

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant
 2019 Expenditure and Data Report
 Due Date: October 1, 2019

On or before October 1, 2019, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "**(County Name) 2019 JJCPA-YOBG Report.**" For example, Yuba County would name its file "Yuba 2019 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

The data shows that there is still a high number of minority youth who are having contact with law enforcement and the justice system. The majority of the arrests reported are misdemeanors for instances of petty theft, disturbing the peace, and vandalism. In addition, the the number of status offenders is a reflection of the collaboration between the schools and different agencies involved in Student Attendance Review Board. Mono Probation now has an Resource Officer in the school dedicated to Law Related Education and prevention. Lastly, there has been an increasing number of youth that are dealt with informally. Mono County, as indicated in the Expenditure Details, will continue to invest in diversion and informal programs while ensuring detention alternatives continue to be employed.

Of continuing concern is the number of minority contact in referrals from the schools. This could be a result of an increase of minorities in our communities but as of yet, the population report of ethnicity appears to be low as reported by California. Mono have been efforting to address disparities and avert youth from the criminal justice system. It is our hope to continue to work on this complex goal in order to specifically identify and address any variables affecting disparity.

El Dorado Youth Facility is Mono County's contracted facility for detainment. For the budget year, one youth was briefly detained (ethnicity: 1 - Hispanic) and later placed in treatment due to his needs. El Dorado provides a safe, caring environment for youth. Expenditures in this category includes direct cost of detainment bed (\$90/day), psychological evaluation, and salary for employees involved with youth detainment (travel, court appearance, staff reviews, etc). Mono currently uses the Detention Risk Inventory Assessment when law enforcement is requesting detainment. This valid and reliable assessment has reduced detainments significantly.

For Mono County, this service, while valuable comes with challenges since the Eastern Sierra Mountains and other ranges in the Owens Valley make connection difficult. The Trail Crew is an excellent opportunity for youth living in Mono County. They work, along with the US Forest employees, in areas that require cleaning such as trails, downed brush and tree limbs to reduce fire hazard, clean up of camp grounds for safety and to learn about the environment fauna where they are working. Crew members learn about botany and zoology as well as Native American culture historically and currently. Along with Trail Crews, work crews assist with clean up of Fire Stations and equipment. Youth have the opportunity to work at the rate of minimum wage so they may reimburse victims through restitution. Some youth are too young to work in the community whereupon this program is an opportunity to make a victim whole. While no expenditures for equipment have been made for this program, crews continue to go out during the summer. Equipment for this program has been supported through YOYG as well as restitution paid.

The juvenile probation officer works with each youth on an appropriate topic workbook given the youth's risk/needs and caset plan. It gives the officer time with the youth to discuss not only their work on the workbook but also tangential issues facing the youth. This method is used with all youth: informal, diversion, formal probation. This process has served to assist kids to avert formal probation. It is also used with School Attendance Review Board (SARB) youth receiving consequences. Those youth also visit with the probation officer assistant who ensures workbook progress and completion. Mono's juvenile program has modified its response to incorrigibility and delinquency. We invest resources in prevention and diversion. As most juvenile justice professionals know, difficult, complex delinquent youth require a great deal of time, work and money not to mention the expense to the youth's emotional and social being. Our investment is in the beginning where many services are made available outside of the delinquency mileau along with more time being spent in the schools. YOBG and JJCPA paid for multi-topic workbooks and books and a portion of the juvenile officers salary and a portion of the school resource officer's salary and benefits.
