AUTHORITY AND REFERENCE

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Summary of Existing Laws

Section 6030 of the California Penal Code authorize the BSCC to establish standards for local adult and juvenile detention facilities. The standards shall include but not be limited to the following: health and sanitary conditions, fire and life safety, security, rehabilitation programs, recreation, treatment of persons confined in local detention facilities and personnel training. Section 6030 requires the BSCC to review such standards biennially and make any appropriate revisions.

Summary of Existing Regulations

Existing standards which prescribe requirements for local detention facilities are promulgated by the BSCC. These regulations are contained in Title 15 – Crime Prevention and Corrections, Division 1, Chapter 1, Subchapter 4 of the California Code of Regulations (CCR).

Determination of Inconsistency/Incompatibility with Existing State Regulations

The BSCC has determined that this proposed regulation is not inconsistent or incompatible with existing regulations. After conducting a review for any regulations that would relate to or affect this area, BSCC has concluded that these are the only regulations that address minimum standards for Local Detention Facilities.

Summary of Effect

The proposed action would update Title 15, Division 1, Chapter 1, Subchapter 4 CCR by adopting new and revised definitions for consistency with current industry terminology; insert clarifying language and provide references to other applicable regulations for ease of use; insert new sections (1027.5, 1122.5, 1208.5, and 1030 (previously numbered as section 1219)) to address the current need for standards on the subject of safety checks, pregnant minors, health care maintenance, and suicide prevention; and institute and clarify more stringent requirements for safety checks, medical evaluations, and general facility operations.

Comparable Federal Statute or Regulations

There are no comparable federal regulations or statutes.

Policy Statement Overview

The broad objective of the proposed action is to update regulations for local adult detention facilities in conformance with sound correctional practices and to ensure the safe and secure detention of incarcerated persons.

Benefits of the Regulations to the Health and Welfare of California Residents, Worker Safety, and the State's Environment

The BSCC has determined that there will be a positive impact on the health and welfare of California residents and worker's safety. The welfare of California residents, incarcerated persons and worker safety will be affected positively by the implementation of more in-depth health and safety requirements for facilities which will improve screening, classification, health care, facility operations, and the overall safety of facility staff, incarcerated persons, and visitors.

The BSCC has determined that the state's environment will not be affected by the adoption of these regulations because the regulation pertains to the minimum standards for local detention facilities which do not address any factors which would cause a positive or negative effect on the environment.

- (3) Affect the expansion of businesses currently doing business within California.

Adoption of these regulations will:

(1) Affect the welfare of California residents, worker safety.
