

Post 832 Contact Notice 2014-11-19

Hello STC participants, At the SCTA meeting yesterday it was brought to our attention that there may still be issues with finding available PC 832 classes in a timely manner. As you know, POST has been very responsive in the past once they have been made aware of an issue. There has been a staff change at POST (Lon Ramlan, the representative who attended all our Training Association meetings, has move on). The new contact for any 832 issues is Phil Caporale, his contact information is below. I spoke with Phil regarding the possible concerns and he is happy to talk with you to ensure your needs are addressed.

The new contact person is:

Phil Caporale, Senior Consultant
