approved Indirect Cost Rate Plan or on a Cost Allocation Plan. Indirect cost guidelines can be found in the BSCC Grant Administration Guide, located on the BSCC [website](#).
6. **Equipment and Fixed Assets:** In this line, include grant funds or match associated with equipment and fixed assets purchased or donated by the Applicant. Equipment and fixed assets are defined as nonexpendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Items that do not meet this threshold should be included in the Services and Supplies category. Equipment and fixed assets purchased by partner agencies, subgrantees or subcontractors should be included in the applicable line item (e.g. Professional Services, CBO Contracts, etc.).
7. **Project Evaluation:** In this line, include all grant funds or match associated with evaluation efforts, even if they would otherwise fall into one of the other line items (e.g., Salaries & Benefits or Professional Services).

8. Other (Travel, Training, Etc.): In this line, include ONLY training, travel or other costs encumbered by the Applicant. Training, travel or other costs encumbered by partner agencies, subgrantees or subcontractors should be included in the applicable line item (e.g. CBO Subcontracts, etc.). Note: Out-of-state travel is permissible in certain cases. The use of federal funds for out-of-state travel is monitored very closely. Justification for out-of-state travel (OST) undergoes a high level of review and scrutiny and approval is granted only in limited cases. Even out-of-state travel included in a proposed budget requires separate approval by BSCC.

SECTION III: BUDGET NARRATIVE

Instructions: The purpose of the Budget Narrative is to provide support and explanation for the amounts requested (and match funds committed) in the Budget Table.

The Budget Narrative must be submitted in Arial 12-point font.

Provide the information listed under each line item below with narrative to explain how the requested grant funds and match will be used to achieve project goals. If you are not requesting funds in a particular category, list \$0 on the Grant Funds Requested line and "N/A" on the Narrative Detail line.

1. Salaries and Benefits

List the classification/title, percentage of time, salary or hourly rates, and benefits (if applicable) for every staff person from the applicant that will be funded by the grant or committed as match to the grant. Briefly describe their roles/responsibilities within the RSAT project.
